

Super Rich Dad Chapter 251-253

Chapter 251 - Say it again

'You,' the security chief pointed viciously at Jiang Hao, somewhat furious.

He knew that Jiang Hao was taking malicious revenge on himself.

But you know, in his opinion, he had just been very kind to Jiang Hao and had already given him face, but Jiang Hao himself didn't even want it and came over to provoke him.

Then don't blame me!

The security captain snorted coldly, held the ticket directly and said, 'You want to go in? Oh sorry, not for now, because we now have to figure out where this ticket of yours came from, you want to go in unless you wait until we figure out your ticket.'

The security captain took your added: 'And the ticket pattern of your ticket is very different from the tickets we sell, we now suspect you of forging the ticket, you have to come with us first, if this matter is verified, then you will wait for a lawsuit!'

The security captain spoke in a harsh tone, completely devoid of the gentleness he had before.

In his opinion, Jiang Hao dared to provoke himself, so he must teach him a lesson, otherwise how could he still be here in the future!

And the security chief also reacted at this point, guessing that someone like Jiang Hao had some tricks up his sleeve, and probably used some means to make the code scanning machine sweep through the barcode on top of this ticket.

And this ticket sample, I guess Jiang Hao deliberately made it like this, just to disgust himself.

The tickets were different, but they could be swept through, so what does this mean? It only means that it was their gang that did a very poor job and had big loopholes.

This was tantamount to mocking their entire contractor, and if this was known to their own boss, Gao Shun, then they might have to scold themselves for what they did!

In his heart, the security chief gnashed his teeth at Jiang Hao, thinking, 'You kid can really do it, you can use such tactics to get back at me, so don't blame me for being ungracious.'

Only that he was just about to ask his security guards to take Jiang Hao away when his men were pushed away by Jiang Hao.

Jiang Hao was a little annoyed because this security chief was too indiscriminate.

‘Who are you to take me away? My ticket is real, if you don’t know it, just say you don’t know it, why do you have the right to say it’s fake?’ Jiang Hao sneered and said, ‘Since you don’t know this ticket, then call your manager Gao Shun, he’ll definitely know it!’

Jiang Hao knew that by now Gao Shun was probably already nearby, and he deliberately said it very loudly just so that Gao Shun could hear it.

And he wanted to call his manager over? The security chief smiled at his words and said, ‘Don’t think I can’t see your way out of this, you just want to make things bigger so that you can create some public opinion.’

If this kind of thing alarmed his manager, he would be waiting to be scolded and possibly even fired.

After all, if you can’t handle this little thing, what else do you need.

‘Cut the crap and take it away!’ With an assertive shout, the security chief waved his hand and told the two nearby security guards to take away Jiang Hao and Xue Yuning.

When they are taken away and fall into his hands, let’s see how you will be dealt with! The security captain thought to himself

The two security guards rushed towards Jiang Hao and Xue Yuning like wolves, they were so strong that controlling Jiang Hao and Xue Yuning was as easy as holding two chicks.

‘It’s over, it’s over now, this kid will probably be read the law later’, someone in the crowd suddenly said.

‘Oh, that’s for sure, but I think he deserves to be beaten up, who let him forge the tickets, we all paid to get in, but he tried to get in by crooked means, if not beat him up who?’

The crowd of onlookers nearby once again chattered chaotically, and at this point there was almost a consensus that Jiang Hao was finished.

The two security guards had held Jiang Hao and Xue Yuning and were about to leave, but they were suddenly stopped by a voice.

‘What are you doing? Hurry up and let go of me!’

The voice came through from outside the crowd, which turned their heads to look over there, and even flashed out a one-person wide passage.

Immediately afterwards, Gao Shun hurriedly pushed his way in from outside.

He had just reached the outskirts of the crowd, but the crowd was so large that no matter how hard he tried, he tried twice, but in the end he could not squeeze in, and when he shouted a few times, his voice was lost in the chaos of the crowd.

It was only when he saw that things were about to get out of hand that Gao Shun let out a shout with all his strength.

Gao Shun rushed into the crowd and hurriedly ran to Jiang Hao and Xue Yuning, who were being held up by the strong men, and violently pushed away the security guards beside them, shouting angrily, 'What are you doing? Are you looking for death? Let go of me now!'

Seeing this, the two security guards looked confused and hurriedly let go of Jiang Hao and Xue Yuning and hid to the side.

When he saw Gao Shun appear, the security chief hurriedly rushed over and said with a worried face, 'Mr. Gao, why are you here? Please go in, it's just a small matter, I'll handle it here, please come in.'

As he spoke, the latter invited Gao Shun in, but was met with a fierce glare from Gao Shun.

Gao Shun then snarled, 'A trifle? You're here to handle it?'

