

Chapter 261

Huanyu entertainment company, President's office.

Huo Tingchen sits on the sofa in an elegant posture and gently shakes his wine glass rhythmically. In the glass, Lafite wine is slightly shaking, with a touch of bright blood red.

He raised his head and looked at Xu Yanke faintly. The corner of his mouth was slightly raised, showing a very charming smile, but there was an imperceptible cold light in his deep pupil.

Acutely observe his eyes, a little contact with Xu Yanke feel a chill behind, some panic to escape his eyes, she knows this elegant and gentle man in front of, in fact, how terrible.

Huo Tingchen took a sip of red wine, slightly closed his eyes and said, "you should thank this glass of red wine most. It makes me feel very happy. Otherwise, you shouldn't be here."

The stupid woman almost destroyed his plan because of her emotions. Her feelings are really human's weakness.

Xu Yanke's forehead has been sweating.

Huo Tingchen opened his eyes and looked at her again, and said in a gentle tone, "you don't have to be afraid. He is a man who is not easy to deal with, so I don't intend to blame you this time."

He knows how to handle a person's emotions and expressions. Sometimes, if he relaxes them appropriately, the effect may be better.

"I promise I won't make such a low-level mistake next time." Xu Yanke is a little relieved, but her eyes are still a little wary. She takes a peek at Huo Tingchen. She is not sure whether she is really safe. Huo Tingchen has never been a man who can not be predicted by common sense.

Sure enough, the glass was crushed and the red wine spilled on the carpet like blood. Obviously, his heart was not as calm as it was.

The apex of the heart can't help but tremble, and the nerves are slightly tense.

Huo Tingchen raised his hand stabbed by the broken wine glass, his eyes staring at the bleeding wound, his face showing a very enjoyable expression, his voice with an indescribable excitement: "I like pain, that feeling is very special, you can't understand."

Then he greedily put the blood into his mouth and licked the corner of his mouth. The smell of blood made his handsome face become ferocious and twisted, and his pupils kept shrinking, just like a beast that chooses people to eat.

Xu Yanke shivers. With her understanding of Huo Tingchen, he is on the verge of breaking out. Once he loses his mind, the consequences are unpredictable. The first person to bear the brunt is her. She can't help stepping back and almost can't help turning around to escape. But her subconscious tells herself that even if he does, it's still futile.

Huo Tingchen's chest heaved violently, and his face returned to the previous indifference. He took a gentle breath and said with a very gentlemanly smile: "do you know what's wrong with your own behavior? Or I should say your stupid mind is all about grass. "

"I'm sorry. I promise I won't do it again. I just can't swallow it." Xu Yanke felt his voice shaking.

"Do you know how many people I died when Xiao Yajuan was rescued? Of course, those incompetent trash died, but do you know how angry I am, Yanke?"

Huo Tingchen's last voice when he called Xu Yanke's name was still flat, but the beating muscles in the corner of his eyes proved that his hatred was close to the limit.

"I'll go and get Xiao Yajuan back. He, he doesn't know that I'm going to find Zhao Tongxin. I've killed that woman. I'll never let them go." Xu Yan Kexin read a move and asked tentatively.

Huo Tingchen's eyes were deep. He nodded with a smile and said, "I like to talk with smart people. I really have a new plan, but I need your help. This task is very simple. Qin San is his right-hand man. I don't want to see people like Qin San around him."

Xu Yanke breathed a sigh of relief in his heart. As long as it wasn't her who died, it didn't matter. He pondered for a moment and said, "Qin San is a very cautious man. It's not easy to kill him without leaving evidence."

Huo Tingchen stood up, walked behind her, lifted her long hair under her nose, and sniffed gently: "you seem to have made a mistake. This is not the problem I should consider, but I don't mind the friendly tips. Women always have some natural advantages in dealing with men."

"I see." Xu Yanke stretched out a scallion finger and gently scratched at the rib. This is a gesture that people in the organization can understand.

"Good, go ahead." Huo Tingchen suddenly let go of Xu Yanke, walked back to his seat, leaned on the back of the chair, picked up a wine glass again, shook the red liquid in the wine glass, and put on a grim smile at the corner of his mouth.

Xu Yan didn't dare to look more. As soon as she lowered her head, she went to the door. Just as her hand touched the door, Huo Tingchen spoke leisurely behind her.

"Remember your duty to move Zhao Tong's heart. You should bear the consequences yourself."

"Yes." Facing Huo Tingchen's direction, Xu Yanke never faced his respect again. The malice on his face filled the whole pupil. All this is because of the appearance of Zhao Tongxin, which evolved into this. Although both of them have the same face, Jin Zhengting falls in love with Zhao Tongxin and doesn't choose her. Huo Tingchen shows mercy to Zhao Tongxin several times.

This kind of contrast makes her extremely unwilling. The hatred impacts on her chest all the time. Why does Zhao Tongxin keep training in the organization, killing people, suffering and tired from her childhood? How can she compare with her.

All this should have belonged to her. It's all her. Zhao Tong's heart is not allowed to take it away.

Huo Tingchen looks at Xu Yanke's disappearing figure and takes a lazy sip of the red wine in his hand. He is deeply infatuated with the red liquid. It seems that only in this way can he feel the meaning of living.

Seeing Xu Yanke's struggle and hatred, he was very happy. When he thought of the picture, they knew the truth and were very happy.

"Ling Ling Ling"

the abrupt ring interrupted Huo Tingchen's thoughts. He frowned impatiently, looked at his mobile phone, and then answered, "what's the matter?"

If it is not something important, dare to interrupt his thoughts to enjoy the fun, it's like death.

"Mr. Huo, we have news about that batch of goods." The man reporting on the phone, hearing Huo Tingchen's dangerous tone, couldn't help sweating on his forehead.

"OK, I see. Find someone to watch." Huo Tingchen heard the arrival of the goods, the corner of his mouth rose happily, "remember, watch her, don't let her mess, you know, I don't like the dog who is not obedient."

"Yes, Mr. Huo, we understand." The man's tone is tense. He knows what Huo Tingchen means. It's to let them watch Xu Yanke and not let her mess up her plan.

Huo Tingchen simply explained two sentences, directly hung up the phone, took up the line, tall and thin figure stood up from the chair, the remaining wine in the glass, drink.

It's time for hunting. It's time to lay out the net.

When Zhao Tongxin wakes up, he finds himself lying on a sofa with bookshelves all around him. It seems that there is a person sitting behind the central table with his back facing her.

She was shopping with Shaoyuan in the shopping mall, and Shaoyuan had a child with her. She walked

away for a while in order to change diapers for the child. During this moment, she seemed to be covered with her nose from behind. In less than two seconds, she lost consciousness.

Wake up and find yourself out of the mall.

Liu Yang thin weak figure stood up, went to Zhao Tongxin in front of the false mild expression said: "Zhao Tongxin, you wake up."

"Liu Yang, it's you." Zhao Tongxin met Liu Yang in the evening. He was Xiao Yajuan's boss and the person he met in the hospital.

Did not expect Liu Yang dare to go to the mall to rob people arrogantly, she thought of the spoon garden, anxiously asked: "how is the spoon garden, how is she, you quickly say ah."

Today, only the two of them came out, and Shaoyuan just brought a nanny with her. There was no one to protect her, so she couldn't help being nervous.

"I'm really sorry. My staff are too reckless. I think your friend is dead." Although Liu Yang said this apology in his mouth, there was no apology in his eyes.

In fact, he didn't meet Shaoyuan at all. He didn't want to waste his energy because of the woman's ability. What's more, he just wanted to take away the client.

The man he admired most, how can he waste his spare energy because of this woman? It's better for him to solve this problem.

Zhao Tong thought there was something wrong in Shaoyuan. He cried out excitedly: "bastard, I'm going to kill you. How can you do this? You can catch me. Why should I deal with her? Why."

But no matter how she moved, she couldn't stand up. Her whole body seemed to have no strength. She could only lie on the sofa and stare at him with her eyes.

Suddenly found himself soft face weakness.

"What have you done to me?"

Liu Yang did not care, said: "nothing, just to prevent you from emotional too excited to take a little medicine."

Knowing that Liu Yang was arresting her to threaten Jin Zhengting, Zhao Tongxin took the initiative to say, "Liu Yang, you think Jin Zhengting will listen to you if you arrest me. Dream."

"Oh, how do you know it's useless? How do you know if you don't try?"

A few days ago, they really quarreled fiercely. She thought Liu Yang didn't know about it. She pretended to be disgusted and said: "it's only because you don't have good news. I broke up with Jin Zhengting a few days ago. A man like him is a woman and can't get along with him. Now it's useless for you to catch me."

"That you get along with that man, you don't say, let me think." Liu Yang pretended to think about it for a while, and suddenly realized: "by the way, should it be Ke Jingteng? Yang ziye? Or Gu Chen or others, maybe. Tut Tut, women are more playful than men. "

"I'm not so shameless as you. It's useless for you to arrest me. I suggest you let me go." I just hope Liu Yang can believe what she said.

Chapter 262

"How can it be useless? Jin Zhengting has already spoken back. As long as he takes you to meet and talk, he will agree to any conditions. Do you think it's very useful?"

When Liu Yangzhong heard Jin Zhengting's frank reply, he was also very surprised. He did not expect that it had always been a day in Jiangbin City, and he really had a soft spot like what he did in the series. He was even more surprised and ridiculous than the red rain.

However, this is good, so that he can achieve the goal he wants. There is no more cost-effective way to sell a woman for a little profit. Most importantly, he wants to test where Jin Zhengting's bottom line is for this woman, or - there is no bottom line.

"You, Liu Yang, you make me sick to the extreme and threaten people with women. You are still not a man." Zhao Tongxin didn't expect that Liu Yang was so shameless. He had already talked to Jin Zhengting about the terms. He thought that something might happen to the spoon garden in his hands.

She would like to kill him. Shaoyuan has been with her for such a long time. She treats Shaoyuan as a relative. She didn't expect to be involved because of herself. She really regrets and feels guilty. It's all her fault. If it wasn't for her, Shaoyuan and her children would not be involved.

Liu Yang frivolous said: "I am not a man, how do you want to try?"

Zhao Tong Xin wants to shout, but his body has no strength at all. He can only shout weakly: "roll, don't touch me."

"Don't worry, I won't touch you for your value." But when Jin Zhengting signs, he wants to see what special taste Jin Zhengting likes.

"I ask you if you killed Joe." Anyway, she has already been arrested by Liu Yang. She simply asks out the questions in her heart. Even if she knows it's the order given by Huo Tingchen, she doesn't know who is the person executing it.

"So what, not what." Liu Yang wondered how Zhao Tongxin could think of him, and then he seemed to think of something evil and said, "are you talking about the little nurse?"

"Yes, I'll ask you if you killed her." Zhao Tong heart asked when the tone of calm, she wants to be sure, to determine who killed Xiao Qiao.

"Who makes that stupid woman stupid?" Liu Yang shrugged indifferently, his eyes turned close to Zhao Tongxin's side, and he puffed into her face and said kindly, "I killed the little nurse. That's right. There's one thing I didn't tell you."

"Liu Yang, get away from me." Zhao Tong turned his head in disgust.

"Aren't you curious, Zhao Tongxin?" Liu Yang seems to be deliberately teasing Zhao Tong. If she doesn't let him get close, he has to get close to her.

Liu Yang's brain is running at full speed. What kind of way he wants to conquer Zhao Tongxin's heart defense is because he is not tall enough, but his brain power is surprisingly flexible.

"If you like to say it or not, it's all dirty things." She didn't know what Liu Yang, a gentle scum, wanted to do. She kept dodging his approach

"you know Xiao Yajuan."

Zhao Tong heart is a Leng at first, exhausted the whole body strength crazy twist, she excitedly glared at Liu Yang's eyes, indignant said: "you put Ya Juan how, you quickly say, you put her how."

