

Punished By His Love

I'm Sorry My Love Novel Alternative

Chapter 2496

Arron's move is enough to turn the fake into the real.

The main reason is that he didn't tell Darius that someone wanted to eat and drink in the dark, and to take down the Fu family and the Shu family at the same time.

Arron blindly misunderstood Darius and the entire Shu family, that he Arron found Darius dressed up and killed Galia, so Darius and Darius's parents hated Arron to the core.

That kind of piercing hatred wasn't faked.

Even Alyce questioned him regardless of the occasion when he saw his son-in-law.

Alyce has always been a decent person, and it was the first time she blocked the gate of her son-in-law's company and yelled at her.

It was because she couldn't find her son-in-law, so she called her daughter, but she didn't even answer the phone. Alyce thought about it later, and it would be difficult for her daughter to be caught in the middle of this matter. To ask her daughter with a temperament, it would be better to ask her directly. son in law.

But no matter where she goes home or wherever she goes, she just can't see her son-in-law.

At the end, he blocked the gate of the Fu Group and yelled at Arron.

Such an elegant old lady, but her face was red with scolding: "You unconscience, you even cheat your own wife! You know who the Shu family is! It's your wife's renter! It's your mother-in-law's family.

You white-eyed wolf ! Bastard

!

I saw it, you are the ambition of the wolf! The

ambition of the wolf!

Arron, come out for me!

If you don't come out for me, I will scold me here for days and nights!"

A well-dressed old lady shouted so loudly that it attracted infinite glances from passers-by.

Later, the security manager couldn't hide, so he came out and said to Alyce: "Old lady, you..."

"Who is the old lady, am I that old? Your president asked you to call me old lady. , let you send me away like this?" Alyce spit out whoever caught him.

The security manager said embarrassedly: "It's such a big sister, even if you scold here for three days and three nights, Mr. Fu will not come out. If you don't pay attention to the news, you probably don't know, the stock of Fu Group these days. It's all going down, and our President Fu is already very busy."

"What do you mean by going down all the way?" Although Alyce hated Arron and gritted his teeth, deep down, she still felt sorry for her daughter and son-in-law. Having said this, she immediately stopped

roaring , but asked with great concern: "You, what did you say, the stock fell, what do you mean? Is the Fu Group going to end?" I have heard too many words about dealing with Arron.

Alyce could feel that his brother, sister-in-law and Ming Zhen were cruel. They kept contacting all over the country by phone, and the old subordinates of his father were almost always responding.

Alyce's heart was agitated.

She asked her brother and sister-in-law.

The elder brother said to Alyce helplessly: "Alyce, I know that Arron is your son-in-law, but this matter is related to the life and death of the Shu family. Even if we don't deal with Arron, Arron will level the Shu family.

Alyce, you Don't worry, one day, even if we are lucky enough to defeat Arron, you will still be our Alyce.

Including SuziSuzi, my uncle will raise her and her three children.

If our Shu family were wiped out in this fight with Arron, then I don't think Arron would do anything to your mother-in-law anyway.

So Alyce, don't participate in this matter.

Even if there is a way out for you and SuziSuzi and your mother.

After all, your mother has eaten too much crying in this life, so don't take part in it.

I still have some wealth here, you can take it and hide for a while. "

Chapter 2497

Hearing what his brother said, Alyce burst into tears in an instant.

She cried and said to her brother, "I'll question Arron. If this beast really wants to kill him quickly, I'll die in front of him!"

This was Alyce's promise to his brother.

However, under the private message, Alyce didn't hate this son-in-law at all.

But on the brother's side, how does she explain it?

Therefore, Alyce was in a dilemma.

Now that she heard that her son-in-law's company's stock was losing ground, she was anxious. She grabbed the security manager's hand and shook it: "Tell me, tell me quickly, what does the stock fall mean? Did

the Fu family get defeated by the Shu family?"

landed.

Because she didn't want her family, her brother and nephew to be beheaded and killed by Arron.

But if the Shu family defeats Arron, Alyce can ask his brother, sister-in-law and nephew to let Arron die, and then she will continue with her, with her daughter, son-in-law, and several grandchildren to remain anonymous.

The security manager shook his head and said to Alyce: "I don't know yet, the Fu Group will not collapse in three or two days, but I don't know how long this turmoil will last, and I can't say for sure.

