

Punished By His Love

I'm Sorry My Love Novel Alternative

Chapter 2512

Hang up the phone, Arron went out, Joan stood in front of Arron: "Fourth brother, what are you doing? Why go? Did Cheng Feng find it?"

"Yes!" Arron said.

"You are going..."

"Going abroad." Arron said.

Joan grabbed Arron: "Fourth brother, I have an inseparable hatred with him and the boss behind him!"

Arron patted Joan on the shoulder: "Tianling, don't say it's you, me and you The same, and the Shu family, we are all the same."

"Fourth brother, take me!" Joan looked at Arron with the eyes he knew very well.

He knew that Arron was cruel this time.

Fu Shao smiled lightly and asked: "A Ling, when I was fighting with my half-brothers, you were still young, you may not have seen the cruel side of many things.

Are you sure, you Want to go with me?" Remember

the website, Joan smiled sadly: "Fourth brother, I was very young back then, but I will grow up later. I also experienced the matter of Jiaxing Island with you, Don't worry, brother, my current mental capacity is very good.

No matter what you do, I will not be shocked. Not to mention, I think you are ruthless.

I have seen your not ruthless for so many years, and you have He's the most conscientious person I've ever met, brother."

"That's good." Arron smiled: "Follow."

"Okay, thank you brother!"

Originally, Darius was also going, but because Darius was in a hurry a while ago, now this matter has come to an end, and instead Darius has fallen ill.

Darius, who was lying in the hospital, originally wanted to go after Cheng Feng with Arron and Joan, but Darius couldn't.

Arron took Joan to Cheng Feng's hiding place.

It was the IQ in the Panbos grassland in South America. When they caught Cheng Feng, Cheng Feng was wearing a fat cowboy suspender suit and a western cowboy hat, and was serious about herding cattle.

Christopher took his bullwhip off.

While Cheng Feng was shocked, he looked up and saw Arron on a horse not far away.

That majestic appearance like a god descending from the earth really scared Cheng Feng.

When seeing Cheng Feng again at this time, Arron was also quite shocked.

Originally, Cheng Feng had an elegant face and the image of a jade tree facing the wind, but at this time, Cheng Feng had a shaggy face, and his face was as black as charcoal from the sun.

A proper shepherd.

After being stunned for a short time, Cheng Feng spoke up.

Cheng Feng, who spoke at this time, was no longer as calm as when he was in Arron's office, and his tone was decadent in fear: "Fu...President Fu...Unexpectedly, you You can find me here."

"Cheng Feng! Die! You ba***!" Joan on the other horse raised his whip and pointed at Cheng Feng angrily.

"I didn't expect it, Cheng Feng?" Arron asked calmly.

Cheng Feng nodded more and more dejectedly: "I didn't expect it."

"Then come with me." Arron didn't say much nonsense.

At this moment, Cheng Feng suddenly knelt in front of Arron: "Mr. Fu! I, Cheng Feng, have never asked anyone in my life, even if I die of exhaustion and starvation, I have never asked anyone, but this time, I beg you, beg Please let me go."

"Let me go?" Arron asked with a peaceful smile, "Do you think it's possible?"

Cheng Feng shook his head and said, "Mr. Fu, please, please see that I have never killed you all the time. For your sake, will you let me go?"

Look, I didn't choose to kidnap your three sons and daughters, but your unrelated niece.

Even if I chopped off one of your niece's fingers, I didn't Really want her to cut off her finger, I kept her finger very well, and her finger is intact and attached, isn't it?

Chapter 2513

I really didn't think about hurting her.

I couldn't do anything at the time either. If I didn't threaten you with Sai Sai, if I didn't cut off Sai Sai's finger and threatened you, neither my boss nor I would be able to leave Nancheng alive.

I was forced to act.

But as you can see, the final match was unscathed. "

"Unscathed!" Unscathed! You are a fu*** human being! What you say is also called personal words! Who is Saisai provoking? It is plain to suffer such ordeal! You were kidnapped and threatened for two or three days. Can you make up for that kind of mental torture?

Yes!

You are right, in theory, Sai Sai is unscathed!

But, she did indeed cut off a finger by you!

That kind of pain, fright, boundless fear, is it real?

