Chapter 317 - Listen to you

‘Young Jiang, Miss Ye, I was wrong’

When Liu Guohao raised his head again, his entire forehead was already bloody, his eyes were even filled with old tears, no one could believe that this man was actually Chu Jiang’s brother, Chu Jiang Hao, who was once considered to be a reigning figure in Chu Jiang.

‘It’s all my fault, my sinful son, don’t worry, I will definitely teach him a good lesson later, and make sure he will never dare to disrespect you again.’ Liu Guohao pleaded with Jiang Hao, ‘But please give us another chance, you must not cancel the cooperation, if you cancel the cooperation, our Hao Yuan Group will definitely die and our family will also be ruined, just be kind and have pity on us.’

Liu Guohao looked pitiful and helpless, Jiang Hao smiled and could not help but look at Ye Yunjie to see what she meant.

Ye Yunjie, on the other hand, still looked cold and indifferent and said, ‘Pity you? Liu Guohao, do you know how big a mistake your son has made? Do you know that just now your men almost made a move against Jiang Shao in your company? Who do you want to dare to forgive you for such a great sin!’

Ye Yunjie’s voice was loud and clear, and she continued, ‘There was no accident with Jiang Shao today, but if something did happen today, you and I would not even have to die, so now you still want to protect your son?’

Hearing Ye Yunjie’s words, Liu Guohao’s heart sank and he was already desperate.

Because this meaning of Ye Yunjie has already put with you you, for Liu Qiang, this time is categorically can not be condoned.

Liu Guohao’s eyes were tearful as he looked up at Ye Yunjie, his eyes full of pleading: ‘Miss Ye, is there really no more room for negotiation?’

Ye Yunjie coldly snorted, ‘Mr. Liu, whether to cooperate or not, I think it is better to wait until you have finished dealing with today’s matter before making a decision!’

With one sentence, Ye Yunjie kicked the ball to Liu Guohao, and it would be up to him to decide how to proceed.

But Liu Guohao was also clear, what could he do? Ye Yunjie’s meaning was clear, this time Liu Qiang had provoked Jiang Hao, even if he did not take a small life, he would definitely have to skin a layer of skin alive.

However, all of this still needed to be done by oneself

At this moment, Ye Yunjie glanced at Brother Pao and the group of Brother Pao’s men surrounding Jiang Hao and said coldly: ‘General Liu, I remember I told you that if you want to cooperate with me, you should stop keeping these people, but it seems

that you have taken my words as a deaf ear, and the most annoying thing is that these people even tried to make a move against Jiang Shao just now, what crime should you take? ‘

Ye Yunjie questioned in a stern voice, and as soon as the words left his mouth, both Brother Pao and his group of men unexpectedly felt an unprecedented sense of intimidation pressing down on their heads.

Brother Pao knew that he was going to settle the score with himself, but there was nothing he could do about it. For someone like Ye Yunjie, even if they wanted to kill him, he didn't even have the strength to fight back.

‘Poof,’ Brother Pao didn't say a word, he knelt down directly on the spot, groveling, his bald head hanging to the ground, and said loudly, ‘Lin Pao has committed a heinous sin, please punish Miss Ye, Lin Pao is willing to take all the blame and punishment, no complaints whatsoever.’

When Brother Pao knelt down, the dozen brothers under him did not even hesitate, they moved in unison and their voices were magnificent as they also knelt down in a ‘poof’.

Then a dozen of them said in unison, ‘Please punish Miss Ye!’

In an instant, apart from the Howe Yuan Group employees who were hiding in the corners of the hall, Jiang Hao and Ye Yunjie were the only ones left standing in the middle of the hall.

Beside these two, there were sturdy men who had fallen to their knees.

This was submission, and although Jiang Hao felt a little uncomfortable, he was inexplicably a little excited about this feeling.

Perhaps this was what those people had worked so hard for, what they wanted, was this feeling.

A group of people who seemed to be immensely stronger than you, prostrating and submitting at your feet.

‘This,’ Jiang Hao looked at Ye Yunjie, he hadn't experienced this kind of scene, and obviously had even less idea of what he should do.

After seeing this scene, Ye Yunjie's face was ancient and unruffled, but there was a bit of smugness in her heart.

In fact, she could have just dragged Jiang Hao away and then let Liu Guohao rule on his own.

But then, it would simply be a waste of such a great opportunity.

That was why Ye Yunjie had said those words, to set the atmosphere to this point.

She had only one purpose, and that was to give Jiang Hao a chance to adjudicate this matter today.

Jiang Hao was indecisive by nature, a fact that Ye Yunjie had long seen.

That was why she had the intention in her mind to train Jiang Hao in the direction of being decisive and ruthless.

This was necessary so that Jiang Hao could take charge of this huge family business in the future.

Secondly, this is also for Jiang Hao's sake. He is not yet deeply involved in the world and is naive and even full of good intentions, not knowing that in this world, only those who are ruthless and decisive enough can survive.

Ye Yunjie looked at Jiang Hao and asked in a low voice, 'Jiang Shao, what do you think, how should we deal with this matter today?'

