

PUNISHED BY HIS LOVE

I'm Sorry My Love Novel Alternative

Chapter 2584

to say, if you say, Christopher's identity will be exposed.

He didn't want to reveal his identity in front of Galia.

"Brother Christopher, you are so nice. If... If only I could have known you five years earlier, how great would it be? You look like a rough man, but your mind is very delicate.

You You know how to comfort people, and your heart is strong.

If I met you five years ago, maybe I wouldn't be so lonely, and I wouldn't go down the abyss step by step." Galia said in a lonely tone.

Christopher's heart was startled: "Why, are you step by step into the abyss? Is... what is the abyss?"

He was afraid that Galia would say that.

The words of going astray in order to live, doing that kind of shameful work, or finding an old man.

For some reason, Christopher was very afraid that Galia would say this.

Galia, who was still in tears, smiled playfully: "Actually, if you follow your outlook on life, it's fine. First, I didn't do anything to harm my body, and second, I wasn't surrounded by anyone. Raised. Remember the URL

I said about falling into the abyss..."

Hearing this, Christopher suddenly relaxed and smiled.

Nothing is fine.

Nothing is fine!

He smiled and looked at Galia: "What you call falling into the abyss, shouldn't it be, are you going to cheat money?"

This is also a pun.

He wanted to ask Galia in a side-by-side manner if he was here to cheat money.

Galia looked up at Christopher, and asked seriously: "How do you know, Brother Christopher?"

Christopher: "..."

He was speechless for a long time.

Galia didn't notice his strangeness, but continued to say: "I didn't cheat other people's money, but I took the money from my credit card again."

Christopher: "..."

After a while, he asked: "You haven't even found a serious job, how do you get a credit card?"

Galia shrugged and said, "Otherwise people often say that one step is wrong, and every step is wrong. I am a A very realistic example."

She looked back at Christopher, raised her eyebrows and smiled again: "I was kicked out by the original company and couldn't find a job for half a year, and I even spent all the money in my credit card, and I still can't pay. At that time, I also thought about finding a job in the factory. However

, it was too late at that time.

Because the wages in the factory are generally not too high.

The highest one can be 1500. It is not bad.

1500 is not enough for me . I have to pay back the money, not to mention I have to send money to my mother.

The only way I can pay back and send money to my mother is if I continue to fake my education and continue to defraud high-paying jobs."

"So, you continue to make money. Fake education? Then found a job that you are satisfied with?" Christopher asked.

Galia nodded bitterly: "I found it, and it's a job in a high-end office building in the center of the city."

Christopher couldn't help laughing: "Galia, your little girl's ability to deceive people is also a set of sets. , but this is enough to show that your mind is really smart, and your ability to accept is also strong.

Most importantly, you already have a certain amount of practical work experience, don't you?"

Galia also laughed at herself: "There is another one, which is even more unexpected to you."

Christopher became curious: "Oh? What is that? Let's hear it?"

At this moment, he really seemed to be Like listening to a story, I am very interested in Galia's affairs.

Galia shrugged: "In the new company, I was pursued by a white-collar man."

Christopher: "..."

He really didn't expect this, his face suddenly became nervous for some reason. stand up.

It's just that Galia didn't see it. Galia's face has fallen back into a painful memory: "It's just that this love made me..."

Chapter 2585

Christopher has already thought: "Later, did you break up?"

It is not difficult to imagine, if Galia did not Lovelorn, she should be the child's mother by now, right? It is also impossible to be beaten by relatives at the door of the house, and the husband or boyfriend does not come to rescue him.

Afterwards, Christopher comforted Galia and said, "Silly girl, how many people in this world can fall in love just once? There are many good men in this world, not bad for that one boyfriend."

He even wanted to tell Galia that he was in front of him. There is a good boy.

It's just that he's a little older, thirty-five or six.

However, Christopher is a rigorous person, and he can't take advantage of other people's dangers to say something that is less relevant.

Galia smiled and said, "Yes, there are many good men in this world. Brother Christopher, you are a rare good man. It's a pity that I met you too late."

Christopher: " "..."

