

PUNISHED BY HIS LOVE

I'm Sorry My Love Novel Alternative

Chapter 2718

While holding Galia,

he flipped through the information in Galia's hand.

Even Chairman Cui next to him called him extremely embarrassedly: "Xiao Yan..."

Christopher just pretended not to hear, and continued to look at the documents while holding Galia.

"Dad..." At this moment, Cui Yingying's frightened voice trembled.

This... what the hell is going on here?

Christopher...how did Christopher hug Galia?

What is the relationship between Christopher and Galia?

Cui Yingying's face turned green with fright, and Director Cui's expression didn't look good either. His sentence: 'Xiaoyan' was actually shouted to the people present. The relationship is good, both: 'Xiao Yan'.

Also, he was emboldening himself.

He told himself that he and Christopher were on an equal footing.

However, Director Cui was very clear in his heart that these four directors were all relying on their own strength to fight for election.

Christopher is not.

If you have to divide the company into direct line and side branch.

Then Christopher is the only direct line.

And the four of them are side branches.

Although Christopher was not as strong and capable as their four directors, Christopher was not bad.

After following Arron for more than 20 years, Arron's vision, Arron's life, Arron's decisiveness and killing, Christopher has actually learned all of them. Not only that, Christopher is also like Arron, he is very open right. Let the people under your hands show their strength.

Christopher has always been fair.

He rarely participates in areas he does not understand, but he can guide the company very well.

Not only that, in the past few years, he has traveled all over the country, although he is looking for his sister, but every place he goes, he also carefully inspects the local economic situation, local development, and what is suitable for the local area. For this reason, he has brought good information and resources to the company in this regard.

It also taps a lot of physical suppliers for the company.

It seems that Christopher rarely appears in the company, but his contribution to the Fu Group is no less than that of other chairman of the company.

Instead, his contribution is the greatest.

Just because he rarely appears in the company, the four directors usually almost forget him. This suddenly appeared, and the four directors remembered that there is another important person in the company, President Yan.

After Christopher read the information, he indifferently raised his head and glanced at it for a week.

Then he asked slowly: "I read this document, what went wrong, Miss Cui, do you want to fire such an excellent employee from the company?"

Cui Yingying: "Yan, President Yan...I... .."

Christopher looked at everyone present again: "May I ask my colleagues in the company, whether Galia is recognized by you as an excellent employee, especially the fashion department and the acquaintance department, I want you to tell the truth."

At this time, the director of the fashion department stood up extremely aggrieved: "Mr. Yan, I assure you that Galia has never deceived me! Galia was brought up by me, and she did not hide anything from me!

" She also went through and stood up: "Mr. Yan, every promotion of Galia is carried out under the strict supervision of our personnel department, and she has done a very good job today, so I have called us here today. It is indeed the President Lin! It

has nothing to do with Galia!

I can guarantee it with my personality!"

"So..." Christopher raised his eyebrows and looked at Chairman Cui and Cui Yingying: "Cui Dong, Miss Cui, what is the reason for you to fire my wife?"

Chapter 2719

Cui Yingying 's legs are fluttering.

His lips were shaking too.

But she couldn't help answering Christopher's question: "Yan, Mr. Yan, that... Mr. Yan, Galia, how could she be your wife?"

She... she She is a liar.

She lied to our company, she is a junior high school student.

She also cheated on my boyfriend's feelings before, she also cheated on my boyfriend's family money, she also sold the original company and core information before.

She."

"Nonsense!" Christopher suddenly slapped the table and stood up.

Cui Yingying was frightened with tears in her eyes but did not dare to flow out.

She: "I'm sorry... I'm sorry Mr. Yan, I... no, I didn't know she was your wife... wife? You... ..when did you get married?"

How is that possible?

Not to mention Cui Yingying.

None of the people present believed that Galia was Christopher's wife.

In the end, he is one of the five directors of the Fu Group. If Christopher gets married, it will not be a sensation in the city, but it will also be a sensation in the entire Fu Group, right?

But, there was no movement at all.

Even if Christopher is a hidden marriage, shouldn't Christopher's wife be a famous lady in Nancheng, or should Arron arrange his marriage for him?

How could it be a foreigner who only graduated from junior high school?