Jiang Hao smiled and frowned slightly, 'I'

'What do you want?' Ye Yunjie added, 'Don't worry, even if you let them all die today, it's still a trivial matter!'

Chapter 318 - Who said to spare him

Jiang Hao froze at the words and couldn't help but hesitate a little.

Although these people had almost injured themselves just now, Jiang Hao had never thought of doing anything to these people, after all, now that they knew their identities, then it would be better to let them off the hook and let them be grateful to him.

In this way, he would not make enemies because of it, and secondly, Jiang Hao would not have to feel bad about it.

If Jiang Hao knew that a person had become disabled or died because of himself, I am afraid that Jiang Hao's character would hang on to him for the rest of his life, and the matter would simply become a shadow that would not go away.

Since one way of dealing with it is to get over it and make people grateful. The other way was to carry the shadow for the rest of one's life, so why didn't one choose the one that made it easy for oneself?

Jiang Hao looked at Ye Yunjie and said, 'Forget it, Sister Ye, I guess they don't know my identity, and I haven't received any harm either, so it's good to let them off the hook for this. You see.'

Hearing Jiang Hao's words, Ye Yunjie couldn't help but sigh heavily, her heart simply incomparably disappointed with Jiang Hao.

'Young Jiang, you can't always be like this, can you? After so much experience, I hope you can not be naive, this is a world where either you die or I live, if you let others off today, they may not necessarily let you off tomorrow, do you understand what I mean?'

Jiang Hao also gazed into Ye Yunjie's eyes, his gaze having changed from the softness of a moment ago to firmness.

Jiang Hao said, 'Sister Ye, maybe you're right, but I still want to do things my way, and since the world is already so bloody and cruel according to you, why don't we choose to make a little change for it?'

Jiang Hao's words left Ye Yunjie speechless and even a little angry.

In her opinion, Jiang Hao was simply a little hopeless, this kind of character of his, this kind of rhetoric, sooner or later he was going to suffer a great loss, only that he was still complacent and felt as if what he said was some kind of supreme truth.

But Jiang Hao's words sounded like a joke to Ye Yunjie, a complete joke.

However, Ye Yunjie did not dare to go against Jiang Hao's wishes, so she could only sigh silently in her heart at Jiang Hao's words, and replied copiously with her mouth, 'Since you have already made a decision, then I will listen to you.'

It was only when Ye Yunjie's words were uttered that everyone present was completely relieved.

Liu Guohao's tense emotions suddenly eased off, and his whole body sat down on the ground as if relieved, beads of sweat as big as beans on his head rolling down his cheeks like splashing water.

He looked at Jiang Hao, his eyes full of gratitude, and hurriedly got up again, kneeling down and kowtowing repeatedly.

'Many thanks, young Jiang, many thanks, young Jiang.'

The crowd of Brother Pao on the other side, also as if they had been pardoned, wiped a handful of cold sweat from their foreheads, simply as excited as if they had regained their lives.

He led the way, and his brothers hurriedly kowtowed to Jiang Hao without saying a word.

Liu Qiang, on the other hand, was so excited that he sat limply on the ground with a complicated expression, not knowing whether he was laughing or crying, with a layer of tear cream hanging from the corners of his eyes.

This time, he really had a chance to live after a robbery. Liu Qiang was simply overjoyed in his heart.

He also seemed to have discovered that in this world, only the tougher the wrist is, the more justified the words are.

He even snickered a bit in his heart, saying that this Jiang Hao was really some idiot, he had offended him so much before, he could even let himself go, this is purely a two hundred and five, right?

At that moment, Liu Guohao hurriedly shouted out to Liu Qiang and cursed, 'Little bastard, why don't you come over and thank Jiang Shao, what are you doing over there? Jiang Hao doesn't care about your transgressions, how great a mercy is that?'

Liu Guohao simply wanted to go over and kick his indisputable son, was he stupid or blind?

Jiang Hao had already said that he would let them go, but he still didn't take the initiative to thank them for their kindness, instead he was still smiling and laughing.

Hearing his father's scolding, Liu Qiang came back to his senses and hurriedly nodded his head.

However, Liu Qiang was just about to get up from the ground when he violently heard Jiang Hao say, 'He won't have to!'

The crowd froze once again at the words, and the scene once again became silent.

Liu Guohao was a little nervous and hurriedly said, 'How can that be okay? Of course he has to kowtow to you to thank you for your kindness, so what are you still standing there for, brat? Come here quickly.'

After he finished speaking, Liu Guohao hurriedly urged Liu Qiang to come again.

Liu Guohao felt that the words Jiang Hao had just said were unnecessary and seemed to indicate that something bad was going to happen, so he thought that he should hurry up and let Liu Qiang come over and apologize, so that even if Jiang Hao still wanted to take it personally, he wouldn't be able to say anything later.

But just then, Jiang Hao once again shouted out, 'I said it's not necessary!'

Liu Guohao was stunned, and Liu Qiang also frowned, seemingly somewhat confused about Jiang Hao's meaning.

'This Jiang Shao ah, he has made such a big mistake, you are planning to let him off, how can he not thank you?' Liu Guohao said awkwardly.

Jiang Hao looked at Liu Guohao and sneered, 'Who said I was going to let him off the hook?'
