

PUNISHED BY HIS LOVE

I'm Sorry My Love Novel Alternative

Chapter 2562

Christopher was shocked: "You... Could it be that you are engaged in that kind of industry?"

This was Christopher's first reaction.

At the same time, he was also worried, because his sister was helpless and desperate. I don't know what industry my sister will be in to support her and two children? Christopher's mind was full of bad thoughts.

Galia smiled bitterly: "Brother Christopher, even you think so, you can imagine what my family members and my relatives think of me."

Christopher looked at me in surprise. Galia said, "You're not the kind of job you're doing, that's you?"

At this moment, Christopher didn't know what Galia meant.

"Brother Christopher, you may not have thought of it." In the girl's tone, there was an imperceptible pride: "I am actually a very smart girl. In terms of learning and acceptance, I am very smart, I am only a student. Due to low self-esteem, because my family was poor and could not afford to go to school, and I didn't devote myself to studying, I dropped out of school.

However, I am inherently smart.

I can learn many things at once.

For example, I When I went to work in a big city, I was an ordinary worker in the workshop at the beginning, but I only worked for three months, and I learned all the procedures in the workshop.

And because of a chance, I was promoted to the office by the workshop director. Become a quality inspector.”

Hearing this, Christopher let out a long hiss.

His tone also became relaxed: “That’s good, that’s good.”

“But do you know?” Galia smiled bitterly: “The boys and girls in the whole office are all very fashionable and youthful, but I am

the only one. I am the only girl who wears dirty clothes. Not

only that, my monthly salary was about 3,000 yuan at that time, and my mother only asked me to keep 200 yuan every month.

Because the factory is responsible for eating and living three meals a day, and I usually wear Work clothes.

My mother thinks I can’t spend the money. The

reason why I keep 200 yuan is to buy sanitary napkins, soaps and other daily necessities.

The remaining 2800 yuan will be sent back to my mother.

My mother has These money, among her siblings, can also raise their heads.

But a new problem is coming.”

"What problem?" Christopher asked subconsciously.

"My relatives, especially those from my mother's family, don't believe that I, a girl who graduated from junior high school, can get 3,000 yuan a month after going out to work for only three months

. Graduated girls can also get five or six thousand yuan or even tens of thousands of yuan.

I am talking about more than ten years ago.

I am twenty-eight years old this year.

That was ten years ago.

At that time, three thousand It's really a lot of money.

Those relatives of my mother's family do not believe that I have such a high salary. They are very doubtful about my source of income.

My mother has always had a very good relationship with her family, so my aunt and uncle have always had a good relationship. My aunt believed what they said,

because my cousin just graduated from the Sports University ten years ago and taught weightlifting in our local school, and his monthly salary was only 2,000 yuan.

What made my aunt even more unbalanced was my cousin.

At that time, my cousin worked as a nurse in a small clinic after graduating from health school, and the monthly salary was 1,000 yuan.

So, my cousin, a college graduate, and my cousin, a nurse, the wages of the two of them add up, and only one of my migrant workers earns the same salary.

What's more, since I was a child, I was someone they looked down on.

Chapter 2563

How can people be more prosperous than their children?

With the money I sent her in the first month, my mother bought new clothes for my grandparents, my aunts and uncles, including my cousins, and also bought them leg of lamb, ham, various A total of more than 1,000 yuan was spent on gifts to go to my grandmother's house, but my aunt and uncle poured cold water on her head. "

Christopher couldn't help but ask: "You took so many gifts to your grandparents' house, but your mother is not welcome?" "

My uncle and aunt have no opinion on my mother. They have always known that my mother is very good. Not only my uncle and aunt, but even the whole village of my grandparents know that my mother is a good daughter, a good sister, and a good aunt."

It's not my mother that they slander.

but me.

You know what my aunt and uncle said about me? Galia shrugged and looked at Christopher with an indifferent smile.

Christopher could clearly see the sadness and grievance in the girl's eyes.

This time, he clearly guessed how his aunt and uncle evaluated the girl in front of him . Yes .

