

PUNISHED BY HIS LOVE

I'm Sorry My Love Novel Alternative

Chapter 2696

has been changed!

She is working so hard now, so good!

Why would a stinky man not spare her like this!

Is it her fault? Or is it his fault? !

"Rice, are you still eating?" Galia asked expressionlessly.

"Eat! Eat! I eat!" Before Liao Jie could answer, the little assistant couldn't wait to answer.

In order to lose weight, the assistant has not eaten at night for some time recently. She got up at four o'clock this morning to take the high-speed train. Due to the tight schedule, she did not eat breakfast.

After getting off the high-speed rail, I wanted to buy some breakfast and eat on the way, but what Mr. Liao told her was that the other party was the largest company in the country, and we must not leave a bad impression on people.

We are a downstream company, and the most important thing for downstream companies is to let the other company see our sincerity, our diligence and our punctuality.

We can't step into the other company's company, we must advance.

Because you and I don't know what the situation will be on the road during the morning rush hour!

So we have to arrive at the other company in advance!

The little assistant could only nod his head like a chicken pecking at rice.

In this way, from last night to this morning, and to now, she still hasn't got a drop of water.

Her hungry eyes are shining with gold stars!

The little assistant stared at Liao Jie, but she didn't dare to speak, so she just looked at it dryly: "..."

Liao Jie's hair was twisted in anger.

He glared at the little assistant angrily: "Let's go!" The

little assistant swallowed wildly: "Okay, alright, Mr. Liao."

After speaking, he followed Liao Jie with great reluctance.

The rest of Galia sat alone in the huge box, holding her head in her hands, wanting to cry aggrieved.

She sullenly returned to the company.

The director came over and asked her: "How is Galia, how are you talking?"

Galia smiled bitterly: "Director, if someone has a bad impression of me, what will I do in the future? That person's impression of me will not change, and they are still the same as he thought of me back then?" The

director asked, "Liao Jie, he still refuses to face you fairly?"

Galia shrugged, and said for a long time. He sighed: "Director, until now, I'm not sure, is it right or wrong for me to do business with Liao Jie?"

If the company's interests are damaged due to my personal reasons, I will spend my whole life I won't forgive myself." The

director patted Galia's shoulder and asked with a smile, "Do you really think so?"

Galia nodded: "Of course! Director, you don't know how dark my past is, I came to this company. I was promoted from a small grocery clerk by you. I have never felt that sense of solidity and trust.

I cherish it very much. I am

very grateful to the company for its kindness to me. Cultivation.

In my heart, the Fu Group is like my home, like my parents." The

director smiled: "Galia, you have regarded the company as your parents, and you think the company will give up its own children. , or give up others?"

For the company, nothing is important, resources, profits. Those are not the most important.

The most important thing is to be loyal to the company and people who are loyal to the company.

If people are there, all resources and profits can be created.

If there are no people, how can all the resources and profits be in our hands?

Galia, you have a clear conscience, so you can do it with confidence and boldness. As for President Liao, sooner or later, he will feel that he is looking for trouble! "

Galia nodded: "Thank you Director, by the way Director, I don't know if you know something. "

"What's the matter?" The director asked curiously.

"Do you know... what is the relationship between Liao Jie's current girlfriend and the Fu Group?" Galia asked.

Chapter 2697

The

director hesitated for a while: "You...why do you think of asking this?"

Seeing the director's expression , Galia's heart became clear, she smiled bitterly: "Director, don't you, do you know who Liao Jie's girlfriend is?" The

director did not answer, but asked Galia: "Yes, just Even Liao Jie's girlfriend came forward to interfere with you?" Galia nodded: "Today I routinely invited Liao Jie and his assistant to dinner, but

before the food was served, his girlfriend rushed up to beat me.

Threatened... to fire me.

I think, if I can say something like this, this woman must have something to do with the company.

And she's still the one with rights.

Isn't it?" The

director was silent for a while. meeting.

Galia bit her lip and looked at the director.

After a while, the director said helplessly: "Galia, the reason why the Fu Group was able to recruit Liao Jie's company, which is 300 kilometers away from Nancheng, was actually because of the help of his girlfriend. Although Liao Jie's

company is very strong

, we would not have noticed them without the introduction of

Liao Jie's girlfriend. This girlfriend of Liao Jie is the daughter of Cui Dong, one of the five directors of the company, Cui Yingying The

little girl has just graduated from college, at the age of twenty-five or six years old, and her father is a director of the company, she is considered a beautiful daughter. In

addition, Dong Cui has only such a precious daughter.

