## **I'm Sorry My Love Novel Alternative**

### Chapter 2626

"Blow these dog relatives out!"

For a time, people outside the yard were already buzzing.

At this moment, they don't feel that there is any trouble gathering.

They just want to protect the people in their village!

Standing in the yard, Galia's mother's relatives are really a face at this moment, not a butt.

Especially the one who was bossy half an hour ago, thinking that she was the most talented, beautiful, and outstanding little cousin in the world, but at this moment, she blushed and had a thick neck and was very embarrassed.

"Does it feel good?" Christopher asked deliberately, looking at a group of wolf-hearted things in the yard.

No one answered Christopher.

No face to speak.

"Let me tell you, I've seen bullies! But I've never seen bullies like you! As relatives, it's fine if you don't help, and while searching for this Galia, you poop on Galia's head. Urine! You have to let Galia say that your shit smells good, and it's still because Galia's mother loves you so much.

You feel your conscience and ask yourself, are you not guilty? Aren't you afraid of going to hell?

Oh, You are all civilized people, you are not superstitious, you don't believe in hell, right?

But your face is always yours, you have to have it!" What he said was really cruel.

Christopher just wants to leave no mercy to these people!

He just wanted to make these people fear him for the rest of their lives, and they would not dare to dig out any tricks from now on.

A group of people, at this moment, are really afraid of Christopher's fear of shrinking their heads.

Especially the most powerful one just now, the eldest cousin who was five big and three thick, was about to kneel down to Christopher at this moment.

Uncles, aunts and aunts also lowered their heads and never dared to raise their heads.

"Hurry up and get out of my house! Get out!" Galia's mother cried like crazy.

This group of people seemed to have received an amnesty order, and immediately fled from the yard with a bang.

When I got to the door, I had to endure the saliva of the people watching the lively outside the door.

How embarrassing how embarrassing it is.

In just two or three minutes, all those relatives ran away.

Now that the matter was settled, the police also left.

The moment the door was closed, the people watching the excitement outside the yard couldn't see it either.

In the huge yard, only Galia's mother, Galia, and Christopher were left.

Galia's eyes were so swollen she couldn't open them.

Galia's mother kept shouting: "Galia, my good daughter, don't blame mom?"

Galia's heart was full of mixed feelings.

Weird?

she does not know.

She was raised by her mother since she was a child. Galia herself admitted that her mother's contribution to this family was no less than her father's.

But don't you hate it?

For so many years, the experience of growing up from childhood, the feeling of being bullied and trampled by the children of my uncle and aunt, and the feeling of being trampled by my own mother, it is really too painful.

Moreover, once that childhood is over, it can never be found again.

Some people say that a happy childhood can heal a lifetime, and an unhappy childhood needs a lifetime to heal.

And Galia, although her parents are still alive, is not a left-behind child.

But she had a very unhappy childhood.

How could she not hate her mother?

"Mom, our yard has been preserved. In the future, you can take good care of the house at home. After a while, call Dad back and don't let him work outside. He is old and in bad health, so don't quarrel with him. Okay?" Galia finally calmed down and said to her mother peacefully.

Galia's mother immediately turned from sadness to joy: "Daughter, you... did not give birth to a mother?"

Galia did not answer her mother's words, but said calmly: "Mom, I want to leave the house and talk to her. Brother Christopher, go."

to continue to find my sister.

Galia's mother's face immediately turned into a slightly frightened look: "Galia, you...you hate your mother?"

Galia answered without hesitation: "Hate!"

Galia's mother: ".. "..."

"But you are my mother, I can't help it. I also know that you have actually paid a lot for the Yan family over the years. Although I am very you, I still feel sorry for you." Galia answered truthfully.

"That's good, that's good, my mother was sorry for you before and ignored you. In the future, my mother will not be biased anymore." Having said that, Galia's mother smiled bitterly: "Why are you biased? , I'll... cut off our friendship!"

She had a painful expression on her face.

Galia smiled relievedly: "Mom, we are all such close relatives. When my brother and I were young, my aunt and uncle were constantly helping our family. The relationship is so close. The relationship between the younger brothers is the same.

How can such a close blood relationship be broken?

Besides, I did not do such a thing and sent them all to prison.

So my mother, my uncle and aunt, cousin, cousin, and Aunt and the others can reconcile as long as they can.

I... will not hold grudges against them."

Galia's mother asked puzzled: "Child, you are so tolerant and sensible, you are willing to forgive you. Cousin, cousin, and the others, why did they leave their mother?

My mother knew that Christopher was very good, especially good.

Mom can see from the way he handles things today that he is very capable.

Although Christopher is a bit older than you, but your mother doesn't object to you being with him, you just... don't leave your mother, right? Galia's mother looked at Galia almost begging.

Galia sighed, then smiled: "Mom, why are you like a child?" I am your daughter! Even if you kill me, I can't hold revenge with you. I didn't leave you because I couldn't come back to see you because of my vengeance.

I owe so much money!

I have to pay back!

I still owe Brother Christopher fifty thousand, fifty thousand, mother!

There is nothing between me and brother Christopher, nothing at all. The reason why I chose to go with him is because I want to return the money to him as soon as possible after making money.

People trust me so much and help me so much.

I can't just let it go, can I?

There is nothing in our family that can be taken back as a mortgage, so I have to get rid of them, Mom. "

Galia's mother wiped away her tears quickly, then turned from worry to joy and said, "Yes, yes, yes, we have to pay back the money, my daughter is right!"

Alright, alright girl, you go and pay back Mr. Yan's money first.

Mom knows, Mom understands.

My daughter is really smart. Christopher on the side is also very moved.

In fact, looking at it now, although Galia has many shortcomings, in general, she is still a responsible person, at least her thoughts are positive.

She also He never wanted to run away from debt.

Christopher looked at Galia's mother and sighed: "Auntie, your daughter has always been a good girl. It was you who hated her since she was a child and created her vanity.

She made her want to get ahead of many people.

Created her inner fear and low self-esteem, you understand? "

I understand, I understand, I understand, I almost killed my daughter, and I won't do it in the future, Mr. Yan. Although I am old now, I promise that my relatives are relatives. In the future, whoever dares to bully my daughter, I will fight with whomever.
