I'm Sorry My Love Novel Alternative

Chapter 2802

"Why didn't that Galia come? Is it because she is too busy with work? No matter how busy her work is, this little sister-in-law has gone home, and she should also let her work go. Your Galia is too workaholic, eldest brother, You have to persuade your sister-in-law, it's not easy for such an important family to get together for a meal, how many times it's only once, why can't Galia come?" Shu Ming looked at Christopher with resentful eyes.

Christopher immediately smoothed things out: "That's A Zhen, we are a family, Galia came in late, and she has a foreign surname, so I won't let her come, let's talk about it..."

Christopher said half of what he said and kept half of it.

Darius immediately mocked: "Yoyoyo, Galia is a foreign surname, so I am not a foreign surname, so I shouldn't have dinner at this house? You are wrong to be a husband, you must know, our family Galia In the past few years when I was away, Galia from your family didn't take care of my father-in-law and mother-in-law. You are wrong! You treat your daughter-in-law as an outsider too. "

Christopher touched his head and smiled helplessly.

What would he say, it was Galia who didn't want Galia to come into this house?

At this time, Galia said: "Darling! Think about it for me, Galia... You all think she is family, but I don't know her, and you also know that I am the closest to me.

My brother was my brother. When I left, my brother was still an unmarried person.

After so many years, there are countless women chasing my brother, right?

How many are there in the entire Nancheng?

Which one is not better than Galia?

Darling, when did you see which woman my brother had a crush on?

My brother is not going to get married in this life, okay?

Why is it that when I came back, I saw my brother got married, and the married daughter heard that she used to be a liar, a junior high school student, and..."

After talking, Galia couldn't continue.

The dissatisfaction in those eyes is self-evident.

Darius glanced at Christopher, Christopher smiled bitterly: "Forget about my daughter-in-law, let's have a meal together as a family first, okay?"

Darius said nothing.

During the whole meal, the whole family revolved around Galia.

What Galia said to Yan's father and Yan's mother, she said it again in front of Darius at this time.

The main thing is that she is pregnant.

However, the child was miscarried during her escape.

As Galia spoke, she burst into tears at the dinner table: "Ming Zhen, I miss our children so much, my two children, if they didn't have a miscarriage, would be three or four years old now, woo woo woo. ...Ming Zhen."

Darius put his arms around Galia and said warmly: "It's okay baby, don't be sad, we will have many, many children in the future, as long as you want, how many children do you want."

Anyway, we Shu family raised up. "

"Would you like to give birth to ten?" Galia looked at Darius coquettishly.

Shu Ming laughed: "I am willing to give birth to twenty."

"I'm not a sow, I hate it!" Galia's shy face turned red.

The whole family laughed together, and the warmth of the scene made Darius have a feeling that this was the real feeling. He felt that the woman in front of him was Galia.

After dinner, Darius didn't stop at Yan's house, so he took Galia back to Shu's house.

"Darling, I'm so nervous." Galia said while touching her chest.

"What's so nervous, it's not that you don't know, your parents-in-law love you very much, and they love you as their daughter." Darius said.

"Well, I know, I haven't been home for so many years, I'm scared."

Darius touched Galia's hand: "Don't be afraid, there is me."

"Husband, you are so kind." Galia rested her head on Darius's shoulder.

The car quickly arrived at Shu's house, the car stopped, and Darius took Galia's hand and entered the gate of Shu's house.

Before taking a few steps, two small meat dumplings suddenly ran out from the living room of the main house not far away.

As the two little dumplings ran, they shouted, "Dad, Daddy, Daddy, you're back."

When they came to Darius, the two small groups raised their heads and looked at Galia.

The little girl asked suspiciously, "Who are you... Who are you? You came to my house to do the magic?"

Chapter 2803

Yan Yan was stunned when she saw two children, a boy and a girl.

But she was stunned for a second, and she immediately put a smile on her face: "You... who are you two? Where are the children from?"

"My name is Mimi."

"My name is Sweet."

The two children raised their heads and looked at Yan Yan.

Yan Yan looked at Darius dumbfounded, her eyes were red: "Mingzhen, I haven't been at home for a few years, didn't you look for it again? If you find it, tell me, I won't pester you.

I know that for so many years, it is impossible for anyone to guard me.

Ming Zhen, I'm leaving. "

After she finished speaking, she turned around, but did not take a step.

"Yan Yan, what are you thinking? I only have you in my heart, and I have never found a second wife!" Shu Ming gave Yan Yan a hug.

Yan Yan's tears flowed out immediately: "Then these two children..."

"I adopted the child of an actress named Mi Lu. She committed a crime and was put in the bureau. Her child is not taken care of. It happened that our parents like children, so I let these two children come to the house. Stop." Shu Ming said calmly.

"Call you... Dad?" Yan Yan asked.

Shu Ming laughed: "In the future, I will call you mother too."

Yan Yan's tears flowed again: "Ming Zhen, I have something to tell you..."

Shu Ming looked at Yan Yan gently: "What's wrong?"

"I... When I left you, I was also pregnant with twins..." Yan Yan cried and was speechless.

The sad look on Darius's face suddenly disappeared: "I know it all, you were displaced at the time, the child was not pregnant, and you had a miscarriage. Yan Yan, who is okay, we can have another pregnancy in the future..."

"No, Darling, no, I lied to my parents, Suzi and the others, I mainly didn't want them to be sad, my child... Actually, there was no miscarriage, my child was born at that time. already."

When he heard Yan Yan say this, Darius was not shocked at all.

But he still showed a very shocked look on the surface: "What did you say, what did you say Yan Yan! You gave birth to the child, where is the child?"

Where is the child? That is my Darius's child, and it is our Darius. Descendants of the family, quickly tell me about the child?"

He excitedly squeezed Yan Yan's hand.

Yan Yan's face was pale at first, but then tears burst into her face: "Ming Zhen, I'm sorry, I'm sorry for you, when I gave birth, I was the only one, and I couldn't eat well or not well, and my nutrition was particularly bad. .

I also don't have the money to go to the big public hospital.

Just a baby born in a small private clinic.

When a child is born, it just... dies. "

Darius's hand immediately let go, and he murmured, "What did you say, premature...died?"

"Yes, I was the only one in the hospital at the time. The nurse told me that my child died. Ming Zhen, our child is so pitiful. I didn't even see the first face of the child. I was pregnant in October. My child...that's our child, I finally gave birth to them, and then died... woohoo, Ming Zhen, Darling, my child... "

Inside the gate of Shu's house, Yan Yan almost fainted from crying.

The way she cried frightened the two little babies. The two little babies turned and ran, one running faster than the other. As they ran, they shouted, "Grandpa, grandma, there's a bad guy at home."

When Shu's father and Shu's mother were led out by their two young grandchildren, they were surprised at first.

When they saw Yan Yan, the old couple was stunned.

Mother Shu's eyes filled with tears immediately: "Yan Yan, is Yan Yan you my child, you are finally back, but you miss your mother, Yan Yan, my son..."

Father Shu also had red eyes.
