

Campus Master Chapter 2801

“Young master don’t worry, these are the most ruthless group of fighters in the road, and I arranged for them to bring weapons, absolutely no problem, whoever is in the hotel, they are dead!” The butler said.

Bao Weisheng was still a bit uneasy and said, “Don’t be merciful when you do it, that guy has a friendship with the special forces over there, maybe he will bring his bodyguards with him this time, don’t miss when the time comes!”

The butler immediately said, “Young master, don’t worry, I have already investigated clearly, there are six people in total, except for one woman, the other five should be bodyguards, this time I have arranged people to target those five bodyguards first, the rest of the people are to deal with Ji Feng!”

Bao Weisheng nodded in satisfaction, “Very good!”

He knew that the butler would definitely make proper arrangements, knowing that this butler had been trained as a professional butler in Europe, and whatever he did was very well thought out, and he arranged things in an orderly manner.

In particular, the butler himself is a native of the island and is very skilled in dealing with local gangs and people on the street, so his arrangements will certainly not go wrong!

The two of them were discussing, but they didn’t even put Ji Feng in their eyes, looking at the bland expression on their faces, if people didn’t know, they wouldn’t have thought that they were discussing how to kill someone or even that they had never considered what the consequences would be after they had killed someone!

With the influence and power of the Bao family in Treasure Island, they wouldn’t even bother with such things!

There were hundreds of thousands of people working for the Bao family, and even if the Bao authorities wanted to move the Bao family, they would have to consider the employment of these hundreds of thousands of people, and once the jobs of so many people were affected, the riots that would erupt would definitely not be something the Bao authorities could afford!

What’s more, the number of MPs supported by the Bao family alone is a staggering number, not to mention those MPs who have benefited from the Bao family and those who hold important positions, which are countless.

With these people in place, who could touch the Bao family?

Bao Weisheng took a fierce puff of his cigar and exhaled a mouthful of thick smoke, his expression fierce: “Ji Feng, this time I’ll see how you can still run wild! Let’s settle all the previous scores today!”

The butler said, “Young master, we’ll be here soon, stay in the car later, don’t act rashly.”

“No!”

As soon as Bao Weisheng heard that, he waved his hand and said, “I was just about to arrange for you, after you have done away with all the bodyguards around Ji Feng, leave Ji Feng to me, I will kill him myself!”

The butler was immediately startled at his words and said in a panic, "Young master, that won't do"

Bao Weisheng glared, "Why not!?"

The steward said, "No matter what, that Ji Feng is also a person over there, and you also said just now, he has friends with the special forces over there, this kind of person was killed in the treasure island, the other side will definitely pursue, when the time comes, just put out a few scapegoats, but if you want to do it yourself, this in case someone stabbed out, then it will be very troublesome! "

"Stabbed out?!"

Bao Weisheng's face immediately turned gloomy, he wanted to say who would dare to stab him out? But as the words came to his lips, he remembered the bodyguard who had been thrown into the sea to feed the kingfisher, even the people around him would have blabbered about the beating he received on the yacht, let alone something as big as this now?

There is no impermeable wall in the world, such things will definitely get out!

If the other side really knew that it was him, Bao Weisheng, who did Ji Feng's job, then he would definitely not be willing to give up!

Although Bao Weisheng was arrogant, he was not a brainless person, on the contrary, he was smarter than many people. After listening to the butler's words, he nodded his head in agreement although he was very reluctant in his heart.

"Young master, the people I've found this time are all veterans, moreover, they don't know it's us who are looking behind the scenes, only their bosses know about this matter, so we just have to sit in the car and watch the fun!"

When the butler saw Bao Weisheng's slightly relieved expression, he immediately said, "Actually, this is better instead, let that Ji Feng not know how he died until he dies, want to know? Let him go and ask the King of Hell himself!"

Bao Weisheng immediately slapped his thigh, "Good point!"

With a gloomy face, he said in a cold voice, "That's it! I won't be involved in this time, but you must do it right!"

The butler immediately said, "Young master, don't worry, there will definitely be no surprises!"

"That's good!"

Bao Weisheng nodded, but in his heart he was still somewhat reluctant: "This time it's a bargain for him! So be it, let him die a crisp death, otherwise, if it falls into my hands"

He didn't go on, but just by looking at his sinister look and that vicious look in his eyes, he knew how miserable Ji Feng would end up if he fell into his hands!

.....

The Bamboo Gang, inside the estate.

When Ji Lihai returned home, a subordinate immediately came over to take his civilized stick and carefully put it up for him.

In the living room, Chen Wan, who was dressed casually at home, was nestled in the sofa watching TV, when she saw Ji Lihai returning, she could not help but smile sweetly, "Master, you're back?"

Ji Lihai shook his head and said, "How many times have I told you, don't call me Master!"

Chen Wan smiled flirtatiously, "That won't do, outside you are my gang master, but at home you are the lord, my lord alone!"

"Haha, good!"

Ji Lihai couldn't help but laugh as he listened, obviously very cheerful, "Then I'll be your lord alone."

Chen Wan turned her head and said, "Did you all hear that, from today onwards, you will address the gang master as sir! The title Master, I am the only one who can call it, do you all remember?!"

"Madam, I remember!" The subordinates in the living room all replied in the same voice.

"You are not good at this!" Ji Lihai couldn't help but shake his head and lose his smile as he listened, but he didn't say anything else.

Chen Wan, however, charmed her eyes like silk and pursed her lips, "Master, aren't you happy that I'm like this?"

"Happy, happy!"

Ji Lihai laughed, while allowing Chen Wan to take off his coat for him. The servant wanted to get Ji Lihai slippers, but was stopped by a look from Chen Wan, who personally brought Ji Lihai slippers and bent down to change them for him again.

"Okay, okay."

Ji Lihai hurriedly stopped her and laughed, "I'm not an old man, I can do it myself!"

Chen Wan instantly snapped, "Master~ Who said Master is old!"

Ji Lihai burst out laughing.

The subordinates were all staggered, Madam was really great, Ji Lihai had a bad temper and his face was usually tense no matter what, they didn't dare to speak loudly, but when it came to Madam Ji Lihai was laughing loudly from time to time! In this respect, Madam was much more powerful than Missy.

Every time when Missy came back, she would choke with Ji Lihai, and every time it was a disagreement, or Madam smoothed out her lord's anger.

"Master, why are you back so late today?!" Sitting down with Ji Lihai, Chen Wan casually asked, "I called the group side and they said that Master had left work long ago!"

"There was a temporary matter today!" Ji Lihai's brow frowned slightly.

"Master, did you encounter something tricky?!" Chen Wan immediately asked when she saw this.

“You are really attentive!” Ji Lihai said.

Chen Wan pursed her lips and laughed, “That’s because my heart is all on your Lordship.”

Ji Lihai was very satisfied with Chen Wan’s answer, and his originally gloomy face revealed a smile, “It’s not a big deal, but it’s because of YuYi, this girl has made some friends from unknown sources, and I reprimanded her today.”

Unknown sources?

The corners of Chen Wan’s mouth tugged up imperceptibly, as if she was sneering, even she knew who her friends were, but would Ji Lihai not?

However, Chen Wan’s sneer was fleeting, and then she said gently, “Master, YuYi is still young, so don’t bother with her. As for her friends, give them a warning, or give them some benefits, if they know what they’re doing they’ll definitely understand to stay away from YuYi

Ji Lihai waved his hand and said, “That’s fine, let’s not talk about that.”

Chen Wan then nodded and said, “Master, you have also been busy all day, get some rest early.”

Ji Lihai shook his head and said, “I can’t rest yet, Old San reported a batch of documents today and I have to deal with them today.”

Chen Wan immediately said, “Master, if you trust me, I will handle it for you, and if there is anything you need to approve, I will bring it to you tomorrow.”

“Of course I trust you.” Ji Lihai said, “Wan’er, then it will be hard work for you.”

“Master~~~” Chen Wan snapped, “If you keep saying that, I’m going to get angry, you’re still so polite with me!”

“Well!”

Ji Lihai nodded slightly, smiled, patted her hand and said, “Fine, fine, then you go and get the paperwork done!”

Only then did Chen Wan purse her lips and smile.

A moment later, Chen Wan instead glanced at a bodyguard standing at the door, who immediately nodded imperceptibly, and a few minutes later, Chen Wan, who was sitting in her study working on the documents, heard a knock on the door, and in came, none other than the bodyguard.

“Madam, what are your orders?!” The bodyguard asked respectfully.

“Have you made all the arrangements?” Chen Wan asked.

“Don’t worry, madam, everything has been arranged!” The bodyguard immediately said in a low voice.

Chen Wan nodded and asked, “Check where Master has gone and what he has done today!”

The bodyguard immediately nodded and replied, “Yes!”

Soon after, the bodyguard told Chen Wan about Ji Lihai's itinerary for the day, and she laughed coldly upon hearing this, but in her heart she was a little disdainful, saying that she was reprimanding Ji Yuqing, and that she really took me for a child of three? Would Ji Yuhui listen to your reprimands?

However, what Chen Wan was most concerned about was what Ji Lihai had said to Ji Feng!

Campus Master Chapter 2802

The bodyguard showed a difficult expression, "Madam, at that time when Master was talking to Ji Feng, he was in the car, there were only a few bodyguards around him, what exactly they said, I can't pry into it yet."

Chen Wan had expected this, so she wasn't surprised, she just waved her hand and said, "It's alright."

The bodyguard immediately said, "Madam, do you want me to get in touch with those bodyguards? If you can, get them over here"

"No way!"

Chen Wan immediately flatly refused, "Without my order, you are not allowed to do anything, especially not to contact the people around the master, do you hear me?!"

The bodyguard immediately flinched, "Yes!"

Chen Wan said, "Alright, you can go out, I have these things in mind."

The bodyguard nodded, "Yes!"

After the bodyguard retreated, Chen Wan's charming eyes immediately narrowed, she pursed her lips and sneered in her heart, "Ji Feng moved out of the old house, this means that Ji Lihai and Ji Feng must have had a very unpleasant talk at that time, and it is even likely that a conflict broke out!"

The more Chen Wan thought about it, the more she felt that this was the most likely possibility, she couldn't help but shake her head, this Ji Feng, was really a thorn in the side.

But

She smiled slightly, it's better to be a prick, if Ji Feng had no temper at all, then it would really be a bit difficult to operate, but now, this is exactly an opportunity!

Thinking of this, she immediately picked up her phone and sent a message out.

"Knock knock knock!"

However, just at this time, the door to the study was knocked on once again.

Chen Wan said, "Come in!"

The bodyguard who had just exited came in again and came next to the desk and said in a low voice, "Madam, the news we just received, our men found other gangs near the hotel where Ji Feng and the others were staying."

Chen Wan was stunned, "People from other gangs?!"

The bodyguard nodded and said, "Yes, and there are quite a few of them, according to our people's report, there are at least twenty to thirty of them, and they look like people from the Vicious Wolf Gang!"

"The Bad Wolf Gang?!"

Chen Wan's eyebrows knitted slightly, "What are the people from the Bad Wolf Gang doing over at the hotel?!"

The bodyguard shook his head and said, "I don't know. Madam, do you want me to ask the people from the Bad Wolf Gang?"

The Bad Wolf Gang was a powerful gang on Treasure Island, but compared to the Bamboo Gang, the Bad Wolf Gang was just a small gang.

However, the people of the Wolf Gang are extremely vicious, because they are not as big as the Bamboo Alliance Gang, they are just like stray wild dogs that want to take a bite of meat whenever they see it, so it can be said that they are a bunch of desperate people, and among the small gangs in Treasure Island, they are also notorious!

