

Punished By His Love

I'm Sorry My Love Novel Alternative

Chapter 2504

Hearing Cheng Feng say this, Darius's eyes are rounded, and his red eyes are spraying two balls of fire. Looking at Cheng Feng, he spoke the calmest words between his lips and teeth, but the words sent chills down his spine: "What kind of hatred do I have between Darius and you, do you want to treat me like this? Cheng Feng, do you think, I, Darius, have a kind heart all my life, and I have never killed anyone, so I will be soft-hearted to you?"

So you bully the soft and fear the hard?

Then do you want to know how I, Darius, will treat you! Treat you!"

Cheng Feng's words were also calm: "I know. However, I am grateful for how you entertained me, Mr. Shu. Since ancient times, the king has been defeated. Since my plan has failed, I will accept my fate.

Whether it is Mr. Shu who stabbed me with a thousand cuts, or Mr. Fu I have no complaints against me."

After saying this, Darius was choked for a long time and was speechless: "You..."

After a pause, he grabbed Cheng Feng's head. Collar, in a tone that almost strangled Cheng Feng, asked him word by word: "You... why did you frame our Shu family and Fu family like this! Why did you do this! My Shu family and you, What kind of hatred makes you use such a ruthless trick to deal with my Shu family?"

Cheng Feng!

If you don't explain it to me today, I will take your meat one bite at a time in this office. Come down, I won't let you die so easily!

I have a way to torture you!"

Darius said while strangling Cheng Feng fiercely.

Cheng Feng was almost out of breath, but he didn't mean to beg for mercy.

Instead, it was an expression of appointment, and then a few words were highlighted: "You Shu family and I... have no hatred."

"No hatred?" Darius was even more puzzled.

He was even more angry: "You ba! **You ba!** Beast! You eat human blood and flesh! My Shu family has no hatred with you! But you want to frame our Shu family like this!

Not only did you frame me for being injured and pregnant. There is no news from my wife, and you still frame me and fourth brother Fu, both lose.

ba***!

What the hell are you doing!"

Darius was already mad.

When he said this, he had already started to bite: "Ah, I will kill your animal..."

"A Zhen!" Arron said Ming Zhen.

Cheng Feng was able to take a breath, his face changed from purple to red, and he was breathing in the fresh air. Arron here also pushed Darius to the wall: "Azhen! The more this time is, the calmer

you are! Even if you kill Cheng Feng, Galia will not be able to find it!"

Darius roared: "Then I have to ask Clearly, why is he! Why! Why!"

People, sometimes just need a reason.

Darius didn't understand, he has always treated people with kindness and never had a grudge against anyone, why should he suffer such a disaster that almost wiped out the family!

why!

He wants to know why.

"You ba***..." Darius looked at Cheng Feng who had breathed in the fresh air and became calm: "Tell me! Why!"

"Let me tell you why!" Arron said.

Darius: "You? Fourth Brother Fu, you already know why? Did he tell you?"

Arron said coldly, "He didn't tell me."

Then, when he turned around, he restrained Cheng Feng's neck, and asked every word: "Your boss wants to be the king and hegemon in Nancheng, so , I have to get rid of me.

However, you don't have the strength to get rid of me.

Even if your strength is on par with my Fu family, you are still not sure that you can eradicate my Fu family.

Chapter 2505

Because, as long as you deal with our Fu family, the Shu family is nearby to help us.

In the distance, there are my brothers. If you don't say anything else, just say Jing Yu, he can't just sit back and watch.

So, in the end you came up with a way to kill two birds with one stone.

That is to provoke the relationship between the Shu family and the Fu family, and let the Shu family and the Fu family fight to the death. In this way, you can not only sit on the mountain and watch the tiger fight, but my brothers, you may not come to help me, because the Shu family also has a good relationship with them. , which side are they helping?

To put it more closely, this kind of battle between the Fu family and the Shu family is a family battle, and it is really difficult for outsiders to participate.

So no matter how anxious they are or worrying about me, they can only be anxious and watch.

right?

