

Chapter 3342– 3343 of A Dish Best Served Cold Novel

Chapter 3342

Mark waved his hand: “Don’t worry. The time I was hiding under the ruins, I was almost resting.”

Yes.

Just now Mark was created by the Yunyang Immortal Phase Formation and smashed directly into the rocks.

During that time, Mark wasn’t seriously injured, but he recovered his strength inside.

Don’t forget, Mark can master the heavenly decision of Yundao.

This kind of exercises can absorb power at a very high speed.

The reason why Mark was able to fight and resist in this way was that in addition to the protection of the dragon body, more importantly, it was the power of Yundao Tianjue’s inner strength.

Relying on this technique, Mark can continuously and quickly absorb energy from the outside world.

This is why Mark’s sustainable combat capability is so strong.

Even if he used his powerful martial arts many times, he still showed no signs of exhaustion.

After saying this, Mark turned around and walked in the direction of the Chu Family.

He was expressionless and his steps were low.

Both feet fell on the ground, and the sound of footsteps was not loud, but when they fell in the ears of the Chu family, they were as terrible as a god of death.

“You...what are you going to do?”

“Isn’t it enough to kill so many people?”

“You have to kill them all?”

Chu Shen and the others couldn't help backing away.

The fear in his eyebrows became more intense.

However, Mark said nothing.

The steps forward still continue.

“Junior, I warn you, don't think that if you defeat my Chu family's internal defense, our Chu family can do nothing about you!”

“Finally advise you to leave quickly.”

“Otherwise, you can't bear the consequences!”

Chu Shen Waiting for the people to back up, while shouting sternly.

Mark sneer: “Nonsense really much!”

Boom ~

Word fall, Fan Ye suddenly the foot of the earth crack.

Then, the young boy in front of him rose from the ground.

With a majestic palm, he slammed toward the old place of Chu Shen and other Chu family.

“Asshole, you really dare!”

Chu Shen waited for these Chu family veterans to see Mark really make a move.

Under scolding, he hurriedly called out some of the remaining strong men in the Chu family and joined forces to fight the enemy.

But how could these people be Mark's opponents?

After hearing only a bang, Chu Shen and others were directly beaten out by Mark.

He knocked over countless mountains, rocks, and trees along the way, and finally smashed to the ground fiercely, vomiting blood everywhere.

After hitting the Chu family elders with a palm, Mark didn't have any intention to stop. The attack in his hand was brewing again, and it seemed that he was planning to kill the Chu family in one fell swoop.

“Junior, do you dare?”

Seeing that these Chu family members had reached the critical point of life and death, the elders of Chumen who had been watching, finally no longer calmed down.

Angrily, he was ready to help.

Bang bang bang~

But who would have thought that Mark was as if he had expected it before, and before the elders of Truman walked a few steps, the strength of a few punches had already fallen.

After several bursts, these elders of Truman had no time to release their attacks, and they were smashed by Mark and flew out.

This time, in front of Mark, there was no obstacle.

Those members of the Chu family, who had no shelter, were exposed to Mark.

“I gave you a chance.”

“It’s you who insisted on begging to die!”

“In that case, I have to kill all the scum of Chu family.”

Mark’s cold voice was like a trial.

Then, he put his hands together, using his fingers as a sword.

The surging power began to gather at Mark’s fingertips.

Until the end, a vertical and horizontal sword energy that can smash the void, swept out from the palm of Mark’s fingers!

I have a sword to kill the world!

Whoosh~ the

sword energy stretches for thousands of miles.

Everyone in the Chu family, crawling on the ground, looked desperate.

Chu Qitian was even more frightened, screaming for help, and fleeing toward the depths of the family at the same time.

However, no matter how fast they are, how fast can they pass the sword aura in Mark's hand?

Boom~

Chapter 3343

“No!”

“Don't~”

“Stop it!”

Zongheng Jianqi swept across all directions.

Chu Shen and others looked at the majestic attack desperately with eyes full of horror, as they approached.

“Grandpa Xuan, Grandpa Ming, save us!” At the

last moment, Chu Qitian knelt on the ground, tears streaming down, weeping sadly, and shouting in the direction of the Chu family.

Not only Chu Qitian, but afterwards, almost the entire Chu family was shouting loudly.

“Please Xuan Ming, save my Chu family!”

.....

“Please Xuan Ming, save my Chu family~”

.....

The voices of sadness and sorrow are gathered in a stream, sweeping this place. world.

Boom~

Finally, at the moment when these people's words fell, a rainbow came out of the Chu family and soared into the sky.

Then, with an unstoppable force, it violently collided with Mark's attack.

As if Mars hit the earth, the power it brought up swept all over the place.

Endless sands and rocks danced wildly, and grass and trees flew all over the sky.

After a short stalemate, Mark's original body shape suddenly stagnated, and then his body shape immediately retreated.

He stepped on the ground and stepped back.

With each step back, a ravine gully is stepped on the ground. The gravel exploded, and the sound of cracking resounded everywhere.

For a while, everyone in the audience was startled again.

Everyone looked at the depths of the Chu Family with horror on their faces.

Who could have imagined that the Chu family who had been in desperation had a hole card.

The brief confrontation just now directly knocked Mark back.

“Huh?”

“Who is it?”

“Is there a strong one in this Chu family?”

Gaia and others frowned and said in a deep voice.

Just when the powerful people in the Dragon Temple were puzzled, above the Chu Family, among the sea of clouds, two figures, one black and one white, had already appeared.

Those were two old men with gray hair, but their old eyes were as deep as a deep sea.

The power emanating from his body is even more unfathomable.

“He... they are?”

“Xuanming two elders !”

“The night watchman of the Chu family!!!” After

seeing these two, the elder Chumen shrank his pupils and said in amazement.

“What night watchman?”

“Are these two people very strong?” The

Chu family may know a lot about the details of the Chu family.

But Mochizuki and the others were confused and couldn't help asking Elder Chumen in doubt.

"That's natural!"

"Xuanming two elders, but they grew up with Chu Yuan, the elder of the Chu family, and grew up all the way!"

"At the time of the Chumen catastrophe, these two people were the right arms of the Chumen, and they fought for the Chumen. !"

"The number of strong people who died under the hands of the two is countless."

"Is the title strong,

I am afraid that there are also the number of two palms!" "The top three in the sky list that year. The first is Chu Yuan, the second and the third, These are these two people."

Grand Elder Truman said in a deep voice, with deep fear and awe in his eyebrows.

When Mochizuki and others heard this, they undoubtedly trembled.

"You...you mean, these two people fought for Chu Yuan and killed countless black and white double evil spirits?"

Wangyuehe's eyes widened, his eyes were full of panic, and his heart was even more lifted. Over the stormy sea.

The two elders Xuan Ming, they may not have heard of it.

But the black and white Shuangsha who dominated the top three in the sky back then, these martial arts leaders have still heard of them.

The reason why Truman was able to break the world with one force back then was largely dependent on these top powerhouses.

The black and white Shuangsha is one of the best.

Later, in the Chumen civil strife, the black and white Shuangsha disappeared with Chu Yuan.

The people of the world thought that the two of them should have fallen into the world just like Chu Yuan.

But who would have thought that it would appear again today.

Regarding the tremor of the crowd, Grand Elder Chumen nodded and said: "Later, the power hierarchy of Chumen changed."

“These two people changed their names to the two elders of Xuan Ming and lived in the Chu family.”

“On behalf of Mr. Chu, guard the family.”

“However,” The status of these two elders is supernatural, and apart from Chu Yuan, no one in the Chu family can give orders to them.”