But if the people of the Chuk Yuen Gang went there, the people of the Bad Wolf Gang would not dare to show their faces!

Chen Wan shook her head slightly, she didn't rush to answer, but deliberated carefully. This news was more or less a surprise to her, in fact, she had not sent anyone to follow Ji Feng, only that, with the energy of the Bamboo United Gang, which hotel Ji Feng was staying in was naturally not a secret to her.

Because she had paid special attention to Ji Feng, Chen Wan explained that the people below her should keep an eye on Ji Feng's movements and traces, but she did not expect to get such unexpected news.

Suddenly, Chen Wan's heart stirred, the people of the Evil Wolf Gang?

What was the Evil Wolf Gang doing at the hotel for no reason? They had their own turf and now this was almost like crossing the border They were heading for Ji Feng?

Chen Wan thought of a possibility – could this Hungry Wolf Gang's people be used by the top brass of Treasure Island against Ji Feng, wanting to exterminate him, or wanting to give Ji Feng a warning to leave Treasure Island?!

Or, it could also be that other forces on Treasure Island wanted to move Ji Feng?

Was it the Bao family?

A lot of possibilities came to Chen Wan's mind in this instant, but for a moment she was unable to judge.

"How about this, you immediately send someone to the hotel where Ji Feng is staying now and keep a close eye on things!" Chen Wan quickly made a decision, "No matter what method you use, in any case, you have to make sure that Ji Feng doesn't die, or at least, make sure that he doesn't die at the hands of the Vicious Wolf Gang's people tonight!"

The bodyguard froze, and then nodded, "Yes, I understand!"

“Remember, it’s not for you to go head-on and clash with the Vicious Wolf Gang’s people, just keep Ji Feng alive at the critical moment!” Chen Wan admonished again.

“Madam, then why don’t I just go directly to the people of the Vicious Wolf Gang and ask them to withdraw their men, would that be safer?” The bodyguard suggested.

“You don’t need to contact them!”

Chen Wan shook her head, “In particular, you should not let anyone know that the Chu Lian Gang has sent people over, I want to see who is behind this Vicious Wolf Gang, got it?”

The bodyguard immediately dawned on him, “Understood.”

Soon, the bodyguard went out according to Chen Wan’s order, but Chen Wan’s brows were furrowed, not expecting things to get a little more complicated, there was still someone who wanted to move Ji Feng?

No matter who it was, Ji Feng must not die now, and even if he had to die, it would be at the hands of the Chu Lian Gang!

A cold light flashed in Chen Wan’s eyes, it looks like it’s time to speed things up!

.....

“Drive faster!”

Zhang Wei urged.

When he received Chen Wan’s order, Zhang Wei knew that this time things were very urgent, as Chen Wan’s beloved, Zhang Wei naturally knew Chen Wan’s tactics, although usually Chen Wan looked very elegant and did everything with a smile, but in reality, Chen Wan never showed mercy to her men who failed to complete their tasks or did not do their job properly!

And when Zhang Wei received the news, the people from the Vicious Wolf Gang were almost at the hotel, if he went late, then he would really have to go and collect Ji Feng’s corpse!

“Drive faster!” Zhang Wei urged.

At the same time, on the road in front of the hotel, several cars were already whistling and were about to reach the hotel.

Inside the hotel, Ji Feng sat on the sofa, his gaze gleaming.

It was getting late and the noise outside had quieted down, the occasional sound of a car’s horn came in, but it was so clear.

“Crazy, you should rest first, I’ll be on night duty tonight!” Zhang Lei said.

“No need!”

Ji Feng shook his head and said, “No one needs to be on night duty, Old Liu alone is enough.”

Liu Zejun was not in the hotel, after preparing the weapons, he had already gone down, no one knew where he was potentially, but there was no doubt that if there was any movement in the hotel, Liu Zejun would definitely be the first to report it.

Zhang Lei nodded and grumpily sat down on the sofa, saying, "That's fine, I can't sleep now anyway, let's discuss tomorrow's action?"

Ji Feng laughed and said, "We still can't take the initiative to do anything tomorrow, we have to wait for the call."

Zhang Lei then had some helplessness and said, "You say this is clearly on your own turf, but you have to worry about this and that, really"

Ji Feng shook his head and smiled, these are historical legacy issues, and there is no way for them to change.

Perhaps one day, the two places will truly become a family, but this yet will certainly take time, for now, they will have to be careful.

"Do you think that someone will really come tonight?!" Zhang Lei asked again.

"That depends on how eager certain people really are for me to die." The corner of Ji Feng's mouth pulled up a slight curve.

Zhang Lei grinned, revealing a morose grin and sneered, "Those people definitely won't think that it won't be us who die in the end!"

"Buzz"

Ji Feng shook his head with a smile and was about to speak when his phone suddenly vibrated, he immediately frowned, picked it up and took a look, his eyes suddenly narrowed slightly.

Seeing this, Zhang Lei immediately asked, "Coming?!"

Ji Feng nodded, "Here it comes!"

"Good!"

Zhang Lei grinned, "Damn it, I was idle and bored, looks like there's work to do today!"

Yao Zhijian and Yang Bin also both stood up and looked at Ji Feng, waiting for him to give an order.

Ji Feng smiled, casually stood up and said, "Alright, there's nothing to say, get ready to work, stick to the plan!"

Several people nodded, Yao Zhijian and Yang Bin immediately both put on the gloves they had already prepared, but Bai Zhu was following Ji Feng every inch of the way, the people present were all experts, there was not much room for her to play in this battle, so her main task was to protect Ji Feng's safety!

"Crazy, I'll go first, if I can't hold up then you can go on!" Zhang Lei said.

"Together!"

Ji Feng looked down at his phone and said, "Well, five cars, full of just over twenty people, no need to split into two groups, let's go together!"

Zhang Lei heatedly smiled, "Good! It's been a while since we've fought side by side!"

Ji Feng punched him on the shoulder and could not help but think back to the time when the two of them fought side by side in Ha City in the northeast, at that time, Zhang Lei even blocked a shot for him, there was nothing much to say between the two brothers, a friendship that lasted forever, there was no need to say so much!

"Let's go, remember not to show any mercy!" Ji Feng admonished, "Don't be careless either!"

"Don't worry."

.....

Outside the hotel, several SUVs drove quickly into the underground car park, only one car was parked just outside the hotel on the road, inside sat Bao Weisheng and his butler.

Bao Weisheng lit a cigar and said, "Lower the windows a bit, don't disturb me watching the show!"

He couldn't help complaining again, "This car is too well sealed, it affects me listening to the firecrackers!"

The butler just laughed.

Neither of them was the least bit worried, let alone treating the use of weapons as a big deal, with the power of the Bao family, this was not even a big deal!

At this time, the Wolf Gang's fighters had already got out of the car, led by a big man in his thirties, he shouted, "Brothers, it's time to work, hurry up, this time the employer will give us a lot of money, if we do this job, we can stay out of work for a year, hurry up!"

The others were in high spirits, they were in the business and all they wanted was money, now that someone was so generous, they had to work hard.

"Everyone has memorised the target's face, right?"

"Don't worry, Second Brother, you've memorised them all." The other junior brothers responded one after another.

"Good then, get to work! Get to work!"

Campus Master Chapter 2803

"Pop!"

A camera was smashed to bits and parts fell all over the place.

Inside the hotel, dozens of thugs from the Vicious Wolf Gang came from the underground car park in an aggressive manner, before they did, there were already accomplices who went to the hotel and turned off all the surveillance in the hotel, especially the surveillance cameras in the underground car park, which were directly smashed.

It was only at this point that the Bad Wolf Gang's men came around the corner, and they did just that, first sending their men to destroy the cameras before they all walked out Even though they had already known that the cameras here had actually become ornamental, they still had to completely destroy them just in case.

Although the vicious wolf gang's people are vicious, but not stupid, openly in the prosperous section of the star hotel killings, even if someone above to set things right, but also can not leave too much evidence, otherwise, the consequences are still very troublesome.

You know, to be able to open a star hotel in this busy road, if you do not have a strong network and strong funds to back up, but also not so safe.

Therefore, the Wolf Gang naturally had to be more careful.

In this way, as the Wolf Gang's men moved forward, the strong man at the head of the gang asked in a deep voice, "Alright, after smashing all the cameras here, don't worry about the rest! Speed up and call it an early night and go back, there are two sluts waiting for me today!"

"Haha"

The others burst into laughter.

The group joked and laughed, but they didn't take this seriously at all. Soon they were walking through the underground car park and preparing to go up the stairs into the lift room.

"Ding dong"

"Jingle bells"

However, at this moment, a strange metal clanging sound suddenly came, the sound, as if someone was dragging a metal object on the ground.

It was close to midnight, and although there were many cars parked in the underground car park, it was exceptionally quiet. Apart from the footsteps of the Bad Wolf Gang, there was only a low humming sound from the fan in the vent, other than that, there was silence.

Therefore, the sudden sound of metal clanging was so ear-splitting.

"What's going on?!"

The strong man at the head of the Vicious Wolf Gang immediately frowned and his whole body immediately became alert, his eyes instantly looked in the direction where the sound came from, following the sound, but he saw that the direction where the sound came from was actually another stairway.

There must be more than one stairway in such a large underground car park, and the one they were taking at the moment was the closest to the lift, but there was another stairway about a few dozen meters away, and the strange sound was coming from another stairway.

"Clang clang"

The men of the Bad Wolf Gang stopped in their tracks, but the sound did not stop, still coming unhurriedly and heavier than ever.

This time, the fighters of the Bad Wolf Gang were all alert, this odd sound coming from this time, and also in this underground car park, there was really something odd.

“Go over and take a look!”

The strong man in the lead said in a deep voice, “Be careful!”

The two thugs immediately went over, and because they didn’t know what was in front of them, they even took out their pistols.

“All be careful, don’t make any foul play!” The strong man in charge said.

The others nodded, some took out their sharp knives, while others took out their pistols and were carefully on guard.

In the middle of the night in the underground car park, there was this weird sound, and it was quieter than the others, so it was hard not to be careful.

At the same time, the two thugs of the Vicious Wolf Gang who had gone over to check out the situation first, had also run to the stairway where the sound was coming from and approached carefully.

“Ee?!”

Suddenly, a head poked out, but it was a baby face with a smiling look, “Holy shit, there are so many of you, look at your aggressiveness, are you going to kill someone?”

This person appeared too suddenly, and in this silent underground car park, this voice suddenly rang out, proceeding to startle those two men from the Vicious Wolf Gang.

But immediately, the Bad Wolf Gang’s men became angry!

What did that guy say just now? That they were raging and asked if they were going to kill someone!

“Catch him!” The second brother who was the leader of the Vicious Wolf Gang immediately shouted lowly, before the job was done, absolutely no news should leak out, even after it was done, it was better not to leak out if you could!

“Hm!”

Those two vicious wolf gang’s thugs smiled and immediately walked towards that doll face, one shouted, “Kid, come here for a moment, I’ll ask for directions”

The doll face smiled happily, “Asking for directions? Could you be any more of an idiot? This is a car park and not the middle of nowhere, what the hell are you asking for directions for? If you want to arrest me, just say so, but I don’t have time for you”

As soon as the words left his mouth, he drew his legs and ran, while shouting, “Murder!”

Those two thugs of the Vicious Wolf Gang were instantly shocked.

The second brother, the leader of the Vicious Wolf Gang, shouted angrily, "Son of a bitch! Go and grab him, kill this bastard for me!"