"Uncle and aunt think your salary is too high, they think you...have a bad job outside? Did something immoral, didn't you? Christopher asked the girl in a low and gentle tone. Remember that the

girl looked up at Christopher: "Do you believe that I have never done that kind of thing?" "

Christopher nodded affirmatively: "I believe! "

There were tears in the girl's eyes.

She was sobbing hard, trying not to let herself cry.

But as soon as he opened his mouth, he still cried: "But...but my mother...my mother doesn't believe me."

Christopher: "..."

"My mother is on the phone . Li scolded me for not learning good things, and I never learned the slightest virtues from her in my life. What a proud person she is, how dignified she is, and her family has something to offer.

But what about me?

My brother and I, The old one is three-dimensional.

The old one looks like someone from my father's side. No

promise!

No backbone.

Just know how to go out and do humiliating things.

Dogs can't change their shit-eating shit."

"That's outrageous!" Christopherqi raised his hand and patted it on the bedside table next to the hospital bed. Even the indwelling needle tape on his hand almost fell off.

"There is actually such a mother in this world. My own daughter doesn't believe it, but she has to believe others." Christopher said angrily.

The girl smiled bitterly and shook her head: "But, my uncle, aunt and aunt are not outsiders to my mother. In my mother's eyes, her brothers and sisters are close relatives, and my mother's brothers and sisters have never had conflicts. They all love each other.

The relationship between their brothers and sisters is so good that they are enviable in our three villages and five miles."

Christopher was even more angry: "So, in order to maintain the relationship between her and her brothers and sisters She sacrificed her own daughter and her husband?"

"More than that?" Galia's tears flowed down: "In my mother's eyes and heart, she always believed that she married a good friend. The people she didn't match, and the children she gave birth to follow that man, and there was nothing like her, they were all things made from a nest.

My mother, she never looked down on me and my brother. So..."

"So what happened? Christopher asked Galia worriedly.

He was afraid that what Galia was going to say next would be self-indulgent.

Such a good girl, don't be condescending.

Christopher stared at Galia

. Yan sighed: "So, because everyone looked down on me, I became more proud of myself, so I..."

Chapter 2564

Christopher looked nervously at the girl in front of him, he thought, no matter what the girl has done, he should not despise her , he will still be friends with her, and still regard her as his benefactor.

Because, a person, it is really difficult to judge her good or bad.

Even as a prisoner in prison, she has her good side.

For example, Suzi.

Suzi had also served in prison for several years. Does this mean that Suzi is a bad person, a contemptible person, and a person who deserves to be punished by everyone?

no.

On the contrary, Suzi is a very arrogant and kind-hearted good woman who has no bad intentions towards anyone.

Christopher looked at the girl in front of him with more gentle eyes, and said in a very gentle tone: "Galia, no matter what job you want to tell me next, you are a good girl in my eyes. , you will always be my benefactor for the rest of your life.

You haven't met me before, I haven't seen all your hardships, all your injustices.

Then I tell you, I won't in the

future. I will support you in the future! "

There has never been this moment, Christopher felt that Fourth Master Fu gave him 20% of the shares of the Fu Group, which made him feel that he could play such a big role.

Christopher is not interested in money.

Not interested in rights.

His goal in life is actually very small, he just needs to be fed and clothed and marry a daughter-in-law.

When he followed the Fourth Master Fu before, his wholeheartedly wanted to protect the Fourth Master Fu for the rest of his life, and even the Fourth Master Fu's wife and children were his lifelong responsibilities.

Christopher accepted the 20% of the shares given to him by Fourth Master Fu because he regarded him as a relative.

In terms of money, he didn't have many surprises. The reason why he was surprised at that time was because he felt that Fourth Master Fu's friendship with him was really deep, and he felt that the people he followed in this life were worth following.

At this moment, Christopher really felt how useful it was that he was one of the five directors of the Fu Group.

At least, when this girl is bullied by others again in the future, he can stand down and tell those who bully the girl that the girl has a backer!

Moreover, it is a very important backer!

He wants to let all the people around the girl who bully the girl know that even if it is the King of Heaven, he is not afraid of Christopher!

Galia smiled happily: "Thank you for being my backer."