Big sister, go back first, you If there is any personal grievance, wait until President Fu comes out of the company, okay?"

Alyce couldn't say anything else.

She returned to Shu's house in despair.

But seeing his brother and sister-in-law was helpless.

"What's the matter, brother and sister-in-law, I heard that Fu Group's stock is falling all over the street. Isn't this a good sign for us?" Alyce asked with concern.

The elder brother shook his head: "Ming Zhen has not eaten or drunk for three days and three nights. If we continue to fight like this, we will almost lose both sides. The Fu Group is not so easy to deal with. Its enterprise is too huge."

Having said that, The elder brother sneered: "However, even if the fish die and the net is broken, we can't spare Arron!

Because even if we don't fight him, he will swallow our Shu family!

Right now, even if the Shu family can't swallow the Fu Group, Also paralyze him!" The

Shu family's strength should not be underestimated.

In just one month, the Fu Group's industry has shrunk by nearly one-third, and the Shu family has even reached the point of high debt.

The two sides fought fiercely in the commercial war.

The entire Nancheng was even plunged into an invisible bloodshed.

Arron looked exhausted.

And Darius was an old man with a shaggy beard, and his whole body was thin and out of shape.

Such a situation has not been encountered once in the national metropolis of Nancheng in two hundred years.

The economy of the entire Nancheng seems to be paralyzed, and there is a real need for someone to come out and save it all.

At this time, in an unremarkable manor about 100 kilometers outside Nancheng City, a middle-aged man said to another man in his thirties who was slightly younger: "Now, I guess they The Shu family has already lost both sides, Cheng Feng, it's time for you to take action. I'm very optimistic about you, would you like to make a contribution?"

The man in his thirties who was called Cheng Feng said respectfully and calmly: "Brother Tim, you are my benefactor. I am willing to do anything for you, even if I go through fire and water for you." The

middle-aged man was satisfied He smiled and said, "Go ahead, it's time for you to show off your skills."

"Yes! Brother Tim!" Cheng Feng responded.

Chapter 2498

"This person's name is Cheng Feng?" Arron asked, looking at Christopher standing in front of him.

Christopher nodded: "Yes, Fourth Master."

Christopher's face was dark blue, he had only not followed Arron for a few days, and Christopher had obviously lost a lot of weight.

He has always been a cheerful and healthy man.

Even a person as big as Christopher can often play with Shen Weiyi's little friend. He is very childish, but these days, because of Galia's disappearance, the entire Yan family has fallen into a haze.

Christopher hurt this sister the most.

I've been looking for someone for the past few days, and with the heartache, I'm almost out of shape.

Christopher, who is now out of shape, speaks as fiercely as Arron back then: "This Cheng Feng! Don't do it in my hands, as long as he is caught by me, I will strip him

! Broken bones!"

Arron looked up at Christopher, who was gnashing his teeth, but he didn't say anything.

Arron understood Christopher's mood very well.

This Cheng Feng, as long as he is caught by them, he must be smashed to pieces!

It must be broken into pieces.

"Go and check his details, from childhood to adulthood!" Arron said calmly.

"Yes, Fourth Master!" Christopher turned around and left.

"Come back!" Arron called out to Christopher again.

Christopher turned around: "Fourth Master, what other orders do you have?"

Arron's tone was still calm: "When you catch this person, bring him to see me first!"

Christopher: "Fourth Master, you..."

"I'm going to shave him with my own hands!"

Christopher: "Understood! Fourth Master!"

After speaking, Christopher immediately went out.

Now it is this Cheng Feng who has surfaced, and it is this man named Cheng Feng that Christopher wants to investigate.

He originally thought that Cheng Feng would be difficult to investigate, however, before Christopher could make his move, Cheng Feng had already made his move.

Cheng Feng's first purchase was very large. In reality, he acquired some properties of the Shu family with lightning speed. When the acquisition of these properties was completed, Darius was stunned.

how so fast?

Quietly?

There were a lot of doubts in his heart, but the betrayal contract was signed by him himself. The reason why he betrayed these lingering companies was because of the infighting with the Fu Group, the consumption of the Shu family was unprecedented.

If we don't bring in major shareholders, the Shu family will not be able to survive, so they are sold.

It just made him not expect that as soon as he said to sell, someone over there would buy it, as if he had been waiting here, as if he was waiting for his Shu family to sell the company.