The two fighters hurriedly went after him, their hearts extremely annoyed, looking at that kid's appearance just now was clearly molesting them Damn it, since the day they came out to be a gangster, when had they ever been molested like this? And it was a baby-faced guy!

Go after him and finish that brat!

Without saying a word, the two fighters chased after him towards the staircase, and the other Wolves were about to come over, but the strong man at the head of the gang waved his hand and said, "Don't mind them, it's just a kid who doesn't know the sky is high, let's get to work"

"Poof~~"

"Ah...!"

This second brother did not even finish his words, a strange to the extreme extremely ear-piercing sound suddenly came from the entrance of that staircase, that sound, like the feeling of metal cutting flesh and skin, one could not help but hear the scalp tingling!

But the next moment, a miserable scream suddenly sounded, but the sound just sounded but then abruptly stopped.

It was as if someone had just opened his mouth to scream but then someone had directly pinched his neck or even chopped off his head!

Two sounds later, that stairway was quiet, the screams and that strange sound had disappeared.

The men of the Bad Wolf Gang instantly changed their faces, others could not hear it, but they were all too familiar with that sound – when they chopped someone, that was the sound they made when the knife struck the other side!

There was no doubt that someone had been chopped at that stairway!

"Second Brother, this"

"Something seems to have happened?!"

The men from the Vicious Wolf Gang were immediately unnerved.

The burly man at the head of the group immediately waved his hand, signaling them to keep quiet, and at the same time, he slightly hooked his hand, signaling a few of his men to follow him over.

"Clang jing jing jing jing jing" However, at this time, that strange metal clanging sound was once again heard from the entrance of that staircase.

"Grrrrr!"

At this moment, the man from that Vicious Wolf Gang was instantly enraged. This was definitely a fucking provocation, and there was no doubt that something had happened to the two men they had sent over there!

The burly man at the head of the group immediately waved his hand and roared lowly, "Go for a few more men, no matter if he's a fucking human or a ghost, do away with him for me!"

"Yes!"

The others were furious, not only had they killed their men, but they were also playing this game, they were clearly not taking them seriously, this was pure fucking molestation!

At once, five or six men went over.

"Move your dick and just beat them to death!" The strong man at the head of the group barked.

"Second Brother, don't worry, that guy will never live!" Which of them had human lives on their hands, killing was naturally nothing new to them, and the men of the Vicious Wolf Gang were also enraged by the doll-faced guy, and immediately went over to kill him.

However, although these men were arrogant, they were not idiots. When they were about to approach the stairway where the sound was coming from, they slowed down and began to advance cautiously, with the guns in their hands pointed at the stairway.

"Hey!"

Suddenly, another head poked out, the same baby-faced one.

The men of the Bad Wolf Gang froze and subconsciously glanced up, yet it was with this look that they saw a flash of cold light.

"Uh"

In a flash, a man from the Vicious Wolf Gang fiercely covered his neck, his eyes staring deadly, and at his throat, a dinner knife was stuck squarely there, blood instantly spurting out from the man's fingers.

There was a thud.

The fighter from the Vicious Wolf Gang fell to the ground, he didn't even have the chance to fire his gun, and the gun in his hand fell to the ground.

"Grrrrr!"

The remaining few fighters were instantly enraged, some of them yelled out and immediately wanted to charge forward, but at this moment, when they looked at that doll-faced guy, he had long disappeared!

In an instant, in a single glance, a dinner knife was shot out and did away with one of the beaters with unerring accuracy!

Although this tactic was alarming, however, it also completely aroused the anger of the Vicious Wolf Gang's men, who roared out and rushed up at the same time, and then without saying a word, the moment they rushed into the entrance of the staircase, they fired at the same time, regardless of whether there was anyone in front of them or not.

"Bang Bang Bang Bang!"

.....

“It’s bad!”

When the dull choking sound came faintly, Zhang Wei had just arrived with his men, and he was instantly anxious in his heart, the Vicious Wolf Gang’s men had made their move!

Thinking of Madam’s explanation, he didn’t say a word and immediately led his men to rush in.

According to the information they had received beforehand, Zhang Wei led his men straight to the floor where Ji Feng’s room was located, because the floor was too high, they could only choose to take the lift, but in fact, in such a firefight, taking the lift was the most dangerous, because once the lift door opened, there was nowhere to hide, and if someone was ambushed outside, then they would simply become living targets, and there was nowhere to run to!

But now Zhang Wei was left with no choice but to take the lift, because he was a little late in arriving, but had to follow Madam’s orders to save Ji Feng’s little life, so that was all he could do.

“Let’s hope that Ji Feng isn’t done away with so soon!”

Zhang Lei could only secretly shake his head in his heart, if Ji Feng was as fragile as paper mache, then it was useless even if he was in a hurry!

Campus Master Chapter 2804

“Let’s hope that Ji Feng isn’t done away with that quickly!”

Zhang Wei could only secretly shake his head in his heart, if Ji Feng was as fragile as paper mache, then it was useless even if he was in a hurry!

Just then, a fierce gunshot sound came from the hotel again, “Bang Bang Bang”

Zhang Wei’s heart suddenly became even more anxious as he bellowed, “Hurry up, prepare your weapons!”

At the same time, in the underground car park of the hotel, the four or five wicked wolf gang’s thugs, armed with weapons, rushed into another stairway at the same time, shooting without even looking at the target in front of them, but only after letting them shoot a round did they realize with dismay that the target in front of them was not the doll-faced guy at all, but... ..their own companion!

Only, it was the two men who had just rushed in, and it was one of them they were now shooting at, a man whose arm was pinned to the fire hose in the hallway, and who, after rounding it, had bent his arm in a bizarre circle, his own hand, surprisingly, clasped around his elbow

There is no doubt that this person’s arm has been completely fractured, the bones are completely broken!

The scene that fell in the eyes of the several fighters of the Bad Wolf Gang was that the companion in front of him was now with one arm pinned to the fire hose, with blood holes all over his body, which was shot by them just now, while the man was already drooping his head, the whole person was hanging there like a hanging ghost.

The scene was so weird and scary!

“Grass! Bastard!” One of the Wolf Gang’s fighters couldn’t help but roar out angrily, raising his hand and firing two more shots towards the building, bang bang!

Everyone else was extraordinarily annoyed too!

This was no longer a provocation, it was a complete insult to them!

That doll face must have deliberately left their companions hanging here, must have expected them to shoot when they rushed in and, as a result, gave them such a big gift!

This was a `bare humiliation!

The two of them had heard the odd metallic clanging sound coming from the hallway at the beginning and had come to check the situation.

And as a result, both died here!

“BOOM!”

Another shot rang out, and one of the Wolf Gang’s thugs roared, “Who the hell is that? Get the fuck out of here! If you have the guts, come out and fight, I’ll crush you with one hand, you son of a bitch, what the hell are you doing hiding behind your back!”

The fact that several of their companions had been killed in front of their eyes had enraged them. However, they didn’t even see how the few people who were killed died, which gave them a dark chill in their hearts!

Although that doll-faced guy was hateful and made the men of the Vicious Wolf Gang want to tear him apart, his unpredictable tactics and the ruthlessness of killing three of their companions in just a few minutes made these black `doors’ fighters, who always considered themselves fierce, feel some chills.

These fighters roared loudly, partly because they were too angry, but also because they wanted to suppress the slight chill that rose in their hearts!

“Clang clang”

At that moment, the sound of metal clanging came once again.

The other side was so blatant, they had just killed their men and now they were coming back with this

“Go!”

They were all used to living a life of licking blood at the mouth of a sword, and they still had some actual combat experience, although they were not as good as those mercenaries who roamed around in a rain of bullets all day, but at least they had experienced such scenes.

So a few of them worked together quite well, moving almost simultaneously.

The sound was not far ahead, that doll face must be there, the few fighters of the Vicious Wolf Gang were completely holding their breath, they could not wait to catch that doll face right now, they must torture him to death!

“Whew~”

However, just then, a cold light like snow flashed past, and at the same time, there was a cracking sound, as if a sharp weapon had split the air, making people’s bodies tingle and their sweat hairs stand on end.

The men of the Vicious Wolves Gang even changed their faces at the same time, they were all too familiar with this sound, it was the sound of something slashing!

“Poof!”

A low sound that made one’s scalp tingle rang out, and in a flash, all that could be seen was a stream of blood shooting out from the forehead of one of the Vicious Wolf Gang’s fighters!

“Uh ho”

This hitman stared desperately, as if he couldn’t believe this, but as his body fell limply to the ground, his body twitching slightly, the only three remaining Vicious Wolf Gang hitmen were all cold!

A long-handled axe, a fire axe!

Only then did they see clearly that there was a fire axe chopped on the head of their companion, but they didn’t even see clearly where it came from, let alone who chopped it!

..... It was that doll face!

Even though they didn’t see anyone, the three remaining Wolf Gang fighters were certain that it had to be that doll face who did it, it had to be him!

That son of a bitch was deliberately drawing their attention from the beginning, luring them over and then finishing them off one by one!

At this moment, these few wicked wolf gang’s fighters finally realized how terrifying that doll face was!

Because the other party wasn’t afraid of the number of them at all, even in front of him, he still dared to strike at them, and every time he did, he managed to take out one!

“Get out!”

“F*ck! Come out if you have the guts!”

The three remaining fighters roared angrily, but at the same time looked around incomparably vigilantly, their feet already wanting to retreat.

If they didn’t retreat, I was afraid that none of them would be able to leave!

The three men looked at each other, they all realised the problem, the other side was in the dark and they were in the light, and that doll face was so powerful and terrifying that he didn’t even know when the other side would attack, this feeling of death surrounding them all the time sent chills down their spines.

The three began to retreat, and after a few steps back, they found that there didn't seem to be any danger in retreating, so the three turned abruptly and were about to leave quickly, yet the moment they turned around, they saw a scene that made them almost go into cardiac arrest!

..... Right in front of them, a young man was looking at them with a cold smile on his face.

It was the doll face!

"Three of you, why are you in such a hurry to go!" The doll-faced young man asked with a smirk, "You're here to kill people, and your mission hasn't even been completed yet, so what's the hurry to leave?!"

"Well~"

Almost subconsciously, those three thugs were about to raise their guns and pull the trigger, but they were too slow to do so, only to see the young man steeply clasp the wrist of one of them and directly use the thugs' guns to aim at the other two.

The next moment, that hitman only felt a sharp pain in his wrist, and his hand jerked uncontrollably twice.

"Bang Bang!" Two sounds.

That hitman then saw that his two companions had been shot and killed by him!

He was instantly stunned.

But before he could react, his gun reached the young man's hand, and immediately afterwards, he felt a chill on his head, and the muzzle of the gun was pressed against his head!

The batterer went white!

"Answer the question!"

The young man didn't say a word and asked coldly, "Who are you people and what are you doing here?"

The beater hurriedly said, "No"

"Boom~!"

A gunshot pierced the thigh of that hitman, immediately making him scream miserably, but as soon as he screamed, that young man was directly shoving the muzzle of the gun into his mouth, instantly making that hitman's screams come to an abrupt end.

The young man said coldly, "If you don't answer the question honestly, next time, it will be your head that the bullet will pierce!"

"....."

The beaten man was trembling with pain, but did not dare to be half-hearted again, as the gun was still stuffed in his mouth, so he could only nod his head in small succession.

The young man took the gun out and said in a cold voice, "Speak!"

