

PUNISHED BY HIS LOVE

I'm Sorry My Love Novel Alternative

Chapter 2692

Is very informal.

In particular, the strand of hair hanging down from her forehead covered her face, and her face was set off in the faint morning light, making her cute little black mole sparkle against the backdrop.

Inadvertently, it was so natural, Galia, who didn't wear makeup and had small freckles on her face, made Liao Jie stunned for the third time.

Pulling Liao Jie back in a second, Galia was holding his stinky jersey soft and cute back then.

At this moment, why do you think Galia at that time was so soft and cute?

How much do you want to raise your hand and pinch her cute cheeks?

Liao Jie was horrified for having such an idea.

After being stunned for a moment, he said, "I didn't expect you to work hard for so many years, but you are still..."

So what?

He wanted to say that she was so vain and deceived.

But in the end it didn't say anything.

Finally, some words said unsatisfactorily: "You can do it yourself!"

Then, he took the little assistant to pack his things and planned to leave.

"Happy cooperation, Mr. Liao. I'll send you off, and if you don't rush back at noon, as the host, I'll invite you to dinner. What do you... think?"

She knew that Liao Jie would not promised.

How could an arrogant man like Liao Jie have dinner with a woman he once despised?

Knowing that Liao Jie would not agree, Galia must also be polite.

Because it's the company's policy.

Whenever the company's subordinate business units come to the company headquarters, the person in charge will invite each other to dinner at noon.

This is to show the tolerance of large companies towards French factories.

Form and attitude must not be changed.

Even if Liao Jie does not agree.

Unexpectedly, Liao Jie blurted out, "Okay, where do you eat at noon?"

After speaking, Liao Jie looked at Galia.

Galia was stunned for a moment.

She was only stunned for a second, then she smiled: "The star restaurant opposite the company. Mr. Liao, I am more familiar with you here, please come with me."

"Okay." Liao Jie replied politely to Galia smile.

The assistant next to him was stunned.

Along the way, Mr. Liao told her a lot about this Galia, which made her feel that Galia was a fool.

A blind bag even more blind than her.

But in front of him, Mr. Liao looked at Galia's eyes. Galia didn't look like a blind bag. Instead, he looked like no matter how he looked. Mr. Liao couldn't get a good heart.

No matter how the assistant looked at it, Mr. Liao seemed to want to slap himself in the face.

However, the little assistant, who has no power, no power and no status, dare not say anything.

It is already a great opportunity for her to follow Mr. Liao to visit the upstream group company once today.

What more dare she say?

Just follow along and eat.

I heard that the hotels that the Fu Group entertains customers are all five-star wine hotels. Anyway, there is no problem with having a full meal.

She didn't eat in the morning, and she was already hungry now.

Thinking of the little assistant who had a full meal in her heart, she also thought that she followed Mr. Liao from her own family and Miss Yan, who was in charge of entertaining them from the Fu Group, to the five-star hotel, and watched a table of dishes just finished.

The door of the box was suddenly slammed open.

Then, a jeweled woman came in outside the box, and she pointed at Galia and cursed when she walked in: "Damn woman! You're pushing your nose more and more, aren't you! Look, I won't tear you up today! I tear you up, I will fire you again in front of the whole company!"

Chapter 2693

Galia looked up at the woman who was running towards her angrily.

She saw this woman once a few days ago.

When Galia first saw Liao Jielai working with the Fu Group, this woman was sitting in the car, waiting for Liao Jie outside the Fu Group. If Galia guessed correctly, this should be... "

Your girlfriend?" Galia turned to look at Liao Jie and asked calmly.

At the same time as the question was asked, the woman rushed to Galia angrily.

Liao Jie was stunned.

Beside him, Liao Jie's assistant was even more stunned.

The little assistant originally wanted to have a full meal, but can she still eat this meal right now?

Why don't you run away?

Don't fight for a while and implicate her again?

The assistant watched as the jeweled and angry woman rushed to Galia and raised her hand to slap her. The frightened assistant covered her head involuntarily and closed her eyes tightly.

She waited for Galia to be beaten and wailed and fell to the ground.

However, the little assistant covered his ears and closed his eyes for a while, but he didn't hear anything.

