

Chapter 3336

“Da... Da... Da!”

The team like a long snake slowly and silently passed through the soldiers kneeling on both sides to greet them. Without squinting, he entered the city proudly.

In the team, sedan chairs interspersed among them, showing both majesty and silence, which was particularly terrifying in this rainy day with lightning and thunder.

As this group of people entered the city, the city gate was closed again, and everything was submerged in the heavy rain again, and nothing happened to prevent the Buddha.

Until ten minutes later, in front of the gate of the city lord’s mansion, with the sound of rain, the gate of the city lord slowly opened, and a group of soldiers quickly lined up in front of the door to welcome the heavy rain despite the pouring rain.

Zhu Yanshuo was also accompanied by the four masters, and the old housekeeper personally opened the umbrella and followed closely.

With a bang, the head sedan fell to the ground, and in the back sedan, a man ran up to his head in the rain, bent down, held up an umbrella with a very low posture, and opened the sedan curtain.

Immediately afterwards, a man dressed

in black slowly stepped down from his pride, and when he got off the sedan chair, he lightly raised his hand and blocked the umbrella of the man next to him. What was surprising was that even though it was pouring rain, it was like pouring down. , but the rain does not touch him.

Those rain protection Buddhas had aura, they turned around as soon as they came to him, and only returned to normal vertical landing at a distance of half a meter away from him.

As he took a big step, the rain on the ground automatically moved away, not touching his shoes at all, and only waited for the footsteps to move away, and then the waves returned to normal.

Seeing this, each of the four masters frowned, slightly startled.

This person looks young, but his cultivation is really terrifying.

“City Lord Zhu?” The man said softly.

Zhu Yanshuo suddenly returned to his senses, and quickly said respectfully, “Special Envoy Ye?” The man snorted coldly, but did not deny it. Suddenly, not caring about the pouring rain, Zhu Yanshuo rushed directly into the rain, raised his hands slightly, and hurriedly greeted him: “Special Envoy Ye has worked hard. Now , please, please, please

.”

“Old butler, quickly order the kitchen to prepare high-quality hot milk to drive away the cold and dampness for you.”

“Yes!” .

Seeing this, the man nodded slightly, glanced at the middle-aged man next to him, and said nonchalantly, "Introduction, this is Futian."

This person is Ye Shijun, Futian and others who came slowly all the way.

When Zhu Yanshuo heard the words, he gave Futian a slight salute: "I have seen Senior Futian."

Futian smiled slightly, and then returned the salute: "City Lord Zhu is very polite."

"Instead, Shane turned slightly back and looked at the group of sedan chairs behind him, as if they were waiting for something.

Futian knew what he meant, and hurriedly waved his big hand at the bearer of the second sedan chair behind him.

After a while, a woman in the sedan chair came out quickly.

Although the complexion is a

little pale, it is better than the delicate facial features. Even if it looks haggard, the solid foundation still amazes many others, including a group of people including City Lord Zhu.

This woman is beautiful.

The only fly in the ointment is that not only does she seem a little haggard, but her body doesn't seem to be very good. She obviously seems to have some problems when walking, some of her legs are clamped, and her eyes are quite dull.

With the help of the servant, she limped to Ye Gucheng's side.

"This is Mrs. Zun?" City Lord Zhu was slightly taken aback.

"Exactly, her name is Fumei." Ye Shijun smiled coldly and looked at Fumei.

Fu Mei lowered her head and didn't dare to look at Zhu Yanshuo.

"Mrs. Ye, Zhu is polite."

"Meier, City Lord Zhu is greeting you." Ye Shijun snorted coldly.

Hearing Ye Shijun's voice, Fu Mei's eyes clearly flashed a hint of fear that was not easily detectable, and then she still lowered her head

, but her body squatted slightly and bowed politely: "Fu Mei has seen City Lord Zhu."

Zhu Yanshuo smiled softly, and politely said to Ye Shijun: "Zun Madam has a good appearance and elegant manner. She really looks like a talented woman with Ye Special Envoy, like a goddess."

"Come on, everyone, it's raining outside, let's go inside and talk about it."

Ye Shijun sneered disdainfully after hearing the preface, nodded, and at the invitation of Zhu Yanshuo, he walked all the way to the hall.

The gate of the mansion walked inward, and it was quite a distance from the main hall. Although there were lightning flashes and thunder, and the rain was quite heavy, the soldiers were still standing on both sides of the way, and the servants lined up to greet them, holding the etiquette to the highest level.

Walking into the hall, Ye Shijun was the first to speak: "I received your urgent book, I heard that someone is making trouble in your city??"

"Exactly." Zhu Yanshuo nodded.

