

Chapter 3316

Said, this is no different from killing pigs, just half an hour earlier and half an hour later.

“The time has come, brat, do I want to give you another half an hour?” Old Immortal Fengji sneered.

“Anyway, the more time I give you, the more miserable you will die if you stay there. Everything has a result and there must be a reason.” The Black Mountain Demon Girl also snorted.

George Han smiled, and then slapped his palm directly on the iron box, sending a message to Young Master Ruyu that he remembered to take people away.

He is a smart man, and he can understand almost a little bit about this. Seeing him nodding, George Han stood up and said, “A man and a man have no doubts, after half an hour, it will never be more than one point, let alone not. One point less.”

“Okay, half an hour has passed, come on, the four of you will come together

.” After the

words were finished, George Han held his hands slightly and waited proudly.

Venerable Bigfoot drank coldly and raised Bigfoot, but almost at this moment, the Black Mountain Demon Girl suddenly drank: “Wait.

” Masked, but his standing posture and figure at this time suddenly made the Black Mountain Demon Girl feel extremely familiar.

This morning, she had a very fresh memory of the battle with a god like George Han, and she could hardly forget every detail, but at this moment, the standing and figure of this person in front of her are almost exactly the same as that of the god in the morning. .

“Who are you?” The Black Mountain Demon Girl frowned, looked at George Han vigilantly, and put away her smile: “Can you take off your veil and speak?”

“Do you want me to take off the veil?” George Han smiled: “Then it depends on whether you have the ability to take it.”

“Stinky boy, you are so arrogant, I

not only want to take your veil, but also take your skin today. .” With a roar, the white-faced rain demon was about to rush forward.

But almost the same as before, the Black Mountain Demon Girl directly stopped the white-faced rain demon.

The white-faced rain demon was immediately puzzled, what does this mean?

“This person’s identity is suspicious, and I’m afraid that he will never end if he makes a rash move.” The Black Mountain Demon Girl knew that she had repeatedly intercepted and other people would be dissatisfied, so she whispered to the white-faced rain demon. When the white-faced rain demon

heard this, he was disdainful: "This deity will be doomed, Yaoji, are you talking in your sleep? Even if you are the deity, it is impossible for you to have the courage to say this."

Although he is indeed a super expert, he is indeed unqualified and confident to say that he can drive the White-faced Rain Demon to a state of doom: "But if that person is famous, he should fall into the city. , what about the

goddess ?"

"What?"

"What?"

"What?" The

other three heard the sound and were stunned almost at the same time. The previous disdain and arrogance also instantly solidified and turned into In order to be deeply puzzled and shocked, especially the White-faced Rain Demon, at least the Black Mountain Demon Girl had to stop her with force, but at this time, the Black Mountain Demon Girl didn't even use any force, but the White-faced Rain Demon took a step back on its own.

If he was a little shy, he would naturally be able to show his might, but it would be different if the man in front of him was a fierce man from heaven.

He's not stupid, how could he not understand the truth of shooting the first bird?

It's not a joke to play against such an opponent recklessly, and it will never end...

"Isn't the goddess not in the city lord's mansion? Black Mountain demon girl, you can eat rice, but you can't talk nonsense." Venerable Bigfoot said softly.

"I'm not sure, but I feel like him." The Black Mountain

Demon Girl said.

"Didn't Yu Mofang want to take his veil? It's better to take off his veil first. We can see if it's true or not." Fengji Lao Xian shouted coldly.

Although the face is serious, it is obvious in the words that it is so cowardly that it explodes.

The white-faced jade demon immediately greeted the entire family of the old immortal Fengji. At this time, you push Laozi out to be cannon fodder. You really have such an old and immortal style.

But what this guy is talking about is awe-inspiring, and the other two are also staring at him in return.

It is difficult to ride a tiger, if not, the white-faced Jade Demon will almost lose his face.

What kind of bloody mildew fell, I finally pretended to be forced, will I encounter hard bones when I come? If I had known, it would be better to go home and play immortals.

At this moment, over there, George Han spoke again...