“We, we are from the Vicious Wolf Gang, hired by someone to kill a man named Ji Feng” With the black hole of the gun pointing at his head, the hitman immediately threw all the so-called righteousness and morality of the road back to his grandmother’s house, and like pouring beans, he gave an account of all He explained everything.

When he finished listening, the baby-faced young man grinned: “Killing Ji Feng? You wicked wolf gang really don’t know how high the sky is! Do you know who I am?”

The beater shook his head repeatedly.

The doll face leaned close to the hitman’s ear and said in a cold voice, “I am the man you want to kill, Ji Feng’s man, Yao Zhijian! You guys can’t even play me, and you still want to go kill my boss?!”

“Boom!”

In the next moment, in the extremely frightened eyes of that hitman, Yao Zhijian killed him without mercy.

Those who kill people, people always kill!

Yao Zhijian was a mercenary and was used to seeing all kinds of killings, and he understood that to be merciful to his enemies was to be cruel to himself.

After finishing these few fighters, Yao Zhijian first reported the situation to Ji Feng, and with a sneer, he pulled the fire axe from the head of one of the fighters and walked towards the stairway again

At the same time, Yang Bin, Liu Zejun and Zhang Lei had also moved long ago, the people of the Vicious Wolf Gang were no different from prey to be slaughtered to them!

“Hurry up!”

“Be careful!”

Zhang Wei led his men in a hurry, rushing towards the underground car park. Originally, Zhang Wei had led his men straight to the floor where Ji Feng’s room was located, but upon arrival, he realised that nothing was happening there at all, instead, the junior in charge of keeping watch downstairs reported that there were gunshots in the car park, so he immediately led his men there.

They ran as fast as they could to the basement level, out the front of the national road, and there was the car park!

“Ah!”

Suddenly, a shriek came out.

Zhang Wei’s face instantly changed and he hurried over, “What’s wrong?! Uh

His voice had barely fallen before he was almost all out of shape.

Only to see a few corpses lying crookedly in the aisle not far ahead of them, blood all over the floor!

Campus Master Chapter 2805

In the aisle of the car park on the ground floor of the hotel, several corpses were laid out there, each one curled up, and two of them had a strong look of horror on their faces, as if they had seen something terrible before they died!

In the aisles of this not very strongly lit basement floor, this scene was so shocking that one could not help but feel chills in one's heart!

The people from the Bamboo Gang that Zhang Wei had brought with him couldn't help but turn pale and were on guard, God knew if there was still some kind of danger hidden here or not, if someone would just do away with them as opponents!

"Bad!"

Zhang Wei's heart thumped as he shouted lowly, "Hurry up, rush over and save the people!"

In a huff, the people of the Bamboo Gang, led by Zhang Wei, rushed forward, however, they had just run no more than two steps when they suddenly heard the man at the front exclaim, and his original hurried steps unexpectedly stopped as if he had seen a ghost in broad daylight!

Zhang Wei hurriedly separated the people in front of him and went over, and then he saw that there was a corpse hanging from the fire hose in front of him, only that this corpse had been beaten like a beehive of coal at the moment, and there was no good part of its body at all!

This scene, even Zhang Wei, who came from the black `dojo and had seen many dead people before, could not help but feel a chill in his back!

"Hurry up and go!" Zhang Wei shouted, "Be careful, shoot anytime something goes wrong!"

"Yes!"

The people of the Bamboo Gang answered in a low voice and followed Zhang Wei forward, only that their steps were not as fast as they had been, even though Zhang Wei was in a hurry, he did not dare to go too fast, the scene they had just seen was too shocking, especially the few people who had been killed, they had really died a horrible death!

Could it be that this was Ji Feng's men?!

Zhang Wei couldn't help but say in his heart, thinking that it should be, Ji Feng and his men must have had an encounter with the Evil Wolf Gang, and as a result, Ji Feng then led his men downstairs to escape, preparing to escape in a car in the underground car park, but they were killed in this aisle before they could even walk into the car park!

Thinking about it, the more Zhang Wei thought about it, the more he felt that this was a great possibility, the dead ones must be Ji Feng's men, because he knew that Ji Feng's men must have come to Treasure Island without weapons, so the ones who shot must have been from the Bad Wolf Gang, so the ones who got shot must have been Ji Feng's men!

"Perhaps, by now, Ji Feng has all been taken out!" Zhang Wei couldn't help but say darkly.

"Bang Bang Bang"

Just then, another burst of gunfire suddenly came from the car park in front of them, which seemed extremely intense, and alongside the gunfire, there seemed to be the sound of someone's angry shout interspersed with it, which also came through.

Zhang Wei suddenly had a mental shock, there was someone else?

Could it be that Ji Feng wasn't dead yet?!

It was very possible!

Zhang Wei guessed that this might be 8`9 times out of 10 that Ji Feng's people were protecting him, which was why Ji Feng was able to stay alive until now, but now Ji Feng's people were afraid that they were almost dead too, and the current Ji Feng was probably doing his last struggle to trap the beast.

The angry shout just now was probably from Ji Feng!

If it was anyone else who was being chased like that, and their men were being done away with one by one, they would definitely be furious and vomit blood!

Thinking of this Zhang Wei immediately shouted lowly, "Go!"

Although he was anxious to complete his mission, there were occasional gunshots outside and Zhang Wei did not dare to act too rashly, so he could only lead his men out of the aisle and into the car park to observe the situation before deciding how to act.

However, what Zhang Wei couldn't have imagined was that as soon as he led his men into the underground car park, he couldn't help but suck in a breath of cold air!

—In the car park, especially in the empty space between the two rows of cars, there were corpses after corpses on the ground, the whole car park was like a mass grave, there was not a single living soul!

There were a dozen corpses!

Zhang Wei couldn't believe his eyes, was this still a fucking star hotel? This was like a crematorium!

"That's right!"

Zhang Wei suddenly thought of something, his gaze stunned beyond measure on the ground, over and over again skimming over the crooked and curled up corpses on the ground, the shocked look in his gaze was getting thicker and thicker.

These people were not Ji Feng's people!

Because, there were only a total of five people around Ji Feng, where did so many people come from? You know, together with the corpses in the aisle just now, this was more than twenty corpses!

Moreover, looking at the clothes these people were wearing, they should all be in the same gang!

"This is someone from the Vicious Wolf Gang?!" Zhang Wei thought of this possibility, he was immediately shocked and could hardly believe this guess of his, this, how is this possible?!

The people from the Vicious Wolf Gang were responsible for coming to kill people, how could so many people die!

Zhang Wei suddenly thought again, if the people from the Evil Wolf Gang were dead, then who was the one shooting in front? Also, where did Ji Feng and the others go?!

“Boom~”

Suddenly another gunshot came, Zhang Wei and the others subconsciously hid and dodged for a while, then Benn gave you a look towards the direction where that gunshot came from.

However, it was because of this look that all the members of the Chuk Yuen Gang, including Zhang Wei, did not expect that they would see a scene that they would never forget!

–At the same time, his hand was thrown forward and he saw a cold flash of light.

“Poof!” There was a sound.

The next moment the sound of the window glass of a car opposite the man breaking could be heard, followed by a wretched scream.

“Ah...!”

Zhang Wei’s heart instantly tightened, Ji Feng was dead?

However, in the next moment, Zhang Wei instantly overturned this guess of his, only to see a man stumbling out behind that car, desperately shooting at the man who had just fallen off the roof of the car, while on the former’s chest was a dinner knife like thing stuck in his chest!

The vicious wolf gang’s second in command!

Zhang Wei immediately recognised the man who had fired the shot, that man was actually the Second Brother of the Vicious Wolf Gang!

A thud!

After firing a few shots, the Second Brother of the Bad Wolf Gang fell to the ground with a weak body, because the car was blocking the view, Zhang Wei would not be able to see the Second Brother of the Bad Wolf Gang, but he was able to see the person on the other side, only to see that this person’s body was as fast as a lightning, almost in the blink of an eye, he came to the place where the Second Brother of the Bad Wolf Gang had fallen.

Then, Zhang Wei saw that the man raised his foot up high and then stomped down fiercely!

“Ka-chow!”

The sound of bones breaking was so clear in the silent car park that Zhang Wei couldn’t help but feel his teeth sore.

Zhang Wei was shocked on the spot!

The second of the Vicious Wolf Gang was killed like a chicken with one foot!

This is simply incredible!

Zhang Wei's mouth was open, stunned at the scene in front of him, if he didn't see it with his own eyes he could hardly believe his eyes, how could this be possible!

How could this be possible? The Wolf Gang had come with 20 to 30 men! How could all of them be wiped out now? Even their second brother had been stomped to death in such an almost humiliating manner?

This scene not only shocked Zhang Wei, but also the people of the Chuk Yuen Gang couldn't help but be shocked beyond belief!

From the beginning to the end Zhang Wei did not know what had happened, but, just by watching that scene just now, Zhang Wei could already imagine the whole process.

In particular, the man just leapt to the roof of the car, pointed his toes, turned around, threw his hands, and the cold light shot out This set of movements was like a flowing stream, if this was in a movie, it would definitely give people great visual enjoyment, however, for Zhang Wei who saw this scene with his own eyes, there was a kind of shock and shock from the bottom of his heart. Astonishment!

It was awesome!

Truly terrifying stances!

Even those top masters of the Chuk Yuen Gang would definitely not have been able to do it so smoothly, let alone dare to expose themselves within the range of the other party knowing that they were holding a gun!

And

That cold light actually pierced through the window glass of a car, hitting the evil wolf gang's second who was hiding behind the car, and even that knife actually plunged deep inside the evil wolf gang's second's chest!

That last desperate shot by the Wolf Gang's second was actually a desperate struggle, without any accuracy at all, which means that the knife had actually almost killed the Wolf Gang's second before!

That was a distance of more than ten metres!

From a distance of more than ten meters, a flying knife flung out not only pierced through the window glass of a car, but also managed to kill a person behind the car

Even though Zhang Wei was just a bystander, he was extremely shocked!

If he hadn't seen it with his own eyes, he definitely wouldn't have believed it all!

This is really

Looking at the rest of the Chuk Yuen gang, they were similarly full of shock, with astonishment and even a hint of panic in their eyes!

Terrible!

“Phew~” Zhang Wei exhaled forcefully, as if he wanted to exhale that deep shock in his heart, but that scene just now was as deeply imprinted in his mind as if it was carved by a knife, making it impossible for him to forget.

“Everyone, what are you looking at?”

Just at this moment, a voice suddenly rang out from the side.

Zhang Wei’s sweat suddenly stood on end as a chill rose from his tailbone straight to his brain and finally exploded at the top of his head as he sensed a cold, murderous feeling!

His whole body stiffened and the look of shock on his face froze. He slowly turned around and saw a baby-faced young man, definitely younger than him, but the murderous look in his eyes was unmistakable!

The men of the Bamboo Gang also turned around with a start, and then they were shocked to find that three men had appeared around them, all three with pistols in their hands, pointing at them!

They didn’t know when they had been surrounded by these three men!

Campus Master Chapter 2806

“Each, everyone

At this moment, Zhang Wei only felt his cheeks stiffen a little, he couldn’t help but swallow a mouthful of saliva with difficulty, looking at the murderous trio, he couldn’t help but say, “The three of you mustn’t misunderstand, we have no malicious intent!”

“No malice?!”

A young man with a cold look sneered, his gaze fixed on him and he grinned, “You call this no malice?!”

Zhang Wei’s heart stuttered!

The men from the Bamboo Gang were all carrying guns!

Who would believe a group of people with guns who came here and told others that they had no malicious intent? Who would believe them? Unless they were fools!

