

## Chapter 249

The next day, Jenny received a call from Xiao He.

Clara was taken away by the police, and everyone in the Jing family naturally knew about such a sensational matter.

Even last night, they had to be one step ahead of Rovell to get this news, but at the time they wanted to observe the Mu family's reaction and held back from moving.

It turns out that not only did the father and son fail to bail Jing out, when they came to the door and questioned him, they instead said that Jing had committed such a crime and now she had brought this on herself.

The Mu family is implicated by her, the board of directors is in turmoil at the top, and the endorsement of Karanee, which cost a fortune, has blown, and all of this has yet to come back to her.

Even if they don't care about that, why should they have to find a way to insure it.

Patrick Hong even put out the word that Clara would be fine if she came out safely, but if she really committed a crime, then the Mu family would never shield her.

There will be no need to talk about Rovell's marriage to her then, it must be divorced.

The Jing family was so angry that Kelly Wang was even more angry that she directly slammed the tealight in front of her, pointed at Patrick Hong, and hardened her mouth without saying a word for half a day.

In the end, the King family had no choice but to leave after the Mu family's flip-flopping and ruthlessness.

As soon as they left the Mu family on the front foot, they immediately went to Xing Hui on the back foot.

The reason why Jenny Jing got a call from Xiao He was because a group of people from the Jing family were making a big scene at Xing Hui.

There are a lot of media reporters out there, and after all, there are a lot of artists in Starlite, so it won't be good for the company or the other artists if this goes on.

That's why He had to quietly risk a call to Jenny to ask her how to deal with it.

Jenny Jing thought for a moment and chanted, "You have her answer the phone."

He stared in surprise.

"Is it...okay?So many reporters out there."

"It's fine, just call her aside, and remember, it's a solitary person, don't give her the phone to any more than one person."

He thought about it and agreed.

She called Kelly Wang to Jenny's office alone, then locked the door and gave her the phone.

"Pick it up!"

Kelly Wang was amazed, she didn't think she would actually let Jenny contact her, but it seemed like this big scene really was useful.

In her heart, she only thought that Jenny was afraid of her, she even took the phone and rudely said, "Dead girl!So you're afraid sometimes, huh?I thought you really had the backbone to keep not showing up?"

On the other side, Jenny frowned slightly.

She just couldn't understand why this old lady could still say such ridiculous things in such a superior tone of voice until now.

She smirked.

"It seems that Old Lady Jing has not yet considered who has the upper hand and who is at a disadvantage nowadays, such a tone... it's uncomfortable to listen to, shall we talk some other time?"

Kelly Wang stalled.

It was as if it was only then that I realized that I had had a hard time getting this call today and couldn't miss this opportunity.

So, she was busy sinking her teeth in, collected her tone, and said, "Okay, let's just leave that for now! Why did you set Maya up?"

And what exactly do you have to do to show up? Don't think I don't know you're not missing at all, you're just hiding yourself and trying to ruin our Maya's reputation!"

Jenny Jing's face was slightly cold and his gaze was a bit cold.

Our Maya?

Heh. There was a time when she was the one they called our Jenny!

Many past memories came flooding back, and she never understood why Kelly Wang and Kevin Jing were so clearly right.

She's all good, with three generations of fun.

But ever since Clara's mother and daughter appeared, everyone had changed.

With her mother gone, she has gone from being the most spoiled granddaughter to the most hated outcast daughter.

Like a useless chess piece, it was cast aside and was an eyesore to even look at.

But that's okay now.

She might have cared before and died chasing the cause, but now she realized that sometimes there was just no reason for things.

She doesn't care anymore.

Here, she took a deep breath and said in a deep voice, "It's not impossible if you want me to show up and get Clara off the hook."

Kelly Wang immediately held her breath and asked nervously, "What do you want?"

"I want her and Yu Xiu Lian to tell the truth in person about what killed my mother back then!"

"What?"

Kelly Wang was horrified.

Her face turned pale, "What truth? I don't know what you're talking about."

"You will understand, as long as you ask them yourself, for the sake of Clara, I'm sure Yu Xiulian won't hide anything from you, this is your chance, I hope you take it."

After Jenny said that, he just hung up the phone.

Across the street, Kelly Wang was still a little confused.

Why didn't I think that this would be what Jenny wanted.

Her face was faintly pale, and cold sweat was seeping out of her back.

She got it!

I know everything!

How did that happen?

How could she find out what had been done back then, done so secretly, when everyone who knew about it was either dead or far from Visterdem?

Kelly Wang's heart was shocked.

Xiao He looked at her like she was lost in thought, and wondered what Jenny had told her to make her change so much.