Chapter 3317

“What’s wrong? Are you still moving?”

” Choked in throat.

As far as their status is concerned, any one who goes to that station must be the ultimate servile and submissive, not to mention that these four are still together today, not to mention how much deterrent.

But today, these four people not only lost their momentum, but more importantly, they were a little bit f****inside.

They didn’t dare to fight back George Han’s contempt at all, they just looked at each other one by one, hoping that each other would take the shot first.

“Four trash.” George Han shook his head disdainfully.

Hearing this scolding, the four of them became unnamed, but because of this, the four of them suppressed their anger even more.

Who dares to scold them like this?

nobody! ! !

But it is precisely because there is

no one that this matter is more worthy of their vigilance.

After all, if he had no ability, would he dare to do this? !

“We’re not going to fight anymore, if we don’t, we’ll leave.” When the words fell, George Han moved his hand and directly helped Young Master Ruyu up in the distance.

The four of you look at me, I look at you, but still don’t dare to make a rash move.

Of course, the white-faced Jade Demon didn’t know at all, but after he read it, the other three looked at each other one more time, and then nodded to each other.

Almost when the white-faced jade demon was completely alert to George Han’s side, the three of them joined hands and pushed slightly behind their backs, and the unsuspecting white-faced jade demon immediately rushed towards George Han because of inertia.

The white-faced Jade Demon was depressed in his heart. While scolding CNM, he saw that he had already entered George Han, so he could only rush into George Han in a hurry and rushed towards George Han

.

George Han put away his mood, the whole person was suddenly very serious, and the black gold energy in his body was also surging wildly.

George Han did not intend to have any reservations in fighting against such a master, and on other people’s territory, he could only fight quickly.

Of course, there is another advantage to doing this, that is, to take out your own momentum and deter the enemy's power.

Thinking of this, the sky fire moon wheel burst out directly from the body, and suddenly attacked directly and interspersed with the trend of left and right.

With two loud bangs, the sky fire and the moon wheel exploded directly in front of the white-faced jade demon like two beams of light, and just as the white-faced jade demon forcibly supported energy while defending and continuing to attack, he suddenly found , George Han in front of him disappeared.

Whoa!

George Han, who was under the blessing of the Taixu Divine Step, was like a dim light, and his body seemed to be jumping in space. After leaving a few afterimages around, when he reappeared, he was already

behind the white-faced jade demon.

“What?”

“What kind of speed is this?”

“Damn, how fast can one person be so fast?”

Mo said that the white-faced jade demon who was at the core of the attack at this time, even if it was the three black mountain demon girls who were watching the battle, look at The scene in the scene can not help but collectively stunned.

The two pillars are mighty, and the movement is ghostly. Is this...is this the true ability of a man who descends from heaven? !

Feeling the coldness behind him, the White Faced Jade Demon as a top-level expert is not unpleasant. He turned around in a hurry and had to resist, but George Han's posture had already been put aside at this time.

“Seventy-two Road Divine Sword!”

Shu Shushu!

The movement is ghostly, the swordsmanship is elegant, and the two big beams of light behind him suddenly come back and attack directly.

The white-faced Jade Demon was sweating profusely, and while struggling to deal with George Han head-on, he had to mobilize the energy of his entire body, forcibly put

a barrier on his back to ensure safety before and after.

Embarrassed, simply embarrassed to the extreme.

The white-faced Jade Demon himself is very famous. Recently, he has been in retreat for a whole number of years. He finally came to a successful conclusion. He came out of the customs and wanted to show his skills, but he didn't know it was so unlucky.

I don't know if there is prestige, anyway, this will be his mother's very depressed.

"Brush!"

Finally, after struggling to resist George Han's series of swords, the white-faced jade demon finally breathed a long sigh of relief, because it was obvious that George Han finally stopped the sword attack at this time. , just stood there and looked at himself lightly.

Come on, there's no trick, right? !

Are you f*** out of action...

no... no, you... what the f***are you doing?

I... I rely...

At this time, the white-faced Jade Demon was dumbfounded and stared at George Han in front of him.
Are you f**** playing?
