

# Super Rich Dad Chapter 289-290

Chapter 289 - Unfriendly

Before Manager Wu's words left his mouth, everyone looked in the direction of the door in unison.

Only to see Qiao Dong running in from outside in a frenzy, seeing that this house was in a mess, he was also dumbfounded at once.

This was because this independent apartment-style villa where Cousin Xue Yu Ning and Fan Deng lived was the most expensive place in the entire Cloud Mist Villa.

And it was furnished with almost all the things that Qiao San usually liked, including some treasures of great value.

But at this moment, everything was ruined and it seemed that nothing was left.

Qiao Dong was dumbfounded, and it was hard for him to imagine what kind of expression his father would have had if he had seen this scene in front of him.

After all, Qiao Dong knew how much his father loved these treasures.

And as soon as they saw Qiao Dong violently, everyone in the room was a little surprised.

First of all, Jiang Hao and Xue Yu Ning, they were really a bit surprised, thinking, 'What is this guy doing here?'

After all, Jiang Hao had not informed Qiao Dong to come over, so how did he get here?

Of course Jiang Hao had not informed Qiao Dong, but rather Manager Wu Fang had informed Qiao Dong by phone.

After all, this was his boss's most beloved place, and it was just smashed, so if this thing went a little wrong, Manager Wu himself would have to follow the blame.

So Manager Wu thought to himself, as Jiang Hao and Xue Yu Ning's relatives were all present, he would simply call Qiao Dong to come too.

This was a matter for the Qiao family to see for themselves, so that they would not be blamed for any problems that might arise later.

Manager Wu was very resourceful, so of course he was cautious, fearing the slightest slip-up.

When they saw Qiao Dong appear, cousin Xue Yu Ning and Fan Deng were also surprised.

However, apart from being surprised, they were also a little excited at the moment.

In their opinion, the wine that Qiao Dong had given them was now poured by Jiang Hao, which meant that Jiang Hao had also broken Qiao Dong's face.

Now that Qiaodong was here, they didn't have to do it themselves, as long as they added more fuel to the fire, Qiaodong would definitely be the first to clean up Jiang Hao later.

And as long as Qiaodong has cleaned up Jiang Hao, when he goes back to mention the house matter, he will not be afraid that he will not agree.

Thinking of this, cousin Xue Yu Ning could not help but feel happy in her heart and hurriedly ran towards Qiao Dong.

Only what they didn't know at all was that this hotel that they had smashed was also the property of the Qiao family.

'Young Master Qiao, you're finally here, you have to do it for us!' Cousin Xue Yu Ning walked straight up to Qiao Dong and said with a crying face.

He had only heard Manager Wu say that someone had smashed up their hotel, but he hadn't had the time to ask who it was and what was going on.

And seeing Xue Yuning's cousin complaining to herself, Qiao Dong was even more confused, thinking what the hell was going on?

He said, 'What the hell is going on here?' And since Jiang Hao was next to him, Qiao Dong didn't dare to get angry even if he was angry at the mess in front of him.

He looked at Jiang Hao, and was about to ask him what was wrong when he heard his cousin Xue Yuning continue to speak.

‘Mr. Qiao, do you know, just this little bastard, he is too bad, he knows that the red wine was given to us by you yesterday, but he deliberately poured the red wine, I asked him are you not afraid that Mr. Qiao will blame you? Guess what he said? He said that you were nothing.’

Cousin Xue Yu Ning was talking to herself in a flurry of twisting right and wrong.

Only her words directly made Qiao Dong even more confused.

He looked at cousin Xue Yuning in amazement, his heart straightening out.

He said, ‘Aren’t they Jiang Hao’s relatives? How could they say such things now?’

And most crucially, how did this woman dare to scold Jiang Hao? She even called him a son of a b\*tch, so wouldn’t she be calling Jiang Hao’s father Shen Haoting a son of a b\*tch as well?

Qiao Dong looked at Jiang Hao with a nervous face, not daring to speak.

But Jiang Hao smiled indifferently, looked at Qiao Dong and said, ‘You’ve come just in time, you can explain who the red wine was for yesterday!’

When Qiao Dong smiled, he was still baffled, but just as he was about to open his mouth, he was interrupted by Cousin Xue Yuning again.

‘What the hell are you talking about? What do you mean? Of course it was given to us by Mr. Qiao, do you really think it was given to you? You hurry up and pay me back, what are you bothering about!’

Of course Xue Yu Ning's cousin thought that the wine was a gift to herself, otherwise what other reason would she have had to go and claim the property in her hometown with Xue Yu Ning's mother and daughter?

Qiao Dong looked at Jiang Hao and then at the family of Cousin Xue Yu Ning and seemed to understand something.

'It seems that these two families have fallen out?' Qiao Dong thought to himself in his heart.

But how their relationship was, it really didn't affect Qiao Dong much.

How Qiao Dong treated Cousin Xue Yu Ning and this family of Fan Deng was purely for Jiang Hao's sake.

In the past, they had been Jiang Hao's guests, and both Qiao Dong and Qiao San would naturally be courteous to them.

