### Chapter 2602

Christopher asked with a sigh: "You ask her so straightforwardly? It is indeed a bit excessive, after all she It's your biological mother."

Galia burst into tears: "I know, I said this at the time, and I regret it too, I apologized to her after I finished fighting her, but my mother, she told our sister The two brothers have always been strict.

And since we were young, we never talked back to her, and suddenly we talked back to her, and she would definitely not be able to stand it.

She was crazy, beating and scolding me while crying . She

said that I was not benign , I grew up eating and drinking from my uncle's house. As a result, when I grew up, I had no conscience. She said that she would not be so selfish as our Yan family. She can live any kind of life, no matter how it is her own child, but she can't treat other people's children badly.

She said that no one would praise her from three villages and five miles.

They all say that she has done a good job in this area. Don't favor your own children, and give the good ones to your nephews and nieces. This is a virtue she has always admired for her whole life. How could it become a sin when she came to me?

She said, in the end, our Yan family is too much Selfishness.

The old and the old are selfish, and the younger generation is still so selfish.

Not only selfishness, but also a coward. The old saying is that the grace of dripping water should be reciprocated by the spring, and you are a cowardly coward. Remember the website

She was crying and scolding me like this, all the neighbors heard it.

They all came to watch the fun.

She not only scolded me for being a white-eyed wolf, but also scolded me. She had to give her old age. Otherwise, she would go back and forth in the village every day to publicize how impersonal and unscrupulous I was, and scolded me in various ways.

After a long time, I was scolded by her in a hurry, so I said to her, 'You said that I will not give you old age, nor take care of you, who is taking care of you for so many years?

My cousin cousin?

Since they are so good, why don't you let them take care of you?

This remark angered my mother again.

Just when I said this, my cousin and cousin just arrived. They heard me talking to my mother like this, and my cousin kicked me in the stomach on the spot.

I couldn't get up after kicking me for half a day. Christopher asked puzzled: "

Your cousin and your cousin are not from the same village. How did they know that you and your mother quarreled?" Galia smiled bitterly: "

Our uncle's house is only two kilometers away from our house, which is the village next door. When my mother and I were quarreling, someone from my uncle's village happened to pass by my door and saw it."

The man quickly ran to my uncle's house, and it happened that my cousin and cousin were also there, and within a few minutes, they rushed over from the house. Hearing this ,

Christopher couldn't help but sigh.

Who is busy these days? When

other people's quarrels happen, they don't think it's a big deal.

The bigger the trouble, the better.

"Cousin and cousin beat me, They dragged me from the door of my house, dragged me and dragged me to the outside of our village, where you saw me, they wanted to make three towns and five miles, and passers-by had to know that I was an unfilial daughter. Not only was I unfilial, but for so many years, I actually didn't make any money working outside.

I'm all having fun.

Not only did I eat, drink, and have fun, I also owed a lot of money.

I owed a lot of debt and couldn't pay it back, so when I came back, I quarreled with my mother.

They beat me and yelled at me like this.

When passers-by asked, they said that I was not filial, and that even my own mother did not want to support her, nor did she want to see a doctor for my own mother.

And my mother, did not see my cousin beat me, kicked me, she said fiercely, 'Kill her! Kill this disobedient thing! You treat me as my mother's family, and even you dare to quarrel with me!

I already knew that I gave birth to you to make you quarrel with me, and I would strangle you when I was born! '

My mother scolds me like this, my cousin=could beat me harder.

Brother Christopher, to be honest, if you hadn't come to save me, I even doubt that I would have been beaten to death by them today? "

Christopher asked gently: "It's all right, you are safe now, by the way, how much money do you still owe?" "

## Chapter 2603

Galia smiled sadly: "To tell you the truth, Brother Christopher, I still owe 100,000 yuan , you didn't expect it, you thought you were saving an honest rural girl, but you saved a debtor.

Brother Christopher, don't worry, I won't ask you to borrow money, not a penny. I will ask you to borrow it.

I finally met a person who is so willing to listen to me, not look down on me, and treat me as a friend. I will definitely not destroy this relationship again.

You are willing to embrace me as a friend, do not think of me It's a change, I feel very warm."

After hearing this, Christopher felt very sad.

He said in a broad and indifferent voice: "Then what are your plans for the next step?"

Galia smiled bitterly: "How can you plan? Even my mother doesn't want me anymore, I have saved 30,000 yuan in the past two years. The yuan is in her hands, and the house at home is hers. She can give it to whoever she wants.

Anyway, my brother is also working outside.

If she feels that her two children are homeless and she can bear it, then Give it to my uncle's house.

I thought, if she can give the house to my uncle's house, my cousin and cousin will take care of her in the future, right?

Maybe she thinks so too.

Otherwise, she will force me very strongly The house we built in our hometown has been given to my uncle.

As for my dad, my mom and he have long since separated.

My dad works on the construction site by himself. He likes to drink and his health is not very good. For the money, he can support himself. If he is willing to follow me, I will let him follow.

I took him out to work, and then I slowly repaid the money. "

You...don't want your mother anymore?" Christopher asked tentatively.

Hearing this, Galia cried: "She... shouldn't want me either?" If she had me in her heart, she wouldn't look at my cousin, hit me on the head with a stool, kick me in the stomach, push me to the ground, and kick me one by one.

Even so, she still said in her mouth, kill her, kill her.

Brother Christopher, have you ever seen such a mother?

Since she doesn't want me anymore, I'll just leave with my dad.

As long as she can live a little better.

She has always been very close to my uncle and my aunt. My mother is always frowning. She can only laugh when my uncle and aunt are at home. "

Christopher: "..."

At this moment, he didn't know what to say.

In fact, he was thinking about how to help Galia.

"Brother Christopher, I have told you so much. Two hours later, I cried and laughed again, I really made you laugh, I used to do too many absurd facts.

Made you laugh.

I'm fine, I won't have anything to do, don't worry, I won't seek death easily, I still owe so much money and haven't paid it back, so I won't seek death.

Besides, I have a brother.

My brother is also very poor.

Like me, I dropped out of school at a very young age, and it is not easy to work outside alone.

And my mom, I don't worry about her either.

If one day my uncle, aunt, cousin, cousin, and the others despise her, what if she is homeless? "

Having said this, Galia cried again.

Christopher felt extremely relieved.

This girl still has a conscience.

Being disliked by her mother like this, she still wants to give her mother the elderly.
