

Catch Me If You Love Me

Chapter 3

Zoey Gu trembled all over.

he has married? Got a child?

She stared at the little girl in the camera. She was about four or five years old. She had short hair and short hair. She was wearing a white bubble princess dress. She was lying on Liam Lu's lap tenderly, looking up at her. Looking at him with big black shiny eyes.

"Dad hug!"

Liam Lu lowered his head to look at the little girl, his cold eyes instantly filled with tenderness, he bent over and picked up the little guy, turned his head to look at the woman beside him, and said in a low voice.

"Let's go."

Surrounded by the media, they turned and left. The men were tall and handsome, the women were elegant and moving, and the children were beautiful and cute. They were all enviable and jealous of a family of three.

Zoey Gu stared at the scene in a daze, and curled up the corners of her mouth with a mockery.

He is so outstanding that even her father said that Liam Lu must be a dragon and a phoenix. He should be so famous now, he should have such happiness.

But when she watched, she still had red eyes, her heart twisted.

At that time, it was happiness within her reach...

She lowered her eyes, stood up from the ground with numb hands, and stumbled back. Within two steps, he fell heavily on the floor again.

"Zoey Gu!"

A man rushed out of the room and couldn't help but grabbed her by the hair, dragged her up, and kicked her hard. Her legs softened and she knelt on the ground with a "plop".

The man rudely tore open her sleeves, revealing the arm full of pinholes, and raised his head to look at the white coat accompanying him.

“Draw her blood!”

“Have you forgotten what the madam said? Just stay in the room and don’t have any other delusions!”

“It’s hard to protect yourself. Are you worthy of a man like Xiao Xiang Liam Lu?!”

Zoey Gu knelt on the ground quietly, her face pale as ghosts, but she didn’t seem to feel any pain, letting the thin needle pierce her skin, and the blood was drawn out of her body little by little.

She felt as if losing her soul.

The doctor in charge of drawing her blood glanced at her, her eyes flickered, and she couldn’t help but feel compassion.

For five years and 60 months, every time he came to collect her blood, there was one more pinhole on her arm. Today, it is densely packed and can not see the original appearance.

She has been losing weight, obviously has no appetite, and has been forcing herself to eat the disgusting meals sent by the servants. She vomited and vomited, as if she wanted to continue her life with this, just barely alive.

If this continues, let alone severe anemia, I am afraid that life will not be guaranteed.

While no one was paying attention, the doctor took out a vitamin from his pocket and hurriedly stuffed it into her mouth.

As soon as he handed it to Zoey Gu’s, the door not far away suddenly opened, the doctor shook his hand, and the pills suddenly fell on the ground.

Lydia Lin, Zoey Gu’s stepmother, stepped in wearing high heels and walked over in a jewel-like fashion, staring at Zoey Gu with a smile.

“You have seen it all, Liam Lu is back.”

As Lydia Lin spoke, a strange curve appeared on her face.

“Zoey Gu, it’s been five years. For your honesty, I will give you a chance to see him...”

“But I have the conditions.”