"Brother Christopher, did I make you afraid, don't be afraid, I won't fall in love with you, and I won't ask you to borrow money, don't worry, I will meet you in my life. It is a blessing for me to be a friend like you who can let me talk, and who doesn't dislike me or treat me as too much. I don't dare to ask too much.

At that time, I was beaten by my cousin by the hair. Me, when you rescued me, at that time I saw that you were really a rough migrant worker man, I thought that if you were a homeless migrant worker, I would follow you.

Marry you, even if the ends of the earth , even if I live in a work shed for the rest of my life, I am willing.

Because I am alone, I am too lonely, too lonely.

But after you took me to such a nice hotel, I thought, you should not be a homeless homeless person or a migrant worker or something. "

Christopher asked with interest: "Then who do you think I look like?" "

Galia lowered her head, her tone with a habitual humility: "Is it, a foreman, right?" Even if it's not big, at least it should be a small contractor with a dozen people, right?

Because I can tell you don't talk like a migrant worker.

You should talk to people often and stuff like that.

If I step on it correctly, you should not have received the labor contract fee, and you are waiting to ask the big boss for the labor contract fee in our county?

The reason why you contracted labor in our county at that time was to make it easier to find your sister.

Is it right?

Your sister was deceived by going out to work, and then disappeared, right?
Christopher smiled without denying it, and then asked Galia: "

How do you know?" This time, Galia smiled very happily: "

No matter what, I have worked in a big city for several years, and I also work in the office. Although it was a failure, I have some experience in looking at people. "

Christopher nodded: "That's right. "

So, if you are a homeless migrant worker, I think I'm just right for you, and I don't have any psychological burden. As long as someone can warm me up and accompany me, I'll be very happy."

But you are a contractor, you have a brain, you have your own ideas, and you have your own workers, I feel that I am not worthy of you, and I will involuntarily feel inferior.

You might think that we've only known each other for a day or two before I can discuss whether I want to marry you.

Is someone like me an idiot?

In fact, it is really Christopher.

Life is so bad for me, I have no friends or relatives by my side, even my mother dislikes me, and her maiden family even beat me in front of her, I don't think about anything anymore.

I just want to have someone in my life who will love me.

That's it.

Of course, like me, I definitely can't find a good one, and today, I don't have any extravagant hopes.

I just want someone to stay with me forever.

Let me live the poorest days and live in earthen kilns, I don't care.

never mind. "

What kind of love process makes you so disheartened?" Christopher asked distressedly.

Galia's story was not finished yet, Christopher had to admit that he was really attracted by this girl's story.

Chapter 2586

In fact, the world is different.

Everyone has a story that everyone can't tell.

Everyone has everyone's heartache.

It is not a bad thing for him to be in a foreign land and quietly listen to a person's story here.

Privately, he really wanted to hear it.

Moreover, watching this girl cry for a while, then cry more loudly, and then regain her calm appearance, Christopher feels that this child is quite cute.

Hearing now, Christopher could actually hear that the child did not make any big mistakes, but the child was always introspective and guilty.

She has also been stressing that she has no friends or relatives by her side.

Christopher thought again, if such a girl was brought to Suzi's side, Suzi would definitely think, why is this girl so pure and cute?

Purity does not mean that a girl has a boyfriend, or cohabits with someone, etc., she is not pure.

The purity of Christopher's heart is spiritual.

Not physically.

At least for now, even if the next thing the girl told about her was that she and her boyfriend lived together and then broke up, Christopher still felt that the girl was pure and kind at heart.

"Actually, in the final analysis, it's still my fault, it's really my fault." At this point, Galia couldn't lift her spirits.

She looked up at the sky and sighed: "When you first started, when you knew people, you didn't show your true face, how can you make people be sincere to you?"

That boy is fine. "

Christopher asked: "He found out about your fake degree and broke up with you?" "

Galia shook her head: "It's not just this aspect. "

"When you arrived at the new company, you encountered the same experience as your husband?" "Christopher asked again.

"No that way." Speaking of this, Galia's expression was obviously relaxed: "The new company is in the city center, and I have to take the bus to work every day. Unlike the company I used to be in the suburbs, most of the employees

of the new company are very tolerant. There is no such deep class concept, nor such a strong sense of superiority.

Perhaps, most of the young people who work in the city center come from all over the world, and everyone is extremely good.