Cheng Feng nodded with a resigned expression: "Yes, what you said is correct . When

Darius next to him heard Arron say this, his face was already in tears: "Fourth brother Fu, I'm sorry... I'm sorry, I blamed you, and I blamed you, which caused our Fu and Shu family to lose both.

Fourth Brother Fu, when I kill Cheng Feng, you can kill me.

The foundation of the Fu Group that you have worked so hard for all your life has been destroyed by me.

I have no complaints if you killed me.

Fourth brother Fu..."

Darius felt remorse.

At one time he wanted to tear Arron into tens of thousands of pieces, but now, he regrets it a lot.

There were many doubts at that time. He never thought that the Fu family and the Shu family had such a close relationship, that Arron's mother-in-law was the eldest lady of the Shu family, that Suzi and Galia had such a good relationship, and that the Fu family and the Shu family had such a close relationship. There has never been a conflict of interest.

What's more, Arron just helped the Shu family deal with grandfather's funeral, dealt with so many things, and let go of the three brothers above again and again.

Thinking about it now, Arron has no reason to do such a thing to hurt the Shu family.

Things had been weird.

How could it be so coincidental that when Darius wanted to find out who framed him, he found it effortlessly. Was it actually Arron who was behind it?

That was clearly to let him know that it was Arron who did it.

With such a clumsy provocation, he, Darius, was actually fooled.

Not only did the Shu family lose their wealth and their families, but also the Fu Group suffered a loss.

Chapter 2506

Arron sneered: "I never expected..."

"Arron!" Cheng Feng suddenly called Lives in Arron.

Arron: "Why, do you think that you want to protect your master at this time, can you keep it? Cheng Feng, don't think that I don't know that you are a dog next to your master, just the executor."

"Fu Si Brother, don't talk nonsense with him, tell me who his master is, I will tear his master, that conspirator into pieces! I will avenge Galia and my twin daughters! Fourth brother Fu "

Arron: "That person is familiar to us..."

"Arron! You have to dare to say a word, don't say that I will deal with you ruthlessly!" Cheng Feng suddenly said ruthlessly.

Arron turned his head to look at Cheng Feng: "What did you say?"

Darius also stared at Cheng Feng with scarlet eyes: "Cheng Feng, at this time, death is imminent, do you still have any tricks to deal with us? I want to listen. Listen, what are your tricks!"

Cheng Feng's expression was one that was not afraid of death from beginning to end.

This expression, in Arron's eyes, actually Arron admires Cheng Feng very much. Remember that

from Cheng Feng's body, Arron can see a sense of unyielding, a sense of arrogance, and a strong sense of loyalty.

Arron could never have imagined that such a loyal and capable man could come out of such a family to serve them.

Arron smiled lightly and looked at Cheng Feng: "How... how are you trying to deal with me? Let me hear it?"

Cheng Feng stood up straight and straightened his suit and tie. At this moment, he was much calmer: "Arron, I had already thought about it before I wanted to deal with you.

You didn't investigate me. It is very clear that I have also investigated you very clearly.

Moreover, since I choose to deal with you, I must consider both the victory and the defeat. If we win a big victory, it is naturally the best. In

case, we Can't we win a big victory? What if we were seen by Fu Shaoqin long ago?

Just like now.

If it is the current situation, we must retreat from the whole body, right?

Arron!

People, and ruthless, but I, Cheng Feng, didn't give it for nothing!"

Arron raised his eyebrows, and his tone was very determined: "Tell me, tell me why you don't give me the law for nothing?"

" When it was time to fight this business war and find out the main messenger behind the scenes, Arron did all the things well.

For example, three children.

Last time, the only incident of kidnapping by the three Shu brothers was enough to keep Arron awake all the time.

For Arron and the Fu family, the Fu family's property is nothing. The biggest wealth of the Fu family is the only one and two younger brothers.

He, Arron, can have nothing, but he cannot have these three children.