"Tut TUT is this kind of expression. It's really beautiful. I'm angry. I'm angry. Do you really want to kill me?" Liu Yang excitedly looks at Zhao Tong's painful expression, as if he is enjoying something.

Zhao Tong's heart gasped and roared: "Liu Yang, you are crazy. Are you insane? Tell me what happened to ya Juan."

Yajuan must not have something to do, otherwise how can she tell her aunt.

"That slut, when she becomes a slut, she has to set up a memorial archway. I asked her to come to you to help me find out the news. She refused. She was very loyal. I thought she was just a lady, so I asked all my brothers to play with her." In Zhao Tong's fierce expression, Liu Yang said: "do you know how many men played her before she died?"

"Liu Yang, you are not human, you are not human." Her eyes hate staring at Liu Yang's happy expression, as if to protrude out of her eyes.

Liu Yang sighed and said, "don't get excited. I tell you, it seems like twenty of them are quite playful.

They are really in this business."

"Ah, ah, ah, Liu Yang, you die, you die." Zhao Tongxin only screams. It's all her fault. Xiao Qiao's death and Ya Juan's death are all because of her fault. It's her who should die. It's her who is right.

"That's the expression. I really love your expression. It's a pity I can't touch you today, but I'll have a chance to play slowly later." These days, Jin Zhengting's people have been suppressing him. He's just asking for an interest.

Zhao Tongxin has no strength to talk to him. There is only one belief to support her. She must avenge for them. She must take revenge.

Why is he such scum still living in the world, but the dead are good people, why.

Zhao Tong Xin bites her lower lip until she breaks it. She hates Liu Yang. For the first time, she hates someone so much that she is willing to change her life.

"Zhao Tong Xin, you can stay here slowly." Liu Yang relieved his anger and felt much relieved. He still had a lot to do. He couldn't work here. Liu Yang went out of his study, and his mobile phone rang before he took a few steps. He took a look at the connection, and immediately changed into a frivolous tone: "Mr. Huo, are you looking for me?"

Huo Tingchen looked at the list taken by his subordinates and asked casually, "where and what to do."

"Deal with a thing that can make Mr. Huo happy. When it comes to the result, his subordinates will report it all." Liu Yang wanted to tell Huo Tingchen that Zhao Tongxin was in his hands.

But he knew that Huo Tingchen's personality did not like it. When things were not 100% sure, bragging about half finished things would only backfire.

Huo Tingchen didn't ask. He just said, "well, when you come back, there are still things for you to deal with."

"It's Mr. Huo. I won't let you down." Liu Yang said respectfully, waiting for Huo Tingchen to hang up the phone, then put the mobile phone in his pocket.

Liu Yang made an appointment to meet at an abandoned garage in the suburbs. It was sparsely populated and overgrown with weeds, which was convenient for conversation and escape.

Jin Zhengting only brings Yang ziye and Rong Qi to negotiate according to the regulations. Liu Yang has been waiting inside, and he is followed by the gun's men. A group of people are watching them covetously.

"Mr. Jin is on time."

Jin Zhengting sat in front of Liu Yang and asked coldly, "where are the people?"

"Oh, yes, I forgot to invite Miss Zhao up. I'm so sorry." When Liu Yang heard Jin Zhengting's words, he seemed to ring. He waved his hand to the people behind him to bring Zhao Tongxin up.

Rongqi looked at Zhao Tong weak heart was helped up, thought Liu Yang moved to her rough urgent way: "Tong heart, how are you."

Yang ziye also pinches his fist and doesn't make a sound. If his pupil is slightly damaged, then the court will definitely turn black, OK.

"What do you mean, Liu Yang?" Jin Zhengting's heart sank and his eyes narrowed dangerously. Liu Yang dares to move a strand of her hair. He must let Liu Yangsheng die.

Jin Zhengting was not angry, and his momentum made Liu Yang feel invisible pressure. He said quietly: "Mr. Jin, young master Yang, don't be angry. I just let Miss Zhao take some tranquilizer. There's nothing else. Don't worry."

"Hold Miss Zhao to sit down, a group of rubbish."

"Yes, Mr. Liu."

Rong Qi followed Zhao Tongxin for a period of time. Since that time when she came back from Rong Lei, her sense of Zhao Tongxin became different. Looking at Zhao Tongxin sitting down, she said anxiously, "what's the matter with you, Tong Xin? You say something."

Is Liu Yang's son of a bitch fed too much medicine? Yang ziye shouts: "Tong Xin, if you're OK, say something quickly."

Zhao Tong sat on the chair lifelessly, as if he didn't hear what they said. He still had no expression on his face, and a sentence kept lingering in his mind.

If it wasn't for her, they wouldn't die. If it wasn't for her, Xiao Qiao and Yajuan would live well, Shaoyuan wouldn't worry about her accompanying her, and aunt wouldn't be helpless.

Jin Zhengting painfully looked at Zhao Tongxin's small face without a trace of blood color. He could only suppress his whole body's anger and said in a gentle and low tone: "don't think about it. I'm here. Don't worry."

Jin Zhengting's words are like the bell ringing into Zhao Tongxin's heart. She seems to have lost her mind. She looks at Jin Zhengting with tears in her eyes and says chokingly, "Jin Zhengting, Yajuan is dead and Xiao Qiao is dead. It's all my fault, my fault."

Zhao Tongxin's expression seems to collapse at any time. Jin Zhengting's whole heart is almost twisted into a ball. He is deeply afraid that the loud voice will frighten her. In his cold voice, he tries to put it as smoothly as possible and says: "it's not your fault. You have a rest first, and I'll take you home later."

"Jin Zhengting..." her nerves are like a broken string, and she needs someone to divert her attention.

Regardless of the shocked expression of the people around him, Jin Zhengting still gently comforted Zhao Tongxin and said, "I promise it will be OK."

Yang ziye and Rong Qi are not surprised. Liu Yang knows that Jin Zhengting loves Zhao Tongxin and doesn't want to fight. Because she is willing to keep her posture so low, this woman is really a cash cow. When we negotiate, the chips will be even bigger.

"Good." Zhao Tong Xin nods with sadness.

"Well, be obedient."

Jin Zhengting appeased Zhao Tongxin and said coldly in the face of Liu Yang, "Liu Yang, you can say what you have."

"Well, master Shen is straightforward, so I'll talk about it." Liu Yang also impolitely said: "I'm not concerned about the sealing of several plates. It's mainly the goods that young master Yang robbed from me. He must return them intact."

"Good." Yang ziye answers happily, but it depends on whether you have life to live.

"Have a good time." Liu Yang praised it, and then began to pretend: "it's just that my loss is really great. Mr. Jin also knows that we have a lot of people. How can we explain to them?"

Chapter 263

Jin Zhengting asked: "what do you want?"

Liu Yang casually said, "Mr. Jin's shares in Dingsheng group should be worth a lot of money."

He tries to find out Jin Zhengting's background first. Yang ziye promised to be so happy. Maybe there is a problem. He has already received the news that a whole hundred million white goods have been destroyed by Yang ziye. Where does he go to give them back intact, even if the money is not small.

"Liu Yang, you are not afraid of too much appetite to support you. Even if the stock in Zhengting's hand is willing to give it to you, do you think the whole heyday shareholders will agree with you? You are a fool." Yang ziye thinks that Liu Yang is out of his mind.

Zhengting's shares account for at least 70% of Dingsheng group's shares. The other 20% are owned by

other members of the Jin family, and 5% are owned by outsiders.

"It's just a joke. Do you need to be so excited? I don't want more than half of it." Liu Yang also thought that it would be impossible to win all of a sudden, just to spy on their views.

Jin Zhengting readily agreed, "OK, I agree."

That's a sum that others can't spend all their lives. Yang ziye said bitterly: "half of the equity of Zhengting is not a small number."

Jin Zhengting frowned and drank coldly: "I'm in charge of prosperity."

Yang ziye is angry and has no choice but to stand aside.

"Jin will always be a man, but I think it's a little bit worse. Let's say you give up Chen Dong's territory to me, even if you know about it."

I didn't expect that Jin Zhengting was really willing to give up for Zhao Tongxin. Half of the equity was enough for the Huo family to replace the Jin family, and he could get everything he wanted. However, this was not enough. He not only lost money, but also lost face these days.

"Liu Yang, don't go too far. It's almost enough." Yang ziye didn't expect that Liu Yang really dared to mention that Chen Dong's territory almost covered half of Jiangbin city.

Liu Yang is indifferent, as long as Jin Zhengting willing Zhao Tong heart, he said noncommittally: "I did not force you must give, this is voluntary, right?"

Jin Zhengting looked unpredictable and answered calmly, "OK, I'll let you go."

"Well, please sign it." Liu Yang said with satisfaction, someone put the two documents in front of Jin Zhengting.

Jin Zhengting didn't look at it and signed it directly. He said coldly, "now you can release people."

Liu Yang looked at the place where Jin Zhengting signed and confirmed that there was no problem before he said, "of course, Liu Chengfang."

"Yes, big brother." Liu Cheng's eyes flashed, and the dark light was too fast for people to catch.

Just as Liu Yang handed Zhao Tong's heart to Jin Zhengting, Liu Cheng suddenly called out: "do it."

Dozens of guns were all pulled out, all aimed at Liu Yang's direction, only a few people around Liu Yang pointed at Jin Zhengting.

Dozens of figures appeared on the roof, all with guns or submachine guns aimed at Liu Yang's position. At the door, more than a dozen people rushed in and surrounded Jin Zhengting.

As long as Liu Yang dares to move around, he can become a hornet's nest in the next second.

The air was full of smoke.

What do you mean, Liu Cheng Liu Yang looks at Liu Cheng inconceivably, but he didn't expect to betray his closest friends.

"My good cousin, can't you see what I mean?" He is also a member of the Liu family. Why should his father and son be proud of them.

As long as he can not only take his place in Huo Tingchen's side, but also grasp Zhao Tongxin and let him make great achievements,

Liu Yang threatened to say: "Liu Cheng, we are cousins. If you turn your elbow out like this, you will not be afraid that Huo always makes you feel worse than death. After all, you are my cousin. Now if you change your ways, I can forgive you."

As he spoke, he looked over the terrain of the abandoned factory and found that Jin Zhengting people were everywhere. Originally, he chose this place to solve Jin Zhengting's problems, but he didn't expect that it was bad for him.

"Bah, you are also worthy to say that you are a cousin. Empress Liu, but my brother has never seen you care about your cousin's friendship. He died in this garage. I'm going to avenge him today."

"Liu Cheng, after all, we are brothers. As long as you let me go, I will agree to whatever conditions you offer. I can do whatever he can give you." Liu Yang mouth said delay time words, eyes looking for an opportunity to see if there is the possibility of breakthrough.

Fortunately, he also brought eight confidants, otherwise there was no hope at all.

Jin Zhengting came out of the wall with Zhao Tongxin in his arms and said coldly, "Liu Cheng, it's none of your business here. Take your people with you first."

"Liu Cheng, you can't give me to him. I'd rather go back with you. You can do whatever you want." Liu Yang knew that if he fell into Jin Zhengting's hands, he would not escape.

Liu Cheng didn't look at Liu Yang's direction. He politely said to Jin Zhengting, "you've got the people. Our agreement still counts."

"Count."

"Well, I'll go first." Liu Cheng nodded with satisfaction, left Liu Yang and his party to Jin Zhengting and left with his people. If Liu Yang really left, he would have no hope at all. He gritted his teeth and promised, "Liu Cheng, if you eat everything inside and outside, even if I die, that position will not be left to you. If you break out with me now, I will give you half of Liu's things."

As long as he returns to the organization, he will not let go of any of these people. He wants to kill them one by one.