But now, since both sides had fallen out, did one still have to spoil Cousin Xue Yuning and Fan Deng?

Besides, Qiao Dong had had a bad impression of these people before.

Chapter 290 - Jiang Hao's thoughts

Furthermore, Qiao Dong secretly asked Manager Wu beside him and figured out what had happened.

The culprits for the hotel turning into this state were cousin Xue Yu Ning and Fan Deng.

Now these two people were still pretending to be themselves, Qiao Dong was not only uncomfortable with them, but even had the idea of cleaning them up ruthlessly.

Only this matter, he finally have to see two to these people is what attitude.

So Qiao Dong hurriedly looked at Jiang Hao and said back, 'That wine still need to ask? Of course it's for you.'

When Qiao Dong spoke, his attitude towards Jiang Hao was unusually respectful.

Only when he said this, he directly stunned Cousin Xue Yuning's family at the side.

'You you don't have to joke, Young Master Qiao.' Fan Deng smiled and looked at Qiao Dong with an unusually ugly face and said, 'How could you give him wine? This.'

'It is.' Before Fan Deng could finish his words, he was interrupted by Cousin Xue Yu Ning.

Apparently she couldn't believe that statement even more, and her face went white.

She only felt that this was Qiao Dong playing with himself.

However, Qiao Dong was all serious and even looked at them with a bit of contempt in his gaze.

Qiao Dong Dong: 'What are you guys saying? Joking around? Why should I be joking with you guys? Who do you guys think you are?'

Qiao Dong laughed coldly and continued to talk eloquently, 'Also, since Jiang Shao has just asked me, then I will tell you in a particularly serious and serious manner, that flat red wine is a gift from me to Jiang Shao to cheer him up. Please think about it yourselves, do I know you? Do I know you very well? Why should I give you wine? What are you?'

At the end, Qiao Dong was going to say the word 'dog', but when he thought back, although the other party seemed to have fallen apart, they were still relatives of Xue Yuning's family, so even if he was banging the drum, even if he was kissing Jiang Hao's ass, he had to be careful, so that he wouldn't lose the chicken and make Jiang Hao angry again by saying something he shouldn't.

But even so, his words were enough.

Qiao Dong's words, whether to cousin Xue Yuning or Fan Deng or Wang Li, were already considered heavyweight bombs.

Jiang Hao smiled with a faint smile on his face as he looked towards Cousin Xue Yuning, who was jumping for joy the most, and asked, 'How about that? Are you satisfied with the answer he gave you now?'

Looking at the smugness on Jiang Hao's face Cousin Xue Yuning simply had the heart to go up and fight him.

But it was as if she was being held in place by some force, no matter how much she wanted to move. No matter how much she wanted to move, she was unable to do so.

Deep inside her, something seemed to be swelling up quickly, and it was like a great flood of water, quickly extinguishing the little bit of anger that she had felt earlier. She could not help but tremble a little.

It was only after a long time that Cousin Xue Yu Ning realized that the name of that thing was fear.

Qiao Dong's words couldn't be clearer, people were looking at Jiang Hao's face, and the wine was also given to Jiang Hao.

Then all those things one had thought before were wrong?

Was it hard to believe that this Jiang Hao was really a top-notch rich second generation?

Cousin Xue Yu Ning couldn't even imagine this matter, because just now, she had treated him like that.

What would Jiang Hao do to himself in the future?

Thinking of this, Cousin Xue Yuning was in a panic.

At this moment, Fan Deng and Wang Li were no better than her.

What Qiao Dong had just said was nothing but a shock to them.

If these words had come out of someone else's mouth, they might have questioned them, but this was Qiao Dong's own words, so naturally there could be no mistake.

And that was what was most frightening.

Originally, Wang Li still had a stomach full of anger that she wanted to vent at Jiang Hao, but based on those words from Qiao Dong, she could only shut her mouth at this point.

After all, it was a matter of whether she could get out of the hotel in one piece or not, and if she dared to do anything else, she was looking for death.

At that moment, Qiao Dong spoke up again.

He looked at Jiang Hao and said humbly, 'I'm really sorry, I know everything about what happened now, I'm really sorry, because of my mistake yesterday, I made you suffer, I'm willing to accept your punishment!'

Jiang Hao smiled and looked at Qiao Dong, he couldn't help but shake his head slightly and said, 'Forget it, it was kind of you to deliver the wine, it's just that there was a misunderstanding about this matter, and it doesn't have much to do with you, why should I punish you?'

Originally, Fang Dong just wanted to test whether Jiang Hao had the intention to blame himself in passing, but after hearing his words. The heart that Qiao Dong was hanging on to was finally put down.

He then looked at Cousin Xue Yuning's family at the side and raised his head to ask Jiang Hao: 'Then Jiang Shao, these few people, what do you think?'

It was obvious that Qiao Dong was testing Jiang Hao's thoughts, and how these people would end up was actually a matter of Jiang Hao's words.

And as long as Jiang Hao had a word, in the end Qiao Dong certainly did not mind serving Jiang Hao in this matter.

The hotel was smashed, Qiaodong already wanted to clean up these people, now it depends on what Jiang Hao said.