Seeing the murderous intent in those three young men’s eyes getting thicker and thicker, Zhang Wei hurriedly said, “Don’t misunderstand, everyone, don’t misunderstand, we really don’t mean any harm, we’re not with the Bad Wolf Gang, we

“The Vicious Wolf Gang?!” A young man asked coldly.

“That’s right!”

Zhang Wei immediately nodded his head, he wanted to point to those corpses on the ground, but thought that if he acted rashly he would probably cause the other side to misunderstand, maybe in the blink of an eye he would be beaten into a beehive of coal, so his hand immediately stiffened and he couldn’t help the cold sweat that broke out on his back.

After settling down, Zhang Wei hurriedly said, "They are all members of the Vicious Wolf Gang, and the one who was done in by that big brother just now is the second in the Vicious Wolf Gang."

The young man asked in a cold voice, "You are not from the Vicious Wolf Gang?"

Of course not!

Even now, we can't say that we are!

At this moment, Zhang Wei was really a million times glad that he was from the Bamboo Alliance Gang and not the Vicious Wolf Gang, he nodded his head repeatedly, "Of course not, we are we are here to save you!"

He wanted to say that we were from the Chuk Yuen Gang, but he was afraid that the other side might misunderstand the situation and in a fit of anger, they might be killed as if they were the same as the Bad Wolf Gang, then they wouldn't be able to find their graves!

"Save us?"

At this time, those three young men couldn't help but be slightly surprised when they heard this.

Zhang Wei nodded and said in a loud voice, "Yes, yes, we are here to save you, we were entrusted by someone who knew that people from the Vicious Wolf Gang were coming here to kill a man called Ji Feng today, so they let us come over to save you!"

Zhang Lei stared at the guy in front of him who was a little pale, his eyes narrowed slightly, save us?

His gaze shot over this guy's body, wanting to see some clues.

Next to him, Yao Zhijian and Liu Zejun were also slightly stunned, saving them? Do they still need to be saved? Besides, the boss had said before that they would probably have no reinforcements, and not to expect any, but to rely on themselves.

What's more, these people didn't look like people who could be friends with the boss, they didn't look like good people, and such people came to save them?

"Who are you people? Who told you to come and save us?!" Zhang Lei asked coldly, he was not a three-year-old child, naturally he would not let down his guard just because of the other party's few words, even, just because of the other party's words, he had instead raised his guard, all his muscles had been tensed, ready to strike at any time.

The three of them only had six guns at most, but the other side had one to twenty men. If they could not kill them all in the shortest possible time, it would be a bit tricky.

In Zhang Lei's mind, he was already calculating how to strike in order to do away with the other party the fastest, so unconsciously, a hint of killing spirit came out of Zhang Lei's eyes.

This looked in Zhang Wei's eyes immediately made his heart stutter, he hurriedly said, "We really came to save you, we"

"If you think it's fun to continue wasting time like this, then I'll have to let you go chat with Yan King too!" Zhang Lei interrupted him coldly, he didn't have time to waste with this group of people here now.

Zhang Wei was instantly startled, he keenly felt the cold murderous intent in Zhang Lei's words, he immediately hurriedly said, "We are from the Chuk Yuen Gang, we"

He regretted it as soon as he finished speaking!

The madam had not given him permission in her orders to tell the other party where he came from, but now he had said it, God knows if the madam would be angry because of it?

"People from the Chuk Yuen Gang?!" Zhang Lei, however, couldn't help but be a little surprised and frowned, "You're from the Chuk Yuen Gang?"

"..... Yes!"

Zhang Wei said with a nod, since he had already said it, he could only admit it with a stiff upper lip.

Zhang Lei, however, stared at him and asked, "How can you prove that you are from the Chuk Yuen Gang!!! And not just a random impostor?!"

"I have a mark on my arm!" Zhang Wei said immediately, gesturing that he was going to use his hand to captivate his sleeve, not his hand. After seeing Zhang Lei nod slightly, he carefully placed his gun on the ground, then slowly stood up and captivated the sleeve of his left hand, before revealing a tattoo on his small arm.

Zhang Wei said, "This is the mark of our Chuk Yuen Gang, well only the core members have this mark, some ordinary members don't!"

Zhang Lei took a look at it and did not deny it.

Seeing this, Zhang Wei couldn't help but ask, "Guys, can we be trusted now?"

"Who sent you guys here?!" Zhang Lei asked coldly.

"Hmm?!"

Zhang Wei could not help but be stunned, and then he said in his heart, "How should I answer this?"

With a quick turn of mind, Zhang Wei said, "Eldest Miss sent us here!"

"Oh? Ji Yuhui sent you here? Are you sure?!" Zhang Lei looked at him and asked.

"That's right!" Zhang Wei nodded, he knew that there was a friendship between Ji YuYi and Ji Feng, so it made the most sense and made the most sense to say that Ji YuYi had sent them here.

"Very good!"

Zhang Lei nodded slightly and said, "I choose to trust you guys for now."

Zhang Wei's face was instantly pleased, and he was just about to speak but then he heard Zhang Lei say, "However, I can't fully trust you guys yet, a tattoo doesn't say much, in order to prove that you really came with good intentions, now, you need to cooperate!"

"How, how to cooperate?!" Zhang Wei asked hesitantly.

"Please put your guns down first!" Zhang Lei said.

“This

Zhang Wei then hesitated a little, putting down the guns, then they would be lambs to the slaughter.

“What, not willing?!” Zhang Lei smiled and said, “Well then, now you are given two choices, either, kill all of you now, or, put down your guns and return them to you after I have verified your identities, choose for yourself!”

“I

“Besides, do you really think that even if you don’t put down your guns now, there’s nothing we can do to you?!” Zhang Lei sneered and interrupted, “Even now, I can beat you all to death anytime!”

“.....”

Zhang Wei’s face couldn’t help but twitch a few times, those words were too hurtful.

However, he didn’t dare not listen, the shock that man had just given him was too strong, making him unsure if Zhang Lei and the others were also that powerful, thinking that if they didn’t have some skills, they wouldn’t be able to kill so many people from the Vicious Wolf Gang with just that one man, right?

But

If the other side really came to confirm their identities with Missy, what should they do then? Once they knew from Missy that they weren’t sent by her, then

Zhang Wei was torn, yet out of the corner of his eye he saw that the three men’s hands had been raised slightly upwards, aiming at their heads Zhang Wei knew what to do at once, and he raised his hands decisively!

Finally, Zhang Wei gave in!

With the gun pointed at him, Zhang Wei didn’t resist, in fact, he didn’t dare to resist, not just because he was being pointed at, but more importantly because he didn’t want to be like the vicious wolf gang’s dick, even with a gun in his hand, facing someone without a gun, and still get done for!

God knows how good these three young men really were!

That scene just now had really given Zhang Wei too much of a shock, and it had also shocked the rest of the Chuk Yuen Gang following behind him to the point of tingling!

As soon as Zhang Wei raised his hands, the rest of the Chuk Yuen Gang naturally did not resist any more, and all of them put down their guns, raised their hands, and were taken aside by Yao Zhijian, and they were also asked to stand in the same order as earlier.

Then, Zhang Wei saw another young man walking over and he couldn’t help but feel a tremor in his heart!

It was that man!

It was that tall man who had just leapt up and killed the second brother of the Vicious Wolf Gang with a single slash!

He couldn't help but cry out in his heart, another terrifying guy had come, this time, they really couldn't even run away if they wanted to. The lady still asked them to save Ji Feng, God forbid, where did Ji Feng need them to save him, it was the Bad Wolf Gang who needed saving!

Just when Zhang Wei was both apprehensive and screaming in his heart, Ji Feng received a message from Zhang Lei, he couldn't help but be a little surprised that the Bamboo Gang had sent someone?!

Or was it sent by Ji Yuhui?!

Looking at the time, it was already late at night, so Ji Feng deliberated for a moment before picking up his mobile phone and dialling Ji Yuhui.

"Ji Feng, calling so late, is there something wrong?!" When the call was answered, there was still a hint of sleep in Ji YuYi's voice.

Ji Feng listened with an odd feeling in his heart, since Ji YuYi knew that someone was coming to kill him, why didn't she call to inform herself first, instead she waited until she had finished all the work on her side before the person she sent arrived!

He asked, "Yuet-jen, did you send someone to look for me?!"

Ji Yuhui was stunned, "Looking for you? No!"

Ji Feng immediately understood that those people were impostors, or at least, they were not sent by Ji YuYi, otherwise, how could Ji YuYi not know anything about it, and not warn herself in advance?

"It's nothing, maybe I misunderstood!" Ji Feng smiled, "Go back to sleep, I still have some things on my side."

"Ji Feng, don't be polite to me if anything happens to you, otherwise, you are not treating me as a friend!" Ji YuYi admonished.

"Don't worry, if something really happens I will definitely look for you, when the time comes you can't even think of not helping!" Ji Feng laughed.

"That's more like it!" Only then did Ji YuYi hang up the phone in satisfaction, but she would not have thought about what had happened to Ji Feng, let alone how big a shock it would cause when word of it got out!

Campus Master Chapter 2807

"How long has it been, why hasn't it come out yet?!"

Outside the hotel, Bao Weisheng sat in his car, his heart somewhat anxious. The evil wolf gang's people have been inside for almost an hour, but there is still no movement at all, not only have they not received any news, they have not even seen anyone come out.

..... Except for a few frightened residents who ran out!

"Could something have happened!?" Bao Weisheng looked at the butler and asked in a deep voice.

“I don’t think so, these people are all good fighters in the Vicious Wolf Gang, almost all of the gold medal fighters of the Vicious Wolf Gang!” The butler said, “I think it’s because there are too many people inside and they are disturbed!”

Bao Weisheng nodded, thinking that it was also true, there were only a few people on Ji Feng’s side, but there were more than twenty people in the Vicious Wolf Gang, and they were all armed, even one punch from each of them could have killed Ji Feng and the others.

“Then let’s wait a little longer!”

However, another half an hour passed after this wait.

But there was still no movement in the hotel, during which the butler’s phone rang twice, but the person he sent to contact the Wolf Gang reported to him that a police officer had received a call, but it was suppressed by the Wolf Gang’s boss, but not for too long.

The butler couldn’t help but feel a little anxious, something didn’t seem right.

Ten minutes.

Twenty minutes

Time passed, yet after waiting for a full forty minutes, there was still no movement in the hotel. At this time, the faces of both Bao Weisheng and the housekeeper could not help but change.

Something must have happened!

Needless to say, if there was no news from the Wolf Gang for such a long time, then something must have happened, and this kind of murder and arson was not a good thing.

It wouldn’t take so long to go in and have a cup of tea, not to mention a cup of tea, or even a drink!

Bao Weisheng made an immediate decision and said in a deep voice, “Stand back, something must have happened, don’t involve us!”

The butler immediately nodded and instructed the driver to drive the car to a place a little further away from the hotel, making a gesture that he had nothing to do with the incident.

Just at that moment, there were suddenly police lights flashing in the distance, while the sound of sirens came.

The police were coming!

Bao Weisheng’s brow could not help but frown, the police had come, it seemed that the boss of the Bad Wolf Gang could not hold it down, but at this time, no one from the Bad Wolf Gang had come out yet, there was no doubt that something was really wrong!

Sure enough, just ten minutes later, Bao Weisheng saw a dozen ambulances roaring in, and then, a scene that shocked him appeared.

Only to see those medical personnel carrying stretchers and carrying people out of the hotel.

One, two, three

At the end of the count, there were two dozen of them!