"Liu Cheng, you think I will believe you, and president Jin has promised more than you." Then Liu Cheng's figure disappeared at the door.

Liu Yang and his subordinates are the only ones left in the abandoned auto factory, and the rest are people from Jin Zhengting. "Mr. Jin, I'll give you all the people back. What do you mean?"

Jin Zhengting took Zhao Tong's heart and sat down in Liu Yanggang's position. He looked at him coldly and said, "Liu Yang, do you think you can go back intact if you move my people?"

Liu Yang had to look down under the eaves. He took a look at the documents in his hand, and finally decided to destroy them, leaving Castle Peak to burn them with firewood.

Liu Yang tore all the documents in his hand and said after discussion, "I'll tear this one up, and I won't want any money. I can give you half of the shares of the Liu family."

"Well, I can give you more benefits than others."

"Ziye asked you to come first. Remember to take a breath." He won't let Liu Yang die so cheaply, but he can't do it in front of Zhao Tongxin for fear of scaring her.

"Good." Yang ziye thought that there might be an accident in Shaoyuan, so he ordered fiercely, "give them some guns."

"Yes." Several men with submachine guns in front of them surrounded him. Liu Yang's men just took the gun. In terms of the lethality, they could not compare with submachine guns. They hesitated for a few seconds and threw the gun on the ground in order to save their lives.

"Bastard, grab it for me. If anyone dares to run away, that's the end." Liu Yang took out a gun from his waist and killed a confidant.

The remaining seven people reacted more fiercely when they saw the result. Instead, they seized Liu Yang regardless. At least they could live.

"Bang bang" a few shots, Liu Yang's people fell a few, and finally he was caught.

Yang ziye hit him in the abdomen with one fist, and then rain like fists hit him.

Jin Zhengting didn't look at their direction. He held Zhao Tong's heart, which was quiet like a doll in his arms. His cold voice was mixed with the same sense of worry: "what's wrong? Tell me what's wrong."

Zhao Tong Xin didn't answer him, just staring at Liu Yang, the painful expression rolling on the ground, her mouth gradually curved up a radian.

"Speak quickly, no silence." Jin Zhengting looked at her secret smile, and his heart sank. Was she stimulated before.

Zhao Tongxin still should not, has been staring at Liu Yang's face.

Jin Zhengting thought of what Zhao Tongxin had just said, afraid that she would take all the mistakes in her body, and said in a slightly heavy tone: "you should remember that you can't blame Xiao Qiao for his death. No matter who was there, it was the same. Xiao Yajuan's death was all because of Liu Yang. Don't think about it."

When Zhao Tongxin heard their names, she couldn't help crying. She wanted to think it didn't happen, but she couldn't. no matter her eyes were closed or open, she could see the blood all over Xiao Qiao's body.

"Jin Zhengting, I hurt them. They all died because of me. You don't have to comfort me. I know."

"They died because of me, you know, because of me." Jin Zhengting doesn't want her to bear these two lives. This kind of thing can't be borne by a little woman who doesn't know the world.

"How can it be because of you? It's obviously me." Zhao Tong Xin's eyes are swollen with tears. After less than a day, he has become like walnut eyes. He can only barely open his eyes to see him from the cracks in his eyes.

"How can it not be me? Is Liu Yang arresting you because of me? If not because of me, how can they get involved in this matter? Their death and your injury are all because of me."

Jin Zhengting asks Zhao Tongxin to change her mind. He is afraid that she will be immersed in remorse. Even if she can walk out, this kind of shadow will stay in her mind all her life.

"But... But"

Jin Zhengting said, he took out an exquisite gun from his arms and put it in Zhao Tong's heart hand. He taught her to hold it in her hand and said seriously to her chest:

"no, but it's none of your business. Don't blame yourself. If you really don't want to go, you can shoot me twice to avenge them."

"Jin Zhengting, what are you doing?" Zhao Tong heart holding a cold gun, like a hot potato general threw to him.

Jin Zhengting, like a person who has nothing to do, said: "dear, if you feel guilty, shoot. Don't take the responsibility on yourself."

"You're crazy. Why are you shooting at you?" Zhao Tong is a fool.

"Don't you feel guilty? If you feel guilty, shoot me twice to avenge them." Jin Zhengting put the gun in her hand again and insisted, "Tong Xin, you just need to pull the trigger."

Chapter 264

"No, I can't do without revenge." Jin Zhengting's serious expression frightened Zhao Tong.

"Do you still feel guilty?" He's trying to get rid of her inner shadow.

"No guilt, no guilt." Zhao Tong Xin also dare not, she really want to return guilt, he will certainly not hesitate to help her pull the trigger.

Yang ziye is also tired. Liu Yang lies on the ground with a black face. He says angrily, "Liu Yang, don't worry. It's just an appetizer."

Then the man stood aside to have a rest and said to Jin Zhengting, "OK, I'll leave this scum to you."

Although Liu Yangren was in pain all over his body, he just didn't let himself beg for mercy. Jin Zhengting certainly won't make his life worse than death. Since he can't escape, he also wants to be buried with him.

"Zhao Tong is careful." Yang ziye has been looking at Liu Yang. He is afraid that his snake will have a back move. He didn't expect that he was hiding so deep, and there was a miniature gun hidden in his sleeve.

There was a "bang" shot, followed by a "thump" charge.

Jin Zhengting held Zhao Tong's heart in his arms at the critical moment and faced Liu Yang with his generous back.

He snorted and fell on Zhao Tong's heart. Half of his chest was dyed red quickly.

Zhao Tong's heart was full of dazzling red. The bright red hurt her eyes and heart. She screamed, "no, Jin Zhengting doesn't want it."

"Come on, help him, help him."

"Jin Zhengting, don't worry about it. Don't worry about it." Zhao Tong's face is like earth color, and his hands are flustered to cover Jin Zhengting's chest, but no matter how hard she is, his blood is flowing out of her fingers like it can never stop.

Yang ziye is the first to react and yells at others: "drive the car quickly."

"Tong Xin, you let him go first. I'll help him to the car first. We'll go to the hospital immediately. Rong Qi, please contact the surgeon first."

"Good, good." Rong Qi also just calculate reaction come over, ran out in a hurry.

"Yang ziye, Jin Zhengting will be OK."

Yang ziye takes a look at Zhao Tongxin's praying eyes, as if if he answers no, she will immediately give herself a shot, so he has to say in a voice: "don't worry, the court won't die so easily, hurry to send him to the hospital first."

"Yes, yes, to the hospital." Zhao Tongxin's legs are weak. She tries to stand up and almost falls to the ground once.

thinking of Jin Zhengting's injury, she insists on standing up and follows Yang ziye to help him to the car.

Yang ziye roared directly: "drive quickly."

The hospital soon prepared the first aid tools, and even the people at the door of the hospital were rushed to one side. After they arrived, Zhao Tongxin quickly had medical staff bring oxygen to Jin Zhengting, and ran to push him to the operating room.

Zhao Tong Xin looked at the light of the operating room and soon lit up, the whole person was like a balloon sitting on the ground.

Her whole heart seemed breathless. He cheated and cheated because she had killed Xiao Qiao, Ya Juan and now he was shot.

Zhao Tongxin's hands fell into the palms of her hands, and the blood flowed from her fingers to the ground. She seemed to feel that she was not strong enough to beat her legs and yelled,

"it's all me, it's all me, it's all me."

Shaoyuan didn't know which direction he came from. Looking at Zhao Tongxin's self abuse, he said in a hurry: "Zhao Tongxin, can you wake up a little bit? He's lying in the operating room with unknown life and death. You're still hurting yourself here. Can't you stop making trouble?"

Zhao Tong looks at Shaoyuan with tearful eyes. He still can't believe it. Liu Yang says that Shaoyuan has

been

Leng for a few seconds, just reaction, excited said: "spoon, spoon, you are really OK, I thought, I thought you have..."

"How can it be? Liu Yang's goods have some skills, but it's only limited to this, and you will be worried." Spoon garden found Zhao Tong heart missing scared a cold sweat, no matter 3721 call boss report.

"It's me, spoon. I've done them all. I've done them all."

"Tong Xin, don't say those words again. I know I feel worse than anyone else, but those words have nothing to do with you." Shaoyuan squatted beside Zhao Tong's heart and body, hugged her shoulder and said, "don't worry, Tong Xin. Zhengting will be fine."

"Spoon, you blame me. If it wasn't for me, you wouldn't be involved." Zhao Tongxin finally broke into tears, too much sadness on her head, let her breathless.

"Tong Xin is not your fault. It's all her life. It's her life." Shaoyuan knows that Zhao Tong is suppressing a lot of things in his heart, waiting for them to break out. It's just that the timing is always wrong. Now it's normal that he can't help saying it.

"Spoon, what to do if something happens to him." Zhao Tong Xin has been repeating this sentence.

Spoon garden in the heart also have no bottom, but she still constantly comfort her, said: "don't worry, it will be OK."

Jin's people soon came to see Zhao Tong, and their sad expressions made them have different thoughts. Jin's father asked solemnly, "what's the matter with Zhengting and what's the matter with it?"

"Uncle Jin's story is like this. Liu Yang grabs Tong Xin and threatens Zhengting. When Zhengting goes to save her, he is shot by Liu Yang. Now I don't know if his life will be in danger." Yang ziye has a good relationship with the Jin family. It is more suitable for him to give a brief explanation.

And this kind of sensitive time, or don't let Zhao Tong heart too dazzling.

"What, they dare to kidnap our Jin family and hurt the court." Jin's father was very angry. Although he was very strict with his son, it was also limited to his own family. When he heard that other people were attacking Jin Zhengting, he could see the dignity of the soldiers.

"How can it be? It's impossible. Maybe it's Zhao Tong who has been punished. No one is sure." Jin Ying is now released, and she has a lot of spirit, but she has not forgotten her identity as a double subordinate spy.

Yang ziye said coldly: "dead."

"Dead, dead, how can you die?" Jin Ying was puzzled, but in order to act more realistically, she cried out: "it must be Zhao Tongxin who made trouble outside and made his brother be the black pot"

Jin's father was furious when listening to Jin Ying's words, and said in a dignified voice: "even if he's not dead, I'll shoot him down. He dares to shoot at the court. What else can't be done."

Jin's father does not deny that Jin Zhengting was hurt to protect Zhao Tong's heart. With his understanding of his son, there are very few people in Jiangbin who want to hurt him.

"Dad, you scold me?" Jin Ying feels that her acting skills are becoming more and more proficient, and there is also a trend of pure lightness.

"Xiaoying, you can say less." Jin's mother took Jin's father's hand and said, "master, Xiaoying, she just came out and talked nonsense. Don't be angry."

Jin Fu put down his hand and said in a bad tone: "hum, you don't have any self-control, and you don't teach well."

The door of the operating room opened and closed, and the doctors in and out were in a hurry. The whole operation lasted ten hours.

During the past ten hours, Jin's mother worried about the recurrence of Jin Ying's old illness. She said that Jin yingni was too excited to take her back. Jin's father was too old to be tired, so Yang ziye advised her to go back.

There were three of them left at the door of the quiet operating room.

In the middle, Shaoyuan has advised Zhao Tongxin to stand up and walk several times, but she hasn't moved.

Zhao Tongxin kept squatting for ten hours. Hearing the sound of the lights out in the operating room, he suddenly stood up and felt dizzy. If Shaoyuan hadn't helped her quickly, she would have fallen to the ground,

"Shaoyuan, I'm fine, thank you."

"Well, can't you take good care of yourself?" In the afternoon, she went to dinner with Yang ziye. She bought them for her but didn't eat them. She insisted on waiting for Jin Zhengting to leave the operating room. One of them was like this, and the other two were like this. I can't stand them.

"I'm fine." She just wanted to make sure he was safe for the first time.

