

PUNISHED BY HIS LOVE

I'm Sorry My Love Novel Alternative...

Chapter 2536

Arron made a decision.

He no longer restores and expands the business volume of the Fu Group, but leaves most of the industry in the only group.

At present, apart from Cheng Feng and Darius, no one knows who the boss of the only group is.

Just go into hiding.

In the future, the Fu Group will slowly shrink.

"Passing it on, it means that the Fu Group is different today." Arron said to his subordinates.

None of the subordinates sitting in the conference room could understand Arron's psychology at this time.

"Mr. Fu, why is this?" One of the old people who had worked hard with Arron for more than 20 years asked Arron bluntly.

Arron chuckled and shook his head: "I'm tired, and I don't want to stir up trouble anymore. It can be regarded as a pure land for my children. Although I am in power now, there are still people who will challenge you from time to time.

Later I figured it out. , the reason why others will challenge you is because you are standing at the top of the tower.

Too much attention.

From now on, I will hide my life.

Don't get so much attention.

This is for me, for my children I, and my relatives, please leave a quiet and stable space, and it

can be regarded as giving the younger generation a little more chance."

Arron's words were very calm, but very firm.

The decision he made, once set, would naturally not change.

None of his subordinates dared to refute him.

Especially those old subordinates who have followed him for ten or twenty years, all of them know him well. They know that Arron's so-called restraint, so-called hiding, is not really old or weak.

He was just hiding.

Don't get so much attention from the world anymore.

This shows that his mind, his xinxing, has only become more mature.

The subordinates voted unanimously.

From this day on, Arron suddenly became idle.

There are many rumors about him from the outside world.

"The glorious period of the Fu Group is finally going to decline. I heard that after this business war between the Fu Group and the Shu family, the Fu Group's wealth has shrunk a lot.

" The victorious general. Arron has dominated Nancheng for more than ten years. Is her daughter thirteen years old this year? When her daughter was not born, he was already the king of Nancheng.

Now, it's really more than ten years . There

should be someone, who should surpass him."

"How easy is it to say that, if you want to surpass him, it will take at least five years. I don't think it will take five years. You must know that a hundred-footed worm will die. Not stiff, not to mention that Arron, the hundred-legged worm, is not dead, but is still alive and well.

So I said, in the boundary of Nancheng, it will take ten years to surpass Arron."

"Ten years are not necessarily."

" Arron is the best at camouflage. When you look at his obscurity, you think he is defeated. He seems to be very weak, but he does not know that he is recuperating and preparing for the next step.

For example, the Fu family more than ten years ago . The family fight.

Everyone thought that Arron was an illegitimate son, he had no power or power, and he didn't even have the right to inherit the Fu family, and it was rumored that Arron was dying by several of his brothers, and only one breath was left.

Many people saw that Arron was about to die.

He was imprisoned by his brothers in a remote and dilapidated villa, but who would have thought that he would have mastered the entire Fu Group overnight? "

Yes, yes, Arron's comeback shocked 30 million people in Nancheng. "

" Back then, it wasn't just that he mastered the entire Fu Group overnight. In this world, whoever newly mastered the power of the group would not be turbulent for a period of time? There is a saying that there is one emperor and one courtier.

But since Arron took office the second day, the Fu Group has developed by leaps and bounds.

Chapter 2537

Every day is a sample, every day is in full swing.

In just five years, the Fu Group has grown five times as much as before he took over.

It turned out that the Fu family in Nancheng was only famous in Nancheng, but now the Fu family, the Fu family, is famous all over the world.

We cannot underestimate Arron. "

That is to say, this person is unfathomable. He said he was going to retire. He said that the Fu Group had shrunk. I don't believe it, but I think he has other plans." "

I don't believe it either..."

"I also think that, with Arron's personality, he is not one to admit defeat so easily. "

This is a group of old people who are sitting by the city river and playing chess. There is a lot of discussion.

Just at this time, Arron walked over the city river with a top hat and eyes, and planned to walk to pick up the girl who hadn't seen each other for a week after school. , I just heard these conversations by accident.

Arron couldn't help but stop and smiled softly.

Yes, even if he really wanted to retire, no one would believe it.

In fact, only he knew that he He really wants to retire.

His wealth, his capital, and the world he has conquered are enough for children to eat and wear for several lifetimes.

Sometimes I stop and think about it, why do I work so hard?

Stop Is it not good to go down and live slowly? If you

work hard like that, all you will recruit are enemies, and these enemies may sometimes endanger your descendants.

When he thought of the children, Arron put everything down.

From now on, he just wants to keep a low profile.

It is necessary to preserve the strength of the Fu family, but also to keep a low profile.

"Baby, how do you think Dad will resign as the president of Fu's Group after a while?" Arron, who took over Shen's only one, held his daughter's hand and asked while walking along the city river.

The thirteen-year-old girl suddenly let go of her father's hand and looked at her father with a face full of fright: "Dad, father! Let me tell you, you are still young, you are only in your early forties, you are not yet When it's time to retire, you must not take a back seat.

I...I'm only thirteen years old this year.

Dad, you won't let me finish college, so I'll go to the company to pick up your class "

Dad, I...I'm not a boy, I don't want to take over."

Arron: "..."

After a pause for a few seconds, he suddenly laughed: "Who told you that Dad wants to let You took over?"

Shen Weiyi: "Really, really? You won't let me take over? Really?"

Arron looked at his daughter in disbelief: "Girl! How many people in this world don't want such a large amount of wealth and control ? Quan, why don't the girls in my family want to be with you? You must know that your father was fighting for the world for you, and your father and I..."

"Stop! Stop dad!" Shen Weiyi cut off immediately Dad's words.

Arron was even more puzzled: "What do you mean, my Miss Fu?"

Shen Weiyi looked at his father seriously: "Dad, tell me, before you found me and my mother, were you happy in those six years? "

When she said this, she sounded like an adult.

Arron was taken aback by the question.

Then he nodded heavily: "Unhappy, very unhappy."

Shen Weiyi grabbed Dad's arm: "Then Dad, tell me, you are so unhappy, you are guarding such a big group company, so many But you're not happy at all, all your wealth, all that control, doesn't make you happy, does it?"

It's my mom who does make you happy.

And my brother and I.

Right?"

Arron nodded: "Of course!"

"So Dad, I have already made plans for my future..." Shen Weiyi looked at Dad very firmly.