She opened her eyes slowly, and saw that Galia had raised her arm at some point, and caught the slap thrown by the angry woman without any bias.

"Miss! This is Nancheng! A society ruled by law, and this is a five-star hotel! Please pay attention to your words and deeds! So far I don't know where you came from, how did you enter this hotel, you How did something break into our box, but I can tell you very clearly!

You broke the law!" Yu Bi, the strength in Galia's hand increased again.

"You... it hurts! You... do you want to crush me to death! If you crush my wrist, you're breaking the law! Let me go!" The woman said no matter what. I didn't expect that Galia's strength would be so great.

She had come to teach Galia a lesson.

She also thought that Galia would be frightened and howl.

But she never thought that Galia's hand was so strong that

it was like a pair of iron pliers that would crush her wrist!

The woman's tears of pain were about to fall out.

She looked at Liao Jie angrily: "Liao Jie, are you dead? Watching this lowly woman beat me?"

Liao Jie looked at his girlfriend angrily: "You... how are you? Come in!"

The girlfriend who was supposed to agree was waiting for him outside, and when the matter on his side was over, he accompanied her to go shopping in various shopping malls, but this woman ran in by herself.

What a lady!

What a wealthy family!

Why can't I get on the stage like this!

It was agreed that he would deal with Galia in the light, and his girlfriend would deal with Galia in the dark. It was agreed!

Why is this woman so restless!

At this moment, he ran in angrily.

What a shame!

The woman looked at Liao Jie with a face full of anger: "Could it be that you still have a revival of your old relationship with this shameless woman like this ugly witch?"

Liao Jie: "..."

The assistant next to him: "..."

Seeing that Liao Jie was silent for a while, the woman looked at Galia angrily: "You damn woman, you If you want to die, tell me bluntly, I will make you die very cool! In Nancheng, if you want to fight with me, you want to fight with me for a man, you have to pee and take care of yourself first!"

When he said these words , the woman actually cried.

Galia was startled.

There was an inexplicable sympathy in my heart.

Is this what you call a woman?

woman!

Once in love, no matter how noble she was, it means that she lost.

Just like Galia before, she thought that only she could do that kind of shameful thing, but it turned out that the bright and beautiful woman in front of her could do it too.

"You filthy, lying, stalking and shameless woman, let me go!"

Chapter 2694

Looking at the woman's abuse of herself, Galia sneered and looked at the woman: "Do you know why you can't break free? "

You, you have studied martial arts! You must be a murderer!" If a woman loses her mind, her IQ is zero, and her reason is zero.

Galia laughed lightly and laughed at herself: "Your imagination is really rich, a woman like you is very suitable for writing novels, but your living environment also limits your imagination.

I don't study martial arts.

I'm not a murderer either.

I grew up in a rural village deep in the mountains. When I was a few years old, I started herding cattle, mowing grass, mowing wheat, and carrying water. I

have done all kinds of work, especially with both hands. Even stronger than my legs.

Woman!

Listen to me, your man is good or bad, please take good care of your man!

No one here wants to compete with you for a man.

Don't think of you What a rare treasure.

He is just like thousands of men in this world, with only one head and four limbs!

Just now you took the initiative to slap me! It's

not me who hit you

! It's just self-defense.

If you hit me like this and insult me, I can't guarantee that I'll crush your hands and necks. At

best, I'm just over-defense.

I'm you anyway . There is no limit to what is said in the mouth.

Would you like to try it? "

Galia's words were very relaxed and indifferent. But it made the woman horrified.

She stammered: "You...you...you go first...first open me. "

"Apologize to me!" "Galia said calmly.

Woman: "..."

"Apologies!" "The

woman faltered: "Right... I'm sorry." "

Galia sighed lightly, then let go of the woman. The woman who

was let go immediately stood up again: "You... Galia, right!" I know you! You wait for me, I want you to know how you got fired from the Fu Group!

Unless you don't want salary, bonus, or anything!

And you have to bear the charge of stealing the company's core documents!

As long as you dare to leave now, I will send you to prison!

If you stay honest and don't leave, I'll let you taste what it's like to be fired in person! "The

woman's words were extremely cruel.

