

Super Rich Dad Chapter 324-326

Chapter 324 Disgusting

Jiang Hao looked at Ye Yunjie in confusion, his eyebrows locked and he thought for half a day but couldn't come up with a reason.

The reason why Mr. Shen went to so much trouble to move Jiangnan Business School to Chujiang, naturally he has his ideas, you can't guess it now, I can't guess it either, but I think in the future we will be able to know Mr. Shen's purpose, so Jiang Shao needn't worry too much about the rest. '

Ye Yunjie thought for a moment and then continued to ask, 'Then, Jiang Shao, what do you think about the transfer?'

Jiang Hao suddenly stopped in his tracks, his brow furrowed a little deeper as he looked at Ye Yunjie with some hesitation, 'Sister Ye, I actually think it's quite good to be at Chu Jiang University, there's no need to transfer to that Jiangnan Business School, right? And my friends are all here, I'

Hearing Jiang Hao's words, Ye Yunjie was of course clear about what he meant.

Jiang Hao might really be a bit unable to let go of these friends of his, but most importantly, it was probably still Xue Yuning.

Indeed, very quickly Jiang Hao continued to ask, 'Then Sister Ye, can Yu Ning follow along and transfer to another school?'

Ye Yunjie knew this was the case, her hands clasped her arms in thought before finally saying, 'I'm not too sure about this, but Jiangnan Business School has its own rules and regulations, those who can transfer in, their families have to have a business, and there are even hard indicators, Xue Yuning her'

Ye Yunjie looked like she could not do anything about it, silently shaking her head, obviously already shooting out this flame of hope for Jiang Hao.

Jiang Hao sighed and asked with certainty, 'Then can I not go? Sister Ye.'

Ye Yunjie smiled, and was instantly a little offended.

'Not going? Why not go? Do you know how much effort Mr. Shen went through to get you into this school? You're not going just because you say you're not going?'

Jiang Hao didn't expect Ye Yunjie to have such a strong antipathy, but he had no intention of backing down and said with a serious face, 'Sister Ye, then, I'll be honest, if Yu Ning can't go, I won't go either!'

Ye Yunjie was simply furious at these words, and immediately turned her head over, her face ironic.

‘Can you not be so arbitrary? Do you know how much effort Mr. Shen went through to fix the other party? One sentence from you about not going, and that’s it? You’re failing Mr. Shen and you’re also being irresponsible to yourself! Jiang Hao, you are going to be a man of the world in the future, please don’t be so childish, okay? These things can’t bring anything but mislead you and delay you!’

Ye Yunjie was obviously furious, every time she spoke to Jiang Hao in the past, her attitude was always very respectful. Words would be Jiang Shao, but this time, she actually said Jiang Hao’s name directly, obviously upset to the extreme!

Jiang Hao could naturally see and understand what Ye Yunjie was saying, but Jiang Hao still couldn’t let go of Xue Yuning.

If the two of them were in the same school, Jiang Hao could always look after each other, but if they were separated, when something really happened, Jiang Hao was afraid that it would be too late for him to rush over.

And to be honest, there is still some resistance to the strange environment of Jiangnan Business School.

And there are rich kids everywhere, Jiang Hao is really not interested, and even a little disgusted.

Jiang Hao, on the contrary, liked the way he felt now, with his own group of poor hard-luck brothers together, not only feeling relaxed, but also free and at ease.

Jiang Hao looked at Ye Yunjie and said firmly, ‘Sister Ye, my meaning is clear enough, if Yu Ning doesn’t go, then I won’t go either!’

After saying his words, Jiang Hao walked away quickly.

Ye Yunjie hammered the wall fiercely, gnashing her teeth in hatred, if it wasn’t for her status, she really wanted to drag Jiang Hao over and give him a violent beating right now.

‘Why are you so stubborn? Why don’t you think about your future?’ Ye Yunjie talked and hurriedly followed suit.

Jiang Hao and Ye Yunjie went downstairs, and a moment later, Liu Guohao also hurriedly ran down.

He hurriedly looked around and finally his eyes landed on Liu Qiang, who had a bruised nose and a swollen face.

At this moment Liu Guohao couldn’t care less and hurriedly rushed over, surveying his son with immense concern: ‘Son, are you alright? Is there anything on your body?’

Liu Qiang pushed Liu Guohao away and spat, spitting out a mouthful of blood and a tooth.

‘Don’t f*cking pretend with me here, I’m fine, I didn’t get killed, are you a bit disappointed now?’

Liu Guohao was immediately a little surprised to see that his son had only suffered some superficial injuries and had not broken any bones, but this was immediately followed by excitement.

He didn't care about Liu Qiang's attitude towards himself just now and said with a heated giggle, 'It's good that he's not alright, it's good that he's alright.'

Of course Liu Guohao would not hold a grudge against his son, instead he was feeling full of guilt towards him at this moment.

But Liu Qiang didn't care about that, in his opinion, the fact that he was now bruised and battered was already considered the worst punishment, and now that his own indisputable father was still pretending to be here, he simply felt a bit disgusted!