Christopher snorted coldly, and answered Cui Yingying truthfully: "We haven't held the wedding yet, but it's almost time, I will find good weather and make up for the wedding with Galia.

However, we are a marriage certificate, which has been received for half a year!

Galia is my nominal and real wife!

I think there should be no provision in the Fu Group that the wife of the chairman cannot work in the company! "

There is really no such regulation.

When Christopher said this, everyone had nothing to say.

Especially Chairman Cui.

This old man has contributed a lot to the Fu Group, and he is indeed the backbone of the company.

He does not usually do it. The reason for the above suppression is because Arron is in charge, and no one in a company dares to make mistakes. But

this time, the old man really capsized in the gutter.

He is just such a precious girl.

The nose of her daughter crying in front of her father It's all red: "Dad, that Galia is so hateful, I feel disgusted when I see her, she is Liao Jie's ex-girlfriend, you don't know that she has entangled Liao Jie before, and Liao Jie wants to jump out of the well.

Who knows how she came to our company after so many years?

If it weren't for Liao Jie's bid for the company, we wouldn't even know that this maggot was actually in our company.

In the future, Liao Jie will have to deal with the Fu Group often. Every time he comes to the company, he has to see this woman and work with her. This is so disgusting.

Also, this woman has been unable to let go of Liao Jie until now.

Still trying to establish a relationship with Liao Jie, Liao Jie has said several times to let her resign, let her resign, but she just doesn't resign.

Not only did she not quit her job, Dad.

She also offered to work with Liao Jie.

What do you mean by this woman! "

At that time, Mr. Cui was very angry when he heard this.

Isn't that obvious?

Overcome with his own strength, but wishful thinking and the wealthy daughter to rob a man.

The old man has investigated Galia's work ability, and he does not deny that Galia is serious and practical. In fact, he will never do what Galia once did, especially the embarrassing things Galia did in Lin Dazhou's company. care.

It only cares about one thing, this woman works one day at Fu Group, and his daughter is not happy for one day

Chapter 2720

For his own daughter, this is the first time that Mr. Cui has bent the law for personal gain.

He thought that it was really nothing for the company to fire an ordinary female employee.

It's a wave of hands.

Who would have thought that this woman was actually Christopher's wife?

I already got a marriage certificate!

At this moment, Mr. Cui was also dumbfounded.

He grew his mouth and was speechless for a long time.

Later, in the eyes of Mr. Cui, there was a sense of fear that did not match his grade.

Mr. Cui knew Arron's character very well.

Arron never bends the law for personal gain, and he will never allow his subordinates to bend the law for personal gain!

This alarmed Christopher, and it was equivalent to Jingdong's Arron.

Next, whether his Cui family still has a place in the Fu family is a question!

The old man's perseverance from the beginning to the slightly fearful eyes, and then to the tone of soft pleading: "Little...that, Mr. Yan, this is..."

"Old man Cui, let your side go first." Christopher raised his hand mercilessly and interrupted Chairman Cui.

This basically amounts to hitting Chief Cui in the face.

His face was red, yellow, green, and blue with embarrassing smiles

.

Lin Dazhou: "Yan...Mr. Yan, the so-called ignorant is not a crime, I...don't know that Galia is you...is your wife. If I knew she was you My wife, even if you lend me your guts, I don't dare..."

There was nothing wrong with what he said.

And it is a very sincere sentence.

As long as he can know that Shen Wan is Christopher's wife, he will not go to the other's one-acre and three-point land to make trouble. I was so embarrassed that I wanted to find a crack to get in.

Now there is more strictness.

It seems that he is going to be here today.

I heard that Christopher is very good at fighting!

It is a super bodyguard who has followed Arron for many years.

Christopher sneered: "Mr. Lin! Our huge Fu Group has never divided people into three, six or nine. Even when Arron, the real owner of the Fu Group, was in charge of the company, he was also with other employees of the company. Eating in the same restaurant.

The auntie who sits and eats in the restaurant, and the aunt who cleans the toilet, also has Arron, the highest power in the Fu Group.

The dishes are all cooked in the same pot!

I didn't expect that one of you Downstream companies with a relatively small scale can even distinguish people from three to six nines!"

