## Chapter 264 What to do

When she saw the number of the caller, Feng Pingping's face changed for a moment.

She seemed to be a little nervous, and had even forgotten all about the fact that she had just wanted to seek revenge on two more.

Feng Pingping hesitated for a moment, but still gritted her teeth and picked up the phone.

'Hello, Brother Qiang.' Feng Pingping coped with a forced smile, 'Hello, it's been a while since you called me, how have you been?'

'Good your ass!' Liu Qiang on the other end of the phone was not very nice, and he scolded me directly into the microphone, 'Why didn't I call you? You have not yet done what you promised me this month, you are not making any noise, do you want to lean over this matter? Oh, then you are thinking too much!'

Feng Pingping was scolded, her heart was very unpleasant, but her mouth did not dare to show it at all, even her expression was trembling.

She hurriedly said, 'Qiang brother Qiang brother, you see you don't get angry ah, how can I not do things for you, it's just that you know, recently the school also look at me more closely, and also not so good class'

Feng Pingping sighed and poured out her bitterness, saying, 'You know, I've already been punished by the school for helping you find a girl, and if I'm not more careful now, I might be expelled directly. So ah Qiang, you do not rush, I'

'I'll f\*ck you!' Liu Qiang on the other end of the phone was furious and cursed directly, 'You're threatening me, aren't you? Say it again, believe it or not, I'll kill you, huh?'

Liu Qiang then cursed, 'Damn you, when you spent the money I gave you, why didn't I see you have so much difficulty? I'm asking you, are you going to do something for me or not, if not, then don't blame me for not being polite!'

Feng Pingping knew that Liu Qiang was angry, and if he was angry, he would really be able to do anything.

Feng Pingping couldn't help but feel nervous and uneasy.

She trembled and said, 'I know Brother Qiang, don't worry, I will definitely help you with this, just don't be in a hurry, if I was good at it, wouldn't I have done it for you already, I am really bad at it now, so please be more understanding Brother Qiang'

'I understand your mother!' Liu Qiang said, 'Feng, I'm telling you, tomorrow night at the latest, if I still can't see anyone, then I will shake out all your previous scandals in your Chujiang University, don't forget, you have taken a lot of photos at the beginning, huh, I'll see what you do then, Feng, don't give shame!'

As soon as Liu Qiang finished speaking, he hung up the phone decisively.

The moment the phone was hung up, tears welled up in Feng Pingping's eyes.

At this moment, she didn't have the heart to seek revenge on Jiang Hao, she could only save herself now.

Feng Pingping's heart was burning with anxiety, she knew very well Liu Qiang's methods and his character, if she really didn't do what he wanted, then he would do what he said.

That was what Feng Pingping was most afraid of.

Instead of wiping away her tears, Feng Pingping just raised her hand and slapped herself.

She would never have thought that her impulse would end up with such consequences.

In the beginning, Feng Pingping was just short of money to spend, so she fell into Liu Qiang's path, accompanied him for one night and took a sum of money.

However, Feng Pingping never thought that her impulse at that time would become a handle for Liu Qiang to take advantage of her.

Liu Qiang not only had someone secretly record the video, but also secretly took a lot of pictures of Feng Pingping.

After that, Liu Qiang asked Feng Pingping to go to Chujiang University to find him a girl, but at first Feng Pingping did not agree.

But she just objected, Liu Qiang directly took out the pile of handles that were filmed, and justifiably threatened, 'If you don't do what I ask, then I guarantee that on the second day of your dishonesty, let these videos and photos, all of them appear in Chujiang University!'

When Feng Pingping first saw those things in Liu Qiang's hands, she was completely desperate.

Naturally, she did not want to let everyone know about these things, in that case, how could she still stay in Chujiang University, she even had the heart to die.

There was no way to resist, so she had to agree.

Since then, Feng Pingping has also developed more and more, she has fallen deeper and deeper into the situation, and in the end, even pulling herself out has become a problem.

Even now Feng Pingping desperately wants to pull out of this filial piety arranged by Liu Qiang, but it is categorically impossible.

Feng Pingping is simply desperate, she really does not know what to do.

If she couldn't back out, she could only continue to help Liu Qiang do this damaging thing.

But now the thing that gives Feng Pingping the most headache is that even if she wants to do it, no one believes her now, she can't cheat anyone anymore!

Chapter 265 - Shameless

Just when Feng Pingping was feeling confused and bewildered, she suddenly thought of Xue Yuning again.

