

Chapter 270

Evelin laughed, "This kind of activity can easily last for several hours, so it's better to remember to eat before you come back later, or else you might turn into a black spot again if the paparazzi sneak a peek."

I said, pointing to a few reporters with cameras not far away.

Jenny said, "Oh," but his heart was a little unconcerned.

Stars are people too, and they get tired and hungry, so what's wrong with having something to eat?

In the past, when she was in PR, she was most annoyed with these paparazzi who used chicken feathers as arrows, and could give you a hype about anything as if it was a big deal.

It is true that there are some artists who need hype to increase the heat, but if it's black material, I'm sure most artists don't want it.

But she didn't matter.

Anyway, acting is now just her hobby, she likes now, not necessarily later still like, and go and see, she did not set herself much of a goal, for these naturally not too care.

Seeing her unconcerned look, Evelin smiled, and probably understood what she meant, so she said, "I'll go over first then! Oh, by the way, Shade is over there, do you want to go say hello?"

Thank you, Shing Fei?

Jenny's eyes lit up.

Following the direction of Evelin's finger, she shook her head incessantly as she saw Xie Chengfei surrounded by a large group of people.

"Forget it, I'm not going, you're on your own!"

"Okay, I'll go then."

Evelin left, and Jenny continued to nestle in his chair and eat.

Although she still quite wanted to see what Xie Chengfei looked like in person, but so many people, let's forget it!

I don't know what to say when I see you, so I might as well not see you, lest I break the good image in her mind.

After a while, she finally had enough.

My stomach was a little upset and I wanted to go to the bathroom.

So he went to the bathroom alone.

Lu Yanzhi was here tonight as well, originally coming along, but Jenny was just too tired lately and didn't want to socialize anymore, so he was the one to go out.

Unexpectedly, after socializing for a large circle outside, I came back and didn't see her shadow, only a few empty plates where she originally stayed, and shook my head without laughing.

Relationships matter in the world of entertainment, and tonight looks like a charity night on the surface, but there's no telling how many deals are happening in the dark!

Jenny's character that doesn't care about anything doesn't understand how she got to this point.

But then she thought of the person behind her, and Lu Yanzhi couldn't help but feel relieved.

So what if you don't like socializing? With that guy backing her up, what kind of good resources can't she get?

When Lu Yanzhi thought of it this way, she was relieved to let her go.

And inside the bathroom.

Jenny finished going to the bathroom and came out to hear a few girls talking about Xie Chengfei in the corner.

Those were a few fans who had been forced in by family connections, all coming to see Xie Chengfei.

Since you can't get in the cocktail lobby, you squat in the bathroom.

Jenny couldn't help but laugh.

In her mind, however, she thought that these people attention to be disappointed, because she had just overheard that Xie Chengfei was flying to another place at night, so she was just coming here to show her face and would soon leave.

But she didn't have much to do to remind her, and after using the bathroom, she hurried out.

After staying for a while and feeling bored, I decided to leave first after texting with Lu Yanzhi.

The driver was waiting for her outside.

Jenny was walking outside when he suddenly heard an excited scream.

"Xie Chengfei is out!"

"Xie Chengfei!! love you!"

"Ah-!Really right and wrong!"

"....."

Countless screams.

Making Jenny pause in his tracks, he saw the starry-eyed man emerge from the doorway, escorted by a group of bodyguards.

He smiled and waved to the screaming fans, which prompted another scream!

Fans seemed to flow towards him like a stream of water, and despite being stopped by the security mission, they pushed hard towards Xie Chengfei's side of the car.

When Xie Chengfei walked to the car, he didn't rush to get into the car, but turned his head and ordered the security guards, "You guys go and watch out, don't have any accidents, let everyone go home and pay attention to safety."

The security guard nodded and turned to answer to everyone.

Everyone burst into another cheer.

The idol is caring about them hey, so jelly!!!!

Jenny hurriedly took out his phone and took pictures.

Her car wasn't far from Xie Chengfei's car, about five or six meters away, so it was a very clear shot.

It's a once-in-a-lifetime opportunity, and even though you can't talk to your idol face-to-face, it's always okay to take an up-close HD photo!

Go home just in time to replace that photo on your computer screen.

At that moment, a ghostly voice came from behind him.

"Can I have a copy of the photo, young lady?"

Jenny was stunned, and when he turned around, he saw a grandmother with white hair standing there.

The old man must have looked to be in his sixties, dressed in a dark red tang suit, wearing one of those vintage gold-rimmed glasses and smiling kindly.

Jenny said evenly, "No problem."

I'm sighing, still starstruck at this age!What a 6666!

When Xie Chengfei left, Jenny turned around and said, "You scan my WeChat, I'll send you the photo."

The old man smiled and said, "Good."

She took out her phone and swiped her WeChat, they added friends, and Jenny sent her the two photos she had just taken.