Seeing that the doctor came out, Zhao Tongxin ran to him, grabbed his clothes with all his remaining

strength and asked, "doctor, how's he doing?"

The doctor looked at Zhao Tong and asked, "are you the family member of the patient?"

"Yes, I am, his lover." Zhao Tong nodded his head.

"Mr. Jin was lucky. The bullet was just one centimeter away from the heart. In the past, it was estimated that his life would be in danger." The world of big people is not what they can understand. There are many gunshot wounds and knife wounds.

Zhao Tong Xin said excitedly, "great, can I go to see him?"

"No, we have to wait for two hours for observation, and then we will be sent back to the ward."

"OK, I see. Thank you, doctor."

"You're welcome, Mrs. Jin. That's what we should do." The chief surgeon thinks that this year he will be able to appreciate. He is a big man in Jiangbin city.

Zhao Tongxin felt as if he was dreaming. He took the hand of Shaoyuan and asked, "spoon, am I dreaming? He said Jin Zhengting is OK?"

"You didn't dream. It's true." A big stone in Shaoyuan's chest was also put down. She couldn't imagine if Jin Zhengting had something to do with Zhao Tongxin.

"Tong Xin, you've heard that now. Eat something quickly." Jin Zhengting blocks Zhao Tong's heart. At the beginning, Yang ziye knows that no matter how much he thinks, he should put it down.

Tong Xin is already the rib in the body of the court. No one can remove Tong Xin from the body of the court unless that person wants to die.

Zhengting's love for Tong Xin is unparalleled. As a good friend, besides blessing, he is to take good care of the woman he cares about.

"Eat? Eat..." Before Zhao Tongxin said that he was complete, he fell to the ground.

Since she was caught by Liu Yang yesterday, she hasn't eaten anything for two days now. In addition, she just woke up from coma. If she hadn't forced her breath, she would have fainted.

"Tong Xin."

"Tong Xin."

Shaoyuan and Yang ziye scream. They don't expect that Jin Zhengting is in danger, and Zhao Tongxin falls

down. If Zhengting wakes up and doesn't see Zhao Tongxin, there must be some consequences. She was immediately examined by a doctor.

"Congratulations, this young lady is pregnant for one month and two weeks, but she is too weak. It is suggested to use some nutrient solution instead of doing some strenuous exercise."

"OK, I see." Spoon garden Leng for a while, the person who comes over still has reason to answer the doctor's words.

Yang ziye is so confused that Zhao Tongxin is pregnant? I don't know what the court knows.

Chapter 265

As a result, Jin Zhengting and Zhao Tongxin live in the ward together. Shaoyuan and Yang ziye have follow-up work to do, so they have to ask Rong Qi to take care of them.

Eleven hours had passed since Xu Ting got the news. When she heard that Jin Zhengting wanted to shoot Zhao Tong in his heart, she was stunned and muttered, "no, brother Zhengting won't even die for that cheap woman."

Leng for several seconds to react, driving to the hospital to fly, Zhengting brother now is definitely the most in need of people, she must go to take care of him.

Yang ziye looked at the door and said coldly, "Why are you here?" It's time for the people of the Xu family to be informed. How could Xu Ting come here first? It's too obvious that everyone knows Sima Zhao's mind.

Before, don't say Tong Xin has children, even if there are no children, it can't be Xu Ting's turn. This woman's eyes are itching to come to the door, will it be too shameless? No matter how to say Tong Xin is her sister, isn't it.

Xu Ting takes a look at Yang ziye's contemptuous eyes and says bluntly, "brother Zhengting is ill. How can I not come here? Besides, Zhao Tongxin faints. I will take care of him here in the future."

Although Zhao Tongxin is pregnant, which makes her nearly faint, she knows that it's not the time to be angry. First of all, she has to start first. When Zhao Tongxin gives birth to a baby, she can win the heart of Zhengting's elder brother.

After all, pregnant women still can't do some things, and even if they have children, whether they can have children is another matter.

"Yes." Yang ziye nods indifferently. Since he is eager to be a servant, why doesn't he fulfill her idea.

"Really?" Xu Ting doesn't know that Yang ziye and Zhao Tongxin are good friends. How can they help her

talk? She takes a defensive look at Yang ziye's expression.

"Of course, take care of the one next to him. "Yang ziye moves away so that Xu Ting can see his position clearly. Zhao Tongxin is also lying on the bed behind him.

"How can she lie here? The Xu family is not short of money. Why don't they open two wards?" It's impossible for her to take care of Zhao Tongxin.

She'd love to send her to hell.

"They're not together. Are they with you? They're a couple with a good name. What are you, a nurse hired by Yang ziye?" When Shaoyuan came back from the outside, she heard Xu Ting's last words. She was always impolite. Xu Ting blushed and became white. She couldn't help it.

Yang ziye is a man, some words can only point to the end, really more about Xu Ting, it's not his demeanor, just when Shaoyuan came back, he just stood by to watch the play, and, in terms of the poisonous tongue of Shaoyuan, Xu Ting's level will be disabled every minute.

Shaoyuan is a subordinate who has been with Jin Zhengting for a long time. It can also be said that she is a good friend who has gone beyond the relationship between the upper and lower levels. She has the same existence as Yang ziye. She can't do anything about her. She can only bear the anger and deliberately close the relationship between them and say:

"sister Shaoyuan, don't be angry. I'm just a kind suggestion. I'm afraid that there will be too many people in the ward and bad air, which will affect elder brother Zhengting's illness at that time Love, really no other meaning

Spoon garden just ungrateful, impolite irony: "ha ha, people have been sleeping together for so long, it's not necessarily that the air is bad, it's not that some people are not close to each other."

"And it's not nice to say. It's about brother-in-law and sister-in-law. We are all acquaintances, so we don't think about it. If outsiders see it, they may misunderstand Xu Ting's sister. It's not good."

"What do you think, sister Xu Ting?" Shaoyuan grinned, and the last "sister Xu Ting" was very clear, with the irony in her eyes.

If you want to make up with each other, then of course she can't be sorry for the title of "sister". It's not too much to teach a shameless "sister", isn't it.

Xu Ting listened to Shaoyuan's innuendo, and she was very angry. She wanted to slap the irony on Shaoyuan's face. The fact is that she can't do anything with Shaoyuan. After all, she can't refute what Shaoyuan said, but what about marriage? Marriage can divorce.

After having a baby, you can also kill her, can't you? Until the end, who knows who is not the final

winner

Xu Ting constantly comforts herself that the humiliation she has suffered now is just to make the fruit of victory sweeter in the future, and all this she will give back to those who humiliated her.

"Then I'll help take care of brother Zhengting." Xu Ting afraid of spoon garden and nonsense, added a sentence: "Tong Xin is pregnant, or please another nurse is better, I will concentrate on taking care of brother Zhengting."

Spoon garden looking at Xu Ting shameless appearance, mouth more poison said: "that don't need to, I'm afraid when boss innocent is not good, I'm sorry Tong Xin."

This kind of grand reason is what Xu Ting can say, but any woman with some face can say this kind of words? She's drunk, too.

Yang ziye wants to laugh, but he doesn't dare. He's afraid of Shaoyuan's scolding. When the time comes, he'll point the gun at him and watch the play. Shaoyuan's mouth is so powerful that Xu Ting's face is almost twisted and she has to bear it.

I don't know if Chen Dong will be as pitiful as this. A friend's three second silence is still needed."Spoon garden, you've had enough. I've been tolerating you until now. Don't mind your own business. When I knew elder brother Zhengting for more than ten years, you didn't know where you were. Why else would you take care of elder brother Zhengting?" Xu Ting thinks that she is better than Cheng Yaojin, who killed Zhao Tongxin half way back. No matter what, she does know that she is older than Zheng ting.

If it's not for the interests of the family, it must be the eldest daughter who gets married. She is not willing to get Zhao Tongxin. Zhao Tongxin's ill bred wild girl can't match her perfect elder brother.

"I'm sorry that I not only knew your Zhengting brother more than ten years ago, but I will get along with your Zhengting brother for the next ten years. However, as a woman, I kindly remind you that it's better for other people's men not to peep."

"It's better for women to respect themselves. What do you think, sister Xu Ting?" Oh, it's too blatant to be a junior. Although the original mate is in a coma, they are still friends of the original mate.

Shaoyuan now not only feels that Xu Ting's idea is very strange, but also estimates that she is a schizophrenic, immersed in her natural assumptions.

"I don't know about brother Zhengting. I just want to take care of him as a friend." The last time her elder brother Zhengting came to see her when no one was around, she thought it was her elder brother Zhengting who was looking for her. She was so happy that she came to beat her. She didn't dare to be too headstrong. She was afraid that when elder brother Zhengting woke up, the woman would go back and complain.

Shaoyuan didn't bother to deal with her and said, "thank you. I can still afford to pay for the money of the nurse. You can go away to save the two of them a rest."

Xu Ting did not dare to say anything, so she had to open the door and go out. She hated her heart and said, "spoon garden is cruel. One day, Xu Ting will double her humiliation."

As soon as Xu Ting left, Yang ziye praised him and said, "spoon garden, I didn't expect you to be so smooth. I have to bow down."

"Well, it doesn't matter who I am. The most important thing is that Xu Ting clearly likes the boss. She wants to die and pretends to be a pure white lotus. It's disgusting to me." Shaoyuan looks down on such a woman.

If Xu Ting dares to admit that she likes boss, she will think highly of her and play tricks secretly. What's more, her brother-in-law, who likes her, doesn't know it's incest, is not a good bird.

"Er..." is it true that women will become more effective when they rob other people's husbands? Yang ziye has the same feeling. He doesn't dare to offend women easily in the future.

If he comes across Shaoyuan, he will lose his strength if he doesn't peel off

"Let's get down to business, Liu Yang, and let others handle the rest of the game. I don't look like Huo Tingchen. He's so stupid."

"Yes, I am a laborer." Of course, Yang ziye didn't forget that he still had something to deal with, but he hurt the court. Does this account need to be sublimated?

"We all work hard." And she, too.

Yang ziye then joked: "yes, only the one lying on the bed is my uncle."

Spoon garden suddenly sad said: "en, here to you, Tong Xin cousin's body I haven't pulled the spark."

When she found Xiao Yajuan, as a woman, she couldn't look down. Liu Yang's technique was too cruel. Now she can't let Tong Xin see it. It will only give her great stimulation.

What's more, at this juncture, the first child is gone, and it's hard to have one. If there's one in case, even a saint can't bear such a result.

Yang ziye thought about it for a while, and felt that it was inappropriate to say anything. So he casually said, "go ahead, and by the way, serve me with incense. She's really good."

It's not easy for Xiao Yajuan to grow up in that kind of difficult environment and still keep the bottom

line and principle.

"Well, I know." Shaoyuan took a look at the two comatose people, sighed, closed the door and left.

Zhao Tongxin wakes up in a coma for two consecutive days. She turns her head to see Jin Zhengting's resolute side face, lying there quietly and peacefully.

She so side body serious persistent looking at him, from his nose eyes to mouth, a little bit engraved in the heart, let oneself always remember this man for her almost died.

"Tong Xin, you wake up. I'm scared to death. If you don't wake up, I'll blow up the hospital." Shaoyuan first saw Zhao Tongxin open his eyes. The tone in his heart was relieved. Tong Xin is not more than usual now. He is in a coma with his child for two days. Nutrition can't keep up with him. It's nothing else.

"Spoon, I'm fine. I'm worrying you." Zhao Tong blushed. He didn't expect that he had been looking at Jin Zhengting and was seen by others.

Chapter 266

Spoon garden couldn't help patting his forehead, said: "Oh, you see I'm stupid."

