

Super Rich Dad Chapter 307-308

Chapter 307 - I've spared him

In Xue Yu Ning's mother's eyes, Jiang Hao, at this moment, was no longer that modest young boy, he had become a terrifying predator.

A barbarian who had plundered his own daughter away from him.

A conspirator who had broken up his niece's family.

A bad man who was nothing but rich!

She would no longer be as friendly to such people as she once was.

Suddenly, as if something had occurred to her, Xue Yu Ning's mother busily stood up and rushed out towards the door, shouting as she went, 'Sister-in-law, sister-in-law'

An hour later, Jiang Hao and Xue Yuning had lunch, Jiang Hao first took a taxi to send Xue Yuning back to school, and went himself to the address that Ye Yunjie Dahei had just sent to him.

The Huoyuan Group, one of the more powerful local real estate companies in Chujiang.

Jiang Hao stood on the floor of the building of the Huoyuan Real Estate Company and looked upwards, this was the place where Xue Yuning had asked him to come for negotiations.

Jiang Hao took out his mobile phone and gave Ye Yunjie a call.

'Hey, Sister Ye I'm downstairs at the Howe Far Group.'

'Okay Jiang Shao, I'll be right down.' Ye Yunjie finished speaking and hung up the phone.

On the 24th floor of the Howe Far Building, Ye Yunjie stood up from the sofa, looked at Liu Guohao who was sitting across from her and said, 'Mr. Liu, Jiang Shao has arrived.'

Liu Guohao was slightly chubby and wore a pair of highly myopic glasses.

He also hurriedly got up, held up his glasses and said with a face full of excitement, 'So soon? That's good, I'll go down to greet them! That Xiao Li, go and call all our middle-level leaders and above, we will go down to greet them'

Liu Guohao's attitude was respectful, after all, he was very clear about the other party's identity, and to be able to have a relationship with the Shen family, this was something he had dreamed of for a long time.

So this time, he must seize the opportunity and try to fix this single cooperation project at once.

Moreover, today was his first meeting with Jiang Hao, so his first impression was certainly more important.

As Liu Guohao spoke, he also straightened his pencil suit.

But before he could finish his words, he was interrupted by Ye Yunjie, and Liu Guohao couldn't help but stare.

'No need!' Ye Yunjie said indifferently.

Liu Guohao was a little confused and his hands that were straightening his suit froze.

'No need for that? Miss Ye, what do you mean by this? I, huh I didn't quite understand ah.'

Liu Guohao's face also stiffened up as he looked at Ye Yunjie with a nervous expression.

He was a little confused as to what exactly Ye Yunjie meant by this.

Ye Yunjie looked at Liu Guohao indifferently and said, 'What I mean is that there is no need to go down with great fanfare just the two of us, and there is no need to let too many people know about Jiang Shao's identity. Can you understand what I mean?'

The reason why Ye Yunjie said this was none other than Shen Haoting's meaning.

Although Jiang Hao was Shen Haoting's own son, his name was not right now, so if Jiang Hao, as Shen Haoting's son, flaunted his identity excessively outside, it would not be a good thing either for Jiang Hao or for Shen Haoting.

Although Liu Guohao did not understand Ye Yunjie's intention, but since she had already said so, he did not dare to go against Ye Yunjie's wishes.

After all, he, Liu Guohao, was already fortunate enough to get this opportunity to cooperate with the Shen family, so he naturally had to act carefully to avoid offending the other party and letting this duck in his mouth fly away.

'Understand, understand, I understand Miss Ye.' Liu Guohao smiled and said, 'If you have any orders, just say so directly, I will try my best to cooperate.'

Ye Yunjie nodded and then added, 'Also Mr. Liu, just now I said, what your son did to Jiang Shao and Jiang Maiden's friend last time, if I didn't look at you, probably by now, your son would have been burning his head for seven days, so I hope that in the future you can make your son act more peacefully, if in the future you dare to put attention on Jiang Shao's head again, don't blame me when I No mercy!'

Hearing Ye Yunjie's words, Liu Guohao immediately turned blue with fear.

He hastily nodded his head and said, 'Miss Ye, I understand, I understand, I'm really sorry, I didn't know about this matter before, if I knew, I would have broken this little bastard's legs, if he dares to bully Jiang Shao's head, he's just looking for death!'

Liu Guohao really didn't know about this kind of thing before, and it was only when Ye Yunjie told him what had happened that he knew his son had even touched such a big frown.

This was really a false alarm. If Ye Yunjie had not been present at that time, it was estimated that his sinful son would have really done something absurd.

If something like that really happened, not to mention that he would not forgive him around, even if it was himself, he would definitely be implicated.

At that time, they, the Chu Jiang Liu family, would probably not even know how to die.

Liu Guohao wiped the beads of sweat on his forehead and said with an expression of survival after a robbery, 'Miss Ye, I really hope that you can still give that sinful son of mine another chance, after all, he is still young and doesn't understand things, but don't worry, I will definitely punish him'

Ye Yunjie smiled coldly at her words, 'Mr Liu, if I hadn't let him go, do you think he would still be alive today?'