When I saw her WeChat name was "Little Fifi's Big Baby", the corner of my mouth twitched.

Now that's a lot of fun for an old man!

The old man got the photo and was so happy as a three-year-old.

"Thank you, little girl."

Jenny even waved his hand, "You're welcome, it's a small matter."

"Little girl, you're a star too, aren't you!"

"Uh...yes."She smiled a little embarrassed.

"You're so pretty, it would be great if my granddaughter-in-law looked as pretty as you do!"

Jenny Jing thought this old man was really funny and smiled, "Your granddaughter-in-law must be prettier than me."

"That's not necessarily true."The old man shook his head and suddenly his eyes lit up, "What's your name, little girl?What's it for?Acting?Or singing?I'll pay attention to your ruff."

Jenny: "....."

Old man, it's so easy to enter the pit!

But she was too embarrassed to refuse, told her her name, and then asked her to pay attention to the ruff.

Only then did the old man smiled contentedly and said, "Little girl, you're so nice, you're going to be a big hit."

Jenny lost his smile, "Presenting your auspicious words."

The old man paced away at a slow pace.

Jenny didn't stop any longer and got into the car, which drove away.

At the same time, a middle-aged man with a group of bodyguards looked anxious as he emerged from the arena, his eyes sharp as he searched the crowd.

When finally seeing the old man who was slowly coming this way, he showed surprise and ran towards her.

"Mom!Where have you been?You know you're driving us crazy!"

"Why did you run off by yourself, old lady?We were so scared when we turned around and didn't see you just now!"

Chapter 271

The old man looked at them with a look of displeasure.

"Do you think I'm a prisoner, watching over me like this, I'm just out for a photo op, so what?"

The middle-aged man frowned at the news, "You want to see Xie Chengfei, I'll just send someone to call him to the hotel to let you see enough, why must it be him?You're

taking pictures? Do you still want to lose face if you let people know that the old lady of the Jin family actually did such a thing?"

The old lady was a little angry.

"What did I do? I didn't break any laws or discipline, so why do I lose face? And calling people into your home, is that still starstruck? Can I still call myself a qualified non-meal?"

She snorted, "Never mind! I'm not going to bother telling you about it, and if I do, you won't understand a thing, just like your deadbeat dad."

The middle-aged man's face was a bit dark, "If you let Dad know that you ran out to see Xie Chengfei, only then will you have to suffer."

The old man paled a little at the news.

"So what if he knows? You son of a b*tch! I've raised you for nothing! Turn your elbows outward."

I said, exhaling and hitting him.

The middle-aged man lost his smile and softened his tone, "Yes, yes, my fault, I shouldn't have brought you here by your caprice, mainly because it's our first time back home after so many years, and we're not familiar with the environment, so I'm afraid that something might happen to you, if I wasn't worried about your safety, I wouldn't have to be in such a hurry."

"Huh?"

The old lady ignored him and turned around and headed to the back vip passage escorted by a group of bodyguards.

Jenny didn't know what was happening behind him.

After returning home, she took a shower and spoke to Nina Hua on the phone again, and was satisfied to learn that everything was fine with her now, before hanging up the phone.

At this time, in a private hotel full of quaint atmosphere.

As soon as Mrs. Jin entered, she saw the old man sitting on the living room couch with a gloomy face.

She made a slight step, then entered with a smile and asked, "Why are you sitting here so late? Have you had dinner yet?"

The old man ignored her and sat there sulking.

The old lady's heart thumped, secretly lining, could it be that she knows?

Even pulled out his mobile phone to send a message to his son.

Two minutes later, a reply was received, the matter had been revealed, and the old man had spent the evening in his room in a fit of angina and without food, and with a good deal of fury!

The old lady put the phone away, restrained her face, and didn't speak.

Silently, he walked to the kitchen, had the maid prepare a meal, and then brought it to him himself.

"How can you not have dinner? Come on, hurry up and eat!"

The old man on the couch grunted and pushed his face away, not eating.

The old lady took a look at him, suppressed the fire in her heart, and continued to coax, "Be good, you don't eat at night your stomach will hurt again, don't fool around, eat quickly."

"Well, am I as much of a fool as you are? It's the middle of the night, going out to see a wild man, and you dare to let Qingcheng take you there! You're losing sight of me more and more now."

The old lady's face changed slightly.

Squash the temper and endure.

"Okay, okay, I'm sorry, I shouldn't have gone to see him, so why don't you eat first?"

"No food!"

"Take a bite."

"No food!"

Old Lady: "..."

Set the medicine down on the table, got up, and turned to go upstairs.

The old man on the couch was stunned and asked, "Where are you going?"

The old lady didn't have the good sense to say, "Go upstairs and sleep! I'm not tired after a day out, huh?"

"But I haven't eaten yet!"