So this daughter is even more fancy.

After graduating from university, Cui Yingying didn't want to intern at the Fu Group. She said that she wanted to go out for a bit, so she ran away with a backpack.

Liao Jie is her first love and her favorite. She and Liao Jie have been in love for four years.

The two have come to the truncation of talking about marriage.

This Liao Jie is indeed excellent, and both Cui Dong and his wife are very satisfied with this son-in-law.

He has real talents and practical learning, and the company he manages is indeed prosperous, so when Cui Dong introduced his daughter's boyfriend to

the company, the company did go through the normal bidding process at that time. Liao Jie's company All are qualified.

Of course, the company readily agreed to cooperate with Liao Jie.

Later, when Liao Jie wanted to resign because he rejected you, our fashion department also talked to Cui Dong.

But Cui Dong also said, it's okay.

Why is his daughter going out to do something now? Galia could see that when the

director said this, his tone was extremely embarrassing.

Galia asked, "Director, when you told Cui Dong about this, did you tell me about my past and my life?" And to end the previous relationship and tell Dong Cui? The

director sighed: "Hey, Cui Dong is a director and one of the five directors of the company. We are only part-timers, and we rarely see the chairman once a year. We didn't tell him about it at that time.

However, I also told him that you are Liao Jie's ex-girlfriend and have been separated for five or six years.

Cui Dong said that it has been five or six years since they broke up. Who can't fall in love with young people these days?

Aw, is it possible that because you have been in love once, you have never been in contact with each other for the rest of your life?

Isn't this bullshit!

If our Fu Group fires a small employee because of this private matter, wouldn't that make others laugh at our Fu Group?

Even if he is really not afraid of being laughed at, if Fourth Master Fu finds out about this, with Fourth Master Fu's temper, who can he forgive!

Fourth Master Fu has always been very protective of the employees of his own company!

Just because Dong Cui said these words, we are so determined to keep you here.

Who would have thought that Dong Cui's daughter would make such trouble?

This is how to do? The

director looked at Galia in embarrassment.

He even had the idea of Galia's resignation.

Who would dare to offend the directors of the company?

However, a few days ago, the company vowed to keep Galia. After a few days, do you slap yourself in the face again?

At this moment, the director waited for Galia to say her resignation.

Chapter 2698

He knows that Galia is the most sensible and the most considerate of the overall situation.

"Galia..." The director wanted to give Galia a high hat first.

But she never expected Galia to say: "I know the director, don't worry, I won't be afraid of any power, it's my reason is my reason, I have a clear conscience.

You have one hundred and twenty hearts . , I will never resign this time.

Even if Cui Dong comes to me personally, I don't think I will take the initiative to resign.

I will not betray your trust in me."

Director: "..."

At the end, Galia added another sentence: "Trust me, I will never resign! I have confidence in myself!"

Director: "..."

You! Remember the website

, you have confidence in yourself, I have no confidence!

If you are directly with Cui Dong's daughter, who can protect you!

who can!

Even if I try to protect you, there is nothing I can do, Galia!

At that time, Cui Dong, one of the top executives of the company, will come forward to attack you, tell the public about your previous relationship with Liao Jie, make you a fake resume, and conceal your education. If the princess is public, what will you do?

We poor working people, who can keep you!

The best thing you can do now is to resign!

Resign!

The director was terrified.

But he couldn't say a word.

He could only watch Galia earnestly organize the documents, earnestly make data on the computer, print them earnestly, and then review it again very seriously, and then sign and submit the documents to the director.

"Director, I have checked all the information, and the profit is 0.5 percentage points higher than we expected. Not only that, but I also helped them save some money for the downstream company. It's

all here, I It has been signed.

Please take a look." Galia was very respectful.

Respectful enough to make the director speechless, it is impossible to say anything.

He could only nod his head passively: "Okay, okay, Galia, I really saw you right. Your work ability is obvious to all. You are the best. Believe in yourself, you will definitely be able to do it well!"

"Don't worry, Director! My heart won't be shaken anymore! If you don't fire me in this life, I'll be your subordinate for the rest of my life!" Galia once again established her formation and her determination.

