

PUNISHED BY HIS LOVE

I'm Sorry My Love Novel

Chapter 2756

But what about her voice?

Her voice is rough like a black scorpion, and her face is far less beautiful than Galia¹. Her face is even stiff most of the time. The reason why she plays the villain is because her face is opposite. Rather hideous.

If she is like this, even if she recognizes her parents, and makes her parents look at her as a stranger every day, how can they accept her?

Mi Lu has always thought like this.

So, she didn't plan to recognize her parents and A Zhen again, she just greedily wanted to be by their side, watch them, and pour tea and water for them, which is the happiest thing in the world.

At this moment, Mi Lu flinched after being reminded by the middle-aged woman.

She looked sadly at Darius, looked at her parents, and said apologetically, "I...I'm just a proposal, I don't mean to force you, I...you You may not do it.

I'm sorry. "

She has nothing to say.

By this time, Darius and Galia's parents were also a little more awake.

Especially Darius.

He stared at Mi Lu without blinking.

What is the similarity between this woman and Galia?

The face is not the same, the skin is not the same, except for the height and Galia, the rest are not similar!

"Who are you? What are you trying to do!" Shu Ming looked at Mi Lu with a cold face.

Mi Lu was in tears, and she smiled miserably: "No...no."

At this time, Galia's mother logically grabbed Galia, and she was very strong. Galia rubbed her wrist and said, "My child was naughty when he was a child, and went after a big wolf dog, but the wolf dog was not tall. You were bitten by a wolf dog on your wrist, and the bite was so deep that you have always had that scar on your wrist."

After speaking, Mi Lu's sleeves were also rolled up.

However, Luo Jin was disappointed to find that there was nothing on Mi Lu's arm.

"You...you're not our daughter! You're not! I shouldn't believe you! I shouldn't believe you! You don't look like our daughter at all, you liar! Liar!" Luo Jinfa I cried like crazy.

Mi Lu also burst into tears: "Yeah, I shouldn't have known you in the first place."

"Go away! You damn woman." Luo Jin raised his hand and slapped Mi Lu again.

Mi Lu held onto her cheek, not blaming Luo Jin's expression at all, and cried with a smile: "Fight, you beat me hard, as long as it can make you feel bad, you can beat me how you want. Hit me."

"Go to hell..." Luo Jin cried.

There was another voice behind him: "Auntie, don't get so angry, the anger is all on you, you have to calm down."

Colleagues Luo Jin and Mi Lu raised their heads.

The two of them shouted in unison: "Suzi, are you... here?"

Suzi and Rayna stood side by side in front of Luo Jin and Mi Lu.

Both looked at Mi Lu.

"You said you were Galia?" Suzi asked calmly.

Without waiting for Galia to speak, Suzi said again: "If you can blurt out my name, if you are really Galia, then your acting skills are too advanced, but it's not difficult, you are an actor after all Well."

Mi Lu's voice choked and said: "Suzi, I... We have a common time, when I was in a construction company, the first time I saw you, I thought you were my brother's girlfriend, it was me Brother call me and let me take care of you specially."

Suzi was stunned: "You... what did you say?"

"So, apart from me, you and my brother, no one knows about such details, right?" Mi Lu looked at Suzi with tears in her eyes.

Suzi immediately squatted and came over, holding Galia with both hands, his tone also choked: "You... you don't mind doing genetic monitoring, right?"

Milo nodded.

"Let's go, let's do it now!" Suzi pulled Mi Lu up and said excitedly.

Chapter 2757

"You, you don't doubt my identity? Don't you think I'm a liar?" Mi Lu looked at Suzi with great emotion.

Suzi shook his head: "In this world, everything can be changed, but genes can't. You say your blood type has changed, but your genes can't be changed. I believe in genes."

"If the genetic test is that I am Galia, or your friend, will you accept me?" Mi Lu asked.

This is the most crucial question.

Suzi: "..."

She really didn't know how to answer.

It's not that she has never seen Mi Lu, she has seen it several times.

To be honest, every time we meet, Suzi has a bad impression of Mi Lu, or maybe it's because most people in this world judge people by their appearance, right?

Suzi is no exception.

This woman's face was a little stiff, and the smear on her face all day seemed to come out of the face tub, and she used inferior foundation. Who can stand it?

Anyway, Suzi doesn't like the way the woman treats A Zhen and Galia's parents like this.

She and Rayna looked at each other.

Rayna also hesitated.

The Galia they have been playing together for so many years is not the one in front of them. The Galia in their hearts is fixed and deeply ingrained.

Not the person in front of him at all.

Don't say that the face is different, even if only the voice is very similar to Galia, they can accept it. At least hearing Galia's voice is the most familiar memory.

However, the woman in front of her not only had a different face, but her voice was completely different from Galia's.

Who can handle this?

Seeing that Suzi didn't answer, Mi Lu smiled sadly: "I know, I can think that you can't accept me, because the Galia in your heart is deeply ingrained in your heart, and you changed your face and voice. , of course, it is a different person, even I can't accept it, let alone you?"

Don't talk about you Suzi, even my parents, even A Zhen, can they accept it?

Also unacceptable. "

With these words, Suzi really had nothing to say.

At least so far, in her heart, she really can't accept that the woman in front of her is Galia, it's too different.

But, even if it was unacceptable, Suzi didn't want to give up the chance to find Galia.

"It doesn't matter if your face is different, your blood type is different, or even your voice is different." Suzi said very rationally: "As long as your heart and your genes are Galia, then you are our friend!

I will definitely accept you! "Suzi is rational and has a business-like tone.

Rayna next to him also nodded: "Yes, as long as you can prove that your gene is Galia, we will recognize it!"

admit!

How much far-fetched and helpless was revealed in his tone?

The former Galia they were looking for, even if they couldn't find the former Galia, and found her, she was Galia, and they recognized it out of nostalgia for Galia and out of responsibility.

Mi Lu smiled bitterly in her heart.

That's true.

Everything was what she thought.

She has been back for so long, how much she wants to be close to them, how much she wants to blend in with them and return to them.

But she knew it was impossible.

She really wanted to think about that, as long as she could stay with A Zhen and her mother, even if they beat her and scold her, as long as she didn't drive her away, she would be very satisfied.

As long as she can hear that Ah Zhen and her parents miss her every day, she will be the greatest and most satisfying happiness.

"I...I..." Milu hesitated.

"Don't you dare to do it!" The middle-aged woman next to her who had been harassed just now sneered.

Milu: "I..."

The woman's sneer was even sharper: "In this world, anything can deceive people, except for genes, genes can't deceive people in any way! So don't look at your shouting so extremely, so powerfully, in fact, it's all It's just a way for you to fool Shu Shao, and to fool Mrs. Shu Shao's parents.
