

Chapter 3234

You..." Gui Zun is a little hesitant and helpless. What does this mean? !

"This slap is to educate you to talk nonsense." The entourage said with a slight cold voice, looking at the ghost.

"No, it's impossible, it's impossible." Guizun knew that the general situation seemed to have gone, but he was not reconciled, suddenly remembered something, looked at the seventh princess, and said: "Seven princesses, the jade face Shura was given to I have given a long book, but it is written that you and I are married, and there is also a stamp of the Patriarch Pei in the book."

"It doesn't matter if you don't admit it now. When you go back, I will see how you can explain to his old man. "

The seventh princess is your biological daughter, and what is your ghost at this time? You just need to use your brain to know what choice my Patriarch will make." The person chuckles disdainfully.

"Hmph, is he not afraid of breaking the contract openly and being laughed at by the world? At that time, no one under this demon clan knows you and other scandals, and who in the world dares to be with you?" Gui Zun shouted coldly.

"Oh, messenger of the people is Yumian Shura, and now he's dead, so naturally he brought the long book, is true or false, security can be identified with?"

"We can also say that Yumian Shura ulterior motive, the opportunity to covertly Stealing the master seal of the Patriarch, forging the long book, the purpose is to collude with you inside and out, do some shameful things, steal my Pei family treasures, etc." The man said coldly.

When the words fell, he glanced at Gui Zun again, and added with a sneer: "A dead person, what has he done, who can know?"

"You..." At this time, Gui Zun was completely speechless. , He looked at the Seventh Princess and the others incredibly, and then looked at the group of men who were just kneeling on the ground at the Seventh Princess and deliberately keeping a distance from him.

"Okay, okay, okay." Gui Zun laughed back in anger, staggering and sneered ruthlessly: "You mobs, betray me, lie to me, you will have retribution."

"If there is any retribution, I think the tens of thousands of dead souls in Devil Cloud Ghost City have come to you for revenge. Maybe you are right. Today is your retribution." Hong Luan bowed his head. Shouted coldly.

Gui Zun was angry, his eyes widened and looked at Hong Luan.

"Okay!" Gui Zun nodded, retracted his gaze, and looked at the seventh princess: "Since you waited so ruthlessly, why would you need to ask me if I am fine? Seventh princess, are you betrayed by others just like me?" "

If so, you can say it." Ghost Zun said.

This was his last straw, because the seventh princess had just come all the way from the driving place and asked him if he was okay, which at least showed that the seventh princess was interested in him.

“Seven princesses have always been benevolent and righteous, do you think that, like you, betrayed by your subordinates like a bereaved dog?” The entourage snorted coldly.

“As for the seventh princess you mentioned, ask if you are well...” The entourage sneered when he said this.

“You shut up, I’m asking the seventh princess, not your little animal.” Gui Zun shot back angrily.

The entourage was not afraid at all, but didn’t want to say more, smiled coldly, and waited for the seventh princess to speak.

The seventh princess retracted her gaze at George Han, and looked at Gui Zun: “What are you asking me?”

“Do you think that I just asked if you are okay, because I thought...I was interested in you?”

Gui Zun said. Nodded: “Isn’t it again?”

Although the seventh princess was wearing a veil, it was obvious that anyone could see her uncontrollable smirk in her eyes.

Of course, in the eyes of Ghost Zun, this is more like a kind of merciless ridicule.

“I think, Guizun, you misunderstood.” The seventh princess reluctantly smiled.

She said so, and the entourage next to her smiled and covered his stomach, even the group of courtesy officers and guards behind the Seventh Princess were all smiling at this time.

Gui Zun had an unknown premonition in his heart, and his face was even more uncontrollable and asked: “Misunderstanding?”

“Haha, Princess Seven, someone toad wants to eat swan meat is crazy, haha, he thought...” The entourage laughed louder.

At almost the same time, Hong Luan and the others over there seemed to have thought of something, and all of them covered their mouths and laughed.

At this time, the seventh princess also slowly opened her mouth...

Chapter 3235

“I think you really misunderstood the ghost.” The seventh princess smiled coldly: “And the misunderstanding is big.”

“This princess asks if you are okay, not because of your health. But just want to find out whether you still have the ability to fulfill the gambling agreement.”

“I have asked your subordinates just now, does it prove that this princess likes them?” The seventh princess sneered.

“What?!” Hearing this, Gui Zun staggered three steps, and his butt fell directly to the ground, no longer able to get up, the whole person was like five thunders.

These words not only dig into his heart like a dagger, but also make his dignity almost shattered into pieces and shattered into one place.

The most embarrassing thing in the world is to be passionate, and obviously, his status as a ghostly respect makes this thing even more embarrassing.

People don't like him at all, they just want to ask if he is dead.

The tone faded a little.

“Even if my princess wants to protect people, it is not to protect you. Since the bet about George Han has been won, it is naturally George Han to protect.” The person sneered.

Upon hearing this, Hongluan's gang also nodded to each other. The next second, Hongluan's hand moved, and a sword suddenly appeared in his hand and pierced directly into the heart of Guizun.

At almost the same time, the smarter little brother pointed at the head of the ghost from the other side, and directly raised the long knife.

“You...” Gui Zun opened his eyes wide, staring at a group of men intently.

“Huh, your retribution is here now.” The clever boy smiled coldly, and the knife fell straight.

“Puff!”

With the black energy and blood spraying, the head of Ghost Zun suddenly fell from the top of his shoulder, and after rolling on the ground for a few laps, it turned into a black energy with the fallen body, completely completely. Disappeared in this world.

“Welcome to the heroes.”

The group of people who had killed Guizun kept running without stopping, and hurriedly turned around and knelt down to George Han's place, shouting in all their mouths.

Seven princesses also looked back indifferently, and smiled slightly in the air. At the same time, they slowly raised their hands and couldn't help applauding.

“Oneself can resist the fierceness of the army, admire, admire.” Seven princess sighed and smiled.

Seeing that the situation had stabilized, George Han also retracted Pangu axe and jade sword at this time, and flew down gently.

“I was so reckless before, and I ask the heroes to forgive me.” As soon as George Han landed, Hongluan's group hurriedly pityed for mercy.

“Yes, the ghost is dead, please grandpa...”

“Grandpa, let us go, we will never dare to do it again, and even...we can even be a cow and a horse for you.

" Yes, you let us go east and we will never go west, please forgive us."

Seeing the group of people begging so, Princess Seven smiled and looked at George Han without saying a word .

"You don't need to be a cow or a horse." George Han glanced at Princess Seven, then glanced back at everyone.

"After all, you will be a bull and a horse for me. I'm really afraid that one day I will end up with Guizun."

"However, don't worry about it. I'm talking about it. Since you are not unfaithful, I can naturally let you go. But what do you say about unjust?"

Upon hearing this, a group of people just got relieved and couldn't help but mention it in their throats, and squatted their heads hurriedly: "Grandpa, grandpa, grandpa don't want it, we...we don't want to die."

Hong Luan didn't even dare to raise her head. After all, she had been rude to George Han before, forced a blank game, and whispered in a low voice: "Then my hero, what's wrong?"

"There are so many in captivity under the ground. Innocent, if you keep it, is it benevolence and righteousness?" George Han reminded.

Hong Luan immediately understood what George Han meant, and hurriedly pressed his body lower: "Let's go and release all the slave animals in the four districts."

When the words fell, Hong Luan quickly led a group of people to leave.

However, at this moment, George Han opened his mouth: "Stop." It

was just two words, but he forced them to stand motionless on the spot like ice.

"Help me announce one thing by the way." George Han said.

"What's the matter?"