Chapter 252 - A word of advice

'Yes, they are the ones who forged the tickets, don't worry Mr. Gao, I'll finish dealing with it soon!' The security team leader coped with a smile on his face.

However, his words made Gao Shun's face look even more ugly.

Gao Shun exclaimed in surprise, 'Say that again, what the hell? Forged tickets?'

Gao Shun was simply stunned by his own men's remarks.

The tickets were issued by people, and now you are telling me that they forged them?

This is as ignorant and ridiculous as saying to a bank's money printing machine that all you come out with is fake money.

But seeing that Gao Shun was so emotional, the security chief thought that this matter had offended Gao Shun's scales and that the other party was going to have a fit and thus deal with Jiang Hao severely.

And instead of that, it would be better to do this matter by himself, and then he would be able to mitigate some of his guilt in front of Gao Shun.

The security captain hurriedly said, 'Yes yes yes Mr. Gao, I know this matter is unforgivable, don't worry, I will clean them up well today, see if they dare to do such disgusting things on our turf in the future!'

As he spoke, the security chief turned around and was about to take Jiang Hao away personally.

But before he could touch Jiang Hao, he saw Gao Shun suddenly raise his hand, and then waved his hand and whipped him over.

'Aiya,' the security chief couldn't help but let out a miserable cry, simply astonished.

‘Mr. Gao,’ the security chief was astonished, he couldn’t figure out what was wrong with him, he was obviously trying to help Gao Shun, but this guy was crazy, he even hit himself?

But soon, the security chief realised that Gao Shun’s action was just the beginning.

Because Gao Shun immediately followed up by smacking himself with an extremely fierce blow.

‘Aiya Mr. Gao Mr. Gao, please don’t hit, please don’t hit, why are you hitting me’

In a short time, even with fists and slaps, the security chief’s head had received no less than dozens of blows, and his whole head was buzzing with the beating.

Gao Shun seemed to be tired of the beating, and after panting heavily, he pointed at the security chief and shouted angrily, ‘You son of a b*tch, do you know what you were saying just now? Believe it or not, those words of yours are enough to kill you ten times over!’

The security captain froze at his words and looked at Gao Shun and then at Jiang Hao.

Gao Shun continued, ‘Hurry up and come and apologise, do you know what kind of person this is? If you dare to mess around, believe it or not, you won’t even know how you’ll die!’

With these words, Gao Shun instantly woke up the man in his dream.

The security chief was not stupid, he immediately understood what was going on, and his head was not hurting at that moment, and then he hurriedly went to Jiang Hao’s front and said, somewhat at a loss, ‘Mr. Gao, I really don’t know, this is’

Gao Shun was furious and looked around, lowering his voice and said, ‘This is Jiang Shao, do you know who is the organizer of this concert? It’s Jiang Shao, how dare you be so rude to Jiang Shao, don’t blame me for not being polite!’

Hearing Gao Shun’s words, the security captain’s entire body stirred and was even more instantly dumbfounded.

His gaze towards Jiang Hao no longer had the same ruthlessness as before, but was instead somewhat confused and even fearful.

‘With a poof, the security chief knelt down, trembling, and said, ‘Jiang Shao, I was wrong, I was wrong, please don’t forgive me, please treat me like a fart, I beg you.’

This time the security chief didn’t dare to do anything wrong, of course he had heard about the organizer of the concert.

He had heard about the height of the concert organizer, which he could not even look up to, and it was hard to imagine the consequences if he treated him like that.

It was just like what Gao Shun said before, that it was not enough for him to die ten times.

‘Young Jiang, what do you think about how to deal with this dog!’ Gao Shun looked at a few more security guards beside a few people and continued, ‘I have friends on that side, so why don’t we just get rid of them!’

Hearing Gao Shun’s words, the security chief, as well as the few security guards present here who had participated in just making things difficult for Jiang Hao, all instantly collapsed.

Of course they knew exactly what Gao Shun’s words meant, so they all knelt down and began to beg.

‘Mr. Gao, Jiang Shao, I’m wrong, we’re all wrong, just for the sake of us working for you for so many years, let us go, we’ll definitely change in the future, we won’t dare to do that again, please’

‘Yes, I have my parents and my wife and children, if anything happens to me, they will be’

Several people pleaded for mercy, but Gao Shun didn’t even look at them, his gaze was always fixed on Jiang Hao’s body.

He knew very well that no matter how this matter was handled today, he would have to listen to Jiang Hao, and if he said he would punish them severely, those few people would have to resign themselves to their fate.

And if Jiang Hao finished sparing them, it would be a matter of words.

Chapter 253 Forget it

The decision on this matter was never in Gao Shun’s hands.

Moreover, Gao Shun didn’t even look at his men, he was even afraid that Jiang Hao would blame himself for the fault of these men.