"Well, you're going to eat it then!"

The old man's face turned pale.

It's changed and changed and changed....

Finally, with a stoic expression and red eyes, "You promised me before that you wouldn't go see that wild man again!"

Old Lady: "..."

The other's aggravation made her heart soften.

Up front coaxed: "Well, well, I said I was wrong well, I was just bored at home and wanted to go out for a walk, just happened to go there, I didn't mean to."

"You're bored, you can walk out with me, why don't you take me?Huh?You're the one who went to see that wild man!"

"I..." the old lady had a bit of a headache.

She suddenly turned her eyes and said mysteriously, "Actually, ah, I really didn't go to see Little Fei Fei today..."

"And you called him little Fifi!!!"The old man was furious.

Old Lady: "..."

"I'm not going to see Xie Fei Cheng today, I'm going to look for a granddaughter-in-law for us."

Sure enough, at the mention of the granddaughter-in-law, the old man's attention instantly shifted halfway.

"A granddaughter-in-law?"

"Right."The old lady quickly pulled her phone out and found a picture.

"Look, isn't this little girl beautiful?I'll tell you ah, I'm much prettier in person than in the photos, and the child I'll have with our Abyss will be even prettier."

The old man looked at the picture for a moment and trailed off, "Not as pretty as you were when you were younger."

The old lady was a little shy when she heard, "Nonsense!I wasn't as pretty as she was when I was younger."

"In my mind, it's just that you're the prettiest."

At this time, Jin Qingcheng, who had just entered the door, heard this, only to be caught off guard by a handful of cold dog food slapped to his face.

I was worried that my own mother couldn't handle the old man, so I came over to check it out, but it seems that he's overthinking it.

When the old lady saw him, she called out, "Qingcheng, come here!"

Jin Qingcheng could only walk over.

"Come and see, what does this little girl look like?"

I said, holding up the phone.

Jin Qingcheng took a look at it and commented very pertinently, "It's beautiful."

"Pretty, isn't it?" The old lady was delighted, as if she was being praised herself, her eyes shining brightly, "How about introducing her to our Ah Yuan as a daughter-in-law?"

Jin Qingcheng raised his eyebrows at the news.

It was quite funny.

After all, the old lady and the old man were old, and although the old lady had refused to be convinced of her old age and was still starstruck, she was not as young as she was, and did not know many things about the network.

He looked at the two old men with a seeming smile and asked, "Do you really fancy her?"

"Yes!" The old lady came to her senses and looked left and right with the photo, however satisfied she was with it.

"I think she looks pretty good, I've been in contact with her, her personality is good, our Abyss doesn't like to talk, with her being so lively, it's just right, a combination of well."

Jin Qingcheng laughed even harder.

"Okay, it just so happens that I know her, I'll introduce you guys to her sometime?"

The old lady was startled by the news.

A big happy, "Really?"

"How else could it be fake? But just because I'm okay with it, doesn't mean no one else is, and when you meet that kid from the land, if he tries to chase you guys with a knife, don't say I didn't warn you first."

Both old men were stunned.

"Lu family Biden Lu? What's that got to do with him?"

"How is it none of his business? It's someone's wife, a matchmaker's daughter-in-law, but you want her to be your granddaughter-in-law, you say it's none of his business."

Old Lady: "..."

The old man: "..."

Chapter 272

Disappointment is a certainty.

But since Jin Qingcheng had said that it was Biden Lu's daughter-in-law, they naturally couldn't force it any further.

The old lady sighed regretfully.

"Why do you think these nice girls either don't look up to our Abyss, or are already married? At this rate, when will our Abuchi be able to get married and give me a big, fat, heavy grandson to bring along?"

Jin Qingcheng's face sank slightly as he listened.

"Mom, you don't have to be too anxious, Abuchi has only just returned to the Jin family, and you can't push him too hard, if he doesn't have the heart to do it himself, it's useless for you to be anxious."

The old lady knew it was true, but she just couldn't control herself all the time.

After thinking about it, I eventually sighed and didn't continue the conversation.

That night, after Jenny went back, he told Biden Lu about the interesting old lady he had met outside the stadium.

Biden Lu was not interested in this, but seeing that she was in high spirits, he couldn't help but be infected a little.

Jenny suddenly remembered the phone call she had with Nina Hua during the day and said to Biden Lu in high spirits, "You know what?Nina Hua is about to give birth."

Biden Lu raised his eyebrows.

It's none of his business if Nina Hua's in labor.

Jenny counted with his fingers, "There's still a month left!As the child's godmother, I want to go to F to accompany her when the time comes, so you should come with me too!"

Biden Lu frowned.

Without even thinking about it, I refused, "I'm not going."

Jenny Jing naturally wouldn't do what he wanted and directly said, "No, you have to go!"

"Because I'm the godmother, you're the godfather, right, and it's not fair that you don't go when I'm there."