In fact, she had thought of Xue Yuning yesterday, only that she had been stopped by Xu Qingqing in the end.

And Feng Pingping also felt that. Xue Yuning was indeed a suitable target for herself.

For one thing, Xue Yuning was simple, so she could probably fool her with a few words, and when the time came, she could just find a random excuse and she would be done with her.

Moreover, she knew even better that Xue Yu Ning needed money, and that was the most crucial thing.

Xue Yu Ning's mother was in hospital and needed a lot of money, this was one thing that many people who knew Xue Yu Ning knew.

The more the time is like this, the more one can take advantage of the situation and take care of Xue Yuning.

When the time comes, as long as he or she is coerced and enticed, he or she will not believe that Xue Yuning will not take the bait.

The only thing that gave Feng Pingping a headache was that Jiang Hao was always with Xue Yuning, and if she wanted to take care of Xue Yuning, she had to take care of Jiang Hao first.

'Always coming to spoil my good deeds!' Feng Pingping muttered, thinking for a while, but still couldn't think of any way that was going to make Jiang Hao stay away from Xue Yuning.

After all, she couldn't take Xue Yuning to Liu Qiang's place by herself, followed by a Jiang Hao, right?

The kind of thing that you do is not allowed to see the light of day, so if the word gets out about this Jiang Hao, won't you have to eat your own words?

Thinking about this, Feng Pingping couldn't help but feel a headache again, as if things were stuck in a dead end here again.

'Oh my God, what can we do?' Feng Ping Ping was anxious, after all, Liu Qiang had given her a time limit, but tomorrow night, if she couldn't send him someone tomorrow night, then maybe that madman Liu Qiang could do something.

Just when Feng Pingping was at a loss, her mobile phone suddenly rang again.

Feng Pingping's heart instantly hung in the air again, thinking that it was probably Liu Qiang again.

This guy is not going to change his mind and won't even give himself the time limit tomorrow night, right?

Then she would really go crazy.

However, when Feng Pingping looked at the mobile number of the caller, she was relieved.

Because the caller was not Liu Qiang, and this person was also somewhat unexpected to Feng Pingping, because this person was actually Xu Qingqing.

'Why is she calling me? What's this about?' Feng Pingping couldn't help but mutter, full of questions but without an answer.

She picked up the phone with a bit of unease and gently answered, 'Hello?'

'Hello yes, is this Ping Ping? It's Xiaoqing.' Xu Qingqing said in a low voice, and this time there was even a bit of fatigue and hesitation in her tone.

Feng Pingping certainly didn't have any good temper, and directly said back coldly, 'Oh, what do you think? You called me and you asked if I was Feng Pingping, did you have a brain cramp?'

Feng Pingping could never forget last night, how this Xu Qingqing had spoiled her good deed by going to favour Xue Yuning.

Xu Qingqing was silent for a while before she slowly said, 'Sorry, where are you, Pingping?'

Is this something wrong with Xu Qingqing? Feng Pingping couldn't help but be curious in her heart.

She also said, 'What do you care where I am, what do you want? If you have something to say, just say it.'

Xu Qingqing stammered for half a day before saying, 'I want to borrow some money from you.'

'Borrow money?'

Hearing Xu Qingqing's words, Feng Pingping exclaimed as if she had been shocked, so surprised that she shouted out loud, her heart simply crying out in disbelief.

She could never imagine that this Xu Qingqing would one day borrow money from herself.

However, Feng Pingping was certain that Xu Qingqing was probably in some kind of trouble, otherwise, with her fierce nature, how could she have offended herself yesterday and then lick her face to borrow money today?

The first time I saw her, she laughed heartily and said, 'You are really shameless, fine, see how I humiliate you!'

Feng Pingping said in an impish tone, 'You heard me right, didn't you? Miss Xu Qingqing would even ask me to borrow money? Tsk, tsk, tsk, what a great strange story, huh?'

Then Feng Pingping turned her words around and said in a tricky tone, 'What do you think? When you offended me before, you were so arrogant that you didn't take me into consideration. What do you think I am? A rag? You use it when you want to, but throw it away when you don't?'

Feng Pingping's words made Xu Qingqing's face red and her teeth clenched.

She felt very bad in her heart, but she was still holding it in.

Because before she made this call to Feng Pingping, she had already thought that she would definitely not be able to avoid such a humiliation.

But she made the call anyway, and was mentally prepared for it, because she seemed to have no choice now.

If it wasn't for the fact that she was so short of money, Xu Qingqing would never have opened up to Feng Pingping about it anyway.

