Christopher looked

at the big cousin and the big cousin again: "Galia owes you money, right?"

They were all stunned, not knowing what to say, and they were afraid that they were wrong and the big cousin who was dragged away by the police, when they heard Christopher ask them, they just woke up like a dream.

"Yes, yes! You are so right, Galia owes us money! If you owe it, you won't pay it back! This is real, the money you owe the bank is what you owe, isn't it what you owe us? What you owe us? If you don't pay back the money, isn't it an old lace?"

Lai!

"You're right, Galia is still an old lace!" The big cousin said hurriedly.

He was overjoyed.

Is the man in front of him stupid? Is he helping Galia or them?

It's really fun.

The older cousin looked at Galia with a proud expression.

That means, the helper you found will smash your feet again!

Galia also saw the smug expression of the eldest cousin, he said unhurriedly:
"The eldest cousin, right?" The

eldest cousin nodded: "Yes, I am Galia's eldest cousin!"

"Galia owes you money, do you have any IOUs?" Christopher asked.

"Humph! Of course, my brother clearly settles the account, can I still be sloppy about this matter! There must be IOUs!" The big cousin blurted out not knowing what to do.

"Please take out your IOU, eldest cousin!" Christopher said.

The eldest cousin immediately handed the IOU from his pocket to the police, and said very proudly: "Do you think I can't carry my IOU with me? I'm sorry, your wishful thinking is wrong, I will take my IOU wherever I go. Carry it

with you. It's just to guard against you old

rascals! You're a villain!"

"You're wrong!" The policeman looked at his eldest cousin seriously and said, "IOUs, from 30,000 to 50,000 in two years, Your interest is not legal!"

Christopher sneered: "Ha!"

Big cousin: "..."

Suddenly he found out that he was in the scheme, but it was too late.

The eldest cousin also smiled coldly: "This is my aunt's house. I lent money to my aunt to save my aunt's life! How can I save people's lives? I'm here!"

"You're right! But what else is written on your IOU?" Christopher asked step by step: "You don't just write how much you need to pay back on your IOU! You also want someone's house. Dare to ask the big cousin, what are you

doing here today?

Are you a guest at your aunt's house?

I wonder if you did something like this as a guest. You beat your cousin so badly that the police were alerted. Are you here as a guest?

Obviously not.

Let me tell the police what you are here for.

You are here to collect the house! Isn't

that right!"

"I owe the money! Of course I want to collect the house, We are her cousins, cousins, and cousins, so we have to settle accounts with our own brothers, right?"

"You are right! But Galia owes money and won't pay it back?" Christopher asked.

"Okay! Pay it back! Pay it back now, as long as Galia can pay back the money! Of course I won't take the house, but if I don't pay it back, don't blame me for being rude!" Even if he wanted Galia's house again, he couldn't speak in front of the police.

He could only bite the bullet and ask Galia to pay back the money.

However, the eldest cousin also knows that Galia can't be exchanged for money.

He was still rejoicing in his heart, and was still watching jokes, seeing how Galia, a debtor, was able to take out 50,000 yuan at one time!

Galia on the side smiled sadly: "Brother Christopher, all my money is with my mother, I..."

Now, it is absolutely impossible for her mother to take out the money and slap her cousin in the face. ah.

Christopher smiled indifferently, then took out a deposit slip of 50,000 yuan from his pocket and handed it to Galia: "Galia, take it and return it to your cousin."

Chapter 2621

Galia: "..."

She didn't say her pregnancy for a long time, only tears swishing away Dirty.

After a long while, she choked up: "Brother Christopher, I... I won't ask you to borrow money. From now on, I won't borrow any money from anyone! Thank you."

"Silly!" Christopher scolded!

"At this time, it's not the time to talk about backbone. Things will come step by step, and they will be solved step by step, and they will be completely solved today! Since you believe in me, you must listen to me, be obedient, and take the 50,000 yuan first. !" He looked at Galia with a stern look.

Galia: "Brother Kuan..."

"Take it!"

Galia knew that in this situation, when she and her cousins and cousins had all torn apart, she had to take it. Do this step.

Otherwise, you will not only harm yourself, but also brother Christopher.

She burst into tears and finally handed the book in Christopher's hand to her eldest cousin: "Cousin, this is the 30,000 yuan I owe you. You said that I will pay you back 50,000 yuan in two years. I'm paying it back now. Remember. You have nothing to say about the website

."

"That's not good! It's too late!" The big cousin seemed to have forgotten that he had already exceeded the upper limit in terms of interest collection, which was illegal.

He started pointing at Galia again, "A month ago was the day to repay the money, you have already violated the rules after delaying for a month, and now I want to collect your house, this is fair business!

Besides, Aunt has also agreed.

Galia, in this house, your words are nothing, this is my aunt's house, and her words are nothing!

I have to take the house away! "

At the last moment, the big cousin will definitely be able to fight a little more, so he will fight for a little more.

"Okay! You really do, you really can't see the rabbit and don't throw the eagle!
"Christopher looked at his eldest cousin, and then said with a sneer, "Didn't you guys say over and over again that I'm a foreman? Since I am a contractor, I must know more about real estate than you.

Today I'm here to popularize the real estate law with you! "

Speaking, Christopher looked at the handsome, eloquent, educated little cousin just now, and then said: "Top student, you are a top student from a famous university, why didn't you follow me?" Cousin made it clear in advance that private houses cannot be bought and sold as commodities and gifts? "

Little cousin: "..."

She knows.

Of course she knows that private houses cannot be sold or transferred, they can only be lived in permanently.

But my aunt doesn't know that. She

has strong vanity and is a foolish cousin. Galia didn't even know.

But she didn't expect that this wild man named Christopher knew so much.

"This is a private house! Homestead where farmers have lived here for generations! This is not a commercial house! Galia's family can only live here for generations, but they have absolutely no right to resell.

Even if they resell the house to you with a black conscience and take your money, one day they will go to court to sue you and forcibly seize their house, they will be the one who will win.

Understand! Christopher sneered and looked at the big cousin.

The big cousin stammered for a long time and was speechless: "..."

Christopher didn't intend to spare his eldest cousin: "What's more, you are really robbing here now! You said just now that forcibly entering a house is a crime, so is it a crime for you to forcibly rob someone's house here? When

he turned around, Christopher looked at the police: "Officer, what do you think?"

"Forcibly robbing a house, of course breaking the law!" The frightened cousin trembled in both legs.

At this moment, the eldest cousin was really scared.

All he knew was that his aunt had always loved him. As long as he said something, his aunt would always do everything in his power to satisfy him. In this world, he and his sister had the best aunt.

Neighbors left and right envied them.

So he asked for his aunt's money, beat his aunt's daughter, and then asked for his aunt's house. He took it for granted. He knew that his aunt would definitely protect him.

So at this moment, the eldest cousin turned around and looked at Galia's mother: "Aunt... Please help me, I..."

Galia's mother looked at Galia sternly. Galia: "Galia, what do you want to do! This is your cousin! How come you don't care about family affection at all!"
