I'm Sorry My Love Novel

Chapter 2780 – 2781

Chapter 2780

"You b***tard, scam! You have to die! Mom and Dad, don't believe her, she's a heinous villain!" Mi Lu shouted in the elevator.

The elevator quickly descended to the first floor.

Mi Lu grabbed the elevator door with her hands and refused to come out. She raised her head and looked at Pan Mingsai with tears on her face: "If you drag me out again, I will knock to death here!"

Pan Mingsai wrapped his arms around fiercely and looked at Mi Lu with certainty: "I would rather die here, then you don't care about your children?"

Mi Lu's voice was extremely desolate: "My parents are as important as my children. Although I miss my children very much, my children at least have a good home. They are now in the Shu family, and the Shu family is not. I'll betray the two kids.

I don't worry about them anymore.

But my parents are different!

My parents are being deceived and exploited right now, and if I leave them alone, their lives will be in danger! "

"You, let's think about how you got past the police first. A woman like you, who speaks nonsense with her eyes open, knocks on the door to cheat, should lock you up for ten or twenty years instead. , I'll give you a heavy sentence!" Pan Mingsai looked at Mi Lu angrily.

There were also people watching.

"What's the situation?"

"She... who is she?"

"Why are you crying here, it seems to be related to the Yan family? And the old couple of the Yan family are also pitiful. Losing their only child in old age is already pitiful enough, but don't let outsiders lie to them again."

"Did you hear that?" Pan Mingsai looked down at Mi Lu, who was annoyed by the author on the ground, holding the elevator door with both hands.

Mi Lu looked up at the crowd of onlookers.

They were all pointing at her, wishing they could drown him.

Mi Lu's heart sank in waves.

Could it be that she really doesn't even have a place to reason?

Confused, Mi Lu hugged her head and slammed into the elevator door.

"Crack!" But he didn't know that Mingsai's movements were faster than Mi Lu's.

She raised her hand and tapped Mi Lu's fontanelle sleeping point, and Mi Lu fell asleep instantly.

The people around were stunned.

"It's alright, she's alright, she's a liar, and I'm a surgeon, it's not a matter of arrogance, don't panic, come here for everyone to help carry her, and send her to the police who will enter Bureau, let's hand it over to the police."

right!

Sending it to the police station is the least deceitful place!

All the people in the community were willing to help. They divided Mi Lu into the car, and then several people followed Mi Lu to the police station.

Pan Mingsai has been guarding Mi Lu next to him.

After some time, Mi Lu woke up.

Looking up at the surroundings, it was all white.

"Where is this?" Mi Lu asked weakly.

"This is a hospital. A relatively secret and safe place." Pan Mingsai said.

Only then did Mi Lu come back to her senses. Seeing that it was Pan Mingsai, she immediately shrank back in fright: "You...what are you doing?"

Pan Mingsai smiled: "don't be afraid, I'm not doing anything, I'm just here to take care of you on my aunt's order."

Mi Lu sneered: "You are all a bunch of black-hearted ghosts! You will kill my parents! No... I forgot that you never believed at all. I am Galia."

"I believe it, my aunt also believes it, the only one believes it, we all believe you are Galia." Pan Mingsai said very seriously.

Chapter 2781

Mi Lu sat up straight: "You... what did you say?"

Her eyes were sparkling with tears.

Pan Mingsai supported her: "Sister Galia, don't get excited, and don't make large movements. Your rib has just been broken, so you can't do large-scale exercise, this will not help your rib healing, you lie down. Come on, you have to rest."

"You admit that I was overwhelmed, right?" Mi Lu's tears fell instantly.

"Yeah." Pan Mingsai nodded.

"You... Thank you Mingsai, thank you, I never thought that you were the one who admitted me first." Mi Lu cried very sadly.

Pan Mingsai shook his head: "Sister Galia, don't blame my aunt, the one who has the best relationship with you in this world may be my aunt, she is different from the only one, and the only one can ignore it, but my aunt can't make a wrong judgment.

She has to be careful.

In fact, from the first sight she saw you, she thought you should be Galia.

Because if it is not for me, it is impossible to know so many details.

However, your DNA is indeed different. This is an indisputable fact. My aunt can't take it lightly. In case, what I said is in case, in case my aunt admits that you are Galia with her own intuition. Another Galia came back. If it is really Galia, what should my aunt do?

That was really unfair to Galia.

Sister Galia, don't blame my aunt. "

"I don't blame her. She will always be my best friend. How can I blame her? She is all for my good." Mi Lu laughed and cried.

Pan Mingsai took a sigh of relief: "This matter is the only credit. Don't look at the only child, but she already understands everything, and this child has big ideas, she doesn't care, she just thinks you are Galia, you can't go wrong.

It's her. She said with a very certain tone that you must be right. If the DNA is wrong, it must be the person who did the test. There is a problem!

This event reminds us. "

Hearing what Pan Mingsai said, Mi Lu was also stunned: "You mean, the person who tested me did something wrong? How is this possible? We are testing from a large hospital, and the people who help us do testing are us. I don't know either, a doctor in a large hospital, if there is any hatred, how can he cause evil?"

"So, this is the point of doubt." Pan Mingsai said, "There is also the woman in Yan's father and Yan's mother who looks exactly like you. We don't know what her origins are yet, but we can't make a fool of yourself.

So my aunt deliberately turned against you in front of that woman, then turned you to the police station, and then asked me to take you out through the back door of the police station, and now you're safe, and no one knows we're here.

As for my aunt, she can't show her face yet, she has to deal with that Galia.

Sister Galia, can you tell me now, do you know the woman who looks like you?

"

Milu burst into tears.

After crying for a while, she said, "I don't know if I know him or not, and I'm not sure if it's her, but from the voice, I can tell that it should be her."

"Who is she?" Pan Mingsai asked.

"I used to be the boss of an actor's agency. When I was wandering in the northwest, I almost starved to death. It was she who saved me." Mi Lu said.

"Have you been wandering in the northwest?" Pan Mingsai asked.

Mi Lu nodded: "For more than a year, I was very depressed at the time, my children were very small, and basically did not have any job, so I carried a child every day, carrying a child on my back, in the streets of the ancient city in the northwest. I rummaged through the trash cans to find food, and sometimes I helped people wash the dishes and so on, and others would give me a bite to eat.

I don't have a place to sleep at night, and I don't dare to go to a place with few people. I heard that there are a lot of extras in the ancient city film and television city. Most of the people temporarily sleep under the corridor or in an empty room at night. I just thought Anyway, there are many people, although the place with many people is messy.

But it's relatively safe.

I slept for a long time in the crowd of extras in the studio, and the people there were pretty good, and occasionally they would give me something to eat.
