

Punished By His Love

I'm Sorry My Love Novel Alternative

Chapter 2530

Jun Rui directly throws Rayna away.

He continued to hold his breath and continued: "Also, you sent your two sons to the small nursery, and the documents in that small nursery are not complete

. What is the reason for dismissing two people in the middle?

Because these two people had a history of being short-tempered in the local kindergarten, and they were more or less insensitive to their children

. They don't have a job! It's

not about how they abuse their children, it's mainly about their marriage. Their lives have always been unsatisfactory, which has caused them to get angry at

every turn. They have mood swings at every turn.

When you give your child to them, Have you investigated it?

It stands to reason that a person's family is unfortunate, and all aspects are not going well, which is not enough to explain anything, as long as the person knows how to restrain and love children.

But these two women are not!

Their quality is extremely low, and there is no I don't know how to restrain my bad emotions. I

also vent my bad emotions to my children.

You don't know, if I was a minute late that day, the childcare worker who had just quarreled with his family would smash his son's head with his mobile phone.

That's why the nurse was fired! I

didn't let you know about this!

Because I didn't want to affect your work!

Because SuziSuzi has a lot of things to do recently, you need to help her in a new way.

And..."

Having said this, Jun Ruian paused.

He really didn't want to say the real reason why he didn't tell Rayna, that is, he had been waiting for Rayna, waiting for her to change her mind, He did n't want Rayna to blame himself too much.

He also wanted to let Rayna become more tolerant after trying to be sad in the process of raising children alone.

Qingrong said that he was cruel and didn't want to see her and the child.

In the end, it turned out that Rayna had figured it out and wanted to divorce him.

“Qingrong...In this world, there are people who are cruel, and there are people. Heartless. But that person is not me! You can't imagine the pain in my heart. On the one hand, I want to preserve your dignity, your face, and your willfulness.

I also want to protect my mother's face.

Who is my mother?

The person who gave birth to me and raised me and brought me up with one hand, do I really want to marry a daughter-in-law and forget my mother, as she said?

No one understands my difficulty! ”

Rayna: "...”

The person listening next to him: "...”

At this moment, they can all see Jun Ruian's helplessness and abandonment.

“Rongrong, we usually I haven't had much contact with you, but I have to say something to you...” At this time, Sanford, who has always been gentle and taciturn, spoke up.

“Brother Zeyan...” Rayna said a little.

“Actually, Every family has a scripture that is difficult to read. Take me as an example. I and your sister-in-law Hongmei, let's love each other and have children. How much do I love your sister-in-law?

You also know that your sister-in-law is not in good health. She was tortured by her former husband, and her body collapsed.

But her health is so bad, and I love her so much. In our house, she insists on cooking for my mother and making tea for my father every day.

Every day.

What is this for?

Does she really have such a relationship with my parents?

neither.

In fact, to put it bluntly, everyone is protecting the people they want to protect.

Hongmei felt that I loved her so much, and she felt sorry for her. He knew that in addition to loving her, I also loved my parents. I have not been filial to my parents for so many years.

Chapter 2531

So Hongmei tried every means to be filial to my parents.

To be honest, my parents didn't like Hongmei at first. After all, Hongmei is second married and older than me, but after so many years of Hongmei's hard work, my parents now love her more than me and my sister.

This is what true love comes in.

All are family. No one is a head above the other, and no one is first.

The most important thing is to tolerate each other, run in with each other, and love each other.

This is what keeps a family together. "

Rayna looked at Sanford with tears in her eyes: "Brother Zeyan, thank you, I know, you...you say I have good intentions. "

Rongrong, your temper must be restrained. Suzi also persuaded him.

Rayna bit his lip and lowered his head.

Seeing that Rayna didn't respond, Jun Ruian said disappointedly: "Rongrong, are you thinking about it? Do you want to divorce me? If you think about it, I won't force you, maybe... We really have no fate.

sorry!

In the future, take care of you. "

After speaking, he turned around and left.

"Rui..."

"Don't..."

Seeing Jun Ruian approaching the door, Rayna suddenly ran over and hugged Jun Ruian's back: "Rui An...give me a chance, please? Forgive me, forgive me Carefree, forgive me for not considering other people's feelings at all, forgive my ignorance, and give me a chance, okay?"

Jun Ruian turned around and hugged Rayna: "Rongrong, you are already very Excellent, very good. You have no education, but through your own efforts, you have learned Jane architectural design. You have survived so much. Are you

still afraid of my mother?

If you use your own wisdom to capture my mother Now, let my mother treat you like a daughter. Didn't you win?"

Rayna nodded: "Well, I understand Ruian, I understand. It's not easy for everyone in this world, we have to Learn to be tolerant, learn to be patient, so that you can live longer.

I'm sorry, I made mistakes before.

I'll correct it, okay?"

Jun Ruian I smiled and scratched Rayna's nose: "Don't divorce me. Is it?"

Rayna pouted: "Don't even think about getting a divorce from me. If you want to divorce me in the future, I will stick to you! Who made you rich and handsome! You are the father of my child, In my life, I will never let my children be separated from their father, nor can they be separated from their mother.

We are a family of four and we will always be together!"

Jun Ruian: "Yeah! The little girl has finally learned to master."

Min Qing Rong: "I hate it!"

"Okay, now that we're reconciled, today is even more of a reunion dinner, sit down, let's have a good meal." Suzi greeted Jun Ruian and Rayna.

Everyone greeted each other.

They were all seated in no time.

At this time, Suzi realized that the person sitting in the far corner was Darius, who kept his head down and taciturn.

Suzi looked at Darius with a dignified expression: "

Azhen..." Darius raised his head and said with a forced smile, "I know that I have spoiled everyone's interest today, it stands to reason that Rong Rong is my cousin, Rong Rong and Ruian's conflict, my cousin should be reconciled, but I'm really not in

the mood..." Everyone present could count as a reunion.

But, only Darius, his Galia, is still unknown.

How could he be happy.

Suzi came to Darius and comforted him: "Azhen, 99% of what Cheng Feng said is true, he really let Galia go, Galia's illness and injury are already over, and The child in the womb is also very good. It is certain that she is still alive, but she does not want to see everyone hiding.

Galia's foreign language is very good. She

is also lively and has strong survivability.

Shaoqin is also looking for her on a global scale, you Don't worry, I'll find it soon."

Suzi just finished speaking when her phone rang, she picked it up and connected: "Who are you?" On

the other side, a faint voice came: "Suzi. ..."
