

# **PUNISHED BY HIS LOVE**

## **I'm Sorry My Love Novel Alternative**

### **Chapter 2664**

My boyfriend and I broke up.

I was kicked out of the company.

I still don't give up, I continue to pester him and disturb his life.

So..."

Having said that, Galia looked at her colleagues apologetically: "So, Mr. Liao now sees me like a ghost, it's not that it happened in our work. what.

Rather, he really sees me as the devil.

And, I caused all of these consequences.

He is a boy of very good character and works very hard, otherwise he would not have achieved the status of the company's top leader in just five years.

I was really wrong about this.

I can't blame anyone else. Remember the URL

I'm really going to take the blame and resign. "

After speaking, Galia looked at the colleagues present, and they didn't speak.

Galia's apology deepened: "I'm sorry everyone, did my words scare you? I'm really embarrassed, I used to be such a messed up person. I'm sorry. "

She is very calm in her heart. Anyway, in this company, she has never done anything wrong.

In this company, she did not deceive her education, and she did not deceive anyone. She came from the bottom of the tally clerk. So she is very calm.

Even if her colleagues don't accept her, she doesn't care.

But I never thought about it, the first colleague said: "Hey, Galia, why are you so sincere? That's all 800 years ago. If you don't hide it, you still pick up those old memories. Galia, listening to you say that, I feel more open-minded .

Do you know what I did when I first came to Fu Group?

I told the personnel department that my previous salary was 20,000 yuan per month. Actually, I told you Well, my monthly salary was only 4,000..."

Galia: "..."

"Galia, I... the university I went to abroad was... .Yeji University."

"That Galia...I always say that I lost my diploma, I...I dropped out of school..."

Galia: "... ."

After a long pause, Galia was stunned: "Why...you all..."

In fact, there are only three people like this, dozens of people in the department, and they are all normal.

The three of them suddenly laughed in relief, and they said in unison: "In today's complex society, who hasn't pointed out the shameful privacy and stories?"

Galia also laughed.

Yeah, who hasn't ordered privacy and stories yet?

She didn't hurt anyone.

"Don't leave Galia, that's what you did in the past, and it has nothing to do with you now. He doesn't understand how hard you are now, so why would he beat you to death with a stick.

Are you pestering him now?

No? Since he doesn't, since he's doing well now, he has a girlfriend, and he's so beautiful, it

doesn't interfere with anything, why should he let you go? Didn't you apologize to him?

He's still holding on to it. Galia bit her lip: "

I don't know, I don't know if he will cooperate with the company. Forget it, let's have a clear conscience. If he is willing to cooperate with the company without me leaving, I will be Apologize to him in front of the whole company, and their company. In front of

the director, Galia also said the same.

"Director, I will stay. Although we do not guarantee the other company's company, we cannot give up until the last step. As long as he agrees to cooperate with us, what conditions does he put forward?" I agree. "Galia looked at the director firmly.

"You are so sensible, Galia, I'll call and communicate with him." "The director called Liao Jie's phone.

Liao Jie asked angrily: "You are willing to give up cooperation with us and keep her, so do you know what she has done?" "

## **Chapter 2665**

"Are you talking about work, or privacy? If it is work, Galia has performed well in our company, the business is excellent, as for her personal issues, our Fu Group does not ask employees' personal affairs.

I don't think any company has the right to ask other people's privacy, right?" The director expressed his attitude towards understanding very seriously.

Liao Jie paused for a second.

After a while, he was a little unwilling: "I would rather give up our fashion factory and keep Galia?"

"We didn't say give up, as long as you are willing to cooperate with us, we are still very welcome, but our company will not be affected by any outsiders. Threats, especially in terms of protecting our own employees," the director reiterated.

"Okay! Very good!" At that end, Liao Jie sneered.

The director did not question Liao Jie because of Liao Jie's sneer. Instead, he still asked patiently, "Mr. Liao, what are your thoughts?"

"Of course I will cooperate!" Liao Jie was on the other end of the phone. He said heavily: "Fu Group is an opportunity that we won by squeezing our head, how could we not cooperate?"

Otherwise, we would not have come by car in the middle of the night, in order to let you see the sincerity of our company. , we'll be waiting for you an hour earlier.

