

Chapter 3278

Young Master Ruyu sneered softly. Although he was polite enough when he went to George Han, politeness is character, but dignity is face.

Since the opponent wants to make three moves for himself, then the only thing he can do is not to do the three moves politely, but must take the other's life within the three moves.

Only in this way can we establish our own prestige in front of the public.

Thinking of this, Young Master Ruyu moved his feet, the magic flow in his body turned, and the next second he rushed towards George Han directly.

Young Master Ruyu is extremely fast, but everything is relative, at least in George Han, the speed that Young Master Ruyu is proud of has absolutely no effect at all.

George Han can observe every movement of him without entering, and even predict what he wants to do perfectly.

It's like a crippled adult facing a fierce child at this time.

Although... At this time, George Han, the so-called disabled adult, was a bit miserable.

However, George Han was not helpless, almost at the moment when Young Master Ruyu attacked, George Han's body was also slightly to one side, and almost escaped the blow of Young Master Ruyu by a distance of almost a few cents.

"Swipe!"

As Young Master Ruyu passed by, George Han stood slightly, and touched his face with his hands indifferently.

"Interesting." George Han smiled softly. Although he was hiding fast enough, his face was still bruised by this guy, and blood was stained in his hands.

Fortunately, with the little black stick, George Han was able to make it completely stick to his body in time, using its power to dodge his body at the most dangerous moment.

Otherwise, even if George Han could perfectly judge all of Ruyu's offenses, it would never be reflected in his current body.

"The first move!" George Han smiled.

"What?" Young Master Ruyu turned his head back suddenly, some of them couldn't believe that George Han had just escaped his fierce blow perfectly.

This is rare, at least in the various opponents he has played against for many years.

"Wow!"

At almost the same time, the audience exclaimed. Although George Han did not cause any harm to Young Master Ruyu, they expected that George Han would be defeated within one move, and could not

even last a second on stage. Now the first move is George Han. Qian dodged over, naturally a group of people were quite upset.

“There are two more tricks.” George Han smiled, still holding his hands behind his back, standing proudly.

Young Master Ruyu sneered: “You really have some abilities, so no wonder you have to take Ning’s three moves.”

“However, they were just being polite to each other. This second move Ning Mou won’t be polite, Xiongtai, I’m sorry.” Falling, Lord Ruyu reunited his demonic energy.

At this time, the magical air flow turned extremely fast, even rippling circles around him.

“Hey!”

The ground made of stones in the ring at his feet also began to crack at the place under his feet. Obviously, Lord Ruyu was already angry after failing a blow, and he was bound to find face!

“Dragon Fist!” As

soon as the words fell, Young Master Ruyu blasted over with a punch.

Regardless of his polite appearance, in fact, when the punch came bombarded, the power it carried was terrifying, but it was far stronger than any big guy George Han had ever seen.

Even the fist wind he carried in his hand was like a sharp blade, and the energy in his hand turned into a mad dragon and whizzed past.

It seems to know that the speed was a bit slower last time. This time, Young Master Ruyu clearly blessed his speed to the maximum, and the entire range of fist styles is extremely wide. It is clear that George Han can’t hide, and can’t retreat. retreat.

George Han frowned, did not dare to be careless, his mind moved directly.

But after a while, George Han smiled slightly, still too young.

Immediately afterwards, in the eyes of everyone’s incomparable surprise, George Han did not hide this time, and took a stance on the spot, with one hand into a palm, and he faced the battle on the spot!

“Bang!”

With a loud noise, Young Master Ruyu hit George Han’s hand with a punch.

The ground was cracked for several meters, but what was terrifying was that George Han still squatted steadily at this time.

A group of viewers suddenly felt their scalp tingling, and some even scratched their hair frantically, unable to accept the scene they saw before them.

“The second trick is over, Lord Yu, your chances are running out, you have the last trick left.” George Han sneered coldly.

Chapter 3279

“What?” On

the stand of the ring, Zhu Yaner, wearing a hijab, stood up abruptly. Above the palace seat, Zhu Yanshuo also stood up directly, shocked by the scene in the field. .

As George Han said, he really gave up the move, and the key is these two moves. If you can explain it with good luck, then this actual head-on-head is completely pure in strength. Show.

This is simply unacceptable. After all, the incomparably powerful ghost face can hardly resist the young man who is attacked by the jade, but it is the unknown boy in front of him who unexpectedly eats it raw.

“Is it possible...” Zhu Yanshuo frowned, could it be true that he had to say it?

Young Master Ruyu was also shocked at this time. With this punch, he was almost confident, but in the end his self-confidence turned into self-doubt.

In his eyes, George Han is just a mediocre person. Even now, he has not released true power, which shows that he has no true power at all.

Since this is the case, then what qualifications does he have to take this trick abruptly?

“Although your speed has become faster, it is precisely because you pay attention to speed and ignore strength.” George Han smiled lightly and gave his explanation.

At the beginning of observing the attack of Young Master Ruyu, George Han was indeed a little desperate. After all, it was obviously unrealistic to rely on the little black stick to help him avoid it.

But when he observed it more closely, George Han discovered the clues of the various schools, so he forcibly turned the little black stick into a handguard and hid it in his sleeve, and abruptly took the trick of Young Master Ruyu with his palm.

“The third trick I suggest you do both.” George Han smiled lightly, and then pushed away Young Master Ruyu’s fist with a palm, stood up slightly from the extremely cracked ground, and moved his hands again. Back, stand proudly.

Ruyu is very popular. With his qualifications, when will it be the turn of others to point and point in front of him, let alone a trash Xiao San who even looks down on everyone?

Be polite, but that’s all for people to show. How much respect does he actually have in George Han’s heart? !

But at this time, even if he was very angry, he couldn’t refute it. This was his most depressed place.

George Han’s words are very harsh, but unfortunately, he said true to his heart. Because he was evaded by George Han for the first time, and his heart was eager to find face, he directly improved his speed. At the same time, in order to be foolproof, the area facing each other’s fists is also huge this time, making it impossible for George Han to dodge like last time.

But everything has advantages and disadvantages, the speed has kept up, the area has also kept up, but the strength is also much dispersed.

“It seems that I underestimated you.” Young Master Ruyu resisted his anger, shaking his hand indifferently, and a writing brush appeared in his hand.

“It’s okay to underestimate me. It’s better than underestimating me from start to finish.” George Han smiled softly: “Let’s do it.”

“Okay.” Young Master Ruyu nodded, stepped back a little, and then shook his hand. The brush whirled in the palm of your hand in an instant.

“Are you going to use a weapon?” George Han smiled softly: “It’s good.”

Young Master Ruyu smiled coldly, filling his hands with devil, and the next second he slapped the pen directly towards George Han. It came crashingly.

“Bang Bang Bang!”

Although the pen hadn’t arrived yet, when it was almost taken out of its hand, with the pen as the center, it exploded repeatedly within a few meters of its surroundings.

Under the stage, the people who had only been shocked by George Han had nothing to say. At this time, they were shocked again by Young Master Ruyu in an uproar.

Many spectators who were closer to the ring only felt a burst of strange power, and they almost couldn’t open their eyes.

Above the stands, the two brothers and sisters of the Zhu family also stood up suddenly because of this strength.

Only George Han smiled softly. He was still there at this time, unmoved, only a cold smile was drawn on his mouth...