The director went out with the documents.

All the way, he raised his hand to slap himself in the face.

what did you say!

What did you say!

If you are like this, you can only push Galia to a dead end. At that time, Dong Cui's daughter Cui Yingying really joins forces with Liao Jie and Dong Cui to make a big exposure to Galia in the company. I really don't know how Galia will survive?

The director turned back and glanced at Galia's office.

He didn't know what it was like, so he just said softly: "Galia, maybe I shouldn't have brought you up from the grocery room and asked you to do such a decent job, you were in the grocery room at the time. , It's actually pretty good and fulfilling.

It's me... I hurt you. Please ask

yourself for more blessings, I'm sorry."

Galia naturally couldn't hear the director's words, and she could also hear that the director was actually very embarrassed.

The director actually wanted her to resign.

But Galia figured it out herself, she couldn't live up to Suzi, couldn't live up to Arron, let alone Christopher.

If it is her own disaster, then come earlier, she is willing to follow.

She can also accept the scene of her past being revealed, no big deal!

If it is revealed this time, and she faces it head-on, she can become more brave in the future!

Galia was ready to wait for Cui Yingying to come to the company to make trouble, but she did not expect that she was waiting for another person.

Chapter 2699

The third day when Cui Yingying came to make trouble, which is the third day after Galia and Liao Jie's company signed the contract , When Galia planned to go to Liao Jie's company to inspect, someone came to the door before she left.

That person went directly to the company.

And named Galia.

"Galia, your business is very busy, and another partner company has named you to come to you. The other party seems to know you, so you can go and have a look." The female colleague kindly informed Galia.

Galia was stunned for a moment: "Look for me? I have just been in charge of the business independently for a while, how come so many people know me?"

After speaking, Galia laughed at herself again: "Actually, apart from Liao Jie, I also Few companies really know me. He called me. Could it be that Liao Jie really didn't want to see me, so he handed over his business to other people in his company?"

If so, then That's fine.

I'm relieved this way."

Galia was relieved when she spoke.

She sorted out all the information of Liao Jie's company and planned to repeat it with the new partner.

As a result, when she came to the reception room, Galia was stunned.

The man opposite was in his forties.

There are already some gray hairs on the temples, but the man's aura, that lofty and arrogant characteristics are still there.

Even after nearly ten years, Galia still recognized the man in the reception room at a glance.

After all, at that time Galia was in that situation, whether it was life or work, it was too torturous.

Suffering to the point that Galia's life is better than death.

When she saw this man, Galia's days when she almost became too much was vividly vivid in her mind.

She suddenly felt that the world was really small.

When you were young, you always thought that you would never see people in your life, but at some point, you all met again.

Is this the so-called fate?

It's time to come, you can't escape.

Galia stood upright, her shoulders relaxed, her eyes remained calm, she took a deep breath, and after exhaling again, she went in with a stack of documents.

"Mr. Lin, what a coincidence? You came to our company to negotiate business?" Galia shouted calmly.

Lin Dazhou looked at Galia with scrutiny: "Galia, how did you get into such a big company?"

Galia was stunned for a while, then looked at Lin Dazhou peacefully: "President Lin, I don't understand. What did you say? I am now an employee of the Fu Group. You came to the Fu Group and indicated that you wanted to see me,

so I would like to ask you on a routine basis, are you here to talk about business?"

"I'm asking you! Don't you understand people's words?" Lin Dazhou asked in a stern voice.

Galia resisted the anger in her heart and said calmly, "Mr. Lin, I will answer you cautiously, I can understand people's words, I would like to ask you, do you have the right to ask me why I am here? What

are you ? If you have the right to ask me, do you have the right to ask

me?

If you don't have the right to ask me, please don't ask me.

Now you are in our Fu Group, and I am an employee of Fu Group. I want to ask you again, you indicated that you want to see me, are you negotiating business?"

Lin Dazhou: "..."

After a long while: "You're good at it! The tricks of cheating are getting better and better! How many people have you quarreled with in your company? How many things have you done wrong? Can you tell me first?

Oh, you are more mature now than before, your work ability should improve a little bit, and you make fewer mistakes than before, right?

Then I want to ask you, how can someone like you who is almost too changed in so big? company?

How did you deceive the personnel department of your company?"
