

Chapter 3236– 3237 of A Dish Best Served Cold Novel

Chapter 3236

Why, even the King of Fighters are so hostile and jealous.

Seeing it, Helen Qiu and Mark got in the car.

The engine roared, and the Helen Qiu light pierced the heavy iron rain curtain.

Just as Mark and his wife were about to leave in the car, a cold and loud sound, like a breeze in the mountains, like a quiet spring in the forest, spread all over the world in an instant.

“Outside Agate City, deep in the rainforest.”

“Ye Fan, do you remember An Qi under the Yuanling Tree?” In the

depths of the night, Meng Wanyu’s body was bound and the corners of her lips were bloody.

The cold rain soaked her clothes all over.

But the whole body was bruised and painful, Meng Wanyu still gritted his teeth, exhausted all his strength, and shouted these trembling words to Mark.

For a moment, Ye Fan froze in place.

The original indifferent expression suddenly changed drastically.

“Stop!”

Ye Fan yelled out, and directly stopped the vehicle that had just started.

The door opened and Mark got out of the car.

He didn’t bring an umbrella, but the rainwater was directly vaporized at a distance of half a meter from him.

Walk in the rain without getting wet.

After getting off the car, Ye Fan immediately raised his head and looked in the direction of Meng Wanyu.

A low voice sounded, and asked the Truman woman: "Do you know An Qi?"

"Is she asking you to come to me?"

"What happened to her?"

As the saying goes, seeing the fall of the leaves knows the golden autumn.

After hearing Meng Wanyu's words, Ye Fan quickly guessed what.

After all, among Truman, not many people knew his relationship with An Qi.

Moreover, Ye Fan and the young girl in front of him are even strangers.

But she traveled far and wide to find him in Noirfork, and now she asked him directly if he still remembered An Qi.

All this is already obvious.

It must be An Qi who asked her to find him in the hot summer.

Moreover, if it weren't for An Qi's accident, how could she entrust others to find herself with all the hardship.

"It seems that you still remember An Qi."

"Do you know that these silly nizi have been waiting for you all these years."

"Do you know that she set foot in martial arts and practiced killing skills for you."

I can fight with you in the future, and I can help you." "You also know that she is now for you, with a weak body, against father and brother, against family, and even not hesitate to die just to wait for you."

Meng Wanyu's eyes were red. Talking about the anger, the voice was trembling, and the tears were almost rolling in his eyes.

But even so, she still shouted.

Today, even if she is dead, she has to say what she is in her heart and ask her sister to understand.

"But what about you?"

“You are a bitch, but you are here to enjoy the glory and the power. The sweet wife is in your arms, and the power is in hand.”

“The respect of Noirfork, the title of unparalleled, so majestic.”

“But have you ever thought about it .” , The girl in a foreign country who suffered because of you!”

“If you can’t give her happiness, why do you provoke her?”

“If you can’t protect her, why do you promise her?”

“It’s all because of you, it’s all you.”

“If An Qi died in her The wedding is also thanks to you!”

Meng Wanyu shouted angrily at Mark with tears in her eyes.

It’s like a mother-in-law, scolding the bearer.

This scene undoubtedly shocked everyone.

Who could have imagined that the vigorous Trivan Lake battle would end up in a scene of a good sister tearing a scumbag.

“I’m going!”

“Mr. Chu is still great.”

“The red flag at home is not down, and the colorful flags are fluttering outside.”

“This peach blossom debt is owed abroad.”

“However, I have to say, this white skin and high nose The blue-eyed foreign girl is really exciting to play.”

Ericson Li smiled improperly from the side.

She didn’t even notice Helen Qiu, whose eyes were gradually “killing”

Chapter 3237

“Um, that Miss Qiu, I will just say it casually~”

“Ha~”

“Haha~”

It seems that I felt the subtle change in the atmosphere in the car.

Ericson Li immediately realized that what he said was wrong, and quickly changed his words.

But Helen Qiu had a pretty face, and shouted at Ericson Li: “Humph, if you dare to ruin Mark in the future, I promise to make you look good.”

” Do n’t dare.”

“Mr. Chu is majestic. He was the one who led us, how dare we take Mr. Chu.”

“What’s more, this matter is not taken, it’s all born with a man’s nature.”

“Hehe~”

Ericson Li smiled.

“You~”

“Shut up for me.”

Helen Qiu was very angry with Ericson Li.

However, this is not the time to care about Ericson Li.

Outside the car window, Ye Fan didn’t pay attention to the people around him. Instead, he felt anxious when he learned that An Qi’s life was in danger.

“What the hell is going on?”

“Why An Qi died at her wedding, you can tell me clearly.”

Ye Fan asked coldly.

The calm and indifference before, after it was related to An Qi’s life and death, undoubtedly disappeared.

Although Mark and An Qi are not like Meng Wanyu thought, they are a couple.

However, the friendship between the two is by no means as water as water meets each other.

An Qi left a deep impression on Mark when he walked with the rain forest.

Her kindness, her playfulness, and her cuteness all made Mark very happy.

What's more, Ye Fan and An Qi had already met long before that rainforest trip.

That was when Mark was not expelled from the Chu family.

At that time, An Qi was often isolated and bullied by others because she was treated as a monster.

And Mark, although he was also the object of being squeezed out by the people of the Chu family, but Ye Fan was not afraid at the time, and when he saw someone being bullied, he would rush to help.

Although it turned out, often he was beaten all over.

Therefore, for this reason, Ye Fan and An Qi had the first encounter.

However, Ye Fan didn't spend a long time with An Qi.

Not long after the two got acquainted, Ye Fan never saw An Qi again. Even Mark couldn't remember An Qi's name.

I thought it was just a rush of the other party's life.

But it wasn't until the last encounter in the Amazon rainforest that Mark only recognized when An Qi talked about her childhood. The immature little loli in front of her was the little girl whom Mark was in her early years.

At that time, Ye Fan knew that he turned out to be An Qi's only friend back then.

However, Ye Fan did not tell An Qi about this matter.

He didn't want too many people to know his life experience.

So An Qi still doesn't know that Mark was the elder brother who used to protect her when she was young.

But it did not hinder that An Qi had already regarded Mark as one of the most important people in her life.

While Mark was still questioning Meng Wanyu, the King of Fighters didn't care about this. With a fierce force on his arm, the cane that bound Meng Wanyu was immediately tightened.

Meng Wanyu screamed for a while, his skin was ripped open and fleshy, blood ran down the wicker, and the painful Meng Wanyu shed tears, unable to speak at all.

"Frankly explain!"

“What An Qi?”

“Who is she?”

“Is it from Truman?”

“Also, what is her relationship with Mark.”

“Ye Fan, is it true that you are here in the summer? ‘S spy?”

“Don’t call me quickly!”

Meng Wanyu’s words just now undoubtedly made the King of Fighters Mo Gucheng grab Mark’s handle, and immediately stretched out his hand to pull Meng Wanyu in front of her, and then strangled her Snow White. Neck, asked carefully.

In the previous hot summer martial arts meeting, he proposed to depose Mark’s title and severely punish Mark for the crime of treason with the enemy.

However, due to insufficient evidence, the Sword Master and the Sword God and others rejected it, and in the end only gave Mark a painless reputation penalty.