She also knew that she had offended someone yesterday and today she was asking to borrow money, which was simply shameless, but what could she do about it?

Chapter 266 - Going over here

Xu Qingqing really had no choice because just early this morning, shortly after Xue Yuning had left her dormitory, Xu Qingqing received a call from her family.

Her father was seriously ill.

In fact, her mother had already called Xu Qingqing before, saying that her father had been hospitalised due to illness, but the two parents were afraid of delaying her studies, so they always concealed the illness and did not explain the situation truthfully.

What they hadn't explained was that the family had already been emptied of money for this treatment.

This morning, her mother finally told her the truth, which struck Xu Qingqing like a thunderbolt, and she did not recover for a few days.

The next thing she knew, her mother told her that the family had no money left, and that even the house that her parents relied on for survival was now mortgaged to a loan shark.

So Xu Qingqing's father was ready to give up the treatment.

But giving up on treatment meant that her father might not live more than three months.

Xu Qingqing, who had learned of the change, locked herself up in her bedroom for a long time, just crying helplessly alone.

After crying for a long time, she seemed to realise that she should do something.

At the very least, she should not give up hope. Her father was the only source of financial income for the family, and if he collapsed, wouldn't her family also collapse?

The defiant energy in Xu Qingqing's bones broke out again.

She spent the whole morning on the phone, borrowing from relatives, friends, primary school, middle school, high school and finally university friends.

But her classmates were either in really bad shape and couldn't get the money.

When it came to the time when she needed it, they all had various excuses and excuses.

Xu Qingqing was desperate, and in the whole morning she had only managed to raise less than five thousand yuan.

The money was almost a drop in the bucket, so Xu Qingqing sighed and cried again.

In fact, she did think of Xue Yuning in the process, but Xu Qingqing thought about it and did not call her.

Xu Qingqing knew about Xue Yuning's situation, she was already in extremely poor condition and her mother was still in hospital.

If she asked her for money at this time, Xu Qingqing was sure that Xue Yuning would give it to her, as this was in line with her character.

But if she used Xue Yuning's money, would her conscience be overwhelmed?

Using someone else's mother's money for a cure to save her own father?

Even though she and Xue Yuning were very, very good friends, she couldn't do that.

In the end, there was no other way out, so Xu Qingqing thought of Feng Pingping.

She knew that Feng Pingping's family was far away and did not have any financial burden.

She had a lot of money from time to time, and she had a lot of money on hand.

At this point in time, she guessed that the only way she would have a chance was to ask her.

Although she was sure that she was bound to be scolded.

But for the sake of money, for the sake of her father's life saving money, Xu Qingqing gritted her teeth and called the number anyway, because compared to her father's life, this humiliation was nothing.

Xu Qingqing was in tears and choked up as she explained, 'No, Ping is not like that, it's really not like that, I'

'You what you!' Feng Pingping shouted in anger, 'You're a f\*cking psycho, do you know what you call this? This is called shameless, big face without shame!'

Feng Pingping scolded Xu Qingqing again, 'What the hell do you think? Yesterday, you were so proud of me, and now you're acting like a third grandson, borrowing money from me? What do you take me for? A soup kitchen? Or a bank? How dare you think of it, you don't know how to be ashamed of yourself!'

She was waiting for Feng Pingping to let out all the grievances in her heart so that she could lend her money.

'If you have any complaints or unhappiness, just say it, hit me and scold me, as long as you can vent it out,' Xu Qingqing said in an extremely humble manner.

Feng Pingping could see that as long as she could borrow money from herself today, this Xu Qingqing could be her grandson.

So what was the point of being polite to her? Of course, she wanted to take out all the unpleasantness and displeasure she had before, right?

But the matter of borrowing money, oh, Feng Pingping still thinks that this Xu Qingqing is too naive.

She would not have lent Xu Qingqing a penny, even if she hadn't sinned against her before, and she was still on good terms with her.

It's one thing to lend or not to lend money, it's another thing to have your f\*cking face out for me to hit.

You've taken such an initiative, if I don't hit you, wouldn't it be too disgraceful?

'It's okay to beat you up?' Feng Pingping asked with a cold smile.

Xu Qingqing hesitated slightly for a moment, then finally gritted her teeth and returned, 'Fine, as long as it's fine, as long as you like it and you can take the piss!'

Feng Pingping was simply overjoyed at her words, and hurriedly asked with a smile, 'Yes, tell me, where are you now? I'll be right over!'
