

Chapter 3282

Master Ruyū, what's the matter with you?" "Is there any insider information about this matter? Did City Lord Zhu use any means?"

"Yes, Master Ruyū, have something to say about you? Even if you speak up, all of us are here. If there is injustice, we will be able to help you get revenge. You can't just give in and give in."

Countless people crowded around the place where Young Master Ruyū had stepped down.

Master Lu was also leading Zhu San at this time, and immediately surrounded his son, trying his best to block the crowds for him.

There are three pigs in the big man, the son of jade and space Luk pretty good, this time he has done while leaning on own son, while softly and asked: "Son, how did this all about? "

Body For his own person, Mr. Lu naturally knows this matter better than anyone else. Naturally, it is impossible for any external force to pressure his son, but he is really puzzled by the son's hasty surrender.

Young Master Ruyū smiled lightly, did not answer Mr. Lu, but pushed Zhu San slightly away and directly faced the turbulent crowd.

Zhu San roared angrily, and the people around quickly became quiet a lot. Young Master Ruyū slowly said: "Ning is not a talent, although the family is not very powerful, but I believe that the Ning family is in the demon clan. Zhong is still somewhat superficial prestige, so if someone wants to threaten Ning's family, it's probably harder than going to the sky."

"Ning concedes defeat, I know everyone is quite puzzled, but in fact it is just the devil in everyone's heart. . " "

Gentlemen only willing to believe that they want to believe, but do not want to believe that they do not want to believe, is not it? "

His words, just very still raging crowd, looking rather awkward one, momentum also Suddenly dropped extremely much.

Seeing this situation, Young Master Ruyū smiled lightly: "Onstage, Young Master Han has already asked Ning to make three moves. Ning does not lose the first two moves, but what about the third move?"

"I believe everyone has already seen that Young Master Han not only broke Ning's trick, but even forced a dagger between Ning's throat between the electric light and flint. He only needs to exert a little force, and Ning will die on the spot without a place to be buried, but, Gongzi Han was very kind, not only did not kill Ning, but also insisted on the three-stroke agreement to withdraw the dagger, and Ning took his life back." "Under such a simple defense, Han Gongzi can kill Ning as much as possible. So, what is the point of trying next?"

"Ning Mou admits defeat and is convinced." After

speaking, he gratefully glanced at George Han on the stage, and turned away with his gang.

As he left, the remaining group of people were also indifferent. It was not that they didn't understand Young Master Ning's words, and even he completely caught the thoughts of many people present.

All the talents were present, how could they turn a blind eye to the fight between George Han and Young Master Ruyu?

It's just that as Young Master Yu said, they just don't want to believe what they don't want to believe. It's hard for them to admit that others are strong, and it's even harder for them to admit that someone they think is not as strong as themselves.

Anyway, the fate is not theirs, and the "sloppy" like Master Yu naturally makes them quite dissatisfied, so it is easy to understand the hope that Master Ruyu will fight again.

It's just that if you look at the problem from the standpoint of Lord Ruyu more rationally, it seems that Lord Ruyu's choice is so human.

In the stands, after the ceremonial officer froze, he rekindled Changxiang belonging to George Han.

According to the rules, although George Han won without a bloodbath, it was a little surprising, but this is an indisputable fact.

Therefore, it is natural to ignite his long incense.

"Han Gongzi has already won, is there anyone else you want to continue to challenge? If it is Xiangbi, then Han Gongzi will be the master of this challenge." The ceremonial officer yelled softly, looking at the audience, looking for candidates for challenges.

Although the clamor in the audience was powerful, but at this time, as the ceremonial officer glanced around, they all lowered their heads.

Even Young Master Ruyu was defeated within three moves at this time, so how many brave people dare to risk their lives and touch this brow again?

The incense, also in the silence of everyone, burned shorter and shorter.

The wind blows, and the last embers on the incense will be blown off...

Chapter 3283

"I announce..."