After signing the contract, Darius calmed down.

He calmly asked the young and middle-aged man who was not much older than him: "Your name is Cheng Feng?"

Cheng Feng also said calmly: "Yes, do you have any questions about Mr. Shu?"

"I've never heard of it in China. past your name." Darius said.

Cheng Feng smiled restrainedly: "Does Mr. Shu think that in the whole country, only a few of your families have a name, and no one else deserves a name? We live in China, a country with a population of more than one billion, is there only one How many aristocratic families do you have?"

Darius was at a loss for what Cheng Feng said for a long time.

He couldn't help but carefully observe the man in front of him.

Chapter 2499

The

man has star-like eyebrows and sword-like eyes, with a heroic face and a mature air. If you look at Cheng Feng's face, this man does not look like a speculative bad guy at all.

Cheng Feng's appearance was the kind that Darius admired.

The man was quiet, restrained, and not arrogant.

Not greasy at all.

There is no upstart attitude.

Darius couldn't help feeling cold in his heart, because he knew that the more such a man was, the more difficult it would be to deal with.

This also made Darius more sure of one thing, that is, the acquirer named Cheng Feng came prepared.

"Dare to ask Mr. Cheng, have you... been developing abroad?" Darius asked tentatively.

Cheng Feng didn't answer Darius's words at all: "Does this have anything to do with you?"

Darius: "You..."

"Mr. Shu, farewell!" Cheng Feng got up and left.

When he got to the door, he turned his head and said to Darius seriously: "Mr. Shu, next week, in this whole building, you will no longer have your office, or even your desk, or even any item. You should be aware of this yourself, right?"

"This, you don't need to remind Mr. Cheng!" Darius said angrily.

The infighting with Arron was enough to exhaust his energy and annoy him enough.

Now, this man named Cheng Feng gave him a feeling of incomparable fear.

As soon as Cheng Feng left, Darius called his subordinates to come in: "Go check this Cheng Feng to see if he is one of Arron's subordinates!" The

subordinate immediately said, "Yes!"

After receiving Darius's order, the subordinates followed Cheng Feng's car all the way, followed, and the subordinates found out that the man named Cheng Feng really went to the Fu Group.

The whole subordinate was stunned.

He immediately called Darius: "Mr. Shu, that person, went to the Fu Group..."

Darius: "..."

After a long while, he picked up the teacup on the table and ruthlessly He fell to the ground, gritted his teeth and said, "Arron! The hatred between me, Darius, and you is undeniable!"

Immediately afterwards, he made calls one by one: "Sell! Sell them all, and take Shu I have sold all my shares in all walks of life! 51% of my shares can't be sold!

Not only will I sell it, but I will continue to top the market value of Fu Group's stock!

I just want to be with Fu The group's fish is dead and the net is broken!"

Darius was literally red-eyed.

With his order, all the industries of the Shu family boiled.

Darius was also busy all night without sleeping.

He either answered the phone or someone came to him for a meeting, so he was busy all night, until the next morning, when he just walked out of the house, he saw this man named Cheng Feng again at the door.

"Mr. Cheng, we don't seem to be related anymore, right? Why did you show up at my door?" Shu Ming suppressed his anger and asked calmly.

Cheng Feng is still serious: "You are wrong, Mr. Shu, I am waiting at your door because your business is almost sold by you, I can't find you anywhere else, I can only find you I'll be waiting for you at the door."

"Since you've bought my Shu family's business, why are you still waiting for me at my door?" Darius asked.

Immediately afterwards, he asked again: "Are you here for your master Arron, come to see me for a joke? Then I will tell you Mr. Cheng, you go back and tell your master Arron, I will let him taste the fish and the net."

Cheng Feng shook his head again: "You're wrong, Darius, I came to you, and it has nothing to do with the Arron you said, I came to you on a special trip to find you to buy the equity you want to sell next, you yesterday Isn't it already hanging out?"

Darius: "What did you say?"

At this moment, Darius's cell phone rang, he picked it up and connected, the subordinate called over there: "Mr. Shu, yesterday's news is wrong , that Cheng Feng is not from Arron, he went to Arron's company yesterday to talk about the acquisition."

Hearing this news, Shu Ming stared at Cheng Feng in shock: "You... .who is it?"
