

Super Rich Dad Chapter 319-320

Chapter 319 - Time is running out

It's over!

Hearing these words from Jiang Hao, a hint of despair rose up in Liu Guohao's heart.

He had originally thought that Jiang Hao would let his son off the hook and that this matter would go away.

However, he never thought that Jiang Hao had left a backhand.

Liu Guohao looked at his son, his eyes complicated, he was thinking, this little bastard, how did he offend Jiang Hao, so much so that he was going to ignore today's incident, but he was going to pursue him fiercely?

But that was his own son after all, his only bloodline legacy, so how could Liu Guohao not save him from death.

He hurriedly knelt down again, crying and begging, 'Jiang Shao, Jiang Shao spare my life, Liu Qiang is just a dog who knows nothing, you must not take it personally with him'

Jiang Hao didn't look at Liu Guohao, the corners of his mouth only showed a cold smile, as if he was talking to himself, but also to Liu Guohao: 'Don't take it personally? Why should you not care? Do you know what he has done?'

At this moment, Jiang Hao's expression was just like the one before.

Before, Jiang Hao had a kind face and a magnanimous appearance.

Only now, the expression on Jiang Hao's face when he looked at Liu Qiang was incomparably ruthless, not to say that he would be executed.

Seeing that it was useless to play sloppy, Liu Guohao had no choice but to play the card of bitterness, hoping that Jiang Hao would give himself another point of thin air.

'As long as you are willing to let him go, I am willing to serve you as a cow and a horse for the rest of my life, I only ask you to give him a chance to live.'

Liu Guohao, who was at least considered a big lord of Chu Jiang, couldn't help but cry, his whole body desperate like a child.

Only Jiang Hao ignored him, his face expression cold, looking at Liu Qiang, faintly said: 'I let him go? Just ask if he wanted to let Yu Ning go at that time?'

After a pause, Jiang Hao continued, 'Liu Qiang, I can let you off the hook for the time being for what you did to me today, but I will not let you off the hook for what you did to Yu Ning before, but you should also be glad that you didn't do anything

to Yu Ning in the first place, if something really happened to Yu Ning that day, then I guess when I come to the door of the Haoyuan Group today, it will be the day when your Liu family will be destroyed! The day!

Jiang Hao's words were loud and clear, and they were cold to the bone.

After these words, the entire hall on the ground floor of the Huoyuan Building seemed to freeze.

Dozens of pairs of eyes, either from a side corner or kneeling on the ground, humbly raised their heads and gazed at Jiang Hao.

This young boy, who looked unimpressive and even looked a bit rustic, seemed to have become incomparably huge in aura at this moment, so much so that even a long-established Chu River lord like Liu Guohao felt an immense sense of oppression in an invisible way!

Especially Jiang Hao's final words, 'The day you come to the door, is the day your Liu family will be destroyed!' Liu Guohao was so scared that his legs went limp and he felt the temperature around him drop a lot, and a chill came over him.

It seems that today Liu Qiang is indeed in danger of escape, Liu Guohao's heart simply broke when he thought of this.

If his only son was to die, what would he do?

The only thing that he had accumulated this hundred million dollar family fortune for was to give it to Liu Qiang, right?

For a moment, Liu Guohao was once again filled with despair.

At this moment, Ye Yunjie, looking at Jiang Hao, could not help but frown slightly.

At this moment, she seemed to feel that Jiang Hao's figure, and even the aura emanating from his body, were all so familiar.

Jiang Hao's appearance at this moment simply resembled that of Shen Haoting ten years ago.

Ten years ago, Ye Yunjie was only in her teens.

Since she was adopted by Shen Haoting at the age of a few, she had always been by his side, and Ye Yunjie was like a daughter to her father.

It was only during her years with Shen Haoting that Ye Yunjie gradually realised how powerful, ambitious and persistent this man was.

For the sake of one purpose, he could hold back for twenty years, and for the sake of one purpose, he could bear the scorn and humiliation of everyone.

It was also from that moment that Ye Yunjie began to feel that she should help him cause that ultimate goal of his.

And at this moment, Jiang Hao, that aura that radiated from the inside out, from the bones, and the aura that intimidated everyone, wasn't that the Shen Hao Ting back then?

At this moment, Ye Yunjie couldn't help but be a little stunned, but in her heart, she was a little excited.

Sure enough, he was Shen Haoting's son, he couldn't be any worse after all.

Originally, Ye Yunjie had thought that Jiang Hao was just a weak and useless softy, but now she realised that Jiang Hao was not weak, it was just that others had not touched his bottom line.

And today, Ye Yunjie finally understood what Jiang Hao's bottom line was, and that was Xue Yuning!

The corners of Ye Yunjie's mouth could not help but reveal a smile, thinking to herself that this brat really has true feelings for that girl!

But it's good! Ye Yunjie smiled faintly and thought to herself: isn't this just the way to be used by herself?

'Jiang Hao, do you know how much I want you to grow up quickly?' Ye Yunjie sighed in her heart, 'Because the time left for you, your father and I, is really not much!'

