

# **PUNISHED BY HIS LOVE**

## **I'm Sorry My Love Novel Alternative**

### Chapter 2618

Christopher looked at the little cousin with an innocent expression: "I dare to ask this person who is well organized, has a clear appearance, and has a profound culture. Beautiful beauty, which ear did you hear that I was married, or which eye did you see that I have a wife and children?"

Little cousin: "You..."

"Pfft... "The villagers standing outside the door were originally waiting to see how Galia was taken away. Now, when they heard Christopher stunned such a foreign-looking little cousin in such a slow manner, the villagers couldn't help laughing.

"If you can't answer a beautiful woman with a clear, well-organized appearance and a profound culture, I have to remind you that slander and slander are illegal and you will be punished! Not to mention that you are slandering and slandering! You have to The police, including giving me an account as a victim!" Christopher's tone was very gentle.

But the little cousin could feel that she was bitten.

And it's not clear who was bitten, she couldn't get rid of it even if she wanted to!

She suddenly felt that today is a big trouble here.

It was the big trouble she couldn't escape.

Thinking about it now, since when did she start to believe that the man in front of her was a wild man? And a man who was married and had a family?

In fact, it is really just a false rumor.

She had never heard Galia speak about this man.

She just listened to her eldest cousin and eldest cousin that there was a middle-aged man from another place, dressed in the clothes of a migrant worker, with a shaggy beard. At first glance, he looked like a down-and-out migrant worker, and he was a little older. Married and have kids.

And such a married man with a child came all the way to find Galia.

Galia owes so much money, indicating that it must be related to this man. After such a step-by-step calculation, and from the fact that this man wears Lenovo, the younger cousin and the older cousin and the older cousin calculate that apart from Christopher, he is a family. Those who had the tofu slag project and those who owed debts fled to the other place alone to kidnap the little girl.

But, in the final analysis, the little cousin did not hear or see that Christopher was really such a person.

She hesitated to say, "This..." "Speak!" Yan Kuan

suddenly sternly said, "If you don't say it today! I will sue you for slander! It's slander!"

Li Ha, the frightened little cousin shivered.

She gave Christopher a frightened look, and sharply realized that Galia's top spot was not easy to deal with.

They're afraid they won't be able to take advantage of it today.

At this time, Galia's mother, aunt, uncle and aunt also came out of the room one after another. Seeing Christopher scolding her little cousin, Galia's mother immediately scolded Galia: "Galia, you bastard! You have done a shameful job yourself. Why did you bully your cousin in turn?"

Galia looked at her mother coldly: "Mom, which eye did you see me bullying my cousin? Could it be that the police came to our house not to maintain the law and order of our house? Isn't it?"

Don't my cousin and my cousin really want the police to come?

The police are here, and I, and my wild man, can't run away, can't they?"

Galia's mother: "... ."

She was speechless by what her daughter said.

The mother asked with a little weeping voice: "Galia, what are you trying to do! Do you have to make things bigger?"

Galia smiled sadly: "Mom, I don't want to make things worse, I think even if my uncle and aunt really took away the house, beat me up, dragged me out for a walk in the village, I would recognize it. , I didn't plan to make things worse, but the police came!

My friend didn't leave, and my cousin didn't plan to let him go out of our yard.

Mom, I can't do anything about it.

We can't do

anything about it! It can only be like this!"

Mother: "..."

Galia looked up at the police, and said blankly, "Officer, please check carefully, and never let those who violate the law slip through the net! "

## Chapter 2619

Seeing Galia's stubborn appearance, relatives were stunned for a few seconds.

Since Galia's incident was revealed, these relatives have never seen Galia so hard-hearted. After she owed so much money and ran home from the big city, she was like a tortoise with its head shrinking. The mother's beatings were never explained.

She never retaliated against the scolding and abuse of relatives and elders.

Even if her cousin and cousin beat her to the death, she still wouldn't fight back.

But at this moment, Galia's attitude was so firm, and her expression seemed to be broken.

All the relatives present were a little flustered.

Including the people standing outside the gate watching the fun, they all stopped.

It seems that things have turned around?

At this time, the policeman also looked at the little cousin and asked very seriously: "Little girl, you must answer truthfully when you ask me, you must know that our country is guilty of slander!"

"I... He, this..." The girl who had just spoken clearly and talked eloquently, at this moment, blushed and couldn't tell why.

But she had to say: "I...I didn't see it with my own eyes, nor...I didn't hear it with my own ears, I..."

"Since I didn't see it with my own eyes, I didn't hear it with my own ears, so how did you judge that I had a family, how did you judge that I had done a tofu dregs project, and how did you judge that I was a small foreman who fled to collect debts?" Christopher took a step closer. forcefully asked.

"I..." The little cousin faltered, tears streaming out of fright.

Christopher sneered contemptuously and said: "You made it up, you imagined it yourself, Miss, you have a rich imagination, it's not bad that you have a clear structure, a strange appearance, a top student from a famous university, your mind is just different. !" The

little cousin's face was flushed, but she couldn't refute it.

The big cousin and big cousin behind him were also speechless at this moment.

Seeing this situation, the police immediately knew what happened, and one of them scolded: "Missing trouble, deliberately slandering! Detain her!" The

little cousin screamed in fright, "No... Mom, save her. Me, Auntie..."

"Wait!" Christopher said suddenly.

"That, sir, I... I didn't mean to slander you, it wasn't Galia, her behavior was too suspicious, she, who owes the bank for so many years, is still so unfilial, the net is I made my aunt angry, made my aunt ill, and refused to see a doctor.

She worked in a big city and lied many times!

She was kicked out of the company many times, and she made a fake degree!" bite.

But the police said: "That's her business in that city. If the company she works for doesn't pursue her and she doesn't interfere with others, we have no right to arrest her.

As for if she owes money... "The

police turned around and Wen Yanyan said, "Are you Lao Lai?

"

Galia shouted with tears in her eyes: "No!"

"Of course she is not!" Christopher added: "Although she took the money from her credit card, it was overdue! But the other party's bank signed with her. The agreement is changed! This has legal effect!

You can say that her personal credit report is not good, but she has been paying back the money all the time, and the bank has also given a grace period. How can you say that she is a rascal?

This well-organized, neat-looking, and highly cultural beauty, where did you find out that your cousin is an old lady?

do you have proof?

Please come up with evidence for everything, okay? "

Little cousin: "evidence..."

She has no evidence.

She only knows that her cousin owes a lot of money, and it's a snowball kind, and she can't pay it at all, so she takes it for granted that she is a scumbag.

"I...I have no proof . "The little cousin was embarrassed and said with a hesitantly lowered head.

Christopher sneered: "It's a slander again, a false rumor! "

Little cousin: "I..."

"Speaking of owed money, there is a ready-made example here, and the police officer should also comment on it. See what's right and what's wrong?  
"Christopher looked at the police and asked.

"Say!" "