Things have come this far, if we don't cooperate, wouldn't we have lost all our efforts?" Liao Jie on the other end was also very pragmatic.

"That's great." The Director breathed a sigh of relief.

He looked up at Galia and raised his eyebrows at her.

That means, it's done.

"Mr. Liao, I know that you and Galia from our company have a holiday, so let's change you to a docking person, so that you can look at each other without embarrassment, okay." The director originally felt that this sentence was also It's a concession.

Besides, it was also to protect Galia.

Since there is such a relationship between Galia and Liao Jie, it is really frustrating to try to get together, and it will often affect the work in the end.

With such a large order, neither side can go wrong.

The best way to not go wrong is to be at peace.

To make each other at peace, is not to have any intersection.

Anyway, Galia agreed to be exchanged, not to mention exchange, Galia was even willing to resign for the benefit of the company, Galia's side, there must be no problem, very easy to obey.

On Liao Jie's side, you definitely don't want to see Galia, do you?

The director even waited for Liao Jie to thank him: "Thank you, this is what I thought."

But he never thought about it, Liao Jie suddenly said: "No, Mr. Chen! We are not so hypocritical, originally Galia was originally. In charge of our company, and whether these orders are right, it is still Galia, and there is no need to change it." Director

: "Can you... Wouldn't that make both of them unhappy? Liao Jie did not answer the director's words, but instead asked the director: "Director Chen, I want to ask you, how long has Galia been working in your department?" The director answered truthfully: "It's less than a year." "How is her work usually? Like?" "The business ability is very good, and the people are very down-to-earth. What's the matter, Mr. Liao, do you have any questions?" The director asked suspiciously. "No, thank you." Liao Jie said politely.

"So, is that settled?" the director asked.

"Okay! It's settled." Liao Jie said.

The director's heart was also relieved.

After picking up the phone line, he looked up at Galia: "Galia, I know that Liao Jie used to be your ex-boyfriend, you don't really want to be with him, but now he agrees to cooperate with us.

However, he The request is for you to connect with him."

Galia: "..."

There is an inexplicable tension in her heart.

That deep sense of inferiority came to my heart at this moment.

She swallowed involuntarily: "Director, I...I'm a little nervous, I..."

"Don't worry, the company will solve any problems with you." The director encouraged Galia .

## **Chapter 2666**

Galia did not say anything.

To be honest, at this moment and in the next work, Galia wanted to run away at the thought of having direct contact with Liao Jie.

When she first met Suzi, the confidence Suzi had built up in her gradually collapsed when she saw Liao Jie.

She really didn't have the courage to face the unforgettable past events.

But the more you don't want to face it, the more you can't escape.

For more than a year, Galia rarely troubled Suzi. Although Suzi called from time to time to ask about her situation, Galia knew that she couldn't trouble Suzi too much.

Suzi has three children to take care of, the eldest daughter Shen Weiwei is still facing the entrance exam, and Suzi's own career is also very important.

As an independent person, the last thing you can't do is always trouble others.

Because everyone has their own things to do.

So for more than a year, Galia hardly bothered Suzi.

But today, Galia really wanted to go to Suzi.

She couldn't control herself anymore, and desperately wanted to find Suzi, and wanted to gain strength and self-confidence from Suzi again as she did more than a year ago.

After work, Galia took the bus to Suzi's house in a panic.

She has never been to Suzi before.

Seeing that Suzi's family's community was so luxurious, it was like a fairyland on earth, and it was even more advanced than a villa, Galia suddenly didn't dare to enter the gate of the community.

Just at this moment, a black private car was parked at the gate, and a half-sized girl got out of the car.

The little girl's clothes are very casual, but it can be seen that it is a very high-end brand. The little girl's face is immature and baby fat.

That baby fat little face...

Galia suddenly felt that this kid...

looks familiar.

And...

and Suzi have a five-point resemblance.

Galia immediately understood who this child was.

The child has also come to Galia, she tilted her head generously and smiled sweetly: "May I ask you... Galia... Eh, I should call you Yan Aunt Yan, or sister Galia?"

Shall I call you Aunt Galia? You are several years younger than my real Aunt Galia, and you are only thirty-one this year, right? I am fifteen, so you are older than me You are only sixteen years old.

