Chapter 2648

Galia: "..."

She was excited.

If you don't want to enter the office, it is impossible to engage in more meaningful and creative work like a real senior white-collar worker.

Galia dreamed about it.

Thinking too much.

However, she couldn't speak to Christopher, and said to Ji'er, "Sister Ji'er, brother Christopher, I have the ability, but I just don't have an education. You help me go through the back door and let me try it out."

She was really embarrassed Open your mouth.

Why do people want to help you again and again?

Both Christopher and Ji'er have helped Galia a lot.

She can't consume them anymore. Remember the website address

, but she didn't expect that even without the help of Ji'er and Christopher, she would attract an olive branch with her own care.

She covered her mouth, tears streaming from her eyes.

She cried with joy, and asked the director of the fashion department a little shyly: "I...I am, won't it be buried if it is gold?" The

director laughed immediately: "This girl is quite humorous. But... .. indeed!"
After a

pause, he asked: "How about, join our fashion department, I'll go and tell the personnel department today?"

"You...you let me think about it." Galia immediately said: "Is it okay? I'll consider it for a day." The

director readily agreed: "Okay! No problem!"

"Thank you, Director!"

Galia's so-called consideration is actually to discuss with Ji'er. At this time, Christopher is not in the company. His most diligent is to come back once a week for a morning meeting, arrange work, and spend the rest of his time in the field. In this case, she could only discuss with Ji'er.

After all, the Fu Group is generally the company of Ji'er's family.

Although Mr. Fu has basically stopped asking about the company.

In the evening, Galia called Ji'er: "Sister Ji'er, I told you the truth, I don't want to lie to you, my education level is indeed limited, even if I want this job again, I don't want to. Deceiving the company."

Ji'er smiled.

When she arranged for Galia to come in and start from the bottom, didn't she just think that one day she would be able to slowly rise up with her own efforts? Now it's finally happening.

She smiled gently: "It is possible to make an exception when the director of the department promotes you. You don't need to submit your academic certificate, as long as the director speaks to the personnel, I believe you will be able to do your job well."

Galia asked gratefully. Said: "Really, Sister Ji'er?"

Ji'er: "I'm looking forward to you! Come on!"

Galia nodded: "Yeah!"

This evening, Galia also called Galia's parents to ask if they wanted to be promoted to the fashion department To be a business person?

The answer given by Galia's parents is to fully support her!

Galia was even happier. Early the next morning, she went directly to the fashion department and the personnel department to make a handover.

The fashion department first gave her a six-month probation period, and then she would become a regular after six months. As long as she could become a regular, the salary would be 16,000.

It's not particularly high, but it's already a sky-high price for Galia. She swears secretly that she must do this job well, and she must be down-to-earth.

Half a year passed in a blink of an eye.

In half a year, Galia used her diligence and modesty, as well as enough professional knowledge, to keep herself in the fashion department of Fu Group, and became a business manager of the fashion department.

Monthly salary, sixteen thousand.

That's more than what she paid for two jobs six months ago.

On the first day of her employment, Galiati went to Galia's house with a large bag and a small bag.

When she just came to the gate of the community and had not yet entered, Galia was stopped by a fashionable and tall woman.

"Excuse me, who are you, looking for me... Is there anything?" Galia asked, looking at the strange woman in front of her.

Chapter 2649

"Are they... okay?" The woman is very beautiful, but her voice is a bit dry and hoarse.

Looking closely, the beauty of the woman made Galia feel a little too straight, as if it was a face that had undergone plastic surgery.

But women are gentle and polite.

Intuition tells Galia that this woman is not malicious.

She didn't answer and asked the woman: "Who are they...?" The

woman smiled and shook

her head: "It's nothing." After a while, she said in a low voice, "Thank you."

Then she turned around just left.

The voice she spoke was extremely small. If it was a normal person's voice, Galia would not be able to hear it, but this woman's voice was hoarse and dry, so Galia could hear it a little.

She turned her head and glanced at the woman, thoughtful.

For a second, would she think it would be the daughter of Uncle Yan and Aunt Luo?

However, Galia immediately denied it.

Galia has never met Galia.

However, she was already very familiar with Galia.

Galia is very beautiful and very distinctive, and Galia's beautiful and charming curved eyes are enough to sweeten many people. Galia's home has too many photos of Galia.

Every one tells Galia that the girl in front of her has been from childhood to adulthood, and there is no haze in her heart. Even after getting married and married into a wealthy family, the Kefu family still loves her like a little princess. .

But Galia is not a pampered and arrogant girl.

Other people's love for her will only make Galia pure and kind, and her eyes are clear and boundless.

This is the Galia in Galia's eyes.

