## Chapter 334 - The Abyss

Jiang Hao's tone was so arrogant that it simply made the few security guards present flinch at the sound of his voice.

Several people looked at each other, but in the end all of them couldn't help but snort out a laugh.

One security guard said to Jiang Hao as if he had heard something particularly funny, 'Have you lost your mind? Do you know what you're talking about? Or do you not know who our General Manager Liu and Young Master Qiang are? Otherwise you dare to say such words, what are you doing if not committing death?'

A few other security guards even burst into sarcastic laughter, followed by a burst of ridicule.

'This kid is good, I've been in Chu Jiang for so long, but I've never seen such a meng bragging, haha, really good, how dare you call out, let our General Manager Liu and Young Master Qiang come down, what can you do if they come down? And you want them to give you face? What the hell are you?'

'Hey? What are you talking about? He might be a big shot, but I think he's from a famous poor mountain valley, he's a bit of a duck, he might have a few acres of land at home, he must be better than Mr Liu.'

'Hahahahahaha don't blow it for him, in a moment this fool will probably believe your words and really think he's some big shot! I wonder if he's deliberately trying to laugh us to death so he can save people without any effort, huh? That's really clever, I can't think of such a clever solution anyway'

A few security guards laughed in unison, completely ignoring Jiang Hao, and as for what Jiang Hao said, in their eyes, it became a joke, a big joke.

So much so that these people's unbridled laughter drove Feng Pingping at the side as well.

She covered her mouth and looked at Jiang Hao and Xue Yuning with contempt, and couldn't help but add, 'Oh, what is this, this gives you guys such a laugh? Or let me tell you guys something more interesting, do you know, what big words this fool once said before?'

A few guards shook their heads at his words and asked, 'What big words? Tell me quickly.'

Feng Pingping said with a snicker, 'This fool once said in public that he was a rich second generation, or a top rich second generation, and two days ago the big star Huo Yun had a concert in Chujiang, you know that, right? He said that the concert was invested by him, what did he just say to you guys? This is what he said to you guys. This is how he blew his load, this is what he called really great!'

Hearing Feng Pingping's words, these few security guards were simply stunned!

Several people didn't laugh out loud straight away, first hesitating for a few seconds before their gazes finally fell on Jiang Hao's body, and soon, several people erupted into a roar of laughter at the same time.

'Haha, top-notch rich second generation ouch crap, just him? He doesn't even have to take a look at himself, how dare he say anything? Do you want to be ashamed?'

'What kind of shame is that? Look at him, does he look like he wants to be ashamed? I think he's really into the show, he really thinks he's a top rich kid, right?'

'Shit, he's just a liar, I thought he was really capable of something! But aren't you looking down on us too much? Do you really think we're all idiots? No one can see your lies, can they? That's funny.'

A few guards laughed for a while, so that they would suddenly be so anxious to go upstairs again, just to humiliate Jiang Hao for a while longer.

And at this moment, hearing these people humiliate him like this, Jiang Hao was also a bit uncomfortable in his heart.

However, he was already much more mature than in the past.

In the past, if he had encountered such insults, Jiang Hao would have disliked them without hesitation and would have made the other party see clearly whether he had lied. Or were they just looking down their noses at others.

It's not that he wouldn't be angry if someone pointed at his head and scolded him, but Jiang Hao had already understood the truth that he didn't need to argue with such a small character at all.

The fact is that he has already understood that there is no need to bother with such petty characters. To put it bluntly, just such people, with his current status, are already enough to be slapped to death with his backhand.

If he himself overly bothered with them people, not only would he be degrading himself, but he would still be giving these people a long face.

So in the face of these accusations, although Jiang Hao hated to kill these people in his heart, on the surface, he still looked breezy.

He even smiled lightly, looking at these people as if they were a bunch of idiots, and said, 'You know what? Your ignorance sometimes really kills you! You may not believe it, but in a short while, you may not even have the chance to believe me!'

After he finished speaking, Jiang Hao surprisingly let go of the hand that was gripping the lift door and looked at the lift door that was gradually closing, a touch of indifference gradually appeared on his face.

Jiang Hao unexpectedly let go of his hand, which really made the few people present froze.

Especially Xu Qingqing, when she saw this scene, she suddenly seemed to have lost her focus, as if she had fallen into a bottomless abyss.

Chapter 335 - Difficult to escape this calamity

Xu Qingqing looked at Jiang Hao, there seemed to be a lot of words in her eyes that she wanted to say, but by the moment she was about to say them, the lift doors had already merely closed.

‘Jiang Hao, what are you what are you doing? Don’t you want to save Xiao Qing anymore?’ Xue Yu Ning asked with an eager look on her face.

Jiang Hao couldn’t help but smile and said blandly, ‘Why not save? And I want to see what these people can do to Xu Qingqing today!’

