

# **PUNISHED BY HIS LOVE**

## **I'm Sorry My Love Novel Alternative**

### Chapter 2608

Why did I go blind in the first place and marry that dead thing Yan Lagou!

Having given birth to such a litter of children, they work as goods!

Oops, what a goddamn I am! Galia 's

mother roared angrily on the phone.

Christopher was stunned listening to the phone.

Galia really didn't say a word of lies. Today, her daughter was beaten like this by her mother's family. It's fine if you don't feel bad, and call your daughter one by one.

Christopher is so angry that he doesn't know what to say.

Before he can speak, he hears a loud voice on the other end of the phone

. , don't talk nonsense with wild men! Let Galia die as far as that dead thing goes! Never come back! It's disgusting to kill us. "It was a female voice.

Christopher didn't have to think much to guess that it must be Galia's fat cousin.

"Aunt! I didn't tell you, your daughter really looked like a jerk since she was a child, I really saw her right, and she lied to you for so many years! She really might as well die outside, and if she comes back, she'll just be killed! "

"Don't, sister, it's worthless to kill you!" Might as well marry her to a bachelor, and get some dowry money. "This is the voice of a relatively immature boy.

Since the woman on the phone is a sister, it should be the son of Galia's aunt's family.

This child can actually say something like giving Galia a betrothal gift to the old bachelor. , This is enough to show that these people don't usually regard Galia as a relative or a cousin.

They didn't take Galia seriously.

An outsider like Christopher found these words extremely harsh, not to mention Galia's own feelings.

Christopher asked Galia's mother on the phone: "Auntie, is it not uncomfortable for you to hear such insults to your daughter?"

"She is such a person herself, she has done shameful things herself, and she does not live up to her expectations. , spineless, how can anyone blame her for not being able to do it?" Galia's mother's tone was obviously a little short of breath.

How is it possible if it's not uncomfortable?

It's just a tough mouth.

Christopher didn't want to tell Galia's mother any more. He just asked on the phone, "Auntie, did you really decide to give your old house to Galia's aunt and uncle?"

Galia's mother said hesitantly. To: "Their old Yanyan's family owes so much money to my brother's family, and they have been dragging it on for a long time. Is it possible that they are old rascals? What will they take back if they don't take the house?"

Take the money, does she have it!"

"Then do you have it! ' asked Christopher sternly.

Galia's mother: "..."

After a long while, she kept saying: "I've been sick all the time, I'm angry with Galia, I've been sick for many years! What am I going to pay back! Feed me, see a doctor, yes Her legacy!"

You are an outsider, what are you talking about here with me!

Don't mess around with me!

Give Galia the phone! Otherwise, I'll call the police and say you kidnapped my daughter!"

Christopher chuckled lightly and said into the receiver, "You can go to the police now!"

"Aunt, don't talk nonsense with him, take the phone and let me tell you." Christopher heard an extremely sharp line on the other end of the phone. female voice.

"Who are you?" Christopher asked knowingly. If he guessed correctly, it should be the daughter of Aunt Galia's family.

"Who am I? It's up to you, an old migrant worker, to ask you, old man, come here if you have a seed! You abducted a big living person from our family, you can't abduct it for nothing!"

You can't do nothing!

You escape , Now is a society ruled by law, even if you escape to the horizon, we can find you!" The woman on the other end seemed to understand the law.

Christopher said lightly, "Okay, I'll go over now."

## Chapter 2609

After saying this, Christopher quickly hung up the phone.

Galia next to him said worriedly: "Brother Christopher, you and I met by chance, don't go into this muddy water, don't you know my aunt's cousin, she is more difficult to deal with than my aunt's cousin.

My aunt's cousin is rude at best. But my cousin is different . My

cousin is only 24 years old this year, and she is six years younger than me. My

cousin graduated from a key university.

Besides, she has lived since childhood. Excellent, my uncle is a bit of a skill. Since my cousin went to kindergarten, my uncle and aunt basically took their sister and brother to travel every summer vacation. Moreover, although my aunt's family was rich, my aunt was never used to children.

That girl is like my cousin. She is well-informed and very hardworking. Since she was a child, she has relied on her own efforts to read one by one. Although she is only twenty-four years old, she has already applied for the job. I have become a teacher in a college in the provincial capital. My

cousin's teacher is a real teacher.