But she didn't ask anything, and after sending the people out, she said, "You've made a scene, and it's true that Mr. Jing isn't here, so if you make trouble here again, I'll really have to call security, so I hope you'd better leave as soon as possible. Don't make a scene that ends up tearing everyone apart, it won't look good for anyone."

Kevin Jing despises Jenny Jing, and naturally also despises Xiao He who works for Jenny Jing.

Seeing the situation immediately was about to return anger, but was stopped by Kelly Wang.

She was a little weak and didn't look too good.

Yu Xiulian saw the difference and whispered, "Mom, what's wrong?"

"Nothing."

Kelly Wang shook her head, looked at the entertainers outside again, and said in a soft voice, "Go back first, we'll talk about what's going on when we get back."

Said the group, and that's when they left.

It wasn't until after he was sure that the pedestrian had truly left that Xiao He Fang called Jenny Jing.

Jenny handed her no need to pay attention, and instructed her twice about the company before disconnecting.

King's Villa.

There was an extraordinary silence in the living room, and everyone sat there without speaking.

Just now, Kelly Wang had already told everyone about the phone call she had received from Jenny Jing, and what Jenny Jing had asked for on the phone.

It is for this reason that there is such a strange silence now.

Kevin Jing tensed his face and sat there, a pair of eyes like a bloodthirsty wolf, hidden with a ghostly light, his gaze unspoken cold and cruel.

Yu Xiulian clenched her fingers and trembled, "No matter what, we can't give up on Clara, if she really goes to jail, then her whole life will be ruined, I can't look at her like this."

## Chapter 250

She spoke in a miserable tone, and Kevin Jing didn't have the good fortune to say, "Is it hard to really run and tell her those truths from five years ago?"

Kelly Wang also said, "Jenny said so, but I've also thought about it, since she's fine, she can't hide forever, now she's just swindling us, maybe she hasn't learned the whole truth.

As long as we stay steady, she can't do anything about us, and as for Maya's side, I'll send someone to take care of it.

We'll just have to aggravate her for a while, but her status is special, so she shouldn't suffer too much, and as long as she withstands the pressure and doesn't admit it no matter what, she should be fine."

Yu Xiu Lian sniffed as if she had heard a joke and couldn't believe it.

"Mom, you also said it was supposed to! It should mean it's also possible to confess if you can't stand up to it, Maya hasn't suffered much since she was a child, how can she stay in a place like that?"

Kelly Wang gave her an impatient glance.

"Haven't I already sent some people to take care of that? She's the one who caused the trouble, so it's good that she's suffering now, to give her a long memory, so that she won't go out and cause trouble again someday!"

She said, and snorted with discontent.

Yu Xiu Lian was momentarily dumb, unable to say anything to counter.

Half a dozen times, Fang asked tentatively, "Didn't you say last time, over in Kyoto..."

Kelly Wang frowned.

"I'm already in touch over there, I guess I'll hear back in a few days, don't tell her about Clara's side for now, barely if she can't sink her teeth into any more trouble.

Don't worry, as long as this side is properly contacted, nothing will ever happen to Clara, and then even if his Mu family licks the door of his face again to be our relatives, we don't want it anymore."

Yu Xiu Lian felt slightly relieved to hear her say that, and nodded her head.

"Well, then everything will be fine with Mom."

.....

On the other hand, Jenny Jing never expected that she would meet the person she would reasonably never encounter on the Summing Island.

As soon as Michelle Kwan arrived at the hotel, she ran head-on into her.

She was wearing a simple white shirt with straight pencil trousers underneath and her hair in a ponytail, looking fresh and clean.

Seeing Jenny, she seemed a little surprised.

"Miss King, what a coincidence, I didn't expect to run into you here."

Jenny Jing smiled slightly, "Miss Guan, I also think it's a coincidence."

Michelle Kwan blinked her eyes.

"There's a lot of buzz out there now that you're missing and being kidnapped, and I thought it was true, but it seems..."

She didn't say the rest of the words out loud, but the meaning was self-explanatory.

Jenny felt a bit of a headache.

Life is like that, you don't know when you're going to get a surprise hit.

She sank into a deep breath and smiled at her generously.

"Is Miss Kwan here to see Grandma?"

Some things, now that they've been discovered, there's nothing to hide.

But she wasn't in the mood to be in the mood to deliberately explain it to Michelle Kwan.

It's good that Guan Xuefei is a smart person and didn't ask too many questions when she saw the situation, smiling, "Yes, I heard that Grandma Lu came here, so I wanted to come over to look for her, but I didn't expect to meet you."

"Grandma's still in her room, do you need me to take you there?"

"Don't bother Miss Jing, I'll just ask the front desk myself, Miss Jing looks like she's going out, so I won't waste your time."

Jenny nodded and turned to leave without any more chitchat with her.