Jiang Hao suddenly thought of something and suddenly said to Xue Yuning, ‘Yuning, do you know who the person who is going to lay hands on Xiao Qing today is?’

Xue Yuning frowned and shook her head slightly, ‘How would I know, why, do you know the other party?’

Xue Yuning had a sad frown on her face, obviously she was a little confused as to what Jiang Hao’s purpose was in asking herself this, could it be that she knew the other party as well?

Xue Yuning hurriedly recalled the other side of those security guards just now, and a moment later, her eyes suddenly went wide, and her mouth shouted out a name in dismay: ‘Liu Liu Qiang? Is it hard to be the last time?’

Once she thought of what happened last time, Xue Yu Ning’s heart hung in the air for a moment, after all, the shock of what happened last time was too great for her, Xue Yu Ning had never experienced that kind of situation even after growing up.

Xue Yuning looked at Jiang Hao with a surprised face and all she wanted was a negative answer.

After all, if it wasn’t for the presence of Ye Yunjie last time, she and Jiang Hao probably wouldn’t have known what would have happened to them, let alone being able to stand here.

However, Ye Yunjie’s heart soon went cold as she saw that after she had asked that question, Jiang Hao had actually just nodded indifferently and said, ‘You’re right, it’s him!’

Hearing this, Xue Yuning couldn’t help but feel her heart tremble and her whole body seemed to be taken aback as she hurriedly gave Jiang Hao a death grip.

‘Really, really, Jiang Hao? It can’t be such a coincidence, right? Last time?’

Xue Yuning couldn’t believe it, last time this Liu Qiang was ready to lay his hands on her, and this time she was actually aiming at her good sister again.

Although Xue Yuning was also clear that with Jiang Hao’s ability, she would not be afraid of this Liu Qiang, but today was different, the only two people who came here today were him and Jiang Hao, which was almost the same as just breaking into a tiger’s den.

If that Liu Qiang knew that he and Jiang Hao were the ones who came to rescue Xu Qingqing, then it would not matter if Xu Qingqing could be saved or not, she and Jiang Hao might have to ride here too.

Jiang Hao seemed to see Xue Yuning's worry and took her hand, smiling lightly, 'Don't worry, it will be fine today.'

Although Xue Yuning believed that Jiang Hao wouldn't lie to her, there were only two people here, her and Jiang Hao, in case something really happened, it would be too late to regret.

'Then what should we do? Do you want you to inform Sister Ye?' Xue Yu Ning asked.

Jiang Hao smiled and shook his head, looked at the floor where Feng Pingping and a few security guards had just reached the lift and said, 'No, you just follow me!'

After saying that, Jiang Hao and Xue Yu Ning got on the other lift and directly pressed the floor where Liu Qiang was.

Upstairs out of the lift, Feng Pingping was still laughing sarcastically, she was laughing at what Jiang Hao had just done, it was just a bit ridiculous.

'What a fucking wimp!' Feng Pingping said to Xu Qingqing, 'Xu Qingqing you see, this is your good sister and your good sister's husband, after knowing that they can't afford to mess with Brother Qiang, they still meekly let go? If you can't afford it, you can't afford it, and you're still pretending to let us see, what do you really think you are?'

The head of the security guard was also mocking, 'Oh, I thought this kid would be capable of something before, but now he's gone? I'm sure he's not capable of anything.'

The head security guard turned his head to look at Xu Qingqing and sneered, 'Little girl, no one will come to your rescue now, right?'

The head of the security guard said, while greedily looking at Xu Qingqing's body, then hurriedly walked to the door of Liu Qiang's room and gently knocked on the door.

From the beginning to the end, Xu Qingqing had a desperate expression on her face, she had no tears left at this time, her whole expression was mute.

Perhaps in her heart, she was really as disappointed with Jiang Hao and Xue Yuning as the head security guard had said.

Perhaps in Xu Qingqing's mind, Jiang Hao and Xue Yuning had really heard that the other side was Liu Guohao and Liu Qiang, and had completely wimped out.

But she didn't hate Jiang Hao and Xue Yu Ning for that, after all, one of them was her best sister and the other was the one who had just given her hope.

After all, Jiang Hao and Xue Yuning had already done enough to come forward and save themselves at such a moment.

What more could one ask for? How could one possibly let the other party get into a world of trouble again, because of oneself?

Xu Qingqing dried up the last tears in the corner of her eyes and thought to herself, 'Since this is my fate, and since I cannot escape this fate, I will accept my fate!

Xu Qingqing thought of this and closed her eyes tightly, as if she was waiting for her fate to judge her.

Chapter 336 - It's a Pig

'Knock, knock, knock,' the head security guard knocked on the door very softly with a flattering smile on his face.

After a moment, he heard footsteps coming from the room, then the door was pulled open and Liu Qiang walked out with a gloomy face.