Chapter 308 - Throwing oneself into the net

'Yes yes yes, I understand, I understand Miss Ye, thank you for being magnanimous' Liu Guohao said nervously.

Ye Yunjie looked at Liu Guohao, whose head was buried deep, and stepped out of his office.

Liu Guohao clenched his fist fiercely, his face hardened to the point of embarrassment.

In his heart, he said to himself, 'Little bastard, all day long you know how to cause trouble for me, wait for me to go home and see how I will clean you up.'

Liu Guohao looked up and realized that Ye Yunjie had long since left the office, so he hurriedly followed him out again and shouted with a smile on his face, 'Miss Ye, wait for me for a moment, please wait for me.'

On the ground floor of the Huoyuan Building, Jiang Hao stood at the entrance and paced, looking around from time to time.

His first impression of this company was quite good, after all, this Howe Yuan Building was very grand, and obviously the strength of this company was not small.

Accordingly, surely its various aspects should also be excellent, right?

Jiang Hao had heard Ye Yunjie say in the past that the first thing they would do in Chujiang was a number of real estate projects, and only then would they gradually extend their tentacles into various industries.

At this moment, Jiang Hao seemed to be full of energy for his future.

After all, his father had given him such a high starting point, and he had such a powerful general as Ye Yunjie to support him.

Just as Jiang Hao was lost in thought, at the entrance of the How Yuan Building, a figure swaggered in.

This man was not very old and was dressed in fancy clothes and cursing, 'Damn, do you really think you are some kind of beauty? I'll find a third-rate starlet and it'll only cost me a hundred grand a night!'

'Sh*t, my dad too, he only gives me that much money a month, it's not enough for sh*t.'

The person who came was no other than Liu Qiang.

Liu Qiang was the only son of Liu Guohao, who usually came to the company to 'ask for money' when he had no pocket money.

Even when they met Liu Qiang, they were afraid to avoid him, because the young master was notoriously grumpy and lustful.

In the past, there were many beautiful female employees in the company who had almost been 'poisoned' by him, and if Liu Guohao had not stepped in at the end, the consequences would have been unthinkable.

So because of this, many good-looking female employees in the company resigned early and left.

If you can't afford to mess with them, you can't afford to hide?

This time, as soon as Liu Qiang entered the door cursing and scolding, all the employees rushed to the side as if they had seen the God of Plague.

Originally, the hall was still very lively, but at this moment, it was instantly quiet, and Jiang Hao was the only one left in the large hall.

Coincidentally, Jiang Hao also happened to be blocking Liu Qiang's way.

Liu Qiang looked at this background that was blocking his way and frowned, how he felt that this back was somewhat familiar.

But he thought it was an employee from his father's company, so he violently pushed Jiang Hao away and cursed under his breath, 'Are you blind? Get out of my way, good dogs don't get in the way!'

Jiang Hao stumbled as he was pushed and took several steps forward before he could stabilise himself.

Jiang Hao looked back as he steadied himself and said unhappily, 'What do you want?'

But before Jiang Hao could finish his sentence, his whole body could not help but froze, and then said, 'How come it's you?'

Seeing Jiang Hao, Liu Qiang also froze.

Of course he remembered Jiang Hao, because he had been rampaging in Chu Jiang for so long, and apart from the top few youngsters in Chu Jiang, this was the one who had defeated him the most.

He had been looking for Jiang Hao since the last incident, and wanted to seek revenge on him.

What Liu Qiang didn't expect was that he hadn't found Jiang Hao on his side, but this guy had come to his door.

'It's you?' Liu Qiang said in dismay, 'Why are you here?'

Jiang Hao couldn't help but sneer at his words and shook his head, 'Me? I was wondering how you could be here, I haven't forgotten what happened last time!'

Jiang Hao's gaze suddenly became ruthless as he looked at the other party indifferently and said, 'You were lucky last time, if you dare to lay a finger on Yu Ning, I guarantee that you will die a very ugly death!'

In fact, last time, Jiang Hao had already had the intention to kill this Liu Qiang, after all, he had almost hurt Xue Yuning.

For anyone who dared to hurt Xue Yuning, or even hit on her, Jiang Hao would not let him off easily.

And unfortunately, Liu Qiang was actually thinking the same thing in his heart.

He didn't want to let Jiang Hao go, just ask how many people who had offended him in Chu Jiang in the past had a good end?

The last time it was said that it was because Ye Yunjie was there, if it wasn't for Ye Yunjie, it is estimated that Jiang Hao would have been miserable that night!

Liu Qiang laughed hideously, pointed at Jiang Hao and said, 'Little bastard, you're quite mad, aren't you? Do you really think you're some kind of character? Do you know what kind of place this is? You still dare to come here, what are you if not throwing yourself into the net?'