But shall I call you sister?

You are my uncle Christopher's girlfriend. In

the future, when you and my uncle Christopher get married, I will call you auntie. Oh

, what should I do?"

The little boy tilted his head and looked at Galia playfully.

Galia was a little shy: "Excuse me, are you... Miss Shen Wei, little princess?"

"Pfft..." Shen Wei Yi smiled, and then nodded: "Call me Miss Shen. , I'm so shy, forget it, I'll give myself a senior first, call you sister, sister Galia, you can call me the only sister."

Seeing Shen Weiyi being so down-to-earth and playful, Galia suddenly Relaxed.

I didn't expect that the daughter of the richest man in South City would get along so well.

Not arrogant at all.

Galia smiled and said, "If I call you your only sister, what should I call your mother?"

"Calling my mother and aunt?" The only one laughed loudly: "If Ms. Suzi heard someone call her aunt, she would probably vomit three liters of blood."

"Who is talking bad about me behind my back!" A female voice pretended to be behind her. asked sternly.

Galia turned her head and saw Suzi who just got off the bus: "Sister Suzi."

Suzi jokingly said: "Galia, you are a friend who we can't even invite, I guess you must have something to come to me today. What's important, right?"

Galia bit her lip: "Sister Suzi, I'm... afraid."

## **Chapter 2667**

Suzi's expression immediately turned serious: "What are you afraid of?"

Galia just lowered her head, feeling a little depressed.

Suzi could see that Galia was very nervous today.

Over the past year, Galia has given her a very good impression. No matter what it is, as long as Galia can solve it herself, she will never come to trouble Suzi, although Christopher will always say to Suzi before going out, "You help her hand.

But Galia never asked for help.

This shows that this girl is very self-control and self-conscious.

She never wanted to trouble others.

But today is different.

Galia took the initiative to come to her and tell her that she was afraid.

What happened to Galia?

It must be a very difficult hurdle to pass.

Suzi walked to Galia and hugged Galia: "Galia, listen to me, you are not alone in carrying anything, you have friends in Nancheng, you have me, and Christopher, not only In this way, you still have a family.

If you have any difficulties, tell me.

Let's solve it together?

Come and go home with me."

Galia shook her head.

She was afraid of Arron.

At this moment, Arron, who was standing behind Shen Weiyi, looked at Galia expressionlessly.

Galia was terrified.

Is this the legendary Arron?

It's like you're in your early forties, right?

The middle-aged man in his early forties was not greasy at all, and he had no belly at all. He was thin and full of energy.

He didn't laugh or get angry, and his whole body exuded an unparalleled coldness.

Especially the shadowy white hair between his temples, it should be a sign of getting old, but Galia felt that it was a symbol of a king.

Standing in front of the richest man in Nancheng, the real behind-the-scenes boss of the Fu Group, Galia shivered.

Arron reminded her of the boss who made her fake resume for the first time. Although the boss was not as king as Arron, the boss was also very cold.

At this moment, Galia, who was nervous and anxious, was completely defeated.

She glanced at Arron frequently, and then again, and her words were incoherent: "Sister Suzi...no no no, that Mrs. Arron, I...I am really in the Fu Group, I am. I didn't think about hiding my education, I didn't think about hiding my past.

I really didn't think about it.

The job I started was a chorus.

It was... the director of the fashion department, Seeing how diligent I am, I was promoted. I

don't blame the director for this, but it's all my fault!

It's all my fault. Maybe I always show my love in front of the director, and he thinks I'm very good. It's not our director's fault that you promoted me.

Anyway...

Mrs. Fu Shao, it's all my fault.

I..." At the

end, Galia was already confused .

There were tears in her eyes, and that helpless expression suddenly touched Suzi's heart.

That feeling of helplessness, despair, and suffocation, Suzi once had.

Back then in Nancheng, she was desperate, no one helped her, and everyone wanted to put her to death. She felt surrounded by people who wanted to kill her. She felt like an ant, anyone could crush her to death.

That fear is buried deep in my heart.

It's just that Suzi has always had the temperament of a brave man who meets a narrow road.

Even in a passive situation, in a panic situation, her mind is calm.

She knew that she could only rush forward with her eyes closed, not afraid of everything, and maybe she could find a way to survive.