Even the assistant next to her was frightened and covered her mouth with her hands.

But Galia's face was not disturbed at all. She didn't even look at the woman, she just calmed down. Looking down at the menu.

The woman was annoyed: "You...you're not afraid? Not afraid at all? Galia was

so impatient, she raised her head and glanced at the woman, then picked up the phone: "Hello, waiter, please take the woman in our box away, or I will complain to your hotel!" "

After speaking, she hung up the phone naturally.

The woman also left in a hurry. Before leaving, she still scolded Galia: "I let you pretend, I let you pretend, you wait for me! Wait!"

Galia was too lazy to pay attention to the woman.

When the woman's voice disappeared outside the door, Galia handed the menu to Liao Jie and Liao Jie's assistant: "You are the guests, you order first, the dishes here are all good, order more."

The assistant was stunned . have lost their language function.

She looked at the general manager of her house stupidly: "Liao...Mr. Liao?"

Liao Jie also looked at Galia in disbelief and asked, "Aren't you curious, who is this woman?"

"Isn't that your girlfriend? What am I curious about?" Galia shrugged inadvertently.

"No! She has another identity, which has a lot to do with you!" Liao Jie raised his eyebrows.

Chapter 2695

After saying this, Liao Jie himself thought what happened to himself?

Why did you almost reveal the identity of your girlfriend?

Originally, he planned to save his girlfriend's identity until the end to give Galia a fatal blow, but now, Liao Jie couldn't stand Galia's indifference, not even blinking his eyelids.

He was so flustered and guilty that he took the identity of his girlfriend and pressed Yanyan.

However, even if he used such a trump card, Galia still did not change her face, even her eyes were so unwavering: "Mr. Liao, I...I...I am now. Routinely entertaining our company's customers.

I have to go back to work immediately after eating.

I don't want to waste your time too much, I... Mr. Liao is another identity of your girlfriend, or several other identities. , what does it have to do with me?

I'm not interested in your girlfriend's identity."

Galia could see that the woman must have something to do with the Fu Group. Otherwise it wouldn't say so many threatening things.

But when it comes to relationship, isn't she Galia also the fiancée of Christopher, one of the five directors? Remember that the URLs

are all equal!

Besides, she didn't do anything wrong. Women would make trouble when she routinely invites customers to dinner. Is it unreasonable?

Galia has no time to spend with anyone.

She is busy with work, study, and taking care of Galia and Christopher's parents every day. She can never finish her business, so how can she have time to take care of these bullshit!

So, she ignored it.

Her ignorance made Liao Jie even more annoyed!

Liao Jie angrily raised his finger and pointed at Galia: "You! Galia, you can do it, you can really do it!"

Seeing Liao Jie so complacent, Galia felt very sad.

Does it have to be like this several times and three times?

Do you have to kill her?

Galia's eyes were filled with helplessness: "Mr. Liao, I... We are working well together now, aren't we? I have not only brought profits to our company, but also won greater profits for your company. Space.

We are talking about work now . Can we

not talk about things other than work?

If you insist on talking about the past, I will now sincerely apologize to you again. It was my fault that year and I caused you trouble. , brought inconvenience to your life.

I don't ask you to forgive me. I

just want you to calm down and let our cooperation continue, okay?"

"No!" Liao Jie slammed the table : "Do you know how disgusting I am when I see you! Every time I see you, it affects my work.

But I can't help but cooperate with your company!

Galia, don't think I don't know what you think.

I am the person who can see through you the most! You

are a very smart person. Five years have passed, and you have developed your skills. Your professional knowledge, your experience, your deception, and even your fake education have all been rejected. You've made a fortune!

You're not as young and immature as you were five years ago.

At least you still had a sense of shame at that time. But

now, you don't!

You are now extremely at ease and extremely calm!

However, you are still a liar, a woman with poor behavior and almost illiterate!

This will never change!

Take for example that you let the foreign person in charge leave today! It's a good example! Are you guilty? Hearing Liao Jie 's

accusation, Galia couldn't help sneering.

Even though Suzi and Arron repeatedly cheered and encouraged her, Galia still felt aggrieved and depressed at this moment.

Why do this I am biased towards her!

The mistakes she has made, she has corrected!
