

Chapter 3332

“Boss Han, what’s your opinion?” Zhu San hurriedly asked.

Obviously, from George Han’s eyes, Zhu San read George Han’s intention. George Han smiled contemptuously: “Opinion? I think what Qing Ji said is right. This matter needs to be discussed in the long run, but it’s only half right. There is no need to discuss it, let’s take it long.”

Xia Wei.

“What do you mean by this?” Zhu San touched his head, not quite understanding.

Ning Ruyu suddenly remembered an extremely terrifying possibility, and hurriedly said: “Brother Han, I know that Zhu Yanshuo’s actions are too immoral, but after all, he is what the people want, and he has masters like clouds, you...don’t be impulsive. Ah.”

“The so-called non-negotiable, you must be planning to go alone, right?”

When these words came out, everyone was shocked.

Under the complete chaos of the opponent’s position, relying on so many disciples from the Tianmo them.

Besides, still alone.

Isn’t this looking for death?

However, George Han smiled and did not deny it: “Young Master Ruyu is really smart.”

“The Ning family has a foundation, and it is definitely not a good thing to offend others in an open and upright manner. Brother Ning can sacrifice his life to accompany George Han to visit the city lord’s mansion at night, George Han has already I’m very grateful, naturally, the next thing can’t drag Brother Ning and the entire Ning family into the water.”

“As for the brothers of the Hundred Demons Palace and the Heavenly Demon Palace, tonight is also a lot of shopping, and they are extremely tired. They finally saved their lives, so why send them away? As you said, when the other party is completely dominant, we will Many people are just giving people their heads.”

“In that case, I will go alone and make him turn upside down.”

“But don’t worry, George Han is by no means a reckless and loyal person. Before leaving , I naturally I have my plans and preparations.” When the

words were finished, George Han looked squarely at Xia Wei: “But I need Xia Wei to help me.”

“Of course, I have to trouble you all to help me with the logistics.”

Xia Wei gritted her teeth : “Don’t say it’s to save Big Brother Pangolin and the others, even if it’s Big Brother Three Thousand, what you want to do yourself, Xia Wei will never say a word no matter how much suffering you endure.”

“We will also listen to your orders.” Ning Ruyu and He Pig three also said in unison.

Mobei is in a hurry, looking at Qingji, she can't wait to turn around, how can George Han go on an adventure alone?

If it is possible, what if all the brothers of the Temple of Heaven and the Hundred Flowers are sacrificed? George Han is the only and greatest hope for their gang.

But what surprised Mo Beitian was that Qing Ji shook her head at him at this time, persuading him not to worry.

Immediately afterwards, she bowed slightly with the reluctant Mo Beitian, and said

in unison : “We also obeyed all orders.”

“Okay, thank you all.” George Han nodded, beckoned, and let a few people Sitting around, then, he told them all the things he needed them to do.

When a group of people heard George Han's order, they couldn't help frowning. If they didn't hear it so clearly, they would really wonder if their ears had heard it wrong.

“That's it?”

Several people said in unison almost at the same time, looking at George Han as if they had seen a ghost.

This is too outrageous, right?

But George Han smiled confidently and nodded: “That's right, that's all, are you okay?”

A few people looked at each other, and they were dumbfounded for a while: “Are you really sure?”

George Han smiled bitterly: “ Very sure. There is not much time, you all act first, right? I will wait for you here.” After the

words were finished, George Han smiled and looked at a few people.

Several people were very depressed and

hesitant. It was really hard to believe such an “unreasonable” request, but seeing George Han's extremely serious appearance, a group of people could only go out honestly.

Xia Wei looked at George Han strangely: “Brother George Han, it's too strange for you to ask them to help, isn't it?”

“You, take a good rest, it's getting late, I'll go to bed, I'll watch.” George Han chuckled lightly.

Xia Wei thought for a while, nodded obediently, and closed her eyes.

In the blink of an eye, the night passed.

At this time, it was time to fall into the city, and the troops and horses were strictly enforced. A large number of soldiers in the city and some elite people from the rivers and lakes who seemed to know that they were not easy to mess with mixed together, patrolling the city closely again and again.

The entire city that was supposed to fall was like a great enemy, and in the city lord's mansion, with a bang, all the contents of a table were pushed to the ground by Zhu Yanshuo. He was angry and gritted his teeth...