"I...I don't." Lin Dazhou was slightly aggrieved.

He was taking the initiative to show affection to Christopher.

But it seems that Christopher doesn't buy it.

Christopher sneered at the doctor again: "Since you don't distinguish between people's three, six, nine, and so on, why did you explain to me that if you had known that Galia was my wife, you wouldn't have come to expose her? Does the sentence mean that if Galia is really not my wife but one of the most ordinary staff members of the Fu Group, you are going to bite the staff and not let

go ? What is it?"

Lindazhou: "I..."

"Also!" Christopher suddenly interrupted Lin Dazhou, his voice was also cold like a cold knife: "Galia is a good employee recognized by our Fu Group, she has never harassed you, President Lin, she is in My company is working diligently and well, why do you have to run all the way from the city where you are located

? Openly slander my wife?

Why is this?"

Lin Dazhou hesitated for a long time and couldn't say what he was pregnant.

"So, you have to compensate us for not doing anything all morning, but staying here with you, the cost!

Moreover, I came forward to ask you for compensation, but it's not as little as two or three million, I want ten million !"

"One... ten million?" Lin Dazhou froze.

Chapter 2721

Christopher didn't look at Lindazhou, he just looked at the manager of the personnel department blankly: "Go, call the company's legal affairs, and immediately send a lawyer's letter to Lindazhou company.

If it is three days later than our stipulated time limit, we will increase the compensation to 20 million. If it is five days later than our stipulated date, the compensation will be increased to 40 million. And so on, one week

later, the compensation will be added to 80 million Ten days later, it will be added to 100 million!"

Having said that, Christopher smiled: "I know, Mr. Lin, you can also disagree, then we will file a lawsuit, I think, thinking that our Fu Group If you want to fight against a downstream company that is not in the mainstream,

it won't take long. Just three years. I think that my Fu Group will spend three years to fight a lawsuit for you, and it will be able to force you. Will you be dragged to death? As far as our Fu Group is concerned, we are the

prosecution party. We can deal with your company by a department in the special city.

In the past three years, your company doesn't have to think about survival. You can go directly . It's dead. Our company doesn't care about companies that go bankrupt and close down.

Don't worry." Christopher's tone did not mean to joke at all, he was serious. This trick was learned from Arron. It was to overwhelm the opponent at one time, so that he would not dare to mess around like a clown.

Sure enough, after Lindazhou heard this sentence, people immediately cried in fright. Yes, the chief executive of the dignified company can be regarded as an all-powerful figure.

Three hours ago, when he first entered the Fu Group, he was still so high-spirited and so pre-emptive, especially in front of Galia, he was like a crushing existence.

Who would have thought that in Lindazhou at this time, a big man would cry with snot and tears?

"Uuuuu, that..." Lin Dazhou washed his nose: "Mr. Yan, I... I didn't know that Galia was your wife, I really didn't know, I No offense, if I knew that Galia was your wife, how could I treat her like this?"

You don't remember the villain, and I don't blame anyone who doesn't know it. I

beg you, okay?"

A common problem.

That is to go to the doctor in a hurry.

At this moment, Lin Dazhou simply forgot. Just now, Christopher questioned Cui Yingying.

And he's back to the old tune.

Galia is Galia, she has always been herself.

Is it because her identity has changed from a grassroots to the president's wife, so you don't dare to bully her?

Those who do not know are not guilty.

Does the grassroots deserve to be bullied? Being called at your door, you have already worked hard, you have corrected all your mistakes, you have done a good job, and you have handed over your transcripts, but you still have to be stripped of the eighteenth generation of your ancestors?

"Because you don't know that Galia is my wife, so even though Galia worked in your company ten years ago, she never went to you and said that you had puaed her before, but you still Can you go inside the company and expose her! Mr.

Lin!

Do you think your actions are very righteous?

You have made a contribution to your company, and now through ten years of hard work, he has turned from an ugly duckling into a white swan. , finally let the girl who kept her in this city re-enter the eighteenth hell, is it your goal in life?

Are you very honorable? You are

still so shameless, self-righteous, and triumphant.

Your ugly appearance can kill you !

But you are going to die, don't die in our Fu Group!

We are unlucky!

You can die at any time after leaving the door of the Fu Corporation! "