Then she looked at Christopher in disbelief: "You don't mind at all, what did I do before?"

"That's your past, the past. It has passed, as long as you are good in the future, you are a good girl. Besides, no matter what you do, you are my benefactor. This is an unchangeable fact.

I have no right to dislike my benefactor.

Galia, tell me, What did you do after that?" Christopher asked calmly.

Galia smiled: "I don't know if it's good or bad, but it has something to do with me personally. I'm too vain."

"Vanity?" Christopher was thinking, did Galia go to be a mistress for money?

"Yes, I am a girl who is vain and has low self-esteem. When my uncle, aunt and aunt slandered me, when my mother scolded me, I felt that I must stand out. I must stand

out!

In addition, in the office of the factory where I worked at the time, the little girls, the young men, and the older brothers were all dressed in bright clothes.

I told you just now that although I was transferred into the office by exception, I was the dirtiest girl in it.

Do you know what they thought of me at the time?

It's...

like watching monkeys play tricks.

Even the baggy shoes I wore from my hometown, they would sneer at me and ask me, what are the big brands?

Pretty wearable.

Chapter 2565

In that office, I not only have to complete my work every day, I also have to serve everyone tea and water , listen to their cries. "

Christopher: "..."

At this moment, he didn't know what to say.

In fact, in all fairness, he has seen a lot of this kind of thing. It's not surprising

. For the Fu Group, this kind of phenomenon is everywhere in the small departments and branches.

If a new comer is honest and doesn't fit in with the group, it will be more or less cleaned up by the old staff.

Nothing else . Say, take Suzi. When she went to work in a construction company, she was rejected and couldn't do it.

Fortunately, Suzi was a girl who was not humiliated.

She was beautiful, her careful thinking, her calm attitude, and her work. With his ability, he can conquer a large circle of people.

What's more, there is a strong backer Arron behind Suzi. Under

the circumstances at that time, whoever bullied Suzi would really be courting death.

However, the entire Nancheng was also There is only one Suzi.

"I know that in many novels and TV dramas, there will be characters like this. The heroine is bullied at the beginning, the heroine is arrogant and would rather die than give in, and she can't successfully counterattack in the face of extremely bad adversity.

Not only that, but also to gain the favor of Gao Fushuai, unless she does not marry.

But Brother Christopher, that is the character of Cinderella.

Not in reality.

Do you know what is in reality?

Just me. Galia said to Christopher with a self-deprecating smile.

Christopher nodded sadly: "I know, I know Galia, I know that not every little girl in this world has the same experience as Suzi, but Not every little girl can be as lucky as Suzi.

In this world, most girls are ordinary.

No one knows how many girls have experienced darkness and how they have healed their inner pain.

But Galia, listen carefully, in this world, even if no one loves you, you must love yourself, eat well, drink well, and be healthy.

Understand? "

Galia, who had been calm before, suddenly burst into tears again: "Wuwuwu, brother Christopher, if I could have known you a few years earlier, how great would it be?"

Do you know how lonely I am?

Do you know how uncomfortable I feel when I'm being ostracized?

I don't have an arrogant surface, I'm scared, weak, compromised, and low self-esteem.

I don't have a strong and independent heart like the heroine in the novel.

I do not have.

I am just an ordinary ugly duckling. It is true that my mind is smart, but I am an uninformed person. In the eyes of my colleagues in the office, I really do not understand anything.

So when they looked down on me, I couldn't do anything, I felt even more inferior, and I was also irritable. I want to prove myself more.

I just thought that one day, I must get a better job and come back and stomp them to death!

In order to get a better job, I will..."

Having said that, Galia paused for a moment, and her face instantly turned red.

She didn't speak, but Christopher already knew what she was going to say. It was nothing more than a good job, doing something against her intentions, and even going to accompany a man who shouldn't be with him?

These strict tolerances are acceptable.

But she never thought about it, Galia bit her lip for a moment, and said with difficulty: "In order to give myself a better job and satisfy my vanity, I gave myself a fake degree and then submitted a job resume. ."

Christopher smiled instantly: "That's it, you... feel guilty?"