"What's the matter, spoon." Zhao Tong Xin looks at Shaoyuan with some inexplicable expression. It won't be when she is in a coma. What happened to Jin Zhengting? He can't help but feel nervous. "Is there any change in his condition? Shaoyuan, please tell me quickly, don't let me be nervous."

"That's not true, Tong Xin. Boss is fine now. You can't be nervous now." Spoon garden expression can not help but become serious.

"What the hell is that?" Zhao Tong Xin looked at Shaoyuan's serious expression and began to be nervous.

"Tong Xin, you are pregnant."

"Ah?" Zhao Tong heart Leng for a while, looking at the spoon garden serious expression, blinked a few eyes, in see the spoon garden determined expression, is a little hoodwinked, muttered: "spoon, this joke is not funny, I, I'm pregnant."

Spoon garden naturally replied: "yes, this kind of thing, I can joke with you, if you want to be in a coma, I must be crazy."

"I'm pregnant I'm pregnant..." Zhao Tong can't help but reach out and touch her flat abdomen. She's at a loss for the life that's born in her stomach again. She's frightened by the huge surprise. The feeling of losing Xiaobao suddenly strangles her.

She was afraid, deeply afraid. She knew how hard it was for the child to come. The courage of revenge became weak because of a small life in her stomach. If she was alone, it didn't matter. Now she has a child.

Can she really put her children in danger with her?

"Tong Xin, what's the matter with you." Obviously it's a very happy thing. Shaoyuan can't understand why Zhao Tong's heart shows a complicated and changeable expression. He doesn't want the child, but he can't.

When the boss didn't wake up, she had to bear the responsibility of protecting the little boss. After clearing her throat, she said in careful wording: "Tong Xin, we can discuss something. It's not good for the child and you to hold it like this."

Tong Xin looked out of the window and said, "I know."

"Then why are you not happy at all?" At the beginning, she knew that she was pregnant. She was a little confused at the first time. After beating Chen Dong wildly, she felt that it was good to have a little girl, so she accepted it bitterly. But she was not as happy or unhappy as Tong Xin.

I always feel like I have something on my mind.

Spoon garden still can't help but ask under the temptation, "Tong Xin, you won't want this child."

"No way." Zhao Tong heart helplessly looked at some care excessive spoon garden, know that she asked is for her good, one hand stroked the abdomen, said: "how can I give up, no matter what situation, I will protect it."

Protect their child. This child may be Xiaobao coming back to her again. How can she let that happen again.

It turned out that misunderstanding and difficulties were between them, and a trace of her willfulness made Xiaobao suffer so much. Now, she would never make such a mistake again.

"That's good. That's good. It scared me to death." Spoon garden pacified patted himself a few times.

After another week, Zhao Tongxin's health was much better. The doctor told her that the fetal position had stabilized, so he began to take care of Jin Zhengting, change his clothes, wipe his body, manicure his nails, and did everything he could.

Shaoyuan sat watching Zhao Tongxin carefully wipe his hands for Jin Zhengting and said, "Tongxin, the doctor says that boss will wake up these days. Have you ever thought about how to tell him about it?"

The first experience is of course a pity, but no man knows that the woman he loves is pregnant with her

own child. It's a happy experience, and it's still a feeling of recovery.

Zhao Tong Xin so long finally revealed a smile: "en." This time she will tell him, just hope he wakes up early.

It's almost time to look at the spoon garden and say, "it's time. I have to go and order for you."

"Yes." Zhao Tong didn't lift his heart to concentrate on what he was doing.

Zhao Tong Xin started his daily trip again, and said to Jin Zhengting's quiet expression: "Jin Zhengting, I've thought a lot about you in your coma these days, and found that I'm really spoiled by you."

"But I just can't help what to do with you."

"You see, if you don't wake up again, I'll be bullied."

Zhao Tong lowered his head and said to himself, didn't find that Jin Zhengting had woken up, his cold voice with a little hoarse said: "who dares to move you."

Hearing the familiar voice, Zhao Tong Xin suddenly raised her head. Seeing Jin Zhengting's serious expression, she couldn't help laughing. However, the smile didn't last for a few seconds. She couldn't help crying again. She said excitedly, "you wake up, I'll go to the doctor."

Jin Zhengting's deep dark eyes are staring at Zhao Tongxin. His eyes seem to be hiding countless spoils, like to melt Zhao Tongxin. Although he has just woken up, his body is still weak, but with his strong body, he is not weak enough to say: "who, I'm cheating you." "It's you. It's you." Zhao Tong's crying eyes could not see Jin Zhengting's expression clearly.

"Don't cry. I'll be fine in a few days." Jin Zhengting flatly raised his hand to wipe the tears off her face. No one knows how much force he used to lift it up.

When Zhao Tong Xin saw what he wanted to do, he quickly grabbed his hand and said angrily, "what are you doing? Originally, this arm was injured and still moved. You don't want to do it."

In the face of Jin Zhengting's deep dark eyes, Zhao Tongxin was defeated a few seconds later. He said in a helpless tone: "I can't cry, you can't lie well."

Jin Zhengting saw that Zhao Tongxin really closed his tears and then leaned along the pillow on the edge of the bed, "what's the matter, just say what you have to say, don't stammer."

She is just pregnant, early some emotional just, Zhao Tongxin face slightly red, mouth slightly open, just want to say.

At the door, someone said, "I feel like you'll wake up today. You see, I'm not just here."

Yang ziye was the first one to arrive at the ward. He saw Jin Zhengting leaning on his pillow in good spirits and joked: "Zhengting, you have good physical fitness. It's only long since you were shot that you've been alive."

Jin Zhengting looks at Zhao Tongxin's expression that he is ready to speak. He is suddenly interrupted by Yang ziye. He can't help wring his brow and says in a somewhat unhappy tone: "otherwise, I'll let you get two, or you'll recover faster than me."

Yang ziye chokes at Jin Zhengting's words. What's wrong with him? Is he so angry? Looking at Zhao Tongxin sitting on one side, isn't it the wrong time for him to come?

Yang ziye asked tentatively: "Tong Xin, you haven't told him the news, have you?"

"I was just about to say you were coming..." Zhao Tong heart helpless answer, not she did not say ah, is not to give her a chance to say.

"What's up, say it." Jin Zhengting looked at them playing riddles and saying what they understood each other. His face sank. With his cold dark eyes, even during the injury, he felt like he was not angry.

"Zhengting, congratulations. I'm going to be a father." Yang ziye absolutely doesn't admit how sour his words are. It's just being a father. What's so great? If he wants to be a father, his son can make soy sauce.

Although he is very reluctant to admit that children are easy to have, it is not so easy to meet a woman he loves, such as now, such as in the past

"What." Jin Zhengting's iceberg face, which has remained unchanged for thousands of years, showed an expression of surprise for the first time. His deep dark eyes moved to Zhao Tongxin's face and asked the truth of the matter with his eyes.

Seeing Zhao Tong's nodding and bashful expression, his whole chest was filled up in an instant. That kind of unspeakable mood burst out in his chest. The original rhythmic heartbeat also slowed down half a beat at this moment.

She was pregnant and had his child. Suddenly, her brow was wrinkled again and she said in a very bad tone: "why didn't you say it at the first time?"

He just seemed to see her still holding a towel and a fruit knife. What if he hurt himself! The people who took care of her died?

"I'm going to say, when I see you awake, I'm excited and forget." Zhao Tongxin looks at Jin Zhengting innocently. The fact is that she forgot to say it, but she is pregnant now, and he still murders her.

Originally happy mood, said changes.

"If you're not happy, I'll go."

"....." Jin Zhengting looked at Zhao Tongxin and said that he was angry and began to put on his face. For the first time, he felt helpless. He couldn't fight or scold, but he was not happy.

But now his mood is really a little different, cold voice light said: "come here."

"I won't go there." Zhao Tong clearly knows that it's just a small thing and it's not worth being angry. He doesn't know why he wants to be angry. He wants to lose his temper inexplicably.

Zhao Tong's heart saw that Jin Zhengting didn't open his mouth either. As soon as he woke up from the injury, he wanted to sit up on the edge of the bed. Although his rigid facial features didn't show any expression, the sweat from his forehead still showed that he was struggling.

Zhao Tong Xin also dare not play temperament, a few stride over, hold Jin Zhengting said: "injured still move disorderly." If Zhao Tongxin had known that Jin Zhengting would not do anything to her before, he would not dare to hold Jin Zhengting so directly.

Jin Zhengting didn't say anything. He put Zhao Tongxin in his arms and said in a serious tone: "don't be so reckless next time. What should I do in case of sliding?"

Yang Ziyue really wanted to make complaints about Tucao, where he could slip to less than half a meter, and just walked a few steps faster than usual. He was so reckless. He was so kind that he had never been able to return his cold hearted friends.

"I'll go out first. You can talk slowly." He just wanted to be quiet, but after waiting for a while, he raised his eyes and saw that the two people beside the bed only had each other in their eyes. He walked towards the door with his heart filled.

It's really good to have opposite sex and inhumanity. At the door, I just met a spoon garden who bought a good meal. I kindly said, "I advise you not to go in now."

Chapter 267

"What's the matter?" Shaoyuan looks at Yang ziyue with constipation for some reason.

Yang ziyue doesn't open his mouth either. He turns to one side of his body and lets Shaoyuan see the scene in the room by himself.

"Well, I'll go later." Spoon garden clear nod.

In the senior ward, there were only two of them left. Zhao Tongxin quietly leaned against Jin Zhengting's

arms. In order to avoid pressing his wound, he did not dare to lean against him with great force.

"When did it happen?" Jin Zhengting frowned when he saw Zhao Tongxin's appearance. His hand was tight, and he pressed Zhao Tongxin's weight on his body.

"I just found out, too." Zhao Tongxin some struggle want to get up, "you have injuries on the body, can't don't mess with it."

"I'm injured, not dying. Don't move." For Jin Zhengting, this small injury is not worth mentioning at all. In the past, when he suffered more serious injuries than this, Jin Zhengting never frowned.

"Well, well, you're not allowed to move." Zhao Tongxin knew that he couldn't beat Jin Zhengting, so he didn't bother to struggle. He let himself avoid Jin Zhengting's wound, lay on Jin Zhengting's chest, and quietly listened to his strong and powerful heart beat.

Count, let her originally uneasy heart also followed quiet down.

Jin Zhengting ordered in a straight line, "in the future, you are not allowed to hold a fruit knife, you are not allowed to walk too fast, you are not allowed to go out alone, you are not allowed to leave my sight, you are not allowed to eat indiscriminately, and you are not allowed to be emotional."

Should an obstetric team be organized immediately to take care of her food and daily life? Jin Zhengting thought about it and suddenly felt it was necessary. These things still need to be prepared in advance.

He never does anything that is uncertain.

Zhao Tongxin knows that Jin Zhengting is concerned about her, but she is just one month pregnant. Is it wrong to use anything? She is also very concerned about this child, and naturally she will be careful. But is Jin Zhengting exaggerating.

"I see." However, in order to be careful, she decided to listen to Jin Zhengting.

"Well." Jin Zhengting listened to Zhao Tongxin's reply and frowned slightly to show his happiness.

At noon, Jin family and Xu family received the news and rushed to the hospital one after another.

"Zhenqting, you are becoming more and more disrespectful. You didn't discuss with me in advance when such a big thing happened." Jin's father's dignified expression was full of displeasure. Although he didn't care, he could still see the situation in Jiangbin city with his ears and eyes. Because of their Jin family, the whole city was on alert.

A few big families, which were seemingly harmonious, began to move, and this kind of beginning always made people have some scruples

"Dad, I'm ok." Jin Zhengting's cold eyes looked directly at his father's reproachful eyes, "these things are all within my scope."

"Just know. Don't overdo some things." Jin's father is not worried about Jin Zhengting. He is worried about those who have provoked him. Many of them have some relationship with the Jin family. If they are too stiff, they are not good-looking.