However, when the courtesy was about to announce the result of the contest, suddenly, the wind that was about to blow off the embers stopped, a big hand was impartial, It's right next to the candle...The

wind stopped, and the embers didn't fall.

"Hold on!"

At the same time, the master of those big hands also spoke indifferently at this time.

Looking forward to the sound, I saw a man in black standing next to the candle, his face was as white as paper, but his body was wrapped in black, making his thin figure even more pitiful, so that some people would doubt it. , This person is so thin that he can't even withstand a strong wind.

George Han frowned and looked at this guy indifferently. Although he was extremely thin, he even looked a little petite compared to himself, but it was just such a person that brought George Han a lot. Murderous and evil spirits.

Suddenly, George Han's eyes closed, and

he muttered: "Woman?" Although his delicate features were a little cold, there was an unspeakable seductiveness, and it was this seductiveness that made Han George Han suddenly understood that the man in black in front of him was not a man, but a woman.

"Black Mountain Demon Fairy!"

At almost the same time, some sharp-eyed and well-informed people in the audience instantly recognized the person on this stage.

"Damn it, I heard Priscilla, Queen of Montenegro repair is very strong, the strength of up to Mozun level super master, and even, even now there are rumors that her ability has been close to the magic of San"

"off the city as large, but also because It is rumored that she joined the city of Gualuo and has been silently helping City Lord Zhu behind her back. That's why Gualuocheng became famous and attracted many talents."

"But such a trump card, I didn't expect it to actually exist."

Many people were suddenly shocked and startled.

After all, the Demon Sovereign corresponds to the masters of the Eight Desolation Realm of the Central Plains world, and approaching the Demon Sage is equivalent to approaching those perverted-level Sanxian existences in the Central Plains world.

Such a heavyweight super master can indeed influence the power of a place to some extent.

"However, she is a woman." Someone wondered.

"That's right, this damn fighting to recruit relatives, what is a woman running up to join in the fun?"

After a

group of people reflected it, they couldn't help but feel very surprised, but faced with such a super expert, this group of people only dared to whisper, not dare to speak. There is the slightest inconsistency.

On the stage, the courtesy officer was also a little surprised, and didn't know what to do for a while.

This Black Mountain Demon Fairy was well-known, and was also the guest of the city lord. The courtesy officer naturally did not dare to offend, but the problem was that she was recruiting relatives for the young lady. Suddenly a woman came up. What kind of mess was this.

He can only look helplessly at City Lord Zhu, hoping that he can preside over the overall situation.

City Lord Zhu got up slightly, walked over a few steps, glanced at George Han, then glanced at the people whispering underneath, smiled, and said, "Everyone, Rong Zhu, please introduce me. I think everyone has heard of it. Her name."

"Black Mountain Demon Fairy!"

George Han smiled bitterly: "Why? A woman has to come up to grab a kiss?"

"You look down on women?" Hei Shan Demon Fairy said, and with a touch of her hand, the book was almost extinguished. Changxiang actually burned directly, and the fire was so powerful that the steady flame did not seem to be extinguished in a moment.

"Did I say that I look down on women?" George Han said speechlessly.

"Your mother is also a woman." She smiled coldly and slowly stepped onto the ring.

George Han is really lazy to deal with this kind of neurosis, he just asked one question, and she can actually make such a fuss directly.

He just looked at City Lord Zhu, hoping that he could give a reasonable explanation.

"Although the martial arts contest is for Sister Zhu, it should be a man." City Lord Zhu frowned, but then changed his words: "But there doesn't seem to be any explicit stipulation that women can't play?"

"That's it ." It's like Young Master Han, you can also compete without recruiting relatives?" At this point, City Lord Zhu smiled and looked at George Han.

George Han laughed suddenly: "City Lord Zhu, I think that Han has no doubts."

Obviously, the other party's trick is not to snatch relatives, but to do it deliberately. Since this is the case, what explanation is there? ?

Taking a look at the Black Mountain Demon Fairy, George Han gestured slightly, and said calmly: "Then see the

true chapter under your hand." After the words fell, he stood proudly again...