And under the stage, a woman was screaming in pain. cry...

Chapter 3333

"There is no reason, there is no reason!" Zhu Yanshuo was furious, and his whole body trembled slightly because of anger.

After the incident, he immediately blocked the audience, and at the same time worried about his sister's safety, he quickly sent someone to take back his sister Zhu Yaner who was in the inn.

George Han was definitely not in the room.

The most important thing is that during the subsequent search, the soldiers found that there was an extra set of men's clothes in the room, and that set of clothes was the clothes that he had sent to George Han.

Now, combined with some of the rhetoric from his sister's mouth, Zhu Yanshuo found that George Han and others from last night were one less person compared to today.

The bunny girl brought out from the underground black market.

"Isn't that behind your back that you once asked for something from a vampire alone? I know what he wants." Zhu Yanshuo wanted to understand: "He must be some kind of psychedelic drug

, and he probably already knew about you. I wanted to make him drunk, so I decided to do my best to get you drunk at the wine table in the same way."

"Afterwards, he pretended to enter the room with you, but actually let the rabbit girl secretly pretend to be him, With you..." Thinking of this, Zhu Yanshuo didn't want to go on.

This is simply a great shame, and it still happened to my sister!

"Brother, I'm sorry, it's all my fault for being confused for a while..." Zhu Yan'er was also very aggrieved and sad, she thought it was a dream in the spring night, but she never thought that she was actually with a woman...

"Forget it, it's not your fault. ." Zhu Yanshuo shook his head: "That fellow is so thoughtful, and I was also paralyzed by him, I really thought he..."

"It was because of my brother's carelessness that made you suffer such grievances."

"However, don't worry, I have ordered the

whole city to be on guard. It won't be long before I will catch him and return to the house. When the time comes, I will settle the old hatred with him." Zhu Yanshuo said angrily.

“But...” Although Zhu Yan’er was eager to do this, so that she could express her anger, but when she thought of the evil consequences that George Han would bear by doing this, it was not because she couldn’t bear it.

“You like that kid?” Zhu Yanshuo frowned.

Zhu Yanshuo thought for a while and nodded.

“It’s really a married woman, the water that was poured out was only spent with other people overnight, so she turned her elbows out like this.” Zhu Yanshuo glanced at his sister depressedly, and his tone softened a little: “But you are affectionate, Others may not mean it, my silly sister.”

“The first time I met this person, I knew he was extraordinary, and he treated him with courtesy and enthusiasm. Even if

I found him sneaking into the west wing in the middle of the night , I didn’t kill him. I just sent someone to send him back to his original place, hoping that he would just be a dream.”

“After knowing that he was a goddess, he was even more polite, and he even wanted to match the two of you, brother both. Be prepared, if he is willing to marry you, I and him will be on an equal footing in this city that should fall, and we will build the world together, but unfortunately...”

Speaking of this, Zhu Yanshuo sighed, and the evil in his eyes suddenly rekindled: “But it’s a pity The only thing is that this person didn’t know what to do, so he entered the west wing and even rescued the woman.”

“I only have a younger sister like you, do you still want to change back to the way you were before?”

Hearing this, Zhu Yan Er’s head shook like a rattle: “Brother, Yan’er doesn’t want to, Yan’er doesn’t want to never dare to see people.”

After speaking, Zhu Yan’er was even a little scared and panicked.

Large force is a few steps away

in the past, his sister gently in my arms, patting her shoulder slowly comfort:. “Rest assured, there are brother, never someone take your beauty.”

And almost at this moment, several groups of people quickly entered all the way from the outside. When they arrived at the entrance of the hall, they saw the two brothers and sisters like this, and they all stood quietly and waited in the hall.

Zhu Yanshuo raised his eyes and glanced at everyone, released Zhu Yaner gently, and asked, “Report everything, have you found any clues after checking for so long?”

Everyone shook their heads.

“They were killed and injured so badly. Will there be no one in the pharmacy and other places to buy medicinal herbs? Didn’t they find it in the black market?”

“Report to the city lord, I have already deployed the defense, but there is indeed no suspicious discovery, but one thing is very, very strange. “

Oh?" Zhu Yanshuo frowned: "Speak."