And Guan Xuefei watched her back as she left, the corners of her mouth quirked up, a playful glint in her eyes.

The old lady never expected that Guan Xuefei would come to the island at this time.

It had been a while since she had bought the island, and almost everyone in the family knew about it, but usually everyone was busy and not many people would come over, and even if they did, they would definitely notify her in advance, so she didn't pay attention.

But I didn't expect to plan Jenny's entire plan just because of this one oversight.

The old lady blamed herself immensely, but Guan Xuefei seemed to have seen nothing.

As soon as he saw her, he said happily, "Granny Lu, I just happened to be filming nearby, so I stopped by to see you when I knew you were here, you won't blame me for not giving advance notice, will you?"

Old Mrs. Sham tugged at the corners of her mouth with a leathery smile.

"How so? I'm more than happy you're here, so of course I don't blame you."

It's a bit of a strange face when you say that.

Guan Xuefei only pretended to be invisible, and when she saw Ann, she was busy making out with the gifts she had prepared in advance, teasing Ann.

Ann had just gotten up from her nap with the old lady, remembering her earlier appointment with Jenny to teach her how to swim in the afternoon.

This time woke up but did not see her people, momentarily anxious, see Guan Xue Fei, naturally did not have the patience to cope with the past.

She took the gift, said a casual thank you, and put on her little shoes to run outside.

The old lady didn't trust her and chased her out.

"Ani, where are you going?"

"I'm going to see Mommy, who has promised to swim with me."

The old lady was busy dragging her along.

"Be good, your mommy is out for something this minute, so I'll teach you how to swim when she gets back, okay?"

Anton's eyes reddened in aggravation.

"I don't, Mummy promised me before she put me to bed that as soon as I woke up, I'd see her and I'd go swimming with her at the beach, Mummy wouldn't lie!"

The old lady looked at the child's aggrieved face and was momentarily dumb.

Jenny did promise before to take her swimming when she woke up.

But wasn't it a half hour early start today with the shallow sleep and the interruption of Michelle Kwan?

According to the usual time, she wouldn't get up until at least 2:30, and at that time presumably Jenny would be back from his business.

The old lady didn't know how to explain it.

Guan Xuefei saw the situation and squatted down, looking at her tenderly.

"Ani, Miss Jing is busy with something else right now, so, will Auntie Xuefei teach you how to swim?"

All these years, Biden Lu had never had another woman around him, firstly because he didn't seem to have much interest in this area, and secondly, also because Little Bob had an odd personality and seemed to hate the women who appeared around him.

The exception to this is Michelle Kwan.

I can't say that I'm passionate about her, but at least I don't see the other woman as an enemy to be pushed outward like other women do.

Therefore, she had always thought that she should be different in Bobbie's mind.

Plus, in the past, the old lady had intentionally set up Guan Xuefei and Biden Lu, which overtly and covertly allowed her and An An to cultivate their relationship for a lot of time.

Michelle Kwan was much more certain that she was well liked by Ann.

But this time, unexpectedly, Ann looked at her with some disgust.

"I don't want it, you're not as fit as Mommy, you don't look as patient as Mommy, and most importantly, you're not as pretty as Mommy! I don't want you to teach me, I just want my mommy!"

Guan Xuefei: "..."

## Chapter 251

The atmosphere was momentarily awkward.

The old lady was busy pulling Ann over, smiling apologetically.

"This kid, he just likes to talk nonsense! Oh, Sheffield, you don't mind, child's words!"

Hehehe....

Child's play, but the truest of all.

It would be a lie for Guan Xuefei to say she wasn't angry.

Because she is a model, she has always maintained a very thin body, although not as evenly balanced as Jenny, but at least it should not be ugly!

Moreover, her looks have always been recognized as temperamentally beautiful, and her facial features alone, although none of them are particularly outstanding, but together they just can give a particularly coordinated and eye catching feeling.

As a result, she also has a famous title in the circle – Snow White.

The reason why they say she is Snow White, it is not that she really looks like one, but her skin is especially white, and the whole person, because of her thin figure, outside temperament is excellent, standing there will give people a sense of cold and independent, using the word princess to describe is the most appropriate.

All of this, in An An's eyes, actually made her inferior to Jenny Jing?

Guan Xuefei wanted to sneer in her heart, but considering the occasion, she tried her best to comfort herself.

It's just kids, and kids don't have the same appreciation as adults.

Kids still love blonde Barbie dolls with big breasts! Does it have to be compared to Barbie too?

Guan Xuefei consoled himself in this way, finally feeling much more comfortable.

And no longer mentioning the matter of teaching An An to swim, changed the topic: "Speaking of which, there are now rumors out there that Miss Jing was kidnapped and is nowhere to be found, but I just clearly saw her in good condition, is it possible that those rumors on are false?"

