

PUNISHED BY HIS LOVE

I'm Sorry My Love Novel

Chapter 2754 – 2755

Chapter 2754

Even if my blood type changes, my genes will not change.

Shall we do a genetic identification?

please? "

"You... what did you say?" Luo Jin, who almost fainted from crying, suddenly stopped crying.

"Let's... go for a genetic test..." Mi Lu said frightened.

Luo Jinyan is for the people and Darius: "..."

None of the three thought that Mi Lu would ask for a genetic test.

At first, Mi Lu said it was their daughter, and they thought Mi Lu was messing around and had no bottom line.

However, what Milu has to do is a genetic test.

The three of them stared blankly at Mi Lu.

Even the people watching the play next to him were stunned.

What is this sudden turn of events?

Mi Lu... is their biological daughter?

Is it... Darius's wife Galia?

how is this possible?

Everyone knows that Darius's deceased wife is very beautiful, very foreign, and she is a little sweet. How could the woman in front of her be Galia?

If it was Galia, wouldn't her parents know her?

Everyone's eyes widened, waiting to see the show.

Mi Lu's voice became more and more hoarse: "I have loved to play since I was a child, and my academic performance has not been very good, and my college major is not very good, so after I graduated from college, I could only work as a clerk in the personal affairs department of a construction company.

It's the job of this little clerk, and it's also... my brother helped me introduce it.

My brother is not my own brother, he is my cousin, his name is Christopher. "

"You..." Luo Jin was stunned.

Yan Weimin was also speechless: "..."

"I've always been lazy and lazy since I was a child. I'm basically a lay-flat foodie. I never worry about it. Mom, you will prepare my clothes for me in spring, summer, autumn and winter, so after I work, I never have to hand in my salary. , but each month is not enough.

My family's conditions are not very good, it's just an ordinary family, so although I live a very happy and happy life, I'm not particularly rich.

When I was in college, my view on love was a little over-the-top.

Worse than me, I don't want it.

Those who are better than me, those truly noble children, I can't climb up to others.

This view of love is because I have loved to read romance novels since I was a child, until one day, at work, I met a friend who had a great influence on me in my life, Suzi.

In fact, Suzi and Rong Rong didn't know that until now, Suzi helped me change my view on love.

In the past, like Rong Rong, I was more ambitious, full of eyes, and wanted to find a rich boy. From then on, I lived a fairy tale of Cinderella and the prince, but I was not as stupid as Rong Rong.

Not as obvious as her.

My parents are both teachers, and I have been more reserved since I was a child. Even if I think so in my heart, I just don't say it.

Until I met Suzi, Suzi made me understand that life in a wealthy family is not so glamorous, especially for a commoner, after marrying into a wealthy family, there is a heavy price to pay.

After that, I never wanted to marry into a wealthy family.

But, also because of my attitude change, I don't want to marry a wealthy and noble son, but I met A Zhen.

It was Ah Zhen who pursued me.

At first, I didn't want to give A Zhen a chance, but the more this is the case, the more A Zhen misses me. "

Having said that, Mi Lu looked at Darius with tears in her eyes.

Darius also looked at Mi Lu with tears in his eyes, and he sobbed silently: "For such a story, unless it is Galia himself, no one will come back, you...are you really Galia?

Is it my Galia? "

Mi Lu choked up and nodded: "A Zhen..."

"Wait a minute." A voice suddenly came from outside the courtyard.

Chapter 2755

Everyone was stunned, and then looked at the door of the small courtyard.

The middle-aged woman standing at the door is a raw face.

Mi Lu was a little dazed at first, she wiped her tears and asked the woman at the gate of the small courtyard, "May I ask this aunt, who are you?"

"It doesn't matter who I am, I just heard you crying in the yard all day long, watching the hot coax, I think it's strange that you are crying too, there is such a thing in the world?

You don't look similar to other people's women at all, and people don't know you face to face with other people's parents, so you can still say that you are someone's daughter, is there such a thing in this world? "The middle-aged woman has a very righteous tone.

Milu: "..."

Her eyes became very timid.

Isn't that what the middle-aged woman said?

It has been a long time since she came back to Nancheng.

But she never had the courage to recognize her biological parents, and she never had the courage to recognize Ming Zhen.

She thought that as long as she could see Ming Zhen and her parents again in this life, she would already be grateful to the world.

This wish has come true.

Not only did Mi Lu meet her parents and Ming Zhen, she also knew that her parents, Ming Zhen, and her brother had never forgotten her.

She has always been the number one priority in her life.

How happy does this make her?

She was very content.

She thought that in this life, as long as she was alive, let her be a begging dog in front of A Zhen, her parents, her brother and her uncle and aunt.

She would too.

must be willing.

Many years ago, when she was Galia, she once read a report.

The report is about a female doctor, with a very high education level, a good job, a good husband, whatever she wants, and she is very good in all aspects. She is a very happy middle-class family.

But this female doctor was found to have an incurable disease, and she has at most one year to live.

This female doctor has always been very busy with her work, and rarely has time to accompany her children, the elderly, and her husband. After she was found to be ill, the female doctor said with tears: "If, if God can make her live, She is willing to give up everything she owns, her work, her culture, her attainments, and she would rather be poor to have nothing.

Wish there was nothing.

It's okay to be a beggar.

As long as she can squat in front of her own house every day and take a look at her children, her parents, and her husband, that is the best.

However, this desire is also a luxury that cannot be sought.

Because the female doctor has one more year to live.

In contrast, Mi Lu was much happier.

She has a job, she is still alive, she can see A Zhen and her father every day, how happy and beautiful is this?

She shouldn't ask for more.

As the middle-aged woman at the door said, her appearance has completely changed.

Even her blood type has changed.

Except for genes, she couldn't find anything similar to the former Galia.

Her parents, A Zhen, her brother, uncle and aunt, and Suzi accommodated them.

What they miss in their minds has always been the beautiful and beautiful girl Galia who shows a sweet smile every day and carefree, but now they are facing Mi Lu.

Galia loves to laugh so much, which is everyone's pistachio, Galia's voice is like a lark.