But no one would dare to touch the Jin family, and he would not allow it.

Jin Zhengting said calmly: "Dad, I have my own discretion in this matter. You can rest assured that it will not affect the operation of Dingsheng company."

He is very glad that his speed is fast enough. With Liu Yang's accuracy, this shot is not blocked by him. His little woman can't live. He can't imagine the consequences.

As long as he thinks of that picture, he can't help squeezing his fists. Even if Liu Yang dies, it's hard for him to get rid of his anger. Liu's people are waiting to be cleaned up one by one.

"I don't want to say much, just know for yourself."

Jin's mother still loves her son. She says discontentedly, "well, when the court wakes up, you can say less."

Jin Fu is not talking.

"Brother Zhengting will be injured. Half of the responsibility is that we Xu family didn't protect Tong Xin, otherwise we don't need brother Zhengting to save him." Xu's father and mother couldn't come because of emergency. Several people, represented by Xu Ting, came, including Xu Zheng.

Xu Ting's words are very meaningful. On the surface, she puts the responsibility on the Xu family, but in a disguised way, she explains that Jin Zhengting would not have been hurt if it wasn't for Zhao Tongxin.

Sitting beside Jin Zhengting, Zhao Tongxin calmly said, "Xu Ting, you don't understand this matter. As a sister, you won't blame you, but you don't know the truth and label the Xu family. I think my uncles will be unhappy after you go back."

Xu Ting is so stupid that she has big eyes. The Xu family is also her family. If she doesn't even have the Xu family, what is Xu Ting? She doesn't forget to discredit the Xu family.

Did not see the side of Xu Zheng are not happy to frown it, for a man even family can use really good, or Xu Ting is the kind of even three views are not people.

"You..." Xu Ting glares at Zhao Tongxin. She wants to say something more and is stopped by Jin Ying.

"Sister in law, Xu Ting is also concerned about your classmates. Who knows that people like Liu Yang hide so deeply, we don't know." No one knows how reluctant Jin Ying was to use the word "sister-in-law". If Xu Ting had no use, she would not care.

"Sister in law, you..." Jin Ying doesn't know why she is trying to please Zhao Tongxin. She is just a woman who doesn't have the reputation of the Xu family.

"Jin Ying is right. Tong Xin, you should understand your body now. It's easy to move the fetal Qi when you walk around carelessly." Jin's mother is most concerned about the children of Jin's family. If it were not for a child, she would not have wanted to bear Zhao Tong's heart for a long time.

Although Xu Ting is willful, she still listens to Jin's mother who has been caring for her.

Zhao Tong smiles but doesn't speak. Jin Ying's heart is that they know it. They speak so clearly that they hurt each other's face.

"Mom, I know." Of course, she knows that now Jin's mother can talk to her in English, but the child in her stomach will not be her bargaining chip. No one can beat her child's attention.

Jin Zhengting coldly looked at a room of people, light of the guest order, "I want to rest."

Don't these people know that pregnant women need a good rest, can't work too hard, can't be emotional, now who dare to stimulate his woman, he will never care about the so-called face.

Jin's father and Jin's mother didn't say anything. After all, Jin Zhengting's body is still important. The rest of them don't matter. Those who show their faces in soy sauce leave early.

Xu Ting is unwilling, but she is also led away by Jin Ying's words. People are gone, and she has no choice but to follow her out.

But Xu Zheng's deep eyes made Jin Zhengting's eyes cold.

Everyone left. Zhao Tongxin noticed that Jin Zhengting didn't drink water for a while. It was all those people who didn't talk so much nonsense. "Jin Zhengting, would you like some water? I'll pour it for you."

"I don't drink. Don't move." Jin Zhengting has deep eyes and has his own consideration. Xu Zheng's last look reminds him that one Liu Yang died, and there are more Liu Yang behind him.

To put an end to all this, we can only deal with Huo Tingchen this morning.

"I know. I can't move. I'm afraid I'll press your wound." Zhao Tong heart mouth said, afraid to press Jin Zhengting wound, people have leaned in his arms.

"I'm not made of tofu. Do you need to float on me like a feather? This little injury will soon be cured."

Jin Zhengting looked at Zhao Tongxin and was very satisfied with everything else, but he was not satisfied with one thing. As long as he made a close impression, she immediately turned away from him.

"Your injury is not good, don't move is you." Zhao Tong wants to think that something is wrong. Why does she want to listen to Jin Zhengting now? She is pregnant now. Is pregnant the best. I'm about to get up.

"Don't move. I don't know what's going on. If I'm equipped with 24-hour guards, you'll be more honest." Pregnant women are like her, the mood changes.

Jin Zhengting suddenly felt the need to understand the heart of a pregnant woman. Save his little woman sudden mood, can't deal with, this kind of low-level error should not appear in his dictionary.

Zhao Tong Xin saw that he had no choice but to take her helpless expression. He gave him a horizontal look and said, "you know I'm pregnant now. I can't be stimulated. Still like this, should I listen to me?"

In the past, Zhao Tongxin would think about these things. She listened to Jin Zhengting's words obediently. Now she can pull back the game. She thinks it's better not to miss this great opportunity.

And Jin Zhengting seems to care about the child as much as she does.

"Close your eyes." Zhao Tong Xin suddenly turned red.

"Close your eyes and do what you want." Jin Zhengting's deep eyes had been staring at Zhao Tong. Seeing her shy expression, his eyes flashed and he suddenly closed them.

"I'll let you shut up all that crap." Zhao Tongxin watched Jin Zhengting close his hot ice eyes, and then breathed out a breath. She looked at his imposing eyes and couldn't kiss them.

She wanted to touch his thin lips, as a reward to him, but she didn't think that the man with black belly had been prepared.

Her soft lip just pasted on, he has been holding her people wantonly invasion, like the desert thirsty people found water, constantly sucking and licking, want to squeeze every drop of honey in her mouth.

She really can't breathe. Thinking of his injury, she didn't dare push him too hard. Her face became more and more red, as if she would suffocate in the next second. She didn't want to be the first person to be knocked out by kissing. It was too shameful.

Fortunately, Jin Zhengting still had some sense of propriety. When she was almost unable to hold on, she gently let go of her hand and said in a hoarse voice: "after kissing so many times, don't you know how to breathe?"

"You." Zhao Tong blushes, this hateful man, if not for the sake of his injury, she can let him do whatever he wants.

Jin Zhengting is rarely in a happy mood, with a little sense of joking, "after more study, there will always be a breakthrough."

Chapter 268

"Jin Zhengting, you are bad." What can I do? She really wants to beat him. For the first time, Zhao Tongxin thinks that Jin Zhengting is not as cold as he imagined. Is it because she is not good at it, or is Jin Zhengting not walking in the right way

"I can be worse." Jin Zhengting teased Zhao Tongxin with a low and charming voice. He was silent and licked her thick and round earlobe with the tip of his tongue. He tasted like smashing it. He shut up and said, "sweet."

"Jin Zhengting, you bastard." Zhao Tong Xin's face was so red that he almost jumped three feet high and quickly stood up. Fortunately, he was held by Jin Zhengting, who was quick with his eyes and hands.

But she still felt very embarrassed. Looking at Jin Zhengting's ambiguous expression, she wanted to scream. Is this a hospital? In case someone comes in, she would like to see someone.

"No way." Zhao Tong Xin's face suddenly became very ugly.

Jin Zhengting looked at her face as if she were not joking. She asked in a cold voice, "what's the matter?"

Thinking of Xiao Yajuan's death, she said in a low mood: "I forgot to see my aunt." Even if she is thinking how to forget, this matter still can't do.

She tries to tell herself that she can't be too sad. It's not only her that is affected. Now she is more about planning for her children.

And she has no face to go to the hospital to see Aunt, that is aunt's only daughter, spiritual pillar, how she opened this mouth, tell Aunt such cruel facts.

"Tong Xin, I'll go with you." Jin Zhengting knows that she is sad. Xiao Yajuan's death is expected to make her feel guilty for a lifetime. He is worried and can't help it.

At that time, he should let people take care of Xiao Yajuan, but he didn't expect that woman to be so tough.

Zhao Tong clenched his lips and said sadly, "Jin Zhengting, I dare not go. I'm afraid. I have no face to see my aunt."

"Tong Xin, if you have nothing to do, I'll go with you." Jin Zhengting saw that her lips were about to bite and bleed. Her indifferent tone faintly contained a trace of heartache and said, "don't bite your lips. Let go of your mouth. If you bite like this, you'll break it."

"Well, let's go." She knew that it was useless to escape, and she had to face it in the end.

In the ward of the second hospital, Chen Ying's face became sallow because of dialysis, and her hair all fell off. When she saw Zhao Tongxin, her eyes were full of smile, "Tongxin, you're here."

"Well, auntie, I came to see you." Zhao Tong heart reluctantly let himself smile.

"What's the matter? Is something wrong? Tell auntie, auntie, cough, Auntie will help you make the decision." The aunt looked at his late sister's daughter and treated him as her own.

"Auntie, I, I..." Zhao Tong Xin looked at her aunt who cared about her. After several times, I still couldn't say it. I turned and threw myself into Jin Zhengting's words to cry.

"Ah, Tong Xin, what are you doing? Don't cry."

"Let me talk about it." Jin Zhengting pacified Zhao Tongxin by patting her on the back to keep her emotion from getting too excited. Then he continued: "I'll tell you something. Don't get excited."

Chen Ying's heart sank when she listened to his opening remarks. Recently, her right eyelid has been jumping wildly. Is there something wrong with Yajuan? She trembled and said, "what's wrong with Yajuan?"

"Yes." Jin Zhengting nodded solemnly.

Zhao Tong Xin squatted beside Chen Ying and said excitedly: "aunt all blame me. I killed her. It's me. You beat me." No matter how much mental construction Zhao Tong Xin does, his emotions are still hard to suppress.

Although Jin Zhengting was worried, he also knew that it was an uncontrollable emotion, and he was just more gentle in her favor.

"In fact, I knew that one day."

"Auntie?" She did not expect that aunt is such an attitude, expression Leng down.

"I know what Yajuan is doing. It's all my illness that drags her down. Blame me, blame me. If it wasn't for me, she wouldn't go to that place to do things. I know, but I didn't say it."

"Auntie, what are you talking about?" Zhao Tongxin thinks that aunt is too stimulated and starts to talk

nonsense.

Aunt said, tears, skinny hand holding Zhao Tong Xin, said excitedly: "Tong Xin, you listen to me, Yajuan has always been a strong girl, if I put it forward, afraid of her embarrassment, no face, she also know, I thought she didn't go back, didn't think it hurt her instead, I, I hurt her."

"No, it's me, auntie. Don't say that. It's because of me that she was arrested."

"Tong Xin, you don't understand that I hurt her. It's me."

In the ward suddenly appeared a down and out man called, "what, that dead girl is dead? What's going on? "

"Qian Mu, what are you doing here?" Aunt looked at Qian Mu fiercely.

"Of course I want to come..." Qian Mu didn't go on. He listened at the door for a long time and knew the whole story.

The brain dribbled around and noticed that he had bad luck these days. He just knocked some money out of them. The woman and the man were so rich in clothes that maybe he could get more money out of them.

Qian Mu pointed to Zhao Tong and roared: "to get justice for my daughter, do you think you killed my daughter?" Looking at the slovenly man, Zhao Tongxin asked in surprise: "uncle, how did you become like this?"

"eh, is it Tong Xin?" I didn't expect to hear that their mother and son were dependent on each other more than ten years ago. They didn't get along very well. I didn't expect that they began to wear gold and silver for more than ten years. He greedily took a look at the diamond ring on Zhao Tong's heart and wanted to say something.