The principal of the school has spoken to my auntie by phone.

At the age of 24, he was already a teaching assistant in a university at a young age. Not only does she have a lot of face in front of us relatives, she is a very honorable existence in our three towns and five miles.

You don't need to argue with her.

Really, Christopher. "

Christopher looked at Yan indifferently. Yan: "Why, when you are in such dire straits, you can still consider my situation?"

Galia said nervously: "You are an irrelevant person from the beginning. You have already heard me pour so much bitterness. To be honest, even friends, not many are willing to be trash cans for each other, not to mention that we are only friends. We meet by chance.

In fact, I can help you suck out the snake venom from your legs. Anyone can do it.

This is nothing, Christopher.

You listened to me so much yesterday, and it has been very helpful to me.

If I don't tell you, I may have really become too much. Maybe I have given up on myself today to kill people.

Anyway, I have nowhere to go. Who am I afraid of? But

now it is different.

After I told you about the anguish in my heart, you are so Relieve me, and tell me again and again that I am not too much, I am a very good girl.

You also told me that you will introduce your friends to know me in the future.

Really brother Christopher, because of you, I am more interested in life. Hope has arisen.

I thought, there is no obstacle in this world that cannot be overcome, and it can always be passed. Besides, I owe a hundred thousand, or I can pay it back.

As for those things in my family, it is not me My uncle wants our house.

Take it if you want.

I can't fight against them, so let them go.

I just need to strengthen myself first.

Everything will be fine, Brother Christopher."

Seeing the girl in front of him Because of his comfort and strength and suddenness, Christopher couldn't help sighing in his heart.

He suddenly felt that sometimes the difference between good and evil is just one thought.

Maybe some people, when he is desperate and desperate, and someone else helps him, then he may go to the abyss and never come back. If at that time, someone can pull him, it is possible that he will never come back. , is a piece of sunshine.

This is human nature.

It doesn't matter right or wrong.

It's just a matter of one thought.

## Chapter 2610

He is very pleased that he did the right thing and saved a girl.

Not for anything else, but to accumulate a good deed for your sister Galia.

I hope my sister lives well in some corner of this world.

"It's really not necessary, Brother Christopher, if I deal with matters in our family, at most I'll be beaten by them, and besides, they wouldn't dare to kill me. It's a family matter anyway, if you go, Things will get bigger, so let me handle it myself." Galia said sincerely.

Christopher thought for a while, then nodded: "Alright, go ahead, remember to call me when you're done."

"Okay, goodbye Brother Christopher." Galia closed the car door and left.

Just a few seconds later, a car stopped behind Christopher, and the people who got off the car respectfully shouted behind him: "Mr. Yan, you won't be allowed to follow you, and we won't dare to approach, so let's pick you up now. ?"

Christopher didn't look at the car behind him, only asked: "What car did you drive here?"

The driver behind said: "VW Phaeton. You don't like publicity, so I drive the VW Phaeton."

"Very good . , you go back to the hotel and wait, give me the car." Christopher turned to the front of the car, got in the car, and drove away. Remember

the driver behind the website: "This..." The driver does not know what medicine is sold in the gourd.

But he knew that the boss was born as a bodyguard, and a dozen or so good players couldn't beat him. No matter where the boss went, there would be no danger. The driver went back obediently.

Christopher's car here has followed very easily.

Two hours later, Christopher drove to Galia's village again. Her home was not difficult to find. It was the third family in the east of the village. There is a feeling.

Although Galia owes so much over the years, the house her family built is really not bad.

The steps in front of the door are very high, and the door is in a rural house, which is really majestic and majestic. In addition, the place where Galia's house is located is relatively open and sunny, and the various flowers planted on both sides of the door can be seen. Open a garden.

The stone steps at the gate are clean and bright.

If you sit on these stone steps to bask in the sun in winter, it is really comfortable and comfortable.

Standing outside the gate of Galia's house and looking up, the sky is full of blue waves.

Christopher thought to himself, this is a really good place.

The scenery is beautiful, the air is excellent, and such a large yard is larger than the area of a villa in a big city. If he does not take over 20% of the shares of Fu Group, if he retire in the future After that, he will also choose such a land, where he will grow flowers, bask in the sun, and raise his old age.

Just thinking about it makes me feel so comfortable.