There is not even the slightest resemblance to the woman in front of him.

Not only does the score look good, but the vicissitudes of life, the melancholy, and the preoccupied eyes are not half similar to Galia.

Who is the one?

Maybe the wrong person.

Otherwise, why did she leave in such a hurry?

Galia sighed softly, then went into the community with a large bag and a small bag and went directly to Galia's parents.

Seeing Galia come in, both the old couple were very happy.

However, there are two other elderly people in the family today.

"Is it Galia?" Yan Chongwu asked immediately.

"Are you uncle?" Galia replied gracefully.

After being nurtured in Galia's family for half a year, her inferiority complex has almost disappeared, so at this moment, when she sees Yan Chongwu and his wife, Galia's expression is not nervous at all, but very decent.

"Is it the cutie my son picked up?" Christopher's father looked at Galia with kind eyes.

Galia blushed instantly: "Uncle, I'm not too young, I'm already thirty-and-a-half years old this year."

"Then you are the youngest in our family.

Our family's favorite Galia is a whole lot older than you. Three years old, do you think you are cute?" Yan Chongwu said again with a smile.

Galia's heart is sweet.

Heart wireless emotion.

No wonder Galia has a sweet personality, and there is no haze in her heart. It turns out that she lives under the care of such loving parents, uncles and aunts, and has such a strong brother to protect her. Of course, she has lived like a child since she was a child. Like a princess.

In addition to envy in her heart, Galia is also idle.

She smiled and looked at the four old people: "Aunt and aunt, aunt and uncle, talk to the four of you in the living room, I'll go in and cook, and today I'll bake our northern oil cakes for you."

"Okay!" Yan Chongwu agreed first. road.

He had already heard from his brother that Galia's pancakes were delicious.

Chapter 2650

can finally eat today.

Yan Chongwu came here today, not entirely because Christopher wanted to see Galia, nor entirely because he wanted to see his younger brother and sister-in-law.

The biggest reason is that Yan Chongwu found that in the past six months, his younger brother and sister-in-law's spirits have been much better than before.

In the three years since Galia disappeared, the younger brother and sister-in-law seem to have aged ten years. Both of them have gray hair, and they look older than their brother and sister-in-law.

But in the past six months, their mental state has improved significantly.

I only found out after asking, because Galia often comes.

Yan Chongwu and his wife have always known about this girl, because Christopher told his parents when he came back, and Christopher returned him and told his parents not to disturb Galia.

Because the little girl owed him 50,000 yuan, she always acted like she was thinking.

Always talk about it, always mention it, always mention it.

In order to make her work well and not take the 50,000 yuan owed to Christopher to heart, Yan Chongwu and his wife never met Galia twice.

This is not the case. During this year's end, Galia was given a year-end bonus of 20,000 yuan because of her outstanding work performance. In addition, Galia pulled out 30,000 yuan from her teeth in a year, so she finally got five Ten thousand yuan was also given to Christopher, so that Yan Chongwu and his wife could come to their brother's house and take a look at Galia.

This girl is really nice.

I heard that he was the savior of his son.

So down-to-earth, so capable, taking care of his younger brother, sister-in-law and his wife, he was refreshed a lot.

Such a good girl, where can I find it?

Well fed.

What happened to the junior high school students?

Yan Chongwu graduated from elementary school, his wife is not literate, and his son Christopher, who also graduated from high school, went out to mix with the world, and the whole family has a low level of education.

With such a daughter-in-law, it fits perfectly.

“What are you doing, Lao Yan, the girl is eating in the kitchen, can you be quiet, if the daughter-in-law hates the daughter-in-law, you will make the girl cry again!” Christopher’s mother scolded her husband in a very low voice .

“What’s the matter, a daughter-in-law is a daughter-in-law, I can’t say it, I think our son is very interested in this Galia, her name is the same as our family Galia, which means that she has a fate with our family, I tell you the old woman, Those famous ladies in Nancheng, etc. I don’t want them.

Think about it, our son has been a driver for Mr. Fu for so many years, what celebrities have not seen?

After being a driver for so many years, he will soon be forty. , I didn’t see that famous lady wanting to marry him. Oh, now that my son is the director of the Fu Group, there are thousands of celebrities lining up to come and have a good time with our son?

Bah!

The old Yan family is not uncommon!

The old Yan family is very rare in this kind of food!”

Yan Weimin and Luo Jin also laughed when they heard the eldest brother say this.

To be honest, they really hope that Galia can become Christopher’s wife.

This is called fat water does not flow to the field of outsiders.

But...