Zhao Tong was beside the heart of the tall man cold stare, he can't help shrinking his neck, that man's aura is very frightening, he can't help swallowing a mouthful of saliva.

Yesterday, the scene of being asked for debts still remained in my mind. For the sake of gambling, he was not afraid of anything. He said that Zhao Tong was also his niece. Could she really die.

Qian Mu rubbed his hands and said flatteringly: "Tong Xin, that girl died when she died. Anyway, she also lost money. But your great uncle is short of money recently. Why don't you give me a million first."

"Kuang Lang "

" Qian Mu, cough, you are not human, you beast, get out of here. " Aunt listen to Qian Mu's words, excited a burst of fierce cough, take the quilt on the table hit Qian Mu's direction.

"Auntie, auntie, what's wrong with you? Don't get excited." Zhao Tong is flustered and grabs aunt's hand.

Qian Mu was almost smashed. He said angrily, "you old woman want to murder her husband. Be careful, I'll sue you. What's wrong with my niece asking for pocket money."

"You, you, it's you who hurt Yajuan. She's only sixteen or seventeen years old, so you sell her to others. You're still not human. That's your daughter, your daughter." Aunt thought of these things, excited to beat the bed, "bang bang bang" ring.

Money wood disapprove of said: "girl film anyway is someone else's home, early sell late sell is not all the same."

"What." Zhao Tong Xin can't believe it. She thinks that it must be something wrong with her ears that leads to this kind of hallucination.

"Tong Xin, it's true. If he hadn't gone to gamble, he would not have been in debt. He forced Yajuan to death."

"Old lady, I don't care what you say." Qian Mu stretched out his hand and asked Zhao Tongxin to take the money. "Niece, do you give me a check or cash, or you can give me the ring on your hand."

"Yajuan is your daughter. How can you do that? You are still not human." Zhao Tong's whole body trembles. It's no wonder that boredom sometimes shows that kind of sad expression.

Qian Mu threatened: "I don't care. If you don't give me money, I'll go to the police and catch you."

"What do you say, say it again." If the man in front of him is Zhao Tongxin's great uncle, Jin Zhengting will deal with the scum directly.

"I, I ask my niece for money. It's none of your business." Qian Mu could not help but step back and said bluntly, "if you don't give it, I'll call the police. I also know the people of the underworld."

Zhao Tong Xin looked at Qian Mu and said coldly, "Jin Zhengting, I don't want to see him."

Qian Mu is also Xiao Yajuan's father in scum. She can't fight him, but she doesn't want to see him in the future.

"President Jin."

Jin Zhengting coldly ordered: "throw it out, and don't let him in later. If you break in, call me out"

"yes." The guard at the door put up money wood without expression and threw it into the corridor. As

soon as the door of the ward was closed, his swearing voice could be heard.

"You wait and see. I'll send someone right away."

Jin Zhengting didn't put his words in his ears at all.

"Tong Xin, Yajuan's death is due to aunt's cowardice. If you divorce that beast earlier, you won't hurt Yajuan like this." My aunt broke into tears. It's all her fault.

"Auntie, don't do that. You still have me in the future. Just treat me as your daughter." Zhao Tong is also sad in the heart, tears follow the flow of Hua Hua.

Jin Zhengting looked at Zhao Tongxin's eyes and cried red. She was so sad that she could not stop crying. Her face was getting darker and darker, and her lips were getting tighter and tighter.

"Tong Xin, if only you had this heart, don't cry." Aunt looking at Jin Zhengting's expression, how could she not know what he thought? She was also pleased. At least she could see her happiness.

Jin Zhengting reminds a way: "Tong Xin, you don't cry, let her have a good rest."

"Yes." She forgot that aunt's health is not good, concerned said: "aunt, you first rest, we will not disturb you, what things remember to call me ah."

"Yes."

Out of the door, Zhao Tong heart also want to cry, "aunt and Yajuan's life is too hard."

"Tong Xin, don't forget your body now. If you go on crying, your eyes will not open tomorrow." Jin Zhengting's eyes darkened, and he demanded overbearing, "if you feel a little uncomfortable, you are not allowed to come in the future."

"but I'm sad."

"Well"

hearing Jin Zhengting's subtle murmur, Zhao Tongxin half opened his eyes and asked, "Jin Zhengting, what's the matter?"

"I feel some pain in my chest." He frowned as if trying to endure the pain.

If Yang ziye hears Jin Zhengting's shameless words, he will probably raise his middle finger. Is there any offline? He has seen Jin Zhengting's more serious injury, and his brow doesn't wrinkle, let alone cry."What's the matter with you? Let's go back to the hospital as soon as possible. Let's drive faster." As soon as Zhao Tongxin hears Jin Zhengting's cry, he doesn't want to take care of her.

Jin Zhengting didn't feel that his moves were a little disrespectful at all, but as long as they worked.

Chapter 269

It's just that before Jin Zhengting was cultivated enough, the news of Qin San's disappearance suddenly came, which undoubtedly made a cloud float on Jin Zhengting's head. Qin San, as an assistant, followed him for many years and dealt with many problems for him.

It can be said that apart from Rong Lei and others, Qin San is also a right-hand assistant. At present, someone even attacks his people under his eyes, which is undoubtedly challenging his authority.

Jin Zhengting directly ordered to leave the hospital regardless of his health, but for Zhao Tongxin who was pregnant, he ordered that he must recover well before he could leave the hospital.

When the door closes and opens, Zhao Tongxin thinks Jin Zhengting is back. He wants to discuss with him whether he can stay away from the hospital. He looks up and finds that it's Shaoyuan.

Happy asked: "spoon, how are you here, quickly sit."

"I'll see how you are." As soon as Jin Zhengting's front foot left, the back foot of the spoon garden arrived. Of course, he received the order. Of course, he could not tell Tong Xin. He sat down beside her with a smile.

Zhao Tong heart apologetically said: "I have nothing, let you worry, could have been discharged, he was too nervous." Zhao Tongxin said that he could not help blushing here, and Jin Zhengting's overbearing appearance was still fresh in my mind.

"It's better to be safe, especially in the first three months. You know, I'm from..." In the middle of Shaoyuan's speech, she felt that she had said something wrong. She was right, but Tong Xin was just pitying the child.

She apologized with some guilt: "Tong Xin, I'm sorry. I didn't mean to say that. You know I didn't have a door."

"I know, spoon, I'm not angry." Zhao Tongxin stroked his belly, and said gently, "I think Xiaobao is reluctant to leave me, and has come back to me again. This time, I will protect him and won't let anyone hurt him."

"Tong Xin, don't worry. I will protect you this time. I won't let you do anything. I'll guarantee my life." Shaoyuan still feels self reproach. She knows that the child has come at the right time. Now there is something wrong with Qin San. The boss will be very busy.

She can be called to protect Tong Xin, and it can be seen that the boss trusts her, and she will live up to

this trust.

"No one has the ability to foretell. It's OK. If you really feel guilty, you can take away the guards at the door. I'm not used to it." Zhao Tongxin tries to ease the atmosphere, and let him pass the past. She doesn't intend to blame anyone except the revenge she must take, because God has given her a chance.

It is her greatest satisfaction to have children again.

And go out is this group of people, go there are dazzling, she wants to go out for a walk, can't go with the desire.

"I can't help that." If the spoon garden must be happy to let people go before, but something happened in her hand, she did not dare to boast.

In a crisis, it is better to have insurance.

"Well, it's very annoying. I can't go out." Zhao Tong heart see spoon garden didn't intend to say other things, also know from spoon garden mouth can't ask what.

However, Jin Zhengting's expression when she was discharged from hospital was not a trivial matter. Otherwise, he didn't have to hurt himself and had to go out to deal with it. She knew that her persuasion was useless, so she had to let him go.

"You'd better stay in the hospital for a while." Shaoyuan shook her head in disapproval. She wanted to go out for a walk before she had a good breath. It was not very good. Although she could not stand it, she could not help it.

"That's the only way." Jin Zhengting, who is so overbearing, must have said a lot.

Spoon garden suddenly said, "Tong Xin, you don't know, Xu Ting was driven out of the Xu family."

"What's going on, what's going on." Zhao Tong Xin is surprised to see the mysterious appearance of the spoon garden. It can't be Xu Ting's dirty scandal.

"Incest." Before Shaoyuan announced Xu Ting's shameless story, he dug his own grave and was photographed by paparazzi and reported to various magazines.

"Who." Zhao Tongxin really can't understand how Xu Ting, who is so cautious, can be photographed. What makes her feel strange is that Xu Ting is not deeply infatuated with Jin Zhengting, and how can she mix with others.

Spoon garden saw Zhao Tong heart one eye, some hesitation, this kind of chaotic dirty is, let Tong heart know will affect fetal education?

Shaoyuan seems to have forgotten that, judging from Zhao Tongxin's pregnancy time, it is estimated that the one in his stomach is still an embryo, which is not fetal education.

"You say, I've been in the hospital so long that I don't know anything from outside." Zhao Tong thought he didn't understand what the spoon garden had to hesitate about. Isn't that appetizing.

"I really said that." Spoon garden asked uncertainly, "the next content may not be suitable for pregnant women."

Zhao Tong Xin urged: "say it, say it."

"It's your third uncle in name."

Zhao Tong knows why Shaoyuan hesitates. If she doesn't know how to open her mouth, no matter how the third uncle is her uncle in name, she will be shameless as a niece. She thought she was a Xu Yi, but she underestimated the degree of distortion in Xu Ting's heart.

But what she can't figure out is how Xu Ting, a young and beautiful young woman, who can't get along with the third uncle's bald and round man, can roll together.

Besides, Xu Yi is still the son of the third uncle. How could that woman do such a thing.

"Is the Xu family in a mess now?"

Spoon garden see Zhao Tong heart expression is still normal, just relieved to say: "more than a pot of porridge, almost is a plate of sand." This kind of thing in their own family side, it is really sad.

Even if the family members want to put double quotation marks, they are related to each other in front of outsiders. Even if they want to explain, they can't stop the long mouth.

Except for their omnipotent boss, of course.

Spoon garden gloated and said: "tut Tut, the best look is Xu Zheng's expression, which is as disgusting as swallowing a fly. Who let that man value family face most, and he is also a sister."

"What about Xu Ting." Out of this kind of scandal, Xu Ting at the top of the storm certainly will not go there, even if there is no street mouse, at least certainly not to be seen, Zhao Tongxin will have the pleasure of revenge.

"She has nothing to do. Although she is not popular in the Xu family, no one treats her like that. "This also makes Shaoyuan feel surprised. After such a big thing, Xu Ting can still be safe. This means is by no means ordinary.

"Do people in Jiangbin know it?" This kind of scandal, Xu's mother and Xu's father don't know whether

they will be involved. Zhao Tongxin has been back home for so long and has no relationship with them during this time. It's all deceiving.

Especially now that she is pregnant with a child, she can also experience the helplessness of being a parent.

"Not really, but the people in the circle must know a lot." There are more scandals and less scandals, but it's right to have less of them.

Once something happens, it can't be held down at all. If Tong Xin didn't have such a relationship with the boss, the status of the Xu family would rise with the tide, and some people would be willing to pay for it. Otherwise, the whole city would know about it.

Zhao Tong Xin knows that she is not suitable to ask about the Xu family now. She only cares about her heart and asks, "are they OK?"

"Don't worry about this. As soon as something happens, the boss will be suppressed. Even if some people know it, they will only treat it as if they don't know it." When Shaoyuan hears Zhao Tongxin's question, she also knows that Tong Xin still has some feelings for the Xu family.

No matter how much blood is thicker than water, and Xu's mother really wants to make up for Tong Xin, she doesn't think it's strange.

"But Tong Xin, why don't you ask the boss if he will be involved?" At least busy up and down but boss, so indifferent will not be very good.