Biden Lu: "....."

He smiled coolly.

"I don't want to be a godfather, I'd rather be my own father."

Jenny: "???"

After a few seconds of stunned silence, he finally responded to what he meant.

A small blush burst out of her face and she looked around to make sure no one was around, which is why she said in annoyance, "What are you talking about?"

"How can you call this nonsense? We're a married couple, isn't it a natural thing to have children?"

The man said as he took her into his arms.

Jennyton couldn't help but blush even harder.

The two men were hobnobbing, when a maid came over and reported, "Young master, young grandmother, a guest is here, and the old lady invites you over."

Jenny was shocked and pushed Biden Lu away in a row.

Turning her head, however, she saw the maid with her head down, as if she hadn't seen the two making out, and only the curve of her mouth from holding a smile betrayed her emotions.

Jennyton made another scene.

Biden Lu didn't feel anything though, and waved his hand, "We know, we'll be right down."

"Okay."

The maid retreated and Jenny sat up, complaining, "It's all your fault, how bad it is for people to see."

The man looked as normal, straightened his clothes and smiled, "Why be afraid of this and that at home?"

Jenny didn't want to continue to dwell on this topic with him, "Okay, grandma called us, let's go."

The Lu family is small in size, with only Biden Lu being the junior in the direct line, plus the fact that Biden Lu's parents passed away early, so the family is all the more deserted.

The old lady and the old man are old, and the old man is in good health.

No, Biden Lu doesn't like to socialize, and he's always busy working outside, so he has even less time to stay at the house, so the old lady usually refuses to have guests visit her.

With curiosity, Jenny Jing followed Biden Lu to the front hall.

There was only a rare buzz in the front room, a luxurious sofa with a middle-aged man and an old woman with white hair, both of whom had their backs to her.

The old lady's hand was being held in an affectionate grip by Mrs. Cen, and they were saying something, and Mrs. Cen's face was all moved.

A few maids were standing by, serving tea and pouring water, waiting for orders, the old lady usually didn't like this kind of behavior, but today she received it so grandly, showing the weight of the other party in her heart.

Biden Lu pulled Jenny Jing along with him.

"Grandma."

"Shen and Jenny are here?"

Mrs. Sham looked up, saw them, and greeted them with a smile as they went over to sit down.

"Come here, I'll introduce you, this is Grandma Jin who I've mentioned to you many times before, and this is your Uncle Jin, your Grandpa Jin is playing chess with your Grandpa in the tea room."

Saying that, he pulled Jenny Jing and Biden Lu to introduce them to Old Lady Jin.

"Kiki, this is my grandson Biden Lu, and this is my granddaughter-in-law Jenny Jing."

Old Lady Jin and Jenny both stared in shock.

"Granny, is that you?"

"Little girl, is that you?"

Next to him, everyone looked a little confused at the two men's surprised movements.

Did they know each other before?

Jenny finally reacted, laughing and crying for a moment.

Biden Lu also reacted, realizing that Old Lady Jin was most likely the funny old grandmother that Jenny Jing had told him about last night, and momentarily laughed.

Only Mrs. Sham was still in the dark, and when she saw them all laughing, she asked after them.

"What the hell is going on here? Jenny, have you and your Grandma Jin met before?"

Jenny nodded, so he told her about last night's events.

Old Lady Cen was dumbfounded even after hearing this.

The two old ladies were BFFs when they were young, and decades ago, the Jin family was considered one of the top gentry families in China, but then Master Jin saw the overseas market and moved his family abroad, and that's when his reputation in China dropped.

But Rao did not affect the relationship between the two old people, and over the years, although they did not have the time to spend a lot of time together, every time Old Mrs. Sham had to go to F country for something, she would basically go to Old Mrs. Jin to get together.

This time, it was the first time that the Ken family had returned home after more than twenty years abroad.

I heard that it was because the youngest grandson of the Jin family, when Jin Qingcheng and his wife divorced because of the breakdown of their relationship, unexpectedly when his wife divorced, there was already a child in his belly, the Jin family did not know at that time, wait until the divorce to find out the news.

But the other has left, the marriage has been divorced, and despite repeated searches by the Jin family, the other has been evasive.

Later, under the deliberate avoidance of the other side, they gradually lost contact.

But the good news is that more than half a year ago, Jin Qingcheng's ex-wife had a serious illness, the dying day, told the child the truth about what happened, and also informed the Jin family side of the family.

This time, Jin's family had traveled back to China in order to familiarize themselves with the environment in which the child lived and grew up, and to try to cultivate a good relationship with him.

Mrs. Sham was very emotional after hearing this.

"You guys are actually pretty lucky, the kid at least got back and is willing to acknowledge you, that kid in the Guan family hasn't been recovered yet, I went to see old Guan yesterday, that way, I really can't bear it."
