Chapter 267 Can you lend me money?

Xu Qingqing said she was in her dormitory, then Feng Pingping hung up the phone and left the stadium directly, taking a taxi back to Chu Jiang University.

She went straight to her dorm room as soon as she got back to school. Feng Pingping was in such a hurry, as if she was afraid that Xu Qingqing would back out and run away.

But what surprised Feng Pingping a little was that when she walked into her dorm room, she was shocked to find that Xu Qingqing hadn't left and was sitting on her bunk, expressionless, in fact, as if she was determined to get herself beaten up.

‘You you’re back.’ Xu Qingqing said as if she was forcing back her tears.

Feng Pingping couldn’t help but feel ridiculous as she sized up Xu Qingqing and teasingly asked, ‘Xu Qingqing, you’re not jerking off, are you? You’re really letting me hit you?’

Xu Qingqing hesitated, looked up at Feng Pingping and smiled, and said, ‘As long as you are happy.’

Xu Qingqing naturally did not say the rest of the words, she thought to herself, as long as one is happy and can lend me money, you can do whatever you like.

Anyway, today Xu Qingqing was going out of her way, she would do anything for money.

When she saw that her opponent didn’t react and didn’t fight back, she laughed happily: ‘Hahahaha this is really funny, you really don’t fight back? What’s wrong with you Xu Qingqing, have you got your brain caught in the door?’

As she spoke, Feng Pingping became even bolder and waved her palm and smacked Xu Qingqing in the face.

Her strength was not too strong, but she was also testing it out.

The slap landed on Xu Qingqing’s face with a crackling sound, which was even more painful, but Xu Qingqing still didn’t react, putting up with it all.

But just as Feng Ping Ping was about to make a move, Xu Qingqing fiercely called out to her.

‘Wait a minute!'

‘Hmph, what’s the matter, backtracking? I knew it, you don’t have any sincerity at all!’ Feng Pingping said contemptuously, ‘Didn’t you say that you would let me be as happy as I wanted to be?’

Xu Qingqing squeezed out a very stiff smile and asked, ‘No, no Pingping, I just want to know if you can lend me the money after the fight and the anger is over?’

Xu Qingqing was certainly not stupid, she now wanted Feng Pingping to give herself an accurate answer.

These words couldn't help but make Feng Pingping flinch.

She had originally come back with the intention of beating Xu Qingqing for nothing, but she didn't expect that this guy would give herself a small taste of sweetness and then start revealing her true purpose.

But it had come to this, and she had just gotten a taste of the sweetness, so how could Feng Pingping be willing to just let it go.

But borrowing money was not something she would do anyway.

Feng Pingping smiled, in her heart she was showing Xu Qingqing's naivety, but on her lips she said, 'Yes, no problem, at least we are good sisters who have lived together for such a long time, do you think I am the kind of person who keeps her word?'

You are!

Xu Qingqing really wanted to say those two words.

But she couldn't, even though she knew that Feng Ping Ping might really beat herself up and still deny it, she admitted it, at least that would make her feel like there was still a glimmer of hope.

And without Feng Pingping, she really would not have a single bit of the same.

Xu Qingqing finally smiled reluctantly and pondered for a long time before saying, 'Well then Pingping, I hope you'll keep your word!'

There was something odd about the anger, the two seemed to be talking and laughing, but in reality both sides were, in their hearts, suppressing a heart full of anger.

And both sides seemed to be making nice, talking about one side beating up the other.

Feng Pingping seemed to have been a little impatient, and before Xu Qingqing could finish her sentence, she slapped her face violently, only this time, she used great force.

This time, she used great force to slap Xu Qingqing over the bed, and then Feng Pingping let out all the anger she had suppressed in her heart for a long time.

After a long time, Feng Pingping got off Xu Qingqing's bunk and was so exhausted that she couldn't even stand up.

She laughed tremulously, 'Damn, it's really resistant!'

Xu Qingqing was bleeding from her nostrils, and her face, body and bedclothes were all covered in blood.

Her clothes had been torn into a pile of rags by Feng Pingping, and she was in a mess.

Xu Qingqing felt dizzy in her head and had a feeling of exhaustion that she wanted to fall down and sleep for a while.

But she forced herself to hold back, looked at Feng Pingping, gave a slightly embarrassed smile and asked, ‘Pingping, have you let all your anger out now?’

Feng Pingping sat back in her chair, as if her whole body had lost its strength: ‘Yes, it’s great! Haha, Xu Qingqing ah Xu Qingqing, do you know, I actually wanted to take care of you so painfully for a long time, you are really hateful you know?’

Xu Qingqing touched her stinging cheeks, changed out of her already dirty clothes, and simply tidied up her messy hair, looked at Feng Pingping with no expression again, and asked, ‘Pingping, can you lend me the money then?’