"Jin Zhengting, I know he'll be OK. I'm just concerned about the Xu family." Jin Zhengting has always been invincible in Zhao Tong's heart. She doesn't care, but believes that he will be OK.

"That's the truth." People who can make their boss feel a sense of crisis don't exist, but now there are some bad trends, and Shaoyuan can't tell where the bad intuition comes from.

Zhao Tongxin said gratefully, "well, I see. Thank you for your spoon garden."

"You don't have to thank me for others. Tong Xin is not what I want to say. You should put all your feelings on the boss instead of those unimportant people." Boss turns the sky of Jiangbin city for Tong Xin, but Tong Xin doesn't know it at all.

Shaoyuan thinks it's unfair. She doesn't know if men are so good-looking, or it's popular to do good deeds without leaving a name.

Zhao Tong chuckled, "spoon, if you say that, I will begin to doubt that you are not coming to see me, but to be a lobbyist for him."

It's dangerous, almost over performance, Shaoyuan pretended not to care and said: "no, I just think a man like boss can like you, you should snicker, don't be misunderstood by others."

Zhao Tongxin worried that Jin Zhengting was busy with her. He asked, "I know you are doing me good. I also know who is the most important in my heart. Don't worry about it. Recently, you don't have to take Zizai with you. You often run to me at leisure."

Shaoyuan is where Zhao Tongxin is now, and she is there. As for the bear child at home, it's time to be naughty. She doesn't want to do this kind of thing and go to the post. It's good to go back to tease at night.

"Shaoyuan said casually," Zizai let the Chen family take him back to play. It happens that I have free time. "

Zhao Tongxin said flatly: "Oh, so, I know."

Shaoyuan must be hiding something. With Chen Dong's love for her children, how can she let them out of sight? But now she doesn't point out. She'd better choose not to know some things.

"Tong Xin, what's the matter with you? Your tone is so strange." Spoon garden puzzled looking at Zhao Tong heart, just not still good, how to say change face change face.

She didn't say anything. Shaoyuan didn't know that he was black again.

Chapter 270

Zhao Tong didn't want to know that he was in a low mood. He said with a smile, "it's nothing. I haven't seen him for several days. Suddenly I miss him."

"The child is very skinny now. If he bumps into you accidentally, it's estimated that the boss will cut me off." Shaoyuan doesn't have to think about it. If Tong Xin is in trouble now, the boss will be absolutely furious and merciless.

"Well, spoon garden, but you don't have to do anything today." This spoon garden should be busy.

"I asked for leave to see you." She's not lazy. It's work, but it's different.

When the door was opened again, Yang ziye came in swaggeringly, looked at the two people on the bed, and exclaimed, "spoon, I thought you were still sleeping at home. It's quite fast. Yesterday we were tired of Chen Dong."

This poisonous tongue man cares about people, can't he talk well? Spoon garden heart horizontal, he said: "cut, you think it's all your kidney deficiency, a face is hollowed out expression."

"Don't blame me for not reminding you. Take it easy. Uncle Yang is waiting for his grandson."

"It's a thousand years of disaster." Yang ziye looks at Shaoyuan with constipation on his face. He is so strong that he is said to have kidney deficiency. The young model was treated by him a few days ago.

Yang ziye comforts himself and feels better, just like Chen Dong.

Zhao Tong Xin some helpless looking at two people bickering each other's appearance, the tone of exhortation said: "well, well, you two don't bickering, meet will damage each other a few words."

Yang ziye didn't say anything to stimulate Shaoyuan either. He just said, "I'm here to exercise her reaction ability and help blood circulation."

"Thank you so much." Spoon garden can't help but roll a white eye, how can a person like him come to see a doctor without anything, and still yell like this.

"Tong Xin, how are you feeling these days?" When Yang ziye faces Zhao Tongxin, he can't help but let go of his voice. Seeing that Zhao Tongxin's spirit is pretty good, he is also happy for Jin Zhengting.

Although he doesn't know what he's happy about, he just wants to work around here, so I'll stop by to see Zhao Tongxin.

"Well, I'm fine. Thank you for your concern." Zhao Tongxin knows that Yang ziye is good except for his bad mouth.

"I'm not used to it." Yang ziye pretends to shake all over, and his peach blossom eyes flicker two times.

Shaoyuan looked at him and began to discharge. He glared at him in displeasure and said, "Hey, Yang ziye, your eyes are pumping." This guy wants to die. Boss saw it. He was definitely looking for a cut.

Yang ziye said sympathetically, "women are still gentle and lovely. Some people are really pitiful."

He still prefers silly women. Just like someone else, Yang ziye finds out what he is thinking and shakes away his thoughts. It must be that he has been holding on for too long these days before he has hallucinations.

I still have to find a woman to let off steam tonight.

Zhao Tongxin didn't respond. Who is Yang ziye referring to? "Who are some people?"

"Some people, of course, are..." Yang ziye wanted to talk.

There was a knock at the door again.

Zhao Tong Xin novelty said: "today this is how, to the people really many."

A few days ago, there was no one, but now they are all crowded in a pile.

"Tong Xin, are you better?"

"Zhan Yan, why are you here?" Yang ziye can't help picking his eyebrows. He can't smell the wind. He wants to come and have a look.

Lu zhanyan has always been a gentle expression, always speaking in a slow manner, "the main court injured such a big thing, I do not come to ask really good."

"You still have a little conscience, but the court is gone, and how are you doing? It's not that the old man urges you to get married." Yang ziye remembers that he hasn't seen Lu zhanyan for some time. This guy says he will disappear if he disappears. He hasn't even finished what he told him.

Lu zhanyan does not care about the empty support for the eyeglass frame: "if you like, I'll let someone introduce you back."

Yang ziye quickly shook his head and said, "well, forget it. It's better for you to enjoy such a good thing slowly."

Lu zhanyan glanced at Yang ziye and said, "don't worry, you will like it."

When the door was knocked open again, Lu Moyan's tall figure came in, looked at the people in the room, and said jokingly, "this person is coming together. Besides another protagonist, Jin Zhengting is not here."

When seeing Lu zhanyan, the expression on his face pauses, and his body blocks the door unnaturally. Qian Yuanyuan, who is behind him, bumps into him inexplicably.

"Lu Moyan, what the hell are you doing? You stop all of a sudden."

Qian Yuanyuan waited for a while, but did not see Lu Moyan answer. She couldn't help looking into the ward. When she saw Lu zhanyan, she was silent. After a few seconds, she had no choice but to smile. Knowing what Lu Moyan was worried about, she took the initiative to take the hand of landing Mo Yan and went in. Careless tone of all people said: "long time no see ah, how all in ah."

"Yuanyuan, why are you free?" Zhao Tong Xin, this is what the wind is blowing, either do not come, or come in groups.

Now she feels a little embarrassed. She also knows something about Lu zhanyan and Yuanyuan. Is this situation a little out of control?

"Tong Xin heard that you had an accident. Can I not come? How do you feel now? Will you be better?" Qian Yuanyuan was the only one who didn't come empty handed. He also brought a pile of supplements. "This is Cordyceps sinensis made by our family. If you have nothing to eat and play with, don't give up."

Qian Yuanyuan tries to make herself look more natural. Only Lu Moyan beside her knows how nervous she is. Her nervous palms have already begun to sweat. She smiles at Lu Moyan and signals him to let go of her hand and let her go.

Lu Mo Yan didn't say anything, just let go. The tacit understanding between them can be seen at a glance. Even Lu Zhan Yan, who is deeply hidden, has a deep look in his eyes.

"..." Zhao Tong Xin was a little embarrassed. Looking at the exquisite packaging and famous brands, he didn't expect that yuanyuanjia was engaged in this kind of business. If they were all genuine goods, they should be worth more than 100000 yuan.

It's good for the poor man to have two cartons of milk when he's sick. The rich man really has a lot of money.

I don't know if it will make up too much and cause nosebleed

She refused and said: "Yuanyuan, thank you for your kindness. This is too much for me to eat. Please take it back."

Lu Mo Yan, like the family of Qian Yuan Yuan, said directly for Qian Yuan Yuan, "it's OK. If you can't eat it, you can give it to others. These are all wild, not ginseng like radish."

"Lu Moyan, you're a chicken thief." Yang ziye looks at Lu Moyan carrying a pile of things in. Why didn't he expect to bring something? It's a mistake. It seems a bit ugly to come to see a doctor empty handed.

Lu Moyan looked at them as if they were monsters and said, "you guys don't have nothing to bring, do you think patients have empty hands?"

Spoon garden is also embarrassed to say: "er... I forgot."

She seldom goes to see a doctor. Even if she goes, she is used to empty handed. She doesn't know what to bring to see a patient.

But there seems to be such a saying.

"It's OK. I'm glad you can come to see me. I'm even more embarrassed to bring something." Zhao Tongxin doesn't want it either. If she moves, she will receive tens of thousands of visiting gifts. She will be soft handed...

"no, Tongxin. How can I lose to Lu Moyan? I'll send them back later." You can't let Lu Mo Yan take advantage of the price. He's not allowed to sell well.

"I won't take it." Zhao Tongxin has her persistence.

This kind of time does not knock Yang ziye, this young master is a fool, spoon garden urged said: "Tong Xin, do not accept white do not accept ah, Yang ziye's baby how many, I still know a little."

"Hey, don't go too far. You're empty handed, too." Yang ziye is very fond of his little treasures. He only knows what he has in his collection.

"Who said, I have." She can make it up.

"Well, don't argue. I don't want any." This is to see a doctor, or let her headache ah.

Qian Yuanyuan yelled, "don't you see Tong Xinyun's tired appearance? He's still fighting here."

Do these people have any color? Do they come to see Tong Xin or come here to quarrel? I don't know if pregnant women want to cultivate themselves. They are still fighting there.

"Well, I won't argue with you." When Yang ziye hears Qian Yuanyuan's words, he immediately stops arguing with Shaoyuan.

Shaoyuan looked at Zhao Tongxin's tired face and said, "Tongxin, I'll go back first and see you next time."

"Good." Zhao Tongxin is really a little tired of dealing with these people.

Yang ziye has his own business to do. He doesn't stay long. He almost wants to leave. He says, "I'll go first, too."

Zhao Tong Xin said with a smile, "well, thank you for coming to see me."

Well, there are only four new comers in the room. One is Lu zhanyan, who is not very familiar with him, the other is good friend garden, and the other is Lu Moyan, who is a vinegar jar. It's really not a good feeling for the four countries to stand together.

"You..."

Lu zhanyan took the lead in saying, "I'll ask the Secretary to send the gift."

"No..." Zhao Tongxin just wanted to refuse.

Without waiting for Zhao Tongxin to finish, Lu zhanyan continued: "you talk first, I'll go first." Before leaving, I took a look at Qian Yuanyuan.

Qian Yuanyuan didn't realize it, so he went to Zhao Tongxin and sat down by himself, "Tongxin, I heard that you are pregnant. Congratulations, you should have a good rest recently, you know."

"Well." Zhao Tong heart line of sight Piao one eye, some deep Lu Mo Yan don't know what to say.

"I'll go out and talk to you." Lu Mo Yan suddenly dropped a word and left after opening the door.

The chubby little face of Qian Yuanyuan, who was forced to smile, couldn't help collapsing. "I really don't understand how he would come." Zhao Tong Xin looked at Qian Yuanyuan's sad face and asked, "your problem hasn't been solved yet?"

"I don't know how to say it. Don't worry about me, Tong Xin. How do you feel now?" Qian Yuanyuan shook his head a few times, unwilling to talk more about it. He changed the topic and said, "did the doctor say it's a boy or a girl?"

"....." Zhao Tong heart is speechless, the topic of transfer is not as good as not transfer, helpless sigh: "Yuanyuan, don't you know a month, is just an embryo."
