I'm Sorry My Love Novel Alternative

Chapter 2770 – 2771

Chapter 2770

I no longer expect that I can enter the Shu family mansion again and be a young and wealthy mistress.

I just want to live to watch my kids bounce around and watch them grow into adults. I am very satisfied. "

"Next, still be an actor?" Suzi asked.

"Yes." Mi Lu said with a gratified smile: "I found that I am quite talented in acting. Only after working in this industry did I know that I really like this job, no matter how ugly it makes me play. It's okay. I just like to interpret this ugly character in a three-dimensional way, and that's my achievement for me."

Suzi smiled: "Well, it's good, Rong Rong and I, and Christopher Galia, we will come to see you often in the future, you yourself? Come on."

"Well, I will definitely do my best!" Mi Lu could hear Suzi's sense of alienation.

Although she took it a little bit in her heart, she wouldn't blame Suzi.

"Will you still watch my new play when it is released?" After a few seconds, she asked Suzi again.

In this voice, the best friend she taught was Suzi. She always subconsciously wanted Suzi's approval and Suzi's blessing.

"Okay." Suzi replied indifferently: "I will definitely come to see it."

Suzi couldn't tell what kind of feelings she had for Mi Lu.

She always felt that Mi Lu was Galia.

I always want to subconsciously be like having a relationship with Mi Lu, but when I think that Mi Lu is not Galia, how sad is Galia who is hiding in the corner?

Does Galia deserve to be abandoned by this whole world?

Do not!

Suzi couldn't be too warm to Mi Lu in front of him.

"You? come on." Suzi took the attitude of refusing people thousands of miles away: "I? I won't go into Shu's house, I have to go back to pick up the child. Originally, I missed a day of work today, so I? go back first."

Milo nodded.

This afternoon, Suzi, who had returned home, had been brooding on the sofa all the time.

Until her husband picked up the child, she was still thinking about a problem.

Arron asked her, "What's the situation?"

Suzi sighed: "Why? Why is the DNA different? How is this possible?"

Arron smiled unconcernedly: "The looks are different, the voices are different, and even the blood type is different all over the body. It would be a strange thing to be the same person as Galia. If the DNA is exactly the same. Yes, I feel terrible!"

Suzi shook his head: "Yes, that doesn't make sense?"

Arron asked his wife calmly, "What's wrong?"

"Mi Lu, know all the details about me and Galia, everything! You know, if this is different, it's impossible to know so many details!" Suzi said in an extremely emphatic tone.

Arron was also thoughtful.

Sitting on the side, Shen Weiyi, who had been silent for a long time, said, "Dad, Mom, when I grow up, I will never marry into a wealthy family."

"You little thing! You are a wealthy family yourself, what kind of wealthy family do you marry!" Arron raised his hand and hit the girl on the head, but as a result, nothing was hit.

It was only then that he realized that his daughter had grown up.

Shen Weiyi was sixteen years old.

It has been eleven years since she was picked up from the remote Qu County.

Today's Shen Wei is only 1.68 meters tall.

"Tell Dad, why don't you want to marry into a wealthy family?" Arron's hand was in the air, and he looked at Shen Weiyi kindly.

Shen Weiyi shrugged and said in a see-through tone: "Because, no matter from my mother or Aunt Galia, I can see one thing."

Arron was stunned for a moment and asked, "What's the matter?"

Chapter 2771

The sixteen-year-old girl said in an adult-like tone: "There are many rich and powerful families? You can hide from the gun, you can't hide from the dark shoulder, you can hide this, you can't hide that.

Look at Aunt Galia.

Before she got married, she and my mother were people from two different families and different life backgrounds.

Before my mother got married, she was always suffering, but Aunt Galia was not.

Aunt Galia is the heart of the whole family.

But what about after she married into a wealthy family?

Although my uncle Mingzhen loves her very much, she is still being calculated by others. "

The little girl's tone was calm and calm.

As if not wanting to say what a high school student said.

Arron couldn't help but glance at his daughter: "My daughter has grown up!"

"Dad!" Shen Weiyi looked at Arron with a smile: "I'm sixteen and I'm going to be seventeen soon, and in just over a year, I'll be an eighteen-year-old adult.

I'm not an adult anymore. "

Yes.

Looking at his daughter, Arron was very emotional.

Sixteen-year-old Shen Weiyi is no longer the time when she was just retrieved as a child.

The character of this child grows more and more like her mother.

In the end is more influenced by her mother.

She is calm, rational, resourceful, and patient.

Not only that, but there is love in this child's heart.

In this regard, her uncle Sanford had a great influence on her.

Zeyan has a gentle and generous nature, and her education has been infinitely tolerant since she was a child. Before the age of five, she lived with her mother and uncle. Her mother took care of her very strictly, but her uncle gave wireless tolerance.

This made the child form a gentle and open-minded with a little boyish temperament.

Later, when he returned to his father's side, his father's killing was decisive, calm and calm, which was passed down a lot by this child.

Even though her daughter is only sixteen years old, Arron seems to have seen the appearance of the successor of the Fu Group.

However, Shen Wei was only a child who decided to be smart.

"Don't think about letting me take over your class!" Shen Weiyi said bluntly to his father.

"How did you know that I asked you to take over?" Arron was simply surprised.

Shen Weiyi shrugged and tilted his head, and said with a disdainful smile:
"Arron, your expression management is a failure, okay? Just look at your daughter's expression, you just need to write those words when you pick it up:
I The daughter will be the successor of the Fu Group immediately.

Just about to write these words, okay? "

Arron smiled: "Do I have it?"

"What do you think?" Shen Weiyi didn't continue to talk to her father anymore, she got up and walked into her room, and after a while, she came out with a piggy bank again.

"What are you doing with your piggy bank?" Arron asked puzzled.

"I estimate that I have about 10,000 yuan in my piggy bank. It's all the food you gave me over the past few years, money for outings, summer camps, winter camps, etc. I saved it, I think now Take this money out." Shen Wei sighed, she had been messing around in her room for a while.

Nothing opened.

"Dad, help me open the piggy bank." Shen Weiyi handed the piggy bank to his father.