Mrs. Sham looked at her with a speechless expression.

"It's a long story, I can tell you, but you have to promise me that you will never reveal what happened to Jenny here to a third person, can you do that?"

Guan Xuefei nodded.

So, Mrs. Sham told her about the incident.

And I don't blame Old Lady Cen for saying it, since Guan Xuefei was already here, even if she didn't say it, she could still guess it herself.

Rather than leave her to her own wild speculations, she just said so.

In the meantime, for the sake of the friendship between the two families, she wouldn't dare to go out and say anything.

Guan Xuefei was silent for a long time after hearing the old woman's account.

The old lady was still a little uneasy, afraid that in the future, in her eyes, Jenny would be a poisonous woman who attacked at heart.

So then busy explaining: "Jenny did so as a last resort, her mother died unjustly, pity her filial piety, there is no other channel to verify, that's why this can only be done, you must not spoil her plan."

Guan Xuefei smiled gently.

"Don't worry, I'll just forget about this, it's none of my business left or right, I will definitely not tell anyone."

Only then did the old lady nod reassuringly.

Since Guan Xuefei was here, she naturally wouldn't leave so quickly.

Biden Lu was actually a little dissatisfied when he learned that she had come over.

But with Jenny's persuasion, it didn't show much in the end.

Dinner was eaten by everyone, and Ann had been sitting next to Jenny, relying on her the entire time.

Complete with a slimy little goblin look.

The old lady and Biden Lu were already used to it and didn't feel anything, but Guan Xue Fei was very surprised.

The swimming thing before, thought

The child just hadn't seen her in a while and was distant from her, and it was normal for the child to trust her a little more when Jenny had been with her for the past few days.

But now it seemed that Jenny had almost completely gained An's trust.

Not only that, Ann's liking for her had almost surpassed her liking for Biden Lu.

How is that possible?

Guan Xue Fei slightly dropped her eyes, and a dark mane flashed under her eyes.

Looking at Biden Lu next to him, he was also very caring towards Jenny Jing.

That kind of gentle look and tone was something she had never seen before, even when the two of them had been together before, he had seemed mostly indifferent to himself, never actively caring at any point.

Guan Xue Fei's heart was sore, and she couldn't tell what it felt like.

Just suddenly, I feel like an awkward outsider sitting here, watching them as a family, loving each other.

Ugly and embarrassing.

She pursed her lips and tensed her face, but in the end she didn't show it.

Until after dinner and a short break, the old lady took Ann to take a shower, Biden Lu went to have a video conference, and Jenny Jing stood on the balcony to blow off steam.

She squared up the courage to walk over.

"Miss King."

Jenny Jing turned around and smiled slightly when he saw it was her.

"Miss Kwan out for a blowout too?"

"Well, it's a little stuffy in the house, so come out and stand for a while."

Jenny made a casual movement and moved aside.

Michelle Kwan came to her side and followed her example, leaning her body against the white railing.

"This afternoon, Grandma Lu told me about you, so now I kind of understand why you're hiding on this island and not showing up, but don't worry, I've promised Grandma Lu that I won't tell anyone."

Jenny Jing's face was colorless, still with that lazy and relaxed expression, and there was no sign of gratitude or panic.

"Then thank you, Miss Kwan."

Guan Xuefei stalled.

Faced with Jenny's unassuming attitude, she always had a sense of powerlessness as her fist punched the cotton.

From a young age, her good upbringing had prevented her from tearing her face off to say certain things, but the discomfort she felt was real and she couldn't ignore it.

"But do you know that if what you're doing here is discovered, it's easy to make a big deal out of it, and then not only you, but also Shen will be implicated."

Jenny raised an eyebrow.

Seems a bit surprising.

Guan Xuefei pursed her lips.

"I know that I may be overstepping a bit by saying these things, but as a friend, I don't want to see Deep get involved in something like this.

I know, Miss Jing, you are very smart to play such a big chess game to lure the other party into a trap, perhaps with confidence, but what you do not know is that the Lu

family in Kyoto may look very glamorous, but the so-called tree attracts the wind, the Lu family is not entirely safe.

The four great families of Kyoto, Lu, Gu, Guan and Feng, may appear to be in harmony on the surface, but the insides of them are not understood by those on the outside as they fight for their interests.

The Gu family, in particular, has been developing very strongly over the past few years, and has a hidden tendency to overtake the Lu family, one mountain doesn't allow two tigers, and the four big families seem to be on equal footing on the surface, but in reality, they have always taken the Lu family first.

If the Gu family wants to compete for this boss position, they must bring down the Lu family first, and Shen is the target of their focus to break through, so something must not happen to Shen."

Jenny looked at her calmly, not interrupting or interjecting.