Bao Weisheng's face immediately darkened, there were only so many people around Ji Feng, where did more than twenty people come from?

The butler also realized that something was wrong, he immediately said, "Young master, don't worry, I'll go check the situation!"

Bao Weisheng nodded and did not say anything.

The butler did not dare to delay much and hurried off, and when he returned ten minutes later, the butler's face looked exceptionally ugly.

"What's the situation?!" Bao Weisheng saw this and immediately asked.

"Young master"

The butler's face was extremely ugly as he said with difficulty, "Something has happened, all the men from the Vicious Wolf Gang have been killed!"

Bao Weisheng was immediately shocked and almost stood up directly from the car as he said in shock, "What?! What do you mean?! All dead?"

"Yes, they're all dead!" The butler was also extremely shocked and said, "I just inquired and found out that the police found the bodies in the underground car park, all of them were from the Vicious Wolf Gang, they are all dead!"

"How is this possible!" Bao Weisheng couldn't believe his ears, he stared at the housekeeper and said angrily, "You must have made a mistake, right? There were more than twenty people in the Wolf Gang, and they were all armed, so how could they all be dead? Have you seen a ghost?"

The butler said with an ugly look on his face, "Young master, there's been an accident, this time, the people from the Chuk Yuen Gang have intervened!"

"The Bamboo United Gang?!"

Bao Weisheng was stunned at his words.

The butler nodded and said, "The police found the corpses of the Vicious Wolf Gang in addition to a dozen people knocked unconscious at the scene, after identifying them, it was found that they were all members of the Bamboo United Gang, one of them was also the bodyguard of Chen Wan, the wife of the gang leader of the Bamboo United Gang!"

Bao Weisheng's face immediately turned ugly!

The Chuk Yuen Gang had intervened?

No wonder!

He wondered why all the twenty-odd members of the Vicious Wolf Gang had died, and so many people with weapons couldn't even handle Ji Feng and the others?

Now he understood everything, it turned out that it was the Bamboo Gang's people who had intervened!

"Son of a bitch!"

Bao Weisheng couldn't help but roar in anger, pounding the seat fiercely, his face incomparably gloomy: "Bamboo United Gang, they have to interfere in everything, they are simply bullying people too much!"

Bao Weisheng was really furious to the extreme!

Originally, when he was in Jiangzhou, he had a problem with Ji Feng, at that time he pursued Rong Suyan, but was obstructed by Ji Feng, which made him hate Ji Feng in his heart. But at that time, he was in the mainland, and although the Bao family had a lot of industries and a network of connections in the mainland, but at that time, there was Rong Suyan there, so it was not good for him to mess with Ji Feng.

But this is a debt that Bao Weisheng has written down for Ji Feng.

However, before he could settle the score with Ji Feng, the two of them met on his yacht and that time, he was humiliated and beaten like a dead dog!

To Bao Weisheng, that was a lifelong shame!

He wanted to eat Ji Feng alive!

For this reason, he even went to the extent of hiring international mercenaries and assassins at great cost, vowing to kill Ji Feng and that Mainland Special Operations Brigade's Captain Xiang Yongzhan!

But before he could do anything, he heard that Ji Feng had come to Treasure Island!

This really made him overjoyed, and he was immediately furious to get Ji Feng killed. But the result gave him a resounding slap in the face!

All the men of the Vicious Wolf Gang had actually died, and the result he had been eagerly waiting for had not appeared at all!

Bao Weisheng felt a sense of humiliation, thanks to the fact that he had waited here for such a long time, full of joyful expectation to see Ji Feng's corpse being carried out from the hotel, but in the end, it was the people he had sent out that were carried out!

How could he not hate him?

"Why would the Chuk Yuen Gang interfere?!" Bao Weisheng was extremely resigned and asked angrily.

"Young master, I inquired earlier that Ji Feng seems to have a very close relationship with the first lady of the Bamboo United Gang!" The butler said, "Perhaps the people from the Bamboo United Gang are here to protect Ji Feng!"

"Bastard!"

Bao Weisheng roared in anger, his face twisted a little.

The butler hesitantly said, "Young master, now that things are like this, I think it's better for us to leave here as soon as possible, so as not to arouse the suspicion of the police and the Chuk Yuen Gang, you see"

The first time I saw the car, I was not able to do anything but grit my teeth and say, "Go back!"

As the car slowly moved, Bao Weisheng couldn't help but look back at the hotel, secretly gritting his teeth, Ji Feng, this is not over, we'll see!

With a heart full of resentment, Bao Weisheng gritted his teeth and left.

.....

"Beep beep"

"What's going on?!"

Chen Wan listened to the voice coming from the phone and couldn't help but frown, Zhang Wei's phone was through, but she had called four or five times, but there was no answer all the time!

This was very strange!

Because Zhang Wei was a bodyguard, usually his phone was always available, and he would definitely keep the communication open!

But now that Zhang Wei's phone had been unanswered, Chen Wan was keenly aware that something was not right.

So, what exactly was wrong?

Chen Wan deliberated for a moment and decided to wait and see, after all, it was useless even if she was puzzled now, unless she could send someone to the hotel to check the situation.

"Clang"

Just then, Chen Wan's phone suddenly rang, and she casually picked up the phone, "Who is it?!"

Instead, a voice came from the other end of the phone that Chen Wan had not expected: "Hello Madam, I am from the North City Police Department, your subordinate Zhang Wei is now with us"

Chen Wan couldn't help but faintly stare at once, the police station? How could Zhang Wei be in the police station?

However, when she rushed to the police station and saw Zhang Wei, this was when she realized what had happened, she was shocked on the spot!

"What did you say?!"

Chen Wan's pupils shrank sharply as she looked at Zhang Wei, who was still handcuffed, and her brows knitted tightly, "Is what you said true?!"

Zhang Wei nodded with a bitter smile and said, "Madam, what I said is all true, this is what I saw with my own eyes, Ji Feng and his men are really too powerful, it seems like there were only four of them who actually did it, four people, ah, but they did away with all the people of the Vicious Wolf Gang! "

When he said this, Zhang Wei's mind could not help but conjure up the scene of Yang Bin leaping high up, stepping on the roof of the car with one foot, flinging his hand and shooting a knife out, piercing through the window glass before plunging it into the chest of the vicious wolf gang's oldest!

It really shook him to the core!

It was so powerful and so terrifying!

He was not the only one who was shocked, Chen Wan was also shocked, she really did not expect that Ji Feng would have such a powerful person with him!

She originally knew that among the few people that Ji Feng had with him, there must be bodyguards who were not badly skilled, but she never thought that the other party would be so powerful!

Just by Zhang Wei's description, and his shocked and with a touch of horror expression, Chen Wan could imagine how powerful Ji Feng's men were!

If they weren't strong enough, how could Zhang Wei have had such a fearful look on his face?

After a slight pause, Chen Wan suddenly remembered something and asked, "You just said that Ji Feng's men, there were only four of them out there?!"

Zhang Wei nodded and said, "I've only seen four four is enough!"

With that young man's strength, four was really enough!

Chen Wan was silent!

Campus Master Chapter 2808

Ji Feng's power was really beyond Chen Wan's expectations.

Of course, strictly speaking it should be Ji Feng's men, but now Chen Wan no longer dared to have any thoughts of underestimating Ji Feng, she realised that she had really underestimated Ji Feng too much.

Ji Feng's men were all so powerful, so it seemed that some of the rumours she had heard before should be true!

Ji Feng, I'm afraid, is even more powerful than his men!

"Madam, I'm sorry, not only did I fail to complete the task you gave me, but instead I gave you trouble, " Zhang Wei was ashamed beyond words.

He originally wanted to bring his men to save Ji Feng, but who would have thought that not only did he fail to save Ji Feng, but he was even taken down by Ji Feng's men There were only four of them!

Now, he is sitting in this interrogation room with handcuffs on his hands, really a disgrace to the family.

Chen Wan smiled but shook her head and said, "It's not your fault, it's because I didn't inquire clearly before, but let you go and take the risk!"

Zhang Wei hurriedly said, "Madam, don't say that!"

Chen Wan waved her hand, not letting Zhang Wei say more, but asked, "Then how did you get caught by the police?"

Zhang Wei smiled and suddenly made a big red face as he said noisily, "We we were just watching, but we didn't expect Ji Feng's people to surround us and lay down our guns."

In fact, Zhang Wei knew in his heart that he was only euphemizing, with the strength of those few men of Ji Feng, even if they were alert from the beginning, if they were not identified, they were afraid that they would not be a match for those men!

Aren't those twenty or so people from the Vicious Wolf Gang no, strictly speaking it should be those twenty or so corpses, the best example of that?!

Chen Wan, however, could not help but frown and said, "And then what?!"

Even if Zhang Wei and the others were controlled by Ji Feng's people, but why didn't we hear of Ji Feng's people being arrested in the police station, instead the only ones arrested were Zhang Wei and the others!

Zhang Wei noisily said, "We, we were knocked out!"

Chen Wan was instantly stunned, "Knocked out?!"

Zhang Wei nodded in shame with a red face, after putting down his gun then, he only saw that one of the young men seemed to be talking to Ji Feng, and a moment later, they were all knocked unconscious.

When they woke up, all they saw was the police!

And corpses all over the floor!

Then, they were arrested and locked up here, and even heard the police say that at that time, in that underground car park, there were their footprints and fingerprints all over the ground, in addition to their weapons, as well as the weapons carried by the people from the Bad Wolf Gang.

Apart from that, there was nothing else!

Without Chen Wan's permission, Zhang Wei did not dare to say Ji Feng's name, but only asked in a sideways manner if there were other traces left by other people, but the answer he received left him stunned – the police said that apart from some messy footprints and fingerprints, the complete traces were all left by them and the Bad Wolf Gang's men! left behind!

This meant that the police must have thought that they were the ones who had fought with the Wolves at the scene!

So, sensing the seriousness of the matter, Zhang Wei finally proposed to call Chen Wan, which led to the scene where Chen Wan received a call from the police.

As Chen Wan listened, her eyebrows could not help but knit together.

She really did not expect that this matter would turn out to be like this in the end, and that Zhang Wei and the others would become suspects in the firefight with the Wolf Gang!

Of course, this was not a big deal to Chen Wan, even if more than 20 people from the Wolf Gang had died, it would not be that easy to convict them unless hard evidence of the killings could be found at the scene.

What Chen Wan cared about was that she had sent her men to save Ji Feng, but ended up being used by him, which made her feel like she was stealing a chicken and losing rice, because she had sent Zhang Wei and his men to save Ji Feng before, of course not exactly to save him, but only because she didn't want him to die at the hands of the Vicious Wolf Gang, because she still wanted to make something out of him, which was related to her plan.

But it turned out that it was her people who were used by Ji Feng!

This was not like stealing a chicken and losing the rice!

Chen Wan felt her face burning hot, she knew she had underestimated Ji Feng, and as a result, she had been taught a profound lesson and a vivid lesson by Ji Feng!

It's true that good people don't come!

Chen Wan secretly said in her heart, Ji Feng still dared to come to Treasure Island despite knowing that he had already offended the Bao family, he obviously had something to fall back on, she had underestimated this young man too much before!

"You stay here at ease first, I'll arrange the rest!" Chen Wan admonished Zhang Wei, "If you didn't do it, then this matter has nothing to do with you, don't talk nonsense!"

"Yes, Madam, I understand!" Zhang Wei immediately nodded his head, and then he suddenly hesitated, "Madam, there is something"

"Speak!"

Chen Wan said.