Liu Qiang was bare-chested, and the green dragon tattoo on his body looked somewhat hideous in the not-so-bright light.

'Hey hey, Young Master Qiang, I've brought you the man.' The head security guard pointed backwards and continued, 'Do you still need us to help you with that?'

Liu Qiang didn't say anything and looked at Xu Qingqing indifferently as he walked over to her.

Liu Qiang cupped Xu Qingqing's delicate chin with his hand and stiffly broke it to an angle that corresponded to his height.

'Bah' Liu Qiang spat directly at Xu Qingqing's exquisite face, and then slapped her across the face without a word.

The power of Liu Qiang's slap was not small, not only did it make Xu Qingqing's whole body tremble, but even the two security guards who were holding Xu Qingqing nearly failed to stand.

'Can't you fucking run? Run? Run again!' Liu Qiang suddenly roared in anger, and the anger in his eyes seemed to be coming out in three thousand.

He was really a bit annoyed, he had spent so much money before and after, he had thought that today was bound to be an enjoyable process, but he did not expect that this Xu Qingqing wanted to escape, not to mention that he had even pushed himself.

This kind of thing is a great shame for Liu Qiang, if this kind of thing spreads out, then he will become a complete laughing stock in Chujiang, in his own circle of friends and buddies who take the rich second generation.

This is simply unacceptable for Liu Qiang, who loves his reputation as much as he loves his feathers.

Besides, Xu Qingqing was one of those people who went back on his word, and Liu Qiang hated such people!

Liu Qiang grabbed Xu Qingqing's long black hair and pulled it hard, lifting her up.

‘You’ve really fucking pissed me off today, and I’ll definitely show you what price you’ll pay for pissing me off today!’

Liu Qiang’s pulling made Xu Qingqing feel her cerebral skin burning hot and painful, and she screamed a few times in pain.

But seeing this, Liu Qiang had no pity for her, instead he smiled hideously and increased the strength of his hand by a few percent.

Then Liu Qiang waved his hand and slapped her a few more times, as if to vent his anger a little more.

‘Brother Qiang, this woman is too damned ungrateful, you can’t let her off so easily!’ Feng Pingping added fuel to the fire on the side.

If Feng Pingping didn’t say this, Liu Qiang would probably have forgotten that she existed.

As soon as Feng Pingping’s words left her mouth, Liu Qiang stopped his hand and turned his head, looking at Feng Pingping with a murderous look on his face.

‘Humph, today is also counted as your luck, if she runs away today, I will make you bury her with me!’ Liu Qiang said icily, ‘But you’re right, I definitely won’t let her off easily, and you too!’

Liu Qiang’s gaze sized up Feng Pingping’s body and suddenly revealed a greedy and bad smile.

In fact, Feng Pingping’s looks were not bad, just that she could not be compared to Xue Yuning and Xu Qingqing’s type of beauty.

The body of Feng Pingping is also one of the best, sexy with a bit of allure.

Liu Qiang was a little upset today, so of course he had to find ways to make himself feel better.

As soon as Feng Pingping saw Liu Qiang showing that face to himself, she immediately understood what the other party meant.

For this kind of request, Feng Pingping didn’t care, and naturally she wouldn’t object.

She hurriedly smiled flirtatiously and put on a shy and enchanting look, ‘Aiya, good, whatever you want today Brother Qiang, Aiya let’s not dawdle, hurry up and go in’

But just before Feng Pingping finished her sentence, she suddenly heard a voice coming from behind her.

The voice was incomparably loud and familiar to Feng Pingping.

‘I’ll see who dares to bring her in today!’

As soon as this voice came, the crowd hurriedly turned their heads to look over and saw Jiang Hao holding Xue Yuning’s hand, standing at the corner of the corridor not far away at this moment.

Jiang Hao's appearance really startled everyone present, and a crowd of people stared at Jiang Hao as if they had seen a monster.

'How did he come up here?' Feng Pingping was so stunned that she looked at Jiang Hao with a disbelieving look on her face.

Feng Pingping had thought that just now Jiang Hao had let go of the lift door and would probably leave the hotel soon, after all, the head of security had just told him that this hotel was owned by Liu Guohao and today Xu Qingqing was the one Liu Qiang wanted.

Even if Jiang Hao was uneducated, he would probably know who Chu Jiang's father and son were, and would not dare to offend Liu Qiang and Liu Guohao just because of Xu Qingqing!

The company's main business is to provide a wide range of products and services to the market.

It's hard to believe that he's not afraid of death? But even if you're not afraid of death, there's no need to drag your girlfriend Xue Yuning up here to die with you, right?

What did Xu Qingqing come for, didn't you know? You dragged your own girlfriend up here, are you afraid that something will happen to her?

At this moment, in Feng Pingping's opinion, Jiang Hao was simply retarded, a complete and utter stupid pig!
