

Chapter 2670– 2671 of A Dish Best Served Cold Novel

Chapter 2670

However, Mark still stood peacefully.

The thin figure stood upright like a spear.

He opened his red lips lightly, and then said in a deep voice: “If you don’t show up again, I will leave.”

Huh~

This time, Mark’s words just fell.

Here, there was a violent wind blowing up immediately.

That fierce cold wind swept across the world like a howling war horse.

The lake is no longer calm, and there are thousands of waves.

Behind Mark, the boundless grass and trees were like crazy, shivering constantly under this gust of wind.

And in this gust of wind, at the end of the line of sight, there were finally several figures, quietly appearing.

In the beginning, those figures were faintly like light spots.

However, just after a while, those light spots quickly approached, and they couldn’t help but magnify in Mark’s line of sight.

In the end, five black-clothed figures, like ghosts and charms, jumped vertically and horizontally in the mountains and forests, and finally landed directly beside Mark with a crash.

Once these five people appeared, they immediately surrounded Mark with a half-month momentum.

A series of gloomy auras locked Mark, Tuantuan.

The power of murderous intent and chill converged into a stream, like a mountain, and pressed against Mark fiercely.

Yes, in front of these five people, each of them has the weight of mountains.

Full of energy and blood, surging like a dragon!

Yes, these five people are all, martial arts masters.

The five great masters encircled Mark.

Such a battle, if Lu Hua and others saw it, they would be scared to pee.

You know, with the hot summer, with a population of more than one billion people, the martial arts master can be worth only ten people.

But now, five martial arts masters appeared at the same time.

This is undoubtedly equivalent to the power of the grandmaster of half a scorching summer, gathered here to encircle Mark.

However, the appearance of these five people did not cause Mark's slightest mood swing.

He didn't even look at them.

At this moment, Mark's eyes were still staring forward.

In the deep eyes, there are endless feelings and coldness.

Until the last figure appeared quietly in Mark's line of sight.

It was a handsome man.

The bridge of the nose is tall, staring eyebrows and sword eyes, and the outline of the face is still a bit feminine.

Of course, what is more eye-catching is the aristocratic temperament of this man.

His self-confidence, his arrogance, his arrogance that despises everything.

After so many years, Mark has met countless rich second generations, and also met a lot of wealthy people.

However, compared with the temperament of the person in front of him, the ones that Mark had encountered were no different from the turtles.

Regardless of temperament or personal image, the man in front of him is undoubtedly a male god.

Mark has no doubt that if this person makes his debut in the entertainment industry, he will become popular all over the world overnight, an idol that hundreds of millions of women are obsessed with.

It's just that this is such a young man, but after seeing Mark, he did not show the slightest expression of surprise or surprise.

He was still standing there, standing with his hands behind him, looking at the handsome man in front of him, with an inexplicable arc at the corner of his mouth, and smiled faintly.

And the other party looked at Mark in this way, also smiling.

Without the strangeness and embarrassment that a stranger first saw, the encounter between these two men seemed so natural and casual.

It's like an old friend...meeting! !

Chapter 2671

“Brother, I said goodbye back then, but I didn't expect that you and I would meet again in this way.”

Ahead, the handsome man smiled softly.

Faint words, in this world, quietly sounded.

But, who knows what kind of emotions are contained in this long-lost words.

“Qi Tian, if I remember it well, for so many years, this is the first time you call my brother.”

Mark also smiled, looking at the straight figure in a suit in front of him, and replied calmly.

Yes, the handsome man who appeared at this time was not someone else. It was Chu Qitian who had been deliberately hunting down Mark for so many years!

Ten years.

Three thousand days and nights.

The two brothers finally met at this moment.

Mark originally thought that after seeing this man who had brought him ten years of suffering, he would be extremely angry and murderous.

However, when this moment really came, Mark found that he was so peaceful.

That kind of feeling is like standing in front of oneself, not a life or death enemy, but a long-lost old friend.

Chu Qitian shook his head: "Yes, for so many years, this is indeed the first time I called your brother."

"However, this does not mean that you, a sordid person born to a country woman, are qualified to be my brother Chu Tianqi."

"Today, the reason why I call you so is just to sympathize with you. Before you die, you can enjoy the scenery."

"After all, if you can let the young master call elder brother, you will fall here today, and you will die without regrets."

"But seriously, Chu Tianfan, you still really surprised me."

"At least, you are the most difficult opponent I have encountered since Chu Tianqi's life."

"Ten years, I sent someone to hunt down you for ten years."

"The ants that could be crushed to death in those days, but I didn't expect that they have grown to the point where you are now."

"With more than one person, we swept across East Asia, and stepped on the entire Japanese martial arts."

"Even in the terrifying killings set by my father, he escaped."

"Chu Tianfan, Chu Tianfan, I really don't know, why are you so lucky every time?"

"However, that's it!"

"Today, I won't give you any chance to escape."

All the previous echoes echoed, Chu Qitian's expression became colder and colder, and his palms were also tightly clenched.

In the eyebrows, there are endless murderous intent on Mark.

It's been too long, for him, Mark's trouble has undoubtedly existed for too long.

Now, it's time to stop.

“End here?”

Mark gave a low laugh, raised his head to look at his cousin, and the faint words continued to sound.

“It’s just that Qi Tian, this is what I want to say to you too.”

“It’s been so long, and the grievances between you and my brothers should be completely ended.”

“Before, I thought that the grievances between you and me ended on the day I personally went to the Chu family.”

“But now it seems that it is no longer necessary.”

“Since you took the initiative to deliver it, I will go to Chumen Mountain to find you without saving.”

“Just today, cut off your head.”

“Yixue’s sorrow for these ten years! A solution to this thousand days’ hatred!”

Huh~

The wind was violent, and the Pinghu Lake was in front of us, and thousands of waves were set off.

The boundless grass and trees around, also suddenly swayed in the wind.

The whimper of the cold wind is just like the trumpet sounded in the final battle.

The next moment is a life-and-death duel between thousands of troops.

No one can understand Mark’s mood at this time.

For ten years, the man in front of him has chased him for ten years.
