"Who are you? I don't understand you," Han Jun claimed with an intentional smile.

"As a guy, can you not be so thrifty? I just owe you some cash. As well as I've invited you to supper," Linda claimed discontentedly.

"Why does this person keep looking at my legs? Is it truly Yvonne could not please him that he can not restrain his need?"

"Just how can a dish suffice? Why don't you treat me to another meal today?" Han Jun said.

Linda was so anxious that she was breathing quickly. "Why would Samuel claim something like that? Has he transformed considering that he mosted likely to Golden Bridge City?"

In a split second, the idea of consenting to Han Jun's idea blinked with Linda's mind, yet at this moment, Yvonne's figure showed up in her mind again, that made Linda instantly come to her senses.

I won't inform Yvonne what took place today, however you would certainly much better remember that if you risk to do something to harm Yvonne, I'll never ever allow you off."

Han Jun comprehended that Linda was Yvonne's best friend. He had actually simply gotten here in Cloud City, as well as he had to use Samuel's identity to live for a period of time.