Therefore, when deciding this battle, he had already arranged all three children properly. The forces behind Cheng Feng could not harm his three children in any way.

At this moment, Arron was able to look at Cheng Feng very firmly: "Tell me! What do you mean by not giving in vain?"

Galia?

That's right, when we didn't have any precautions, the person you were looking for almost killed Galia, and then caused Galia to disappear!

But, Cheng Feng, listen to me, Shu family, once Galia can't be found, the whole Shu family will fight with you and the forces behind you!

And I, Arron, will never forgive you lightly!

At this time, you are still telling me that you are not giving it for nothing? On the

side, Darius pushed Arron away: "Fourth Brother Fu! Kill him directly! Don't talk nonsense with him! "

"Ming Zhen!" "Arron stopped Arron: "You have to calm down!" If you don't calm down, bad things will happen. The more this time comes, the more you have to be calm, understand! "

Chapter 2507

"Understood, Fourth Brother Fu." At this moment, Darius obeyed Arron very much.

He knew that Arron did not harm him from beginning to end.

Arron was not only harmless, but also helped him all the time.

At a critical juncture, Darius must listen to Arron.

Then Arron looked at Cheng Feng again: "I'll give you a chance to tell!"

In fact, Arron didn't think that way in his heart. He could see that this man named Cheng Feng was not simple, and this man was arrogant. , arrogant, calm and composed, the most commendable thing is that until now, he has exposed himself, but he is still thinking about his master.

Such a man is simply a rare genius now.

If such a man can say it, he must not be lying.

He said that he did not give it for nothing, and he must have measures for self-defense and restraint.

Therefore, Arron wanted him to speak out.

Arron wanted to know what tricks Cheng Feng had in his hands and whether it would hurt the Fu family and the Shu family.

Cheng Feng smiled coldly: "Arron, don't say you let me say it, even if you don't let me say it, I will definitely say it, I know what you asked me to say is that you actually did it beforehand. All defensive measures.

I know even more that these days, you sent your daughter and two children to the safest place abroad. Do you think that if you are like this, I will have nothing to do with you?

I will not be able to threaten you. ?

A shrewd person like you has always done things without revealing anything. How could I not have imagined that?

I, Cheng Feng, never thought of hitting your daughter and your son's attention as a last resort to blackmail you! "

Seeing Cheng Feng being so calm here, Arron, who has always been calm and composed, couldn't help but want to split the man in half immediately. He was eager to know what other tricks Cheng Feng had!

But Arron couldn't.

He couldn't let him Cheng Feng could see his urgency. The more this is the case, the happier Cheng Feng is.

However, even though Arron was still calm, Cheng Feng sneered and challenged: "Arron, my last life-saving talisman is to protect my boss from accepting it. your violation.

If you can promise not to track down my boss and be against him, my last resort won't do you any harm! "

"What is your last move!" Don't tell me about conditions! My Arron's tolerance is limited! "Arron was finally in a hurry.

He wanted to strangle this man named Cheng Feng.

No, he wanted to chop this man into meat sauce!

At this moment, the door of Arron's office was suddenly pushed open by someone who came in. It turned out to be Joan.

"Fourth brother! Fourth brother, I beg you, only you can save Mingsai, save Mingsai, Mingsai has been kidnapped..." Joan came to Arron, almost crying and begging Arron.

Arron: "... " Understood

!

It turned out to be Mingsai. It

turned out to be

Mingsai. Arron didn't expect it.

Is this a move he missed?

For so many years, Mingsai's child has been studying in medical school. In the seven years of undergraduate and master studies, the child rarely appeared in front of him. The child has always been a little afraid of him. In fact, Mingsai and Pan Youming are closer.

Therefore, Arron ignored it for a long time, and Mingsai always called him: Fourth Uncle. The phone rang suddenly, and Arron quickly picked it up and connected: "Hey! Who are you, talk!" "Fourth uncle... help me, fourth uncle, I'm

Mingsai, woohoo ...

..." On the other end of the phone, Pan Mingsai's extremely frightened and pleading voice came.