A little girl in her early twenties was kidnapped by you and chopped off a finger. When you turn around, you connect her again and send her back. Say, she is unharmed?

Cheng Feng, I thank you, you didn't let Sai Sai thank you, I am here to thank you, is that so? "Joan grabbed Cheng Feng's collar and swayed wildly. He

questioned. On the

other hand, Arron was very calm.

Joan's rage ripped apart Cheng Feng, but Cheng Feng was not afraid at all.

However, Cheng Feng was afraid .” Arron's calmness.

He knows, he can guess.

As long as Arron can find him, then Arron must have come to kill him.

In fact, Cheng Feng was not afraid of his life, nor regretted it at all. The main thing was that he had concerns. He asked Arron not to be greedy for life or to be afraid of death, but for his own concern.

Cheng Feng looked at the calm Arron, still holding a glimmer of hope and said: “Mr. Fu, you have fought all the way, from your exile abroad when you were a teenager, to those hired teams you created abroad, and later, You returned to China and decided to fight against the entire Fu family for your mother.

During this process, in such a bloody storm, didn't you hurt anyone?

The people you hurt at the time should be better than Cheng Feng now More?

I didn't mean to accuse you.

I just wanted to say that any battle, any strategy, it has losses.

Property losses.

Personnel losses.

It's unavoidable. .I

have no hatred with Mingsai, and I have minimized the loss of Mingsai. At least I have tried everything to make Mingsai finally intact.

Mr. Fu, please see that I am not like that. Crazy person, you..."

Before Cheng Feng could finish his words, Arron raised his hand to stop him.

Arron's tone was still very calm, and even then, peacefully: "Okay! I agree with you, you have reduced Sai Sai's losses to the lowest level..."

"Fourth Brother!" Joan shouted angrily behind him. shouted.

Arron raised his hand again to stop Joan: "A-Ling, wait a moment."

Turning his head, he continued to look at Cheng Feng: "Let's not talk about Sai Sai, then what about Galia, what about you Galia? Say? She was severely injured in the crash, she was still pregnant with a child, she disappeared, and there is no body left, how can you explain it to me?"

In fact, Arron was just curious about what kind of explanation Cheng Feng would make.

Unexpectedly, Cheng Feng's eyes suddenly lit up: "Galia, you said Galia, she...she's still alive, she's fine."

Arron: "You...what did you say? "

Chapter 2514

Feng wiped the sweat from his head: "Galia, she is still alive." At this moment, Arron did not know what to say. Taking advantage of the time when Arron did not speak, Cheng Feng continued:

"The reason why we first chose Galia as our target is because we checked in advance that Galia and Darius have a very good relationship, not only that, The relationship between Galia and Suzi is also very good.

She is not only Britney of the Yan family, she is Britney in Suzi's heart and in Darius's heart. Therefore, if something happens to Galia,

not only It is Darius who is going to turn against the Fu Group, and even Suzi may turn against you. So, you will have internal and external troubles at that time." Hearing this, Arron couldn't help but feel chills down his spine.

Before that, Arron had always moved forward bravely, never felt that anyone in this world was an obstacle to him, and he had never been a proud person, but over the years, he also knew clearly that he was a proud man. In this world, few people can deal with him, Arron. He has always been so confident and so calm.

However, at this moment, when Cheng Feng said to him that the first person they chose Galia was to make Arron worry about internal and external troubles, Arron suddenly felt a chill down his spine.

After living for nearly 40 years, Arron suddenly realized at this moment that, in fact, there are many people in the world who are as strong as him, as brave as him, as brave, scheming, thoughtful and ruthless. It's just that he, Arron, has never met an opponent.

This may be the saying that people often say, there are mountains outside the mountains, and there are people outside the people.

Back then, when Arron was young, in his early twenties, he really never met an opponent like Cheng Feng, never met a man like Cheng Feng who was so careful, calculated everywhere, and so calm.

If I meet, he, Arron, can't fully win me.

Don't say that you treat me completely, and you don't even treat me 50% of the time.

At this moment, Arron had to admit that this man named Cheng Feng was strategic, thoughtful, and calm. He is no worse than Arron in every aspect.

Even, it is possible to be above his Arron.

Arron has never been a man who is jealous of talents. On the contrary, he essentially admires such people.

