As your friend, if I were powerful and powerful in this land, I could still protect you, but I couldn't protect you.

I beg you, Brother Christopher, don't get involved! go! Christopher 's

expression was still relaxed, not only that, but he also asked with great interest: "The police are here, what am I afraid of?" "

Galia was about to die: "Do you understand that it is difficult for an honest official to cut off housework, brother Christopher, even if the police come, they can't cut off housework." Hey..."

After a sigh, she saw that there was no hope of persuading Christopher, so she turned to look at the police: "Officer, brother Christopher is really my friend, he didn't force his way into the room, he came to me, beg Please let him get out of here first.

Our family is not a big deal, we can handle it by ourselves.

These people in my family are not provoking trouble. They are all my uncles and aunts, cousins, aunts and cousins. We are all close relatives.

We just have some disagreements. Could you please send my friend away first?

Take him to the county seat. "Remember  
the pleading expression of Galia looking at the police.

This makes the police embarrassed. They  
are all locals in the county, and some customs and habits are petty, so it is not  
impossible to see these ginger tea, they will see it as soon as they enter the  
door. After coming out, this is really a family matter.

Several people look at me and I look at you, and one of them said to Galia,  
"Then your friend must be willing to go back with us, so we can take him away."  
"

Galia immediately forcibly pulled Christopher aside: "I beg you, Brother  
Christopher, go! I can't protect you! Really!"

Christopher patted Galia's shoulder and comforted: "Galia, What are you  
worried about? Long Qiankun, what are you worried about?"

Galia sneered sadly: "Brother Christopher, I know you called the police for my  
own good, you are afraid that I will suffer, but have you ever thought that the  
police can handle it? For a while, can I manage it for the rest of my life?

These are all my relatives, and we may have to deal with each other for the  
rest of our lives. Even if the police force them away from my house this time,  
what about after that?

Could it be that I will never see them in my life?

Even if I don't see them, and my mother, my mother will meet them too.

You are a foreigner, you don't understand the customs here, just like my cousin's house, my uncle has always been He is a scene man. He knows a lot of people in the county town. My uncle also knows a lot of important officials in the county.

How can a family like ours continue to fight against my uncle for a long time

? I can make big things small and small things.

You can go, Christopher, I will handle it. When I finish things, I will go to work in a big city. We will keep in touch in the future. Forget it."

Hearing Galia's words, Christopher had mixed feelings in his heart.

The little girl is telling the truth.

However, since he is here today, since he has brought the police, he is naturally the one who will solve the matter completely.

"Since I dare to come here, I don't need your protection, I will protect myself, don't worry." Christopher patted Galia's shoulder firmly.

Galia: "..."

She sighed helplessly, seeing Christopher's extremely resolute attitude, she could only look at the police: "Officer, this is my friend! I don't allow anyone to hurt my friend. As for these things in my family, I'm willing to do it all!"

Christopher, who was behind him, also asked Galia's eldest cousin, the eldest cousin, the eldest cousin, and the younger cousin: "You said, let the police go, but don't let the police stay?"

"Since he's here, of course he is Stay! I finally understand, you are playing hard to catch! You are afraid that your kidnapping will be exposed, so you take the initiative to call the police, and then let cousin Galia persuade the police to go

back, so that you can escape under the eyes of the police, right? "The little cousin asked proudly.

Christopher clapped his hands: "Very good! Your order is really clear. Since it is so clear, let's take care of it one by one in front of the police!"

little cousin also sneered: "Are you still pretending here? You are courageous enough, and you are about to die. So calm."

Christopher raised his eyebrows: "Of course!"

The policeman on the side interjected and asked, "What the hell is going on!"

"Police officer, listen to me, this man is a migrant worker from another area. He has a wife and children at home. , but he fooled around with my cousin again, and the two still owed money to the bank. This man came here once a few days ago and tried to take my cousin away.

He didn't succeed a few days ago. No, today again When he tried to break into the house, the whole village could not stop him. Just ten minutes ago, before you came, this man slammed the door. Police officer, do you

want to arrest him!

I have to check carefully, this person seems to be a contractor, like this kind of man who ignores his family and only cares about playing with women outside. He doesn't know what to do outside with his girlfriend. You think, my cousin even has money from the bank. Dare to deceive, the two of them may have committed many illegal things behind the scenes.

Maybe he is a contractor who came out to avoid debts.

Maybe he built some substandard projects somewhere, causing the I don't know what happened to hurt people!" What the

little cousin said was reasonable and logical.

The eldest cousin and eldest cousin behind him nodded in praise, and the eldest cousin even gave a thumbs up to the younger cousin: "Cousin, you are amazing! In this case, I don't think this man can run today!

" Brother, even the neighbors and spectators outside the gate nodded in praise.

Others whispered: "This little cousin of Galia's aunt's family does have two brushes. This time, all of Galia's dirty things have been uncovered. It

is estimated that Galia is going to jail

. What does it mean to have a daughter?

It's absolutely amazing!"

"Hey! Whose family has a daughter like this, it's really bad. Let's go, don't look at it." One of them sighed with his hands behind his back. left.

"Don't go, let's see how the police took Galia and her wild man together, and look at the excitement. In our village, no one has ever been caught in a prison.

dozens of villagers, only a few One or two people couldn’t bear to see Galia’s end, and most of the rest wanted to watch the fun without taking it too seriously.

They all scrambled to see with their own eyes how Galia and her wild man were handcuffed away.

While the heads outside the door were discussing each other, those inside the door were also checking.

“Is what this lady is telling the truth? You are a small contractor for a coat who did the tofu dregs project, and you have committed bigamy?” The policeman looked at Christopher with sharp eyes.

Christopher smiled calmly, then took his ID card out and handed it to the police: “This is my ID card, as for whether I’m married or not, the whole country is connected to the Internet, you can definitely find it. , I took the photo on the spot and asked your colleagues in the household registration department to check it.

I’ll just wait here. “The

police are all businessmen. One of them immediately took a picture of Christopher and sent it to the household registration department, and then waited for the inquiry. After a few minutes, the police gave Christopher an incredible look, and then softened his tone a lot: “Mr. , your ID card will be changed to you, we have checked it, and you are indeed single. ”

Little cousin: "..."