Zhang Wei hesitantly said, "When we were in the car park, Ji Feng's people pressed us about our origins, and I"

Chen Wan's eyes suddenly narrowed slightly, "You said that?"

Zhang Wei nodded carefully and said, "When I said we were there to save Ji Feng, they continued to press us about our origins, so I casually said we were sent by Miss because we didn't have your permission, so I"

"That's why you are here!"

Chen Wan's face turned cold as she rebuked, "Stupid! Do you think that with Ji Feng's relationship with Ji Yuhui, if you said that, he wouldn't go and check with Ji Yuhui?! You're the lowest of lies, you'll break at the first poke!"

Zhang Wei then didn't dare to speak. In fact, now that he thought about it, he knew he had made a mistake at that time, but it was too late to say anything now.

"If you hadn't said that at that time, perhaps you wouldn't be here now!" Chen Wan said in a cold voice.

"Madam, I was wrong." Zhang Wei said in a panic.

Chen Wan glared at him, but didn't say anything else, although she wasn't there at the time, she could imagine the situation at the scene.

Ji Feng people had even done away with more than twenty of the Vicious Wolf Gang's fighters just by saying they were done away with, their ruthlessness was evident, Zhang Wei was taken down by them, if he didn't give an explanation he definitely wouldn't have passed, it was just this stupid lie of Zhang Wei's that had sent him here himself!

Chen Wan did not say anything else, but got up and left.

It was already a great honour for her to come and see Zhang Wei, knowing that this was a big case with over twenty deaths, if she wasn't the wife of the leader of the Chuk Yuen Gang, if she didn't have a huge network of connections and energy, then she wouldn't even have the chance to see Zhang Wei now, let alone talk and communicate with him.

Only, she was now beginning to consider whether Zhang Wei could be entrusted with important duties or not!

After leaving the interrogation room, Chen Wan did not rush back, but went straight to one of the senior officers of the police station to find out some more about the situation.

Only then did she realise how tragic the deaths of the Bad Wolf Gang were at the scene!

A few of them were almost beaten into a hornet's nest, and a few more had their throats sealed with a knife, dying so crisply that the police could tell at a glance that it was definitely the work of a master!

The police naturally took the case very seriously, given the possibility of a master criminal.

Even as the wife of the leader of the Chuk Yuen Gang, Chen Wan was shocked to learn of these circumstances.

Moreover, even the top heavyweight of the police said that this was done by an expert, so it was evident that the people around Ji Feng were really quite powerful experts!

Chen Wan felt that it was necessary for her to get to know Ji Feng all over again!

.....

The news that more than twenty people from the Vicious Wolf Gang had been killed off in one night, and they were all the gang's main fighters, quickly spread throughout the Dao of Treasure Island, especially in North City, and caused a stir!

This is an extremely ruthless gang, small in size and not many people, but extremely ruthless, including their boss, all of them are desperate, and people are not willing to mess with them at all!

Even some slightly larger gangs, and even some of the hall masters of the big gangs, are not willing to mess with the Wolf Gang.

But this time, more than twenty of them were killed at once, which really stirred up the whole Treasure Island Road!

Everyone was inquiring about who was so fierce that they could take out more than twenty people from the Wolf Gang, but many people were shocked to learn that they were from the Chuk Yuen Gang.

Many people could not help but understand, no wonder, only a giant like the Chuk Yuen Gang would dare to touch the Wolf Gang, even if the Wolf Gang was desperate, but in the face of a giant, desperation alone would not be of much use!

However, there are some bigwigs in the gang who know the inside story.

Zhang Wei, who was taken away by the police, was Chen Wan's bodyguard, which could not be hidden from these bigwigs.

Moreover, the fact that people from the Bad Wolf Gang had gone to that hotel in order to kill someone called Ji Feng was not a secret to many bigwigs, and although the police were concerned about evidence and the capture of people, in fact, the top brass of the police knew equally well that Zhang Wei was probably framed.

According to the police's interrogation of some of the Chuk Yuen Gang's minions, a piece of information had circulated.

The person who had dealt a heavy blow to the Bad Wolf Gang was none other than Ji Feng, whom the Bad Wolf Gang had tried to kill before, and his men!

In particular, the news that one of Ji Feng's men had flung a flying knife in the air like a movie, bringing down the second brother of the Bad Wolf Gang with a single slash, and then stomping him to death alive, shocked an unknown number of people!

Ji Feng!

Flying dagger master!

These names were frequently ringing in the ears of some bigwigs, and even caused the entire Dao of Treasure Island to stir up a bit over it!

Just one piece of news had caused a stir in the Dao of Treasure Island, and if this news was true, then one could imagine just how strong that man of Ji Feng's was!

Campus Master Chapter 2809

Ji Feng and the others shook the top echelons of Treasure Island's black `doors' in a single battle, and I don't know how many bigwigs looked at them!

Although, in this era of the black `doors, the real bigwigs have all set their eyes on money, and making money has become the mainstream of the black `doors, but, with only a few people and no weapons,

they were able to take out several times their enemies, this kind of combat power still shook many people!

We must know that the Bad Wolf Gang was a group of real desperadoes, and there were even some ex-soldiers among them, so what kind of combat power these people had, those bigwigs who were the top echelons of Treasure Island's black 'dao' naturally had a good idea.

This is why many people are watching the Wolf Gang grow but not pressuring and asking too much, no one else would want to add another competitor, the island is so big and there are only so many opportunities to make money, one more gang will naturally have fewer opportunities to make money.

However, the people of the Wolf Gang are too crazy and daring to fight for their lives, they dare to take on any job, and even dare to play with their lives, which makes some bigwigs apprehensive.

As the saying goes, porcelain does not touch a pot, these bigwigs have been pampered for a long time, so if they were to take up machetes to fight with the Wolf Gang again, even if they could destroy the Wolf Gang without a doubt, but they would have to pay a certain price, these bigwigs may not be willing to do so.

But now, with just a few people, Ji Feng had destroyed all the 20-odd fighters of the Bad Wolf Gang!

What kind of fighting power was this?

Was Ji Feng surrounded by people from the Mainland Central Guard Corps, or were they super special forces from the Mainland?

This made some people's hearts shake a little, not a fierce dragon but a river!

"Son of a bitch!"

When Bao Weisheng heard the news, he couldn't help but curse angrily, he didn't believe that Ji Feng would be so powerful, when he shook hands with Ji Feng in Jiangzhou, he only had a slight contest of strength, at that time he was only slightly inferior, even if Ji Feng's strength was no longer powerful, it wouldn't be that powerful!

Naturally, Bao Weisheng did not believe that Ji Feng would be that powerful, and he guessed that this must be a deliberate release from the people of the Bamboo Alliance Gang in order not to start a conflict with their Bao family.

But whether this was the case or not, at the very least, Ji Feng's prestige was made, and others were saying that Ji Feng was powerful, so even if he didn't believe it any more, he couldn't change some people's opinion.

This made Bao Weisheng very annoyed, whoever played out the prestige is fine, but only Ji Feng played out the prestige, Bao Weisheng heart is extremely uncomfortable. Moreover, it happened that Ji Feng's prestige was indirectly achieved by him, which made him feel even more depressed!

"Fame trolling!"

Bao Weisheng gritted his teeth and said to himself, "Since you're so powerful, then fine, I'll find you some powerful opponents to see if you're really that powerful!"

.....

“Wan’er, what’s going on?!”

The Bamboo Alliance Gang, Ji Lihai, after knowing the news, but could not help but call Chen Wan and asked.

Chen Wan said somewhat helplessly, “Master, I’m sorry, I didn’t know things would come to this, it’s all because I didn’t think it through.”

Ji Lihai said, “Tell me what happened.”

Chen Wan said, “Originally, I heard that people from the Vicious Wolf Gang were going to attack Ji Feng, so I thought that since Ji Feng was a friend of Yu Yiyi’s, I, as an elder, should give him a hand anyway, so I sent someone there.

When he heard Chen Wan say that, Ji Lihai’s face cleared up a little, he shook his head and said, “You, you just spoil that girl too much, look what you have spoiled her into now!”

Chen Wan did not say anything, but shook her head bitterly and smiled.

Ji Lihai said, “Wan’er, I know you’ve had a hard time, Yu Yiyi doesn’t understand you, she often goes against you, and even speaks against you, but you’re still able to tolerate her so much, you’ve done a good job! But in future, you should not spoil her too much, or else she will only become more and more ill-tempered and self-righteous!”

“I don’t ask Jade Youth to understand, as long as your Lordship understands me!” Chen Wan said softly, “Everything I do is actually for you in the end, Master, I hope that this family of ours can be peaceful and harmonious, just alas!”

“I understand!”

Ji Lihai patted Chen Wan’s hand and said, “I will take care of this matter, so you don’t need to worry about it. However, in the future, if there is something like this again, you have to discuss it with me in advance, got it?”

Chen Wan nodded her head and said, “I understand.”

Ji Lihai added, “Speaking of that Ji Feng, you should not take too much care of him in the future, this person”

His face sank, but he did not say anything further.

He thought of the kind of attitude Ji Feng had towards him outside Ji YuYi’s villa at that time, don’t think that he couldn’t see Ji Feng’s hypocrisy just because he had a smile on his face all the time!

Chen Wan said, “Master, but no matter how you say it, he is also a friend of YuYi’s, if”

“YuYi should not have made such a friend!” Ji Lihai snorted coldly.

“Your Lordship has an opinion about Ji Feng?!” Chen Wan asked as she gave Ji Lihai a look.

“This person, is a nuisance, you also help me keep an eye on YuYi, if there is any more contact between them, you tell me!” Ji Lihai said in a deep voice.

Chen Wan nodded and said, “Good. Master, I think it’s better this way, if I find any contact between them, I’ll talk to Ji Feng first, and if it’s really not possible, you’ll step in then, that way even if YuYi finds out, at most she’ll only be angry with me and not with you!”

Ji Lihai said, “But then, her prejudice against you will be even deeper.”

Chen Wan shook her head and smiled bitterly, “Anyway, this is how it is now, it doesn’t matter if she has prejudice against me, but don’t affect your father-daughter relationship!”

Ji Lihai nodded at his words and said, “It’s fine, just see what you can do!”

Chen Wan then smiled faintly.

It was not that Ji Feng had not considered the reaction of the outside world, because of this, he took Zhang Lei and others to clean up all the traces related to them, especially the footprints, traces, fingerprints and so on, as well as the hotel’s surveillance.

However, what Ji Feng did not expect was that when he sneaked into the control room of the hotel to eliminate the surveillance video, he found that there was no surveillance video in the underground car park at all, but according to what Yao Zhijian and the others said, the surveillance cameras in the car park were destroyed only after the Bad Wolf Gang came.

Ji Feng quickly understood, it seems that someone in this hotel was cooperating with the Evil Wolf Gang’s people in their actions, perhaps someone had turned off the video in the car park as soon as the Evil Wolf Gang’s people arrived, or even before they arrived!

This, however, was exactly what Ji Feng wanted!

So, after cleaning up all the traces, Ji Feng had no more worries!

Even if everyone knew that he had done it, what could he do? Without evidence, no one could do anything to him, at least no one could do anything to him in an open and honest manner!

As for doing things secretly the Bad Wolf Gang is the best example!

However, out of Ji Feng’s expectation, on the very next morning, his room was visited by an unexpected visitor.

With a knock on the door, Yang Bin immediately opened the door, but found that there were two people standing at the door dressed in Po Island police uniforms, two policemen!

“You are,” asked Yang Bin.