"Hehe, tell me, which idiot ate the guts of an ambitious leopard? I'm quite interested." Ye Shijun said coldly.

Chapter 3337

Hearing this, Zhu Yanshuo was both happy and worried, and he was naturally happy that Ye Shijun did not procrastinate. It is also Ye Shijun's re-examination of old events at this time.

For him, such a thing, let alone last night, even if it happened a few years ago, he still has a fresh memory of such a humiliation.

"Special envoy Ye, although this matter is a shame for Zhu, Zhu should not be too ambitious to destroy his own prestige, but Zhu must also explain the truth."

"My mansion is heavily guarded, and there are nearly ten thousand elites who can It is said that it is dripping without revealing it, and at the same time, there are four major masters and two major demon sect leaders waiting to respond, but it is just like this, but they still can't stop the other party."

"What makes Zhu even more puzzled is that there is an artifact iron under his command. The cage is the most precious thing in the world, it cannot be dissolved by water and fire, but what is amazing is that the guy actually

opened it."

After hearing Zhu Yanshuo's remarks, Futian was disdainful: "It's so exaggerated. Is it? City Lord Zhu seems to be talking about a god, not a human being."

"Senior Futian, Zhu is never arrogant. As you said, this person is not a human, but a god." Zhu Yanshuo couldn't help but sighed bitterly.

The four masters also nodded indifferently, and no one dared not admit it.

"Special envoy Ye may have been on his way all the time, but he didn't hear that Demon Cloud Ghost City has been destroyed."

Hearing this, Ye Shijun and Futian looked at each other almost at the same time. In fact, they should have arrived two days ago. City, at that time they were only half a day away from here.

But unfortunately, when passing by, he suddenly encountered a businessman who brought the rabbit girl all the way to the black market for delivery. This satisfied Ye Shijun's needs and playfulness, and he actually spent a day and night on the road.

In the letter, Ye Shijun may have to stay for a few days and nights.

He was having a good time, and of course he didn't know what was going on outside.

"I heard that Demon Cloud Ghost City is extremely terrifying. There are a group of demons who kill without blinking an eye. They have defended one side and committed evil for many years. People in the past have always only dared to hide from its edge and dare not face it. How could it be suddenly destroyed?" Futian frowning.

If they weren't worried about this place, in fact, the Fuye Allied Forces had already come directly along the way, so why bother to make a special circle, so Futian and others were also quite surprised by the sudden disappearance of Demon Cloud Ghost City.

"Before, Zhu organized tens of thousands of people and had a large-scale war with Devil's Cloud Ghost City. Although he won, the price was quite high. If he wanted to annihilate the opponent, he would have to go through many setbacks. ." Zhu Yanshuo replied softly.

For this, the four masters all agreed

. After all, they all participated in this battle: "The foundation of Devil's Cloud Ghost City is very solid. It is not unreasonable that it has been nailed here like a hard nail in the border area for many years."

"You don't need to say more, I know a little about the situation of Devil Cloud Ghost City." Ye Shijun said coldly: "Let's talk about how he was destroyed."

Zhu Yanshuo stopped the four masters in time to continue talking, looked at Ye Shijun, and said sincerely. : "Devil Cloud Ghost City was destroyed by one man and one person. Special envoy, do you think this is a human or a god?"

"One person destroyed a city? City Lord Zhu, what nonsense are you talking about?" Ye Shijun turned back suddenly, looking at City Lord Zhu, There is confusion and dissatisfaction.

"That's right, City Lord Zhu, I'm afraid your news is wrong, right? Destroying a city by one person? Even if that city is a bucket of rice, it is not easy to destroy it with one person's strength." Futian

didn't believe it either. Interjected.

Seeing that the two didn't believe it, City Lord Zhu was so anxious: "Zhu's every sentence is true, there is absolutely no falsehood, and it is precisely because of such a god, that Zhu should be put in such a great defense in the city, and it will be broken by others. "

Futian sneered disdainfully: "City Lord Zhu is afraid that the outside world will laugh at him for being incompetent, so he exaggerates the strength of the enemy by the destruction of Devil Cloud Ghost City?"

"This..." Zhu Yanshuo felt aggrieved.

Seeing the situation, Futian chased after the victory, and said with a sneer: "Then City Lord Zhu, do you know who the other party's surname is?"

“I know his surname is Han, but the specific name is...it’s just for a while...” Zhu Yanshuo worked hard. Think back.

“Hmph, it seems that Zhu Cheng’s editor-in-chief has missed something.”

“I know what his name is.”

However, at this moment, a female voice came, and then, a beautiful figure walked in slowly..