At this moment, everyone’s eyes fell on Jiang Hao’s body.

Jiang Hao looked at the few security guards and the security chief and couldn’t help but sigh.

‘Forget it, I can leave you guys alone in this matter, but I hope you’d better pay attention to your words and actions in the future!’ Jiang Hao said indifferently, ‘Don’t judge people by their appearance, and not everyone is as nice to talk to as I am.’

Hearing Jiang Hao’s words, these few people were instantly pardoned and hurriedly thanked Jiang Hao repeatedly.

‘Many thanks to you, young Jiang, thank you, young Jiang.’

‘Young Jiang, how can you let them go just like that!’ When he heard that Jiang Hao wanted to let these people go, Gao Shun couldn’t help but stare, and then said, ‘They just treated you so badly, expelling them is the lightest punishment, yet you’

Gao Shun was obviously a little surprised by Jiang Hao’s decision.

Gao Shun had naturally met a lot of rich kids, especially some of the local gentry in Chu Jiang, which were not domineering, if anyone messed with them, they would simply hate to let you take their lives.

And this is exactly why Gao Shun insisted on letting Jiang Hao deal with these few people.

He had been in contact with those second-worlders and knew that if these people didn't let the fire out of their hearts, they would definitely be the ones to suffer in the end.

So Gao Shun gave up the security chiefs, in effect trying to save himself.

But Jiang Hao said that he would not pursue the matter, but he was a bit puzzled.

He even had a vague suspicion in the back of his mind that there was not a bigger conspiracy from Jiang Hao.

'What, is there something wrong with what I said, or do you not understand, Mr. Gao?' Jiang Hao twisted his head and glanced at Gao Shun, of course Jiang Hao could see that Gao Shun was abandoning his pawn to protect his car, wanting to put all the blame on these few people so that he could take himself off the hook.

But Jiang Hao really didn't like this kind of people who unload on people and kill them.

In any case, these people have been with you for so many years, and when things go wrong, you don't want to protect them, but push them out instead, which means you have a problem as a person.

If you can push them out today, you may be able to betray us another day.

At this moment in Jiang Hao's mind, he already vaguely wanted to discuss with Ye Yunjie about eliminating cooperation with people like Gao Shun in the future.

Jiang Hao sighed, looked at the security chiefs and said, 'If I looked at you people, I definitely wouldn't let you go today, but thinking that you still have your parents, wives and children, if I punished you today, it would be like punishing them with your mistakes, so that's why I decided to let you go.'

Jiang Hao paused and continued, 'But I hope you can change your faults in the future, learn from your mistakes, no one will give you a chance every time!'

After Jiang Hao finished speaking, he looked at Gao Shun and asked directly, 'Mr Gao, can I go in now?'

Gao Shun was stunned by the question and hurriedly nodded, 'Yes, yes, of course, don't worry, you definitely won't get any more'

Before Gao Shun could finish his sentence, he saw that Jiang Hao had already dragged Xue Yuning inside.

Gao Shun let out a long sigh of relief and pointed at the few security team leaders on the ground floor and said viciously, 'Look what you've done, damn it, I'm a bit busy today, you guys wait for me, see how I'll clean you up later!'

After saying that, Gao Shun hurriedly followed Jiang Hao with his ass.

The security chief wiped the bean-sized beads of sweat from his forehead, his legs were weak and he struggled for a long time before he could stand still.

He knew that he was too hung up today, meeting a master like Jiang Hao. If he had met any of you rich kids other than Jiang Hao today, he might not have known where he was now.

The first time I learned a lesson, it seems I really have to pay attention to my words and actions in the future, after all, no one can always meet good luck.

The security chief also sighed in his heart, he never thought that a young man who looked so ordinary would have such a big background.

While sighing at Jiang Hao's identity, the security chief suddenly thought of something and couldn't help but frown.

He remembered that Jiang Hao had said before that Feng Pingping had stolen his tickets.

But at that time, he thought that Jiang Hao was talking nonsense, so he didn't take it to heart.

But now that he suddenly remembered this incident, he couldn't help but feel a sense of urgency, thinking that Jiang Hao's words at that time must have been true!

Feng Ping Ping's tickets were probably stolen from Jiang Hao!

Thinking of this, the security chief suddenly slapped himself in the face and sighed in his heart, what the hell had he done?

However, he sighed, and with a twist of his brain, he suddenly revealed a long-lost smile as if he had thought of something.

He knew very well that although Jiang Hao said he had let himself go, he still hated himself in his heart.

And it was estimated that as long as he had committed the slightest thing to upset people, he would be found fault with.

Instead of that, then why not do something that would make up for it so as to dispel some of Jiang Hao's hatred for him?
