

Who cares about the continuity of streams when you have seen the vastness of the sea?

Having experienced the stalwart shores of mountains, who would stop for the slopes and hills?

Wang Terrisa Qiu and the others knew that unless they met someone better than Mark, it would be difficult for Cynthia Chen to come out in this life.

“Uuuuuuuuuuuuuuuuuuuuuuu”

“Sister Terrisa Qiu, why, why?”

“I obviously decided to let it go, but why does he still appear in my life.”

“Why?”

“Why should I see his glorious and glorious appearance again...”

“Uuuuuuuuuuuuuuuuuuuuuuu”

Cynthia Chen was crying and crying, like a broken-hearted person, seeing the glorious moment of his predecessor.

But in fact, Cynthia Chen’s relationship with Mark was at best a crush.

Obviously I haven’t really owned it, but when I lose it now, it still hurts like that.

Wang Terrisa Qiu and the others didn’t know how to comfort Cynthia Chen.

Before, they could say that Cynthia Chen deserves better, but now, they don’t dare to say anymore.

After all, Mark is too dazzling.

Is there anything better than him?

At least, among his peers, Mark is already the one standing at the pinnacle.

In this way, in the gazes of countless people’s awe-inspiring admiration, they walked across the corridor and entered the Xu Family Manor.

All that was left to everyone was that Dao, the thin young man’s back.

“Mark, it really is you.”

“This is what you promised me, not to cause trouble?”

“I was so stupid at the beginning, I actually believed your nonsense!”

As soon as he entered the hall, Mark saw Tang Hao who had been waiting here for a long time.

Facing Tang Hao’s anger, Mark smiled faintly: “I didn’t make trouble, they came to make me trouble.”

“You~” Mark’s words made Tang Hao speechless. “That’s good, why don’t people provoke you or others?”

“I don’t know. It’s like a dog bit me, why should I ask why the dog bit me?” Mark slumped his hands, but Tang Hao blushed and his neck was thick and he did not know how to answer.

“You...you, you are really sharp. Okay, I can’t tell you, but I advise you to calm down this matter quickly. This is also my come, otherwise, next time you come, you will be the Juggernaut With the King of Fighters.”

“They are not as easy to talk as I am.”

Tang Hao knew he couldn’t talk about Mark, so he stopped theorizing with Mark.

The tone immediately weakened, allowing Mark to calm down quickly.

In the end, Mark didn’t embarrass the Wei family anymore because of Tang Hao’s face.

“Seeing you is considered a sincere apology.”

“I will not pursue the matter for the time being.”

“You can get up.”

“However, before you leave, I only leave a word.”

“From now on, whoever insults Xiaolei again, whoever interferes with my Gritsberg foundation, I will flatten your Wei family!”

Outside the manor, Mark stood with his hand in his hand.

The majestic and majestic voice is all over the place.

Wei Chen trembled all over, and asked in horror, “Then...what if someone insulted Xu...Miss Xu?”

“Then level down your Wei family, too.” Mark replied categorically, making the Wei family twitch all over and their faces pale.

Chapter 3057

Mark’s words obviously tied the fate of the Wei family to Xu Lei.

In the future, if the Wei family wants to protect themselves, they must ensure Xu Lei’s safety.

In the face of Mark’s request, wherever the Wei family dared to complain, in the end they only had to obey.

After that, the Wei family began to evacuate.

Booming~

With the roar of a helicopter, the storm has completely come to an end.

Mark left Xu Lei to deal with the Xu family elder who was embarrassing Xu Lei before.

After all, they are all relatives of their own blood, and Xu Lei certainly wouldn’t do it too much.

“Don’t worry, you are all elders, and I won’t be troubled by you.”

“However, I am also tired. From now on, I don’t want to see you anymore, and I don’t want to argue with you anymore.”

“Tomorrow, I will let someone buy another house in the land of Gritsberg.” Remember the website <http://m.kanshu8.net>

“You just move in.”

“The dividends of the family industry will be distributed every month according to the head of the family. As long as you don’t squander it, it will be enough for the wealth of the rest of your life.”

Looking at these uncles and elders in front of him, Xu Lei said blankly.

It was not that she was unfeeling, but that she was really disappointed.

She once thought that her hard work would be exchanged for the understanding of these family members, but the facts proved that everything was her wishful thinking.

In that case, why should Xu Lei find it hard for herself to seek the recognition of people like them?

“Niece, can’t you be like this?”

“Your uncle is only in his early forties, and I’m still young.”

“You have to arrange some work.”

“I don’t want to just eat and die like this~”

Hearing Xu Lei’s arrangement, those elders were better, but those Xu family elders who were only middle-aged were reluctant.

Xu Lei’s arrangement was obviously to take all the power in their hands and let them live in retirement early.

This is naturally unacceptable for some people who previously held great power in the Xu family’s industry.

But Xu Lei still listened to their defense, and after speaking, she turned her head and left.

Some people still want to chase it, but Father Xu Wenqing sighed: “Hey, be content.”

“We forced Xiaolei so much, she gave us a peaceful old age, which is already pretty good.”

“But old man, this Nizi told us to retire early, eat together and wait for death. This is tantamount to taking away all the power in our hands in a disguised form. In the future, this Xu family’s property will no longer belong to the Xu family, but it is entirely hers. It’s all alone. Our ancestors have inherited the inheritance from male to female, so how can we let her be a female generation and be in power alone?”

Many people are unwilling and can’t help complaining.

In the face of what everyone said, Xu Wenqing shook his head and gave a wry smile: “What can I do if I don’t want it?”

“We can’t beat her.”

“As long as Mark doesn’t fall in one day, we will never be that girl’s opponent.”

“I couldn’t fight before, but after this day, I can’t fight even more.”

In the courtyard, Xu Wenqing’s quiet words echoed.

He knew very well that after today, in this hot summer land, no one would dare to provoke Xu Lei and provoke this Mr. Chu.

Outside the manor, the crowd had dispersed.

The storm has ended, and all the onlookers have naturally gone back.

However, it is strange that everyone else is gone, but the three young women have not left for a long time.

Especially one of the girls with the most beautiful face, tears streaming down, weeping unceasingly.

The two companions next to her were comforting her in a low voice.

This strange scene happened to fall in the eyes of Denren Ye who came out to stroll around.

“Ok?”

“Why is that person so familiar?”

Denren Ye frowned and looked forward. Finally, driven by curiosity, she walked over.

Denren Ye just remembered when he was able to get in, and suddenly said unexpectedly: “Excuse me, Cynthia Chen, Miss Chen, right?”