But this man, is to deal with him.

That being the case. Arron couldn't keep this man even more.

However, at this moment, Arron still has to listen first, where is Galia?

He looked at Cheng Feng and raised his eyebrows to signal him to continue.

Cheng Feng continued: "To find that person to bump into Galia, in fact, I had agreed with the actor in advance. The important part is not that he bumped into Galia, but to let Galia see that he is Darius, and then put Galia again. It was a minor injury.

It was just a cutscene that made Galia hate Shu Ming.

It's just that I didn't count it. The special actor is a novice. His mental quality is very poor. Controlling the strength, Galia was severely injured at once.

Because of this, I stayed in the hospital where Galia was injured for more than a day.

I was also at the risk of being searched by Mr. Fu. Seeing Galia's life or death, seeing Galia hurt like that, I was also very heartbroken.

Fortunately, Galia gave me a chance to make up for it.

She hated Darius, she was willing to die, and she was unwilling to see Darius again. She dragged her extremely weak body and fled, but before she left the hospital, I took her away. "

"So it is. Hearing this, Arron finally understood that they were almost looking for Galia that day, but they couldn't find it in the end. It turned out that Galia was taken away by Cheng Feng before she left the hospital.

Chapter 2515

This Cheng Feng, every time he finishes saying something, makes Arron's heart go cold.

"I took Galia away, settled down, and found the best doctor for her. Now her health has recovered, and she is fine..."

Before Cheng Feng could finish speaking, Arron interrupted. Cheng Feng: "Where is Galia, stop talking nonsense, tell me where Galia is, tell me!"

If Galia can be found and his body has recovered, this will undoubtedly be the best comfort to Darius .

Darius is now sick in Nancheng.

Not only was the Shu family almost destroyed this time, but more importantly, Darius lost Galia.

Without Galia, it would be very difficult for Darius to come out of the pain.

"If you don't want to die, hurry up and take me to Galia! Hurry up! Don't talk nonsense anymore!" Arron almost finished his words with gritted teeth.

He did not allow Cheng Feng to say anything else.

Arron knew that all Cheng Feng's explanations were to avenge himself.
Remember the website

Cheng Feng: "..."

He opened his mouth and was about to say something, when he saw Arron put a black guy on his forehead: "If you say nonsense, I will first Break your legs, and then strip you alive a little bit!"

"Okay." Cheng Feng was really obedient.

He didn't say anything, but took Arron, Joan and others out of the grassland and onto a wide road. Then, under the leadership of Cheng Feng, they drove all the way to the grassland that is almost two hundred minutes away from Cheng Feng. km in a medium-sized city.

Cheng Feng took them to a quiet and peaceful private rehabilitation center again.

Arron was quite shocked when he saw the words "rehabilitation center".

However, on second thought, Galia was seriously injured when she left, and it has only been a few months now, and Galia is pregnant with a child, she must live in a rehabilitation center.

Entering the rehabilitation center, judging from the equipment inside and the nursing care, this place is really good. It is a very high-end rehabilitation center with comprehensive care. When he saw this, Arron knew that Cheng Feng was right.

He's really doing his best to make up for the mistakes he's made.

Perhaps, as he said, the reason why he made these mistakes was helpless.

Afterwards, he tried his best to make up for it.

With Arron, he walked towards Galia's room step by step. Every time he took a step closer, Cheng Feng had to look at Arron.

"Come on!" Arron said coldly.

Cheng Feng bit his lip and nodded.

About five minutes away, Cheng Feng took Arron, Joan, Christopher and others to the outside of a unique small courtyard. There were two nurses standing guard outside the small courtyard.

After entering, there are also several nursing staff busy.

When seeing Cheng Feng coming in, the leading nurse immediately said in a panic, "Mr. Cheng, you...you are finally here. Are we calling you?"

Cheng Feng was puzzled. : "What happened? Is it because I didn't pay enough for the rehabilitation fee? Or what? You are not waiting for the lady in the house, why are you all standing outside?"

" Mr. Cheng, we...we didn't like Miss Galia, she...this morning...she...disappeared suddenly."

Missing again?

Arron, who was following behind Cheng Feng, suddenly punched Cheng Feng hard on the head: "The surname is Cheng, you are courting death!"