Chapter 325 Making amends

'Just because you're okay? Are you especially looking forward to something happening to me?' Liu Qiang looked at Liu Guohao and asked with a cold smile, 'Liu Guohao, I've seen through you today, huh, okay, we'll see!'

After he finished speaking, Liu Qiang struggled to get up and stumbled towards the outside of the Haoyuan Building.

Liu Guohao looked at his son's back and seemed to have some words to say, but in the end he swallowed them back.

Looking at Liu Qiang's back gradually disappearing, Liu Guohao then let out a long sigh, followed by him looking towards Jiang Hao and immediately walked over towards him.

'Young Jiang, I really didn't expect this' Liu Guohao was so excited that he was practically in tears.

Originally he thought that this time Liu Qiang would have to be treated with a broken arm and leg, so how could he have gotten away with it.

But the result really surprised him. Liu Guohao certainly understood that all of this was definitely ordered by Jiang Hao, and without his instructions, how would Brother Pao dare to spare Liu Qiang.

Jiang Hao looked at Liu Guohao and just smiled lightly, not saying anything.

On the other hand, Ye Yunjie, who was at the side, spoke up, 'Mr. Liu, is this result still satisfactory?'

Liu Guohao nodded his head as he heard this, 'Yes, I am very grateful to you, Miss Ye, I really don't know what to say.'

Ye Yunjie looked at Liu Guohao's appearance and smiled, thinking that the effect she wanted was just like that.

Ye Yunjie gradually put away her smile and said to Liu Guohao, 'Mr. Liu, the person you should thank is not me, the person you should really thank is Jiang Shao, if Jiang Hao had not wanted to spare your son's life, today, even if the gods came, probably could not save him!'

Liu Guohao nodded his head like garlic and said with immense gratitude, 'I understand, I understand, it's all because of Jiang Shao's kind heart, otherwise that beast of a family would probably have been dead long ago!'

Liu Guohao pointed three fingers upwards and said with an oath, 'Don't worry, I will teach him well later, if he dares to do anything wrong again, I will break his legs.'

Jiang Hao smiled faintly and said, 'What to do with him is up to you, Mr. Liu, but I have to say that I chose to let him go today. It's all because of you, Mr. Liu, but if there's a next time. If he dares to hit on my girlfriend again, I'm sorry, your face, Mr. Liu, will definitely not work!'

After Jiang Hao finished speaking, he directly walked towards the direction of the entrance.

When Liu Guohao heard that, he hurriedly nodded his head: 'Understood, don't worry, Mr. Jiang, this must be the last time, if there's a next time, I'll see you with my head!'

When Liu Guohao finished speaking and raised his head again, he saw that Jiang Hao and Ye Yunjie had already walked out of the company, he hurriedly followed them and only turned his head back to the company when he saw their car leave a long way away.

In Ye Yunjie's Mercedes-Benz, Jiang Hao kept thinking about what Ye Yunjie had told him earlier about transferring to another school.

Naturally, he understood that the matter of transferring to another school would be excellent for himself and his future career.

But Jiang Hao couldn't get past Xue Yuning after all. Without Xue Yuning, what was the use of going to the best school?

Ye Yunjie also secretly glanced at Jiang Hao with her eyes, and when she saw him lost in thought, she couldn't stop shaking her head in her heart.

She naturally hoped that Jiang Hao could go to Jiangnan Business School, because after all, the teaching conditions and facilities there were already among the best in China.

Jiang Hao was almost like a layman in business, and only by gilding the lily at such a school could he, in the future, take full control of the assets in his hands.

Neither of them said a word, and the anger seemed a little awkward.

Just then, Jiang Hao's mobile phone suddenly rang.

Jiang Hao glanced at it and was shocked to find that it was Qin Yun who had called Kai.

Jiang Hao remembered that since Qin Yun had invited him to dinner last time and he had left in anger, the two of them had not really been in touch for some time.

Jiang Hao even felt a bit embarrassed about this matter, after all, he had left Qin Yun alone at the Fureai Building that day because of Liu Siya, and now when he thought back, Jiang Hao really felt that he was too impulsive at that time, and even a bit sorry for Qin Yun.

People were kind enough to invite themselves to dinner, and in the end, he treated them that way.

‘Hey, how are you Qin Yun?’ Jiang Hao picked up the phone and smiled with an apologetic smile.

The Qin Yun on the other end of the phone didn’t seem to care too much, instead she smiled happily and asked, ‘Cheapskate, what are you doing these days? I haven’t heard from you for a long time!’

Jiang Hao casually said a few perfunctory words and then continued, ‘I’m really sorry for what happened last time ah me, I was actually angry with someone else and as a result’

Before Jiang Hao finished his sentence, he heard Qin Yun giggle, ‘Hey it’s alright, I knew you were probably up to something before you got like that, last time I was going to treat you to a nice meal, but it didn’t work out. I feel weirdly embarrassed too.’

Qin Yun smiled and said immediately afterwards, ‘Of course, to make up for last time, so I decided, this time I’ll take you to a nice place and make up for it!’

Chapter 326 - I’m afraid

When he heard the words ‘make up for it’, Jiang Hao’s mind unnaturally went to other places to think about things, and a demented smile appeared on his face.