"Brother and sister-in-law, I can tell you, I have never heard Galia say that she likes us seeing Kuan'er. If the little girl doesn't want to, we can't force them. Big brother and sister-in-law, you have to go back and ask what Christopher means." Yan Weimin said in a low voice.

Yan Chongwu nodded immediately: "Okay, okay, I'll take care of our stinky son first when I get home!"

In the living room, Galia listened in a trance in the kitchen. She could hear what was being said in the living room, but Galia couldn't hear what was being said.

She only vaguely felt that it had something to do with her?

For some reason, his face suddenly turned red.

On this day, Galia was actually a little awkward at Yan Weimin's house. She always felt that Christopher's parents always looked at her. She blushes every time she sees her.

Galia also thought that when she met Christopher in the future, she wanted to ask him if his parents had any opinion on her?

Galia saw Christopher again two weeks later.

Christopher came back from out of town in a turbulent manner. He did not return to the company for the first time, but asked Galia to be in the box of a very quiet cafe.

Galia's heart was pounding a little: "Brother Christopher, you asked me out, what's the matter?"

Christopher pushed a packaged high-end silk scarf in front of her: "Look at it, do you like it? If you like it The gift I gave you, in the future...I will often give you."

Chapter 2651

Galia was stunned at the time, unable to speak for a long time.

“What? You...you don’t want to?” Christopher was slightly nervous.

To be honest, half his life is about to pass after following the fourth master, and he is not too young. It is impossible for him to say that he has never seen or experienced the romantic affairs. After all, he is a pure man.

However, in the past thirty years or so, he really never thought about his plans to get married.

His original plan was to hand over his entire life to Fourth Master Fu to protect him throughout his life.

But now, Fourth Master Fu has retired, and he has also stepped down from the role of bodyguard. In addition, when he sees his parents and uncles and aunts suffering from losing Galia, Christopher is like a family.

Then give birth to a few more children, in this way, it can also fill the follow-up void of the Yan family.

Parents just don’t talk about it.

But Christopher always knew that his parents were looking forward to him getting married and having children.

In the next two years, he had plans to get married, but because he wasted a lot of time looking for his sister, he really couldn’t stop to get in touch with her.

He doesn’t ask how beautiful he is when he marry a woman who goes home.

He only wants to be kind-hearted and honest. As for whether he has ever been married, whether he has ever had a boyfriend, whether he has lived together or not, he Christopher doesn't care about that. Supporting each other is the best.

But, with such a kind heart, it is the most difficult thing to support each other through ups and downs in the next few decades.

Since Christopher became one of the five directors of the Fu Group, there have been honeycomb-like girls in Quannan City, and all of them are very outgoing girls vying for a meal with Christopher.

Christopher's head froze when he thought of the hordes of women who were noble or sweet or sexy or enchanting.

He suddenly realized how the fourth master felt back then.

It is said that the fourth master was not close to women in those days, and no matter how beautiful the stunner, the fourth master never wanted to look straight.

If it were him now, he wouldn't even open his eyes to look at it.

Because everything in this world, if it is too much to overflow, will be disgusting, and the same is true of pretentious beauties.

Christopher didn't like it at all.

He has been a director of the Fu Group for two years, and he has yet to fall in love with any noble ladies or long-legged beauties.

Galia is the only girl he is attracted to.

Galia's looks are not pretty, at most a medium-high purple.

When he first met Galia and helped Galia, Christopher even had to pay attention to Galia all the time, so don't really become a changer.

But during Galia's work in the Fu Group, Christopher's actions at her uncle and aunt made Galia admire her with admiration.

When she was with her uncle and aunt, she seldom spoke, but mostly listened.

It was this listening that relieved the great spiritual sadness of the uncle and aunt. Not only that, Galia also took the initiative to undertake all the housework when she arrived at the house of the uncle and aunt.

Whether cooking, cleaning, repairing plumbing. Drying clothes, she can do the best.

In the past six months, the quality of life of the old couple has improved significantly.

And Galia did this on Saturdays and Sundays when she was not working.

Because of Galia's arrival, in the past half year, the old couple obviously have spiritual support.

This is all thanks to Galia.

This girl is very patient with old people and never reciprocates.

Not only that, Galia basically doesn't call Christopher to ask for credit, and as long as she saves 10,000 yuan, she will pay him back immediately, and hang up the phone without saying anything after paying the money.

As for the company's work, starting from a job that is basically equivalent to sweeping garbage and doing chores, she can do it well, and she is praised by the whole company. Galia herself is right.

She's smart and has good co-ordination skills.

This kind of work is hard and cumbersome to sit up, and the salary is low, but Galia has done so well, and she has never said before Christopher: "Brother Christopher, please help me arrange a good job. , you see I have also worked hard, I can work better."