There is a clear difference from the factories in the suburbs.

In the beginning, no one bothered to check my fake resume, plus I have three years of office experience, and I have a lot of experience in managing orders.

So, everyone got along well at first.

In addition, I am a person, you know, I am more vain, I am afraid that others will look down on me, I will buy myself a lot of beautiful clothes to dress up myself.

Even at that time I already owed ten or twenty thousand dollars.

But I'm still swollen and fat.

One of the benefits of such a swollen-faced life of being a fat man is that a male director of planning in our company took the initiative to invite me to dinner.

That boy was two years older than me, and he was handsome. He was in the same province as me, but his home was south.

It is about 500 kilometers away from my hometown.

Because we are from a province, we have the feeling of fellow villagers when we talk.

The relationship progressed relatively quickly, he was the sunny and cheerful type, and I was, to be honest, very tired.

Hidden him everywhere.

No matter my family background or my snow, including the money I owe, it is very difficult to pay, I dare not tell her.

In order to win his love, I even go out to dinner with her and often AA system with him, and I will give him some gifts. Because of this, plus I still have to send money to my mother every month, and I still have to pay off my debts, I still can't make ends meet.

To this end, I like the company to propose a salary increase.

At this time, I was in the company and was exposed again. "

Chapter 2587

Christopher asked in puzzlement: "How is it exposed?"

In fact, he really wanted to say, using a fake resume, Sooner or later, it will be exposed, it's just a matter of time.

The best thing to do is to be your real self without a fake resume.

However, everyone's life is their own choice, and now Galia has already known that she was wrong, so Christopher did not express her opinion.

He just listened quietly.

Galia lowered her head and her face turned slightly red.

Christopher knew that this girl had always been a girl with a strong sense of shame.

She raised her head and looked at Christopher as if she had summoned a lot of courage: "When I proposed to my supervisor and the personnel department

that I wanted to raise my salary, the supervisor and the personnel department readily agreed.

However, they made a request to me . .

They said that the salary can be increased, but I need to have a corresponding position. Remember the website

is that the scope of work that I was responsible for did not include translation of written expertise.

If I want a salary increase, I will hand over the work of written translation in the future. I am. In

this way, the company can save some costs.

After all, I am more professional in terms of single volume. As long as I take over the translation work, the company can increase my salary by half from the original basis.

At that time, the personnel department told me I am, the company finds a professional translator from outside, and the price is very high. Even if the translation salary is high, it is very lacking in professional knowledge.

In fact, what the company needs most is the staff who know how to knock on the door with professional knowledge, and at the same time can translate the incoming foreign orders.

If that is the case, the company will be very satisfied.

And willing to pay high prices.

Moreover, unlike my current position, my position will become independent at that time. "

Christopher suddenly realized: "Your education is a fake degree, so you only have rich professional knowledge, but your English is not good?"

Galia laughed at herself and said, "It's not so good, I don't know it at all. I can only know ABC at most. The only vocabulary I learned in junior high school has already been returned to the teacher .

What do I translate? "

So you..."

"I politely declined." "Galia smiled sadly.

"It's okay to refuse, then why did you expose yourself again?" Christopher still asked in a puzzled way.

Galia bit her lip and said, "I didn't expect the personnel department to be so stubborn, they said to me in an understatement, 'Galia, I know you will definitely say that you study in university. Your English has been returned to the teacher long ago, and you will not know it long ago.

This is easy to handle. After all, you are a college student, and you have this foundation. You can review it a little now. The company will give you this time.

Besides, professional and convenient translation is much simpler than simultaneous translation or long-form translation. All you need to do is translate those professional knowledge materials well. ' It's

also because I'm too ignorant and fearless.

I actually agreed.

The fundamental reason why I agreed is that I really don't want to lose face in front of my colleagues in the company and my new boyfriend.

I can only bite the bullet and agree. "

"You...you agreed? You don't know any English at all, how dare you agree? What will you do if you agree?" At this moment, Christopher was very anxious for Galia.

Galia shrugged: "Yeah, you didn't expect me to be so daring, right? In fact, I killed myself. Brother Christopher, thinking about it now, people really make a mistake, step by step.