But after seeing Ye Yunjie looking at himself with a surprised expression, Jiang Hao hurriedly shook his head, gave an embarrassed laugh and asked, ‘Where are you taking me? No need, I was actually afraid that you wouldn’t be happy!’

Qin Yun heatedly laughed and said to Jiang Hao, ‘As for where to go, I’ll keep it a secret for now, but don’t worry, I’ll definitely surprise you then, this is a once-in-a-lifetime opportunity, so make the most of it then, right?’

After saying that, Qin Yun hung up the phone.

Jiang Hao scratched his head, he really couldn’t figure out what exactly Qin Yun was talking about, how could it be a once-in-a-lifetime opportunity? Where exactly was this guy taking himself?

Jiang Hao had just hung up the phone and thought about it for a while, but never thought of what it was that the other party was talking about.

Ye Yunjie sent Jiang Hao back to school and left.

The next morning, Jiang Hao had planned to sleep for the rest of the day, after all, he was a bit tired from all the recent events.

Jiang Hao had no classes the next day, and the two brothers in his dorm room had gone out early to play.

Jiang Hao woke up and looked at his mobile phone and was about to go back to sleep when he was woken up by his mobile phone.

The caller was Xue Yuning. Jiang Hao lazily picked up the phone and before he could speak, he heard Xue Yuning's anxious voice coming from the other end.

'Jiang Hao, come quickly, something has happened!'

When he heard Xue Yuning say this, Jiang Hao instantly woke up, flung himself out of bed and asked nervously, 'What's wrong Yuning? What's wrong? Where are you? What's going on?'

Xue Yu Ning said anxiously, 'Oh no, it's not me, I'm in my dorm room, I mean Xiao Qing seems to be in trouble!'

Jiang Hao frowned, 'Xiao Qing? What's wrong with her? Yu Ning, don't be anxious, tell us what's wrong?'

Xue Yu Ning sighed and hurriedly said, 'Oh, it's not clear over the phone, come downstairs to our dormitory, I'll tell you clearly in person!'

After saying that, Xue Yuning hung up the phone.

Jiang Hao scratched his head, hurriedly put on his clothes and walked towards Xue Yuning's dormitory building.

When Jiang Hao arrived downstairs, he found that Xue Yuning was already waiting for him, with a kraft paper envelope cupped in her hand and her face full of anxiety.

'What's wrong Yu Ning? What's wrong!' Jiang Hao ran over and asked, 'Where's Xiao Qing?'

Xue Yuning shook her head, her eyes tearing up with anxiety, and handed the kraft envelope to Jiang Hao, saying, 'Look for yourself, after I woke up in the morning, Xiao Qing put this on my bedside, and then she didn't know where she went.'

Jiang Hao took the envelope and looked at it, only to find that inside was a pile of cash and a bank card, and in the middle of the cash, there was a white slip of paper.

Jiang Hao pulled out the note, only to see a line written on it, 'Yu Ning, if I can't come back today, please give this to my parents for me and tell them that I love them'

Listening to the tone of the letter, it was almost like a suicide note, and Jiang Hao couldn't help but get nervous too.

'What does this mean? Where did she go?' Jiang Hao asked.

Xue Yu Ning cried anxiously and shook her head repeatedly, 'I don't know, I just woke up and saw this, Xiao Qing's bed was all packed up, I don't know where he went, Jiang Hao, what should we do, will something happen to Xiao Qing?'

Jiang Hao patted Xue Yu Ning's shoulder and hurriedly reassured her, 'Don't worry Yu Ning, it's fine, don't worry, I'll make sure she's fine with me.'

Jiang Hao thought for a moment and continued to ask, 'Then has she done anything unusual in the past two days? Or maybe she has said where she is going? You and she are on the best of terms, she would have told you!'

Xue Yu Ning thought about it and hurriedly said, 'Oh right, when I came back yesterday, I saw some bruises on Xiao Qing's body, it looked like someone had beaten her up, but I don't know what happened, I asked her and she didn't say anything.'

Jiang Hao frowned and continued to ask again, 'Then is there anything else abnormal?'

Xue Yu Ning thought for a while this time and suddenly said, 'I remembered, not only is Xiao Qing missing from the dormitory, Feng Ping Ping is also missing, so early in the morning both of them are missing, could they have gone out together'

The two of them have disappeared so early in the morning, could they have gone out together?' At this point, Xue Yu Ning suddenly seemed to think of something terrible, suddenly covering her mouth with her hand and saying with a face of disbelief, 'Xiao Qing Xiao Qing couldn't have left with Feng Ping Ping, could she? If that's the case, that would really be a disaster.'

When Xue Yu Ning said this, the tension on her face couldn't help but deepen a few more times, and she was almost on the verge of crying out.

Seeing this, Jiang Hao asked in confusion, 'What happened when she went out with Feng Pingping? Yu Ning, don't cry, quickly say what's wrong?'

Xue Yu Ning sobbed a few times and hurriedly told them all the things Feng Ping Ping had done before, followed by, 'Recently I don't know what happened to Xiao Qing. It seems to be very short of money, so I'm afraid'