Chapter 320 - Blame No One Else

At this moment, Liu Qiang almost had the heart to die.

In such a short while, he had almost endured several waves of ups and downs.

First, he wanted to settle the score with Jiang Hao himself, but he almost got cleaned up by someone else.

Then, when he was exhausted, he heard Jiang Hao say that he didn't care about himself anymore.

At that moment, Liu Qiang felt that he had been given a new lease of life, and he was excited and pleased, but then he heard Jiang Hao say that he was not among the people he had forgiven.

Liu Qiang was desperate, as he kept looking at his father, hoping that he would be able to intercede on his behalf.

But until his father's head was about to be knocked on the ground, Jiang Hao didn't move a bit.

It seemed that this guy was really planning to put himself only to death!

At this moment, Liu Qiang's mind had already gone from desperate at the beginning, to hopeful later, and then to even more desperate.

By now, Liu Qiang, who already felt that he had no hope at all, looked at Jiang Hao with eyes full of hatred.

The hatred was so overwhelming that it almost made him explode. At this moment, he even wanted to rush to Jiang Hao's front and tear him alive in order to relieve the hatred in his heart.

'Damn it, what's so great about you? You're just relying on your old man's ability to make a fool of yourself here!' Liu Qiang looked at Jiang Hao and said to himself with hatred in his heart, 'But you'd better get me killed today, otherwise you wait for me, one day, I'll pay you back for what I've done today, plus ten times a hundred times more, you just wait for me!'

After he finished speaking, Liu Qiang gritted his teeth and suddenly struggled to get up and knelt down with a poof, then he put on a pitiful look and said to Jiang Hao: 'Jiang Shao spare my life, Jiang Shao, please spare my life, I am a dog's eye, I am just a dead dog, why do you have to be bothered with a dog like me?'

Liu Qiang looked like he was wagging his tail and begging for mercy, as if he had completely submitted to Jiang Hao.

However, Jiang Hao's gaze at him did not change at all.

Even Jiang Hao snorted a laugh and asked playfully, 'A dog? Oh, sorry, I don't need one! And as I said, I can spare you if you offend me, but as long as you dare to do anything to Yu Ning, I will have to pay back twice as much!'

Jiang Hao suddenly looked at Brother Pao and said in a low voice, 'I'll leave this person to you to deal with, it's best if you can give me a satisfactory answer!'

Jiang Hao then looked at Liu Guohao again and said indifferently, 'However, I have to give Mr. Liu face today, so I don't want his life, I just want you to give him a lesson that he can remember for the rest of his life!'

When Brother Pao heard that, cold sweat immediately ran down his face.

He couldn't help but look nervously at Liu Guohao at the side, thinking to himself that this was the boss he had followed for years, and now he was being asked to deal with the boss's son

Although Brother Pao knew that since Jiang Hao had said this, he could not go against his wishes in any way, he could not help but still feel a bit scared in his heart.

If he didn't take care of Liu Qiang, Jiang Hao would definitely be unhappy, but if he was too harsh, Liu Guohao would still pull his skin off when he found the opportunity.

Brother Pao wiped his cold sweat and nodded silently, not daring to make a sound.

Jiang Hao then looked at Liu Guohao and whispered, 'Mr. Liu, may I ask if we can go on to talk business now?'

Jiang Hao finally added solemnly, 'Your son, I believe you heard what I said just now, I am already letting him off the hook, if you still don't know enough, then I can only say sorry, because it was him, who provoked my bottom line first!'

After he finished speaking, Jiang Hao stood in place and waited for Liu Guohao's response.

At this moment, Liu Guohao had mixed feelings in his heart.

He was a bit at a loss for what to say, although he did understand that Jiang Hao had already given him face, after all, he had just said that he would keep Liu Qiang's dog's life.

But if you listened to this statement the other way round, wouldn't that mean that as long as he didn't get killed, he could just deal with it?

If he ended up paralysing Liu Qiang or beating him silly, what use would he have for such a loser?

Jiang Hao expects a fool to inherit the family business?

Liu Guohao wanted to plead with Jiang Hao again, but after he raised his head and saw the determined look on Jiang Hao's face, he knew that this matter was definitely not negotiable.

At this moment, however, Liu Qiang was also watching this side, his eyes full of expectation.

Of course he wanted his dad to beg for mercy, after all, he could already live now, and perhaps with a little more effort, he could be spared the pain of skin and flesh.

But in the end, it was not to be.

Liu Qiang saw Liu Guohao gritting his teeth and looking back at himself, he couldn't help but sigh, shaking his head repeatedly, and said to Jiang Hao, 'Alright then, then thanks a lot Jiang Shao'

'Dad you' Hearing Liu Guohao's words, Liu Qiang's entire body was dumbfounded.

Was this still his own father's words? Was he still his own father or not? Was he just going to stand by and watch himself get killed?

And at this time, Liu Guohao also turned his head and looked at Liu Qiang, his expression extremely complicated and said, 'Son, you should take care of yourself, you have all this today, no one else can be blamed'