Christopher was startled suddenly.

Previously, he couldn't figure out why Galia's cousin wanted to have this house in Galia's family.

Now suddenly understand.

Galia's home is in a prominent place in the east of the village. When you go out the door, you will find a concrete road. If you drive along the concrete road to the county town, you will see a flat road all the way. Although this is a rural area, it is very convenient to travel. The house built by Galia's family is second to none in the village.

Her house, more than a hundred thousand can be built.

If Christopher guessed correctly, this house not only has the hard-earned money that Galia sent home, but it should be the income of the entire Galia family for more than ten years.

Cousin and cousin are greedy?

Want to buy such a good house for 30,000 yuan?

What a joke!

When Christopher stood outside the gate, he couldn't help sneering. Just after he finished sneering, he heard a sudden scream from the closed gate: "Ah, don't hit me! Hit me again and I'll call the police!"

"It's Galia!" Christopher was suddenly shocked.

Then he slammed the door hard: "Open the door! Open the door!"

## Chapter 2611

There is a brief silence in the yard.

"Who is it?" Christopher asked when he heard a slightly apprehensive voice in the courtyard.

"Open the door! The police are here!" Christopher snapped.

Although it was wrong to pretend to be a policeman, at this moment, Christopher couldn't take care of it so much. He quickly and loudly knocked on the door, and a neighbor came out from the house to watch.

"Hey, this family has been making a fuss for a few days, is there any time to end it?" The neighbor on the left said in a slightly disgusting tone.

The neighbor on the right then said: "This Galia, her grandfather and grandmother's family deserved to beat her, this little girl, since I was a child, I thought she was not a good thing, she lied at a young age, If you don't study well.

It takes more than ten years to deceive your family.

There are boyfriends in

big cities. There is a white-collar job in the office of big cities. Those who

earn four or five thousand yuan a month are all the young people in our village who go out to work. Among them, the one that earns the most salary.

Bah! All of them

are deceitful! After earning so much money, there is such a stable and decent job in a big city, why

haven't I seen her bring her boyfriend home once?

It has been so many years, ten or so years, that she has been working so steadily in a big city, how come she has never seen her buy a car worth 100,000 yuan and drive home

?

My eldest brother's son is not as powerful as she boasted, but he graduated from college only five years ago, and within five years, he drove back with a BMW! "

Hey, the BMW that your eldest son drove back was rented by him in the city. Your eldest brother's son said it himself." One of them retorted with a smile.

"Then my eldest brother's son is also better than her, at least my eldest brother's son is a real college student!" In a big city, there is a whole job, but what about Galia?

A series of lies!

I still owe money everywhere, I can tell you, these are all so close neighbors, you have to cover your own money tighter, don't when their house is taken away by Galia's uncle, they will come again Ask you to borrow money. "

"That's right, that's right, this Galia deserves it!" "

Christopher: "..."

He suddenly understood.

Galia's vanity is not just a matter of Galia's personality, nor is it just Galia's mother's prejudice against her since she was a child There is

also a kind of rural atmosphere.

Rural people look simple and honest, but they are in their own world, and it is also necessary to compare everywhere.

My son was admitted to Tsinghua University.

My brother 's son was admitted to the university. Peking University.

My sister's daughter is married to Nancheng. The children of my aunt's family are studying abroad.

This is the capital of a person to show off.

If there is no one who can come up with it, then such family members will be discriminated against in this group.

This is the so-called contempt chain.

Galia's vanity is that she does not want to be at the bottom of the chain of contempt on the land where she was born and raised.

Therefore, she used deceit to deceive.

It's just that Galia overlooked one point. Paper can't keep the fire, and the things that are concealed and the lies that have been told will be exposed one day.

Fortunately, Galia is very self-conscious now.

She really knows that many things are wrong, and she is willing to live steadily in the future.

This is the best.

Thinking of this, Christopher slammed into the door again: "Open the door! If you don't open the door, I will force entry!"

For Christopher, it was a matter of minutes, but he didn't want to do it unless he had to. Out of town, and forced to enter in front of everyone's eyes, more or less you have to deal with the police again.

He did not want.

But, listening to the voice, Galia, who had just returned home, should have been beaten again.

If it doesn't work, he has to call the police immediately.

In desperation, the door creaked open.
