Catch Me If You Love Me

Chapter 32

Liam Lu instantly lost strength, let go of his hand and stumbled onto the hospital bed.

"Liam!"

Shiyue subconsciously stretched out his hand to help him, but was stopped by him.

"Look." Liam Lu closed his eyes vigorously and uttered a word heavily.

When the car accident happened, although the airbag that popped up in time cushioned the force, he still injured his head. At this moment, the hair was cut short, and gauze was wrapped around his head, making the face more angular and terrifying.

"I don't care how deep or old Suhai is, I send someone to find it. I want to see people in life, and the corpse in death. Even if she only has a bunch of bones left, I will see it with my own eyes!"

"Yes."

Shiyue was silent, and then said lowly to Liam Lu, "Lu Shao, Lydia Lin is gone."

"The first time Miss Gu was involved, Lydia Lin was nowhere to be seen. When I drove people there, Gu's house was already empty. When I wanted to continue the investigation, Miss Yun suddenly came to see you in the hospital. News from the legs."

Shiyue's tone was a little guilty.

"When I deal with Miss Yun's affairs, I will follow Lydia Lin's frequent spots in the surveillance system. Several places have been bombed flat, and there is no trace of the original."

"Except for the few servants of Gu's family, all those related to Lydia Lin have disappeared from Berven City."

I don't know if that sentence touched Liam Lu, he suddenly raised his head, staring at Shiyue with scarlet eyes, and asked in a dumb voice.

"What do those people know?"

"They are all old servants of the Gu family, and they speak very tightly. I finally pried my mouth open. They only knew that the night five years ago, Miss Gu was going to leave with her younger brother, and was finally caught by Lydia Lin's person. It was deducted."

Originally wanted to leave.

He really misunderstood her…

But it's too late.

Five years ago, he did not know the truth and never saved her.

Five years later, he still never saved her and his relatives.

The heaviest punishment in the world, but so.

Liam Lu raised his hand to cover his heart, where there was a dull pain that could not be ignored.

"What else?" Liam Lu said hoarsely.

Shiyue hesitantly took out a blue velvet box and handed it to Liam Lu.

"This was found from what Miss Gu left behind. I saw the L engraved on the inside. I guess it might be you with Liam…"

Liam Lu saw the familiar body, took a look, and froze instantly.

This is his thing.

This is the male version of the pair ring, and the other one is in the hands of Zoey Gu. That night five years ago, when he refused to leave Berven City, he sent someone to return it to her.

After so many years, how much do you love a person so that you can always bring his things with you when you experience struggles and hardships?

The answer is self-explanatory.

Liam Lu held the ring tightly, tightening his strength, his whole body seemed to be suppressing a huge emotion, and the veins on his forehead jumped wildly.

Until the ring deformed in the palm of his hand, a drop of blood hit the floor with a "slap".

"Zoey, are you using this method to punish me?"

The fire in his throat was scorching, and there were waves of pain in his body.

Zoey Gu groaned in pain, struggling to open his eyes in the white light.

Luxurious and dazzling crystal chandelier.

Soft silk brocade quilt.

A room with impressive decor.

Through the half-open window not far away, the sound of the waves rolling outside could be faintly heard.

Except for the sharp pain in her body, everything in front of her looked extremely unreal.

Where is this?

Is she dead?