“Ji Feng from the mainland is staying here, right?!” The one who spoke was a middle-aged policeman standing in front.

“I’m Ji Feng!”

Ji Feng walked over when he heard the voice, and when he saw that it was two policemen, he couldn't help but smile slightly and asked, "Excuse me, two officers, is there something wrong?!"

The one standing in front was a middle-aged policeman, probably in his forties, not very tall but looking solid, he looked at Ji Feng and asked, "Are you Ji Feng?"

Ji Feng nodded his head and said, "As good as fake! Two officers, looking for me for something?"

"Looking for you, of course there's something!" A slightly younger policeman at the back said, his tone somewhat unkind.

"What's the matter?"

Ji Feng's expression remained unchanged and asked calmly. But Yang Bin, who was standing next to him, had a sunken face, this policeman was speaking to Ji Feng like this and was being unkind to him!

Yang Bin took a slight step forward and immediately blocked the way for those two policemen to go forward!

"What, you're just going to let us stand at the door and talk?!" The middle-aged policeman asked.

"Let's talk about the matter first!"

Ji Feng said indifferently, but had no intention whatsoever to let them in.

The young policeman's face instantly sank and he just wanted to speak but was interrupted by the middle-aged policeman, "Ji Feng, I know that you are from the Mainland and you are still very well established in the Mainland."

Ji Feng looked at him calmly and quietly waited for his next words.

The middle-aged policeman couldn't help but frown slightly at this, he didn't expect Ji Feng to be so nonchalant, but he wasn't a youngster after all and wouldn't get angry easily, he just said, "The murder case that happened at the hotel last night, do you know anything about it?"

Ji Feng asked, "There was a murder case? Sorry, I really don't know."

"You would not know? It was you who did this" The young policeman was instantly fired up, yet before he could finish his sentence, he was interrupted by a voice!

"Bullshit!"

Zhang Lei snorted coldly and walked over with big steps, staring coldly at the young policeman, "You are a policeman, you have to be responsible for what you say, which of your eyes saw that it was us? Or do you have any evidence?"

The young policeman instantly said angrily, "You"

"You what you?!"

Zhang Lei glared, "If you dare to point at me again, the claws will be ruined for you!"

That young policeman looked at Zhang Lei angrily, but could not say anything, in fact they did have no evidence, otherwise, it would not be the two of them who came, but the police who came directly to the brigade to arrest people!

“Ji Feng, you can deny it, but we’re all clear on what’s really going on!” The middle-aged policeman spoke, “You are strongly welcome to come to Treasure Island, but if you want to mess around here Treasure Island’s prison is not short of beds!”

Campus Master Chapter 2810

Hearing the middle-aged policeman’s words, Ji Feng smiled and said noncommittally, “Officer, instead of having this time to chat with me, you should spend more energy on improving the law and order of Treasure Island. It’s a bad influence!”

The middle-aged policeman’s face sank, “Good! Very good! I hope you remember what I said!”

After saying that, he turned around and left.

That young policeman also gave Ji Feng an extremely unkind glare, looked at Zhang Lei again, and also followed him to leave.

Zhang Lei sneered, “What the hell!”

Ji Feng, however, slowly shook his head and said, “I’m afraid that these two people came here not just to ask about the situation!”

Zhang Lei couldn’t help but faintly stare at his words, “How so?!”

“If they just came to ask about the situation, their tone wouldn’t be so hard and their attitude wouldn’t be so cold!” Ji Feng said, “They must know that we did the thing, they just don’t have any evidence, so why come to ask? Are they just going to come and tell us that they know everything and warn us?!”

Zhang Lei nodded slowly, what Ji Feng said made sense, he couldn’t help but ask, “Then what are they doing here?!”

Ji Feng shook his head and said, “I don’t know, but it’s definitely not something good!”

Zhang Lei couldn’t help but sneer and said, “These two people are not good birds at first glance!”

Whatever the purpose of those two policemen coming, they weren’t afraid, no matter if it was explicit or implicit, whatever the other side had up their sleeves, they took it all!

“Crazy, get your weapons ready!” Zhang Lei said, “It looks like the outside world already knows what happened last night, and I’m afraid they all know it was us, if we don’t prepare weapons, I don’t know what will change next!”

“I have a number in mind!” Ji Feng nodded his head.

It was definitely time to prepare the weapons, but there was no news from there yet, so now Ji Feng could only wait for now while he had to think about other things.

As he was talking, Ji Feng’s phone suddenly rang, but it was Ji YuYi calling.

Ji Feng immediately picked up the phone, "YuYi"

However, before he could finish, he heard Ji Yuhui's voice come through, "Ji Feng, did you have a conflict with the Vicious Wolf Gang last night?"

Ji Feng laughed, "No, but there was really a fire in the hotel! But it wasn't us!"

"Don't you dare! I know everything, I told you why you suddenly called me in the middle of the night last night, so you guys are really in crisis!" Ji YuYi said, "Ji Feng, are you still in the hotel, I'm coming over to look for you!"

"No need!"

Ji Feng laughed, "It's just a little problem, it's no big deal. Besides, I have things to do today"

Ji YuYi immediately interrupted him and said, "A death of more than twenty people that's still a small matter? Ji Feng, do you still think of me as a friend?"

Ji Feng then laughed, "Of course."

Ji YuYi immediately said, "Then you should cut the crap, I'm coming over, just wait for me at the hotel."

Ji Feng was just about to speak, but he suddenly heard a busy tone coming from the phone, and Ji YuYi had already hung up the phone. He could not help but shake his head and smile bitterly, sometimes this Ji Yuhui was so overbearing that he was really helpless.

However, since Ji Yuhui was coming, Ji Feng's original plan had to be changed. He had wanted to go out today to see what was going on, but now he could only wait in the hotel.

At the same time, Ji Feng was unaware that the two policemen had just walked out of the hotel after leaving the room, when the middle-aged policeman took out his mobile phone and dialed a number.

"It's been scouted, there are only six of them in total It's been determined that no one seems to be injured, at least not from the surface!"

"Good, I know, I'll arrange for someone to keep an eye on them, don't worry, I know what to do However, you can't mess around, it's best not to do anything during the daytime, this person's identity is not ordinary, don't cause too much of a commotion... .."

.....

Ji Yuqing came quickly, about half an hour or so later, Ji Yuqing arrived.

As soon as she entered the room, Ji Yuhui asked, "Ji Feng, was it really you guys who did what happened to the Bad Wolf Gang last night?!"

Ji Feng smiled, "If you think it was, then it was."

Ji YuYi's beautiful eyes could not help but flash with a different colour, it was really them who did it!

Although she already knew Ji Feng's strength and dared to pick on the Yamaguchi Group's New York branch by himself, that was only if Ji Feng had attacked secretly and was well prepared, but the situation last night was still beyond Ji Yuhui's expectation.

Ji Feng had no weapons on him, he had left all his weapons behind when he left.

But even so, Ji Feng had destroyed more than 20 people from the Bad Wolf Gang, and only in the underground car park of the hotel, which still shocked Ji Yuhui.

“YuYi, are you in such a hurry to come over, is there something going on?” Ji Feng asked.

“It’s not because of what happened last night!” Ji YuYi said, “You killed over twenty people from the Vicious Wolf Gang, and the whole North City’s Dao has spread the word, and the boss of the Vicious Wolf Gang was even furious, vowing to kill you to avenge his second brother, I knew you were unarmed, so I came over to see if there was anything you needed help with. ”

“A big thunderstorm?!”

Zhang Lei couldn’t help but smile at his words and said, “So he didn’t plan to gather the entire gang’s strength to come over and wipe us out, huh?”

Ji Yuhui said, “You think he doesn’t want to, that man is a madman, maybe he can really do it!”

Zhang Lei gave a heated laugh, “That would be better, once they come, we can destroy them all, so we don’t have to come looking for trouble again and again, it’s annoying to watch!”

Ji YuYi: “.....”

If she didn’t know that this guy was Ji Feng’s best buddy, she really wanted to ask how Ji Feng had such arrogant henchmen, that was a gang, even if some of the other minions were small minions, but those main fighters still had dozens of people, and these people were also armed, even if you guys were powerful, how could you fight with so many people?

Even if one of them had a knife, they could still kill you all!

“Ji Feng, do you guys really not need weapons?” Ji YuYi decided to filter out Zhang Lei’s words and looked at Ji Feng.

“Weapons are definitely needed, but I can’t ask for yours!” Ji Feng shook his head and said, “I was planning to go out just now, just to pick up the weapons.”

“Pick up weapons?!” Ji YuYi was stunned, then she realized that Ji Feng must have his own channels to be able to get weapons, she frowned and said, “But even if you have weapons, but with just a few of you, this is too big a power disparity, right?”

Yes, Ji Feng is powerful, but that also depends on the circumstances!

Previously in Rice, Ji Feng alone picked the Yamaguchi group’s hall, bloody battle long street, and then single-handedly killed the entire New York black `doors have to bow down for it, but that was mainly a secret attack, and sneak attack as well as well-thought-out arrangements.

The first thing you need to do is to get a good idea of what you are getting into.

Even a vicious tiger can’t stand up to a pack of wolves!

Ji Feng laughed: "Don't worry, if the Evil Wolf Gang's people dare to come, I'll have a way to clean him up!"

"Really?!"

Ji YuYi asked suspiciously. She couldn't think of any way Ji Feng could do it, this wasn't the mainland, could Ji Feng still mobilise the army?

Ji Feng nodded and smiled, "Of course it's true, I can't joke with my own life, right?!"

Only then did Ji YuYi believe that as long as Ji Feng was not a fool, he would naturally not risk his own life, or at the very least, he must have some means of self-preservation.

Since this was the case, Ji YuHye was also a little more relieved.

"By the way, what's going on with Zhang Wei and the others?" Ji Yueting suddenly asked.

"Zhang Wei?!"

Ji Feng froze and asked, "You're talking about the group of people who impersonated your men last night?"

Ji Yuhui nodded and said, "That's them. How did they become suspects and all of them were arrested?"

Ji Feng laughed, "They were just in time and were hiding their heads, they didn't look like good guys!"

For the rest, Ji Feng didn't say much, there were some things that we all knew by heart, besides, it wasn't appropriate to hang on to such things all day.

Ji YuYi just couldn't help but purse her lips and laugh: "They are indeed not good people, you know, they are all that bitch's men, Zhang Wei is one of that bitch's bodyguards, one of her beloved, this time is caught in the police station, and may have to face charges, enough for that bitch to be busy for a while!"

"Busy for a while?" Ji Feng but listened to can't help but slightly froze.

"Of course, with more than twenty people dead at once, even if that bitch personally stepped in, it would definitely take some effort to set things right." Ji Yuhui said, "However, I think she must have something to say this time, and she will definitely start with the families of the dead from the Bad Wolf Gang, this matter can't move her yet!"

Ji Feng was slightly surprised, "More than twenty people died, and Chen Wan can easily set things right?"

Ji YuYi said, "She definitely has a way, this shouldn't be a difficult task for her!"

Ji Feng was then slightly surprised, he had a further understanding of the strength of the Chuk Yuen Gang in Treasure Island, with more than twenty dead people they could easily set things right, this was really strong.

However, when he thought about the fact that there were often mining accidents in the mainland, sometimes hundreds of people would die, but in the end only three or four people were reported, and the matter underneath was easily settled, Ji Feng could understand when he thought about it.

The two of them chatted for a while, Ji Feng looked at the time and was ready to go out, however at this time Zhang Lei came over and said in a low voice, "Crazy, something is wrong with the situation."