#### Chapter 268 - Fierce and unlucky

Feng Pingping couldn’t help but be stunned by the question, she simply didn’t expect this Xu Qingqing, who was about to be beaten half to death by herself, to still be asking herself to borrow money at the drop of a hat.

If she hadn’t been so exhausted, she would have wanted to go up to her again and give her a good beating.

Feng Pingping looked around in anger and suddenly grabbed a glass of water and smashed it against Xu Qingqing.

The cup was thrown with very little force, but she was already physically exhausted by now.

The cup was thrown at Xu Qingqing’s body, and Xu Qingqing did not scream out in pain.

‘You’re really capable of f\*cking nonsense, have you fallen into the eyes of money?’ Feng Pingping pointed at Xu Qingqing and shouted, ‘Mind borrowing money from me? Oh, you’re really f\*cking funny, why should I lend it to you? Who are you?’

Hearing Feng Pingping’s words, Xu Qingqing knew that what she feared most had happened.

This Feng Pingping didn’t want to admit her debt at all.

‘Oh, it was you who just said that!’ Xu Qingqing surprisingly did not have a trace of annoyance, instead, she sneered and said, ‘You said that you would lend me money as long as I gave you a beating, what, you don’t want to admit it? What is this, a white whoring? Oh.’

Listening to Xu Qingqing’s cold laugh, Feng Pingping actually felt a tinge of hair in her heart.

But she still fought her guts and said, ‘I’ll f\*cking deny it, what can you do to me? You are naive yourself, thinking that if you really let me fight, I will lend you money? Oh, do you know how ridiculous your own logic is?’

Xu Qingqing smiled and gave another cold laugh, but it was clearly a cold laugh on the edge of despair.

Since he was already on the verge of despair, then this person would definitely do anything.

Xu Qingqing slowly walked towards Feng Pingping, walking slowly but with a cold glint in her eyes.

Suddenly, Xu Qingqing pulled out a fruit knife from behind herself and looked at Feng Pingping with a chilly gaze, saying coldly, ‘Feng Pingping, do you think that there is nothing I can do to you?’

Xu Qingqing’s action really scared Feng Pingping silly, she was busy leaning back, and as a result, her whole body did not sit firmly, and the chair fell to the ground with a poof.

‘You what are you doing you?’ Feng Pingping panicked, she never expected that this Xu Qingqing would keep a backhand, and such an extreme means.

It seemed that she had prepared for this a long time ago. If she beat her up, she would just let the money go, but if she didn’t, was she prepared to fight herself to the death?

‘She had just beaten Xu Qingqing and had exhausted her strength. She knew very well that she could not run away even if she wanted to.

It seemed that there were only two options today, either to lend money to Xu Qingqing or to really kill the fish.

However, although Feng Pingping loved money, she was more afraid of death.

As she saw Xu Qingqing approaching, she panicked to the extreme.

Suddenly, Xu Qingqing was about to walk in front of Feng Pingping’s eyes, but suddenly stopped in her tracks and finally said coldly, ‘Feng Pingping, you have one last chance now, choose for yourself, anyway, if I can’t raise the money today, there is no point for me to live, so just let’s all’

Hearing these words, Feng Pingping only felt a bone-chilling chill running from the heart of her feet to the sky, and she simply panicked.

She shivered for a while before nodding vigorously and saying to Xu Qingqing, ‘Okay you, put the fruit knife down first, I’ll lend you the money, you step back first’

‘Do you think I can still trust your mother?’ Xu Qingqing did not back off, still poking at the spot and looking straight at Feng Pingping.

Feng Pingping knew that she couldn’t make it up today, she had to bleed.

She hurriedly rummaged around in her pockets and bag for a while.

She had sold Jiang Hao’s three first row tickets and bought more than 80,000 yuan.

The bulk of it had already been deposited by Feng Pingping into the bank of Extreme, and she still had four or five thousand in change on her, which she had intended to spend on her own pocket money at any time, but now it seemed that there was no chance of spending it.

Feng Pingping hurriedly took out all this money and handed it to Xu Qingqing with both hands, ‘Qing Xiaoqing, here you are this is the last bit of money I have now I’ll give it all to you, you can back off now, right?’

When Xu Qingqing saw the money, the tears she had been holding back for a long time instantly gushed out.

She knew she had it too hard, her belly was full of grievances and they all seemed to burst out at this moment.

Xu Qingqing wiped a handful of tears from her eyes, took the money as soon as she could and walked back to her bed.

Seeing this scene, Feng Pingping, whose heart had been hanging in the air for a long time, finally let out a long sigh of relief, knowing that she would be able to survive this moment.

The whole person once again went limp and found a random place to sit down, panting heavily.

Xu Qingqing’s battle just now had really startled her.

She even felt that Xu Qingqing had really moved to kill herself. Fortunately, she had some change on hand, otherwise she would really be in a bad way today.
