

# My Wife Is a Superstar Chapter 30

However Luo Fei's imagination of employees coming to give her a warm welcome with flowers and applauses were crushed.

After Jiang Zhe fetched her in the carpark, he tapped his card to use the elevator meant for the executives and directly reached Jiang Zhe's office.

This was Luo Fei's first visit to this place, where the power of Nanshi Corporation were at.

All kinds of orders would go through this place before they could be sent out globally to instruct the various branches.

He sat there, with all his attention gathered on the document on his hands. His attentive look was extremely charming.

"Nan Chen, Luo Fei is here." Jiang Zhe gave him a gentle reminder.

Nan Chen carefully placed the document down and rubbed his chin. Jiang Zhe knew there was none of his business, and he left the office

"Your office is so spacious with such renovations and good taste; I really love it." Luo Fei praised.

Nan Chen scanned through his office that was near to two hundred square meters. This was his brother, Nan Xing's idea for the renovation. It cost an enormous sum of over millions.

But in Nan Chen's point of view, an office is used as a place for work and not for parties. What was the point of making it so luxurious?

The renovation style of this office was not of Nan Chen's liking.

Upon hearing Luo Fei's liking for this office, Nan Chen frowned a little, but he did not make a single sound.

There was nothing much to talk about since she was not the first person who gave this comment.

Nan Chen who was always a man of a few words, felt even more reluctant to speak.

He pressed the button on his table, to summon Jiang Zhe in.

Nan Chen looked at Jiang Zhe, and pointed to the picture on the table, signaling to Jiang Zhe to help him question Luo Fei about this matter as he listened at the side.

There was something that Nan Chen wanted to question Luo Fei about, yet he refused to speak to her directly but instead had his underling to ask on behalf for him. Luo Fei felt rather embarrassed.

Jiang Zhe was stumped. He did not wish to be involved in this matter, but he could not defy his Boss's orders.

"This is the thing, Luo Fei. The main aim of asking you to make a trip down here is to get you to take a look at this picture." Jiang Zhe said, as he lifted the picture off the table and passed it to Luo Fei.

At first glance of the picture, Luo Fei's face turned pale.

What she was worried about all along had finally happened.

Nan Chen saw Luo Fei's reaction with his own eyes but he looked as emotionless as usual.

"This is a picture of me." Luo Fei forced a smile, and tried to stay calm.

Nonsense, anyone who is not blind can tell from the picture that it's you. Jiang Zhe thought to himself.

"That child?" Jiang Zhe questioned

"I met this child in the airport. There were a lot of fans welcoming my arrival the other day. This child got frightened and fell down. As you should know, I'm a very loving person so as expected, I carried him up. That's why people at the scene could produce this picture." Luo Fei replied.

Jiang Zhe looked at Nan Chen and realized that he was looking through his documents. He had no intention of speaking up.

This was really difficult for Jiang Zhe. He knew what Nan Chen wanted to ask. But he did not know how to put it in words as only Nan Chen was in the position to ask.

This lady standing right in front of him was not only a famous celebrity, but was also Nan Chen's rumored girlfriend. If he offends her, he would be in deep trouble. He did not dare to question anything that might be too sensitive.

But by asking questions on the surface like this, he could not find out the truth. He had to dig into the details.

Jiang Zhe had to use the right words to frame his question.

"Luo Fei, when you were carrying this child in your arms, didn't you notice anything peculiar?" Jiang Zhe questioned.

"He's very cute and adorable. I really liked him." Luo Fei replied.

"Just that?"

"Yes, it's just a child, what else could there be?" Luo Fei continued to act dumb.
